## Custom Feeding Receipt and Waiver (Monthly)

### **Purpose**

The *Custom Feeder Receipt and Waiver (Monthly)* form (CF17) must be completed on a monthly basis for any member who places cattle owned by the association into a custom feedlot or custom pasture, unless a *Long-Term Custom Feeding Agreement* (CF18) has been completed.

Completion of the form on a monthly basis allows the association to verify that the custom operator has been paid and that no hidden debts are accumulating that could result in association cattle being seized or held by the custom feeder until the bills are paid.

### **Definition of Custom Feeding**

For purposes of the Livestock Loan Guarantee Program, custom feeding is defined as any instance when a member agrees to pay a feedlot, or another producer, to feed or care for association cattle on the member's behalf, either through cash payment or through a cow lease agreement.

### **Policies**

- 1) On completion of the form, the custom operator waives the right under Section 15.1 of *The Animal Products Act* to place a lien on those cattle fed with respect to accounts that may be unpaid to the date shown on the statement, confirming that payment has been made.
- 2) A *Custom Feeding Receipt and Waiver (Monthly)* form is not required for animals that are being pastured in a Provincial or Prairie Farm Rehabilitation Administration (PFRA) community pasture.
- 3) A custom feeder does not have any lien rights with respect to the cattle being custom fed unless, before beginning custom feeding, the custom operator provides the association and the provincial supervisor with a copy of a statement of intent to custom feed between the custom operator and the member on whose behalf the cattle are being fed.

### **Completion**

When completing the form, the custom operator and the association must include:

- whether the cattle are in the feeder or breeder option;
- the name of the association;
- the name of the lender;
- the date to which all feeding and other costs have been paid;
- the name of the custom operator;
- the name of the member and number of cattle being custom fed; **and**
- the signature of an authorized signing officer for the customer operator.
