Spruce Grouse	Resident							3,047	
	Canadian ⁴							N/A	
	Non-resident ⁴							N/A	
Pheasant	Resident							3,586	

¹Includes both 1st and 2nd either-sex white-tailed deer licences.

²Some antlerless mule deer zones had a bag limit of two animals.

³Harvest information for Canadian residents and for non-residents of Canadian was not available at report time.

⁴Canadian resident and non-residents of Canada hunters were not surveyed in 2004 for game bird information.

If you receive a 2005 Hunter Harvest Survey in the mail, please take the time to fill it out. The information is extremely important for managing harvested wildlife species.

Thank you!!
