INTRODUCTION

The purpose of this manual is to provide a listing of the natural accounts available for use in the Government of Saskatchewan's financial accounting system referred to as MIDAS.

Any questions with regard to natural accounts and their use can be directed to Jeannene Demencuik @ 787-6796 or Bev Hungle @ 787-6813 of the Provincial Comptroller's Division at Saskatchewan Finance.

QUICK REFERENCE LIST

Note: For Assets and Liabilities the italics identify codes that are rolled up to the main code above the italicized codes for reporting purposes. For Revenue and Expenses the italics identify codes which are detailed codes of a general code. Departments have the discretion of using a detailed code or a general code. Accounts in red text are new accounts that have been added since the last version of the manual.

TANGIBLE CAPITAL ASSETS

Capital assets that meet or exceed a specific cost or threshold are recorded on the statement of financial position and amortization is charged to operations each year. Accounts 190000 – 199999 are used to record the cost and accumulated amortization of capital assets and include the following three types of accounts:

- 19XX00 Cost – includes the opening cost of capital assets held plus the cost of additional capital assets purchased (transferred from 19XX01 by Finance – see below) plus the cost of capital assets transferred from another department less the cost of capital assets transferred to another department less the cost of capital assets disposed less any required write-downs of capital assets.

- 199XX0 Current Year Additions – includes the cost of all capital assets purchased by

departments during the current year. The balance in this account is closed out once a year by Finance to the 19XX00 account.

- 19XX10 Accumulated Amortization – includes the opening accumulated amortization of capital assets held plus each year's current amortization expense less the accumulated amortization of capital assets disposed or transferred to another department plus the accumulated amortization of capital assets transferred from another department.

Costs for assets that meet the definition of a capital asset but are under the thresholds are capital-type expenses. These assets are expensed in the year in which they are purchased. Refer to accounts 560000 – 569999.

Departments should consult Section 2150 of the Financial Administration Manual for specific accounting and reporting requirements for capital assets.
