*The purpose of the Program Support Unit (PPSU) is to support the enhancement of clinical practice through the development of clinical programs/standards for alcohol and drug services on a province wide basis.

The PPSU is responsible to provide clinical and program consultation/support to Regional Health Authority services on an ongoing basis as needed.

Métis Addictions Council of Saskatchewan Incorporated (MACSI)

<http://www.metisnation-sask.com/affiliates/macsi.html>

MACSI provides rehabilitation, education and prevention services to persons who are affected by substance use. Rehabilitation services include inpatient, detoxification, outpatient and field services for adults and youth. You should contact the centre nearest you for specific information regarding what services are available. While the majority of MACSI clients are of and Métis ancestry, services are available to all members of the population. MACSI services are vital component of alcohol and drug recovery services in Saskatchewan.

*Please see Regional Health Authority and Health Care Organization Inpatient Services for a listing of MACSI inpatient facilities.
