Province of Saskatchewan 2001-02 Estimates

Introduction

The 2001-02 Estimates represent the Government's financial plan for the General Revenue Fund presented to the Legislative Assembly for the fiscal year commencing April 1, 2001 and ending on March 31, 2002. The Estimates outline the estimated expenditures, revenues, loans, advances and investments of the General Revenue Fund categorized in a manner which is intended to inform both the Members of the Legislative Assembly and the public. The Estimates are presented in accordance with *The Financial Administration Act, 1993*.

Principles and Concepts

Fiscal Year

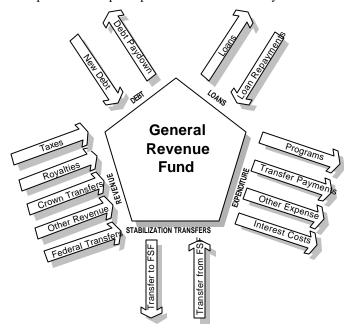

The Government's fiscal year is April 1 of one calendar year to March 31 of the following calendar year, e.g., 2001-02.

Legislative Control

A fundamental principle of parliamentary government is that the Legislative Assembly exercises ultimate control over public finances.

General Revenue Fund

The General Revenue Fund is the central accounting entity into which all public monies are deposited to and disbursed from, as authorized by the Legislative Assembly. Exceptions to this principle must be authorized by law.

Fiscal Stabilization Fund

The Government introduced legislation in 2000-01 to create the Fiscal Stabilization Fund. The Fiscal Stabilization Fund's purpose is to stabilize the financial position of the Province, which in turn will permit improved long-term fiscal planning by the Government.

The 2000-01 net income of the Saskatchewan Liquor and Gaming Authority (SLGA) as well as the retained earnings as at March 31, 2000 were brought into the General Revenue Fund as revenue in 2000-01. This resulted in higher than normal General Revenue Fund revenue.

The Government transferred monies in 2000-01 to the Fiscal Stabilization Fund to establish the initial balance. Stabilization transfers between the General Revenue Fund and the Fiscal Stabilization Fund will be reflected in the Estimates and Public Accounts. Transfers from the General Revenue Fund to the Fiscal Stabilization Fund will be shown as an appropriation from the General Revenue Fund (separate Vote). Stabilization transfers will be determined by the Government based on the economic and fiscal environment during the year.

Estimates

Each year the Government provides the Legislative Assembly with its financial plan respecting revenue it expects to receive and monies it expects to spend from the General Revenue Fund. This plan is referred to as the Government's annual Budget. The detailed financial plan accompanying the Budget is referred to as the Estimates.

Program Budgeting

The Government's spending plan is organized in a manner which reflects the purpose of the spending: e.g., health care, education or highways. The approach of grouping expenditures by their intended purpose is the common practice by governments and is referred to as program budgeting.

The grouping of activities can be at various program levels. For example:

- , health care
 - , district health services and support
 - , emergency response services

Votes, Subvotes and Sub-programs

These terms correspond to the various program hierarchies. Using the program levels noted above, health care (Department of Health) would be the vote level, district health services and support is the subvote and emergency response services is the sub-program. The Legislative Assembly authorizes (votes) money to the vote and subvote level.

Gross Budgeting

The Estimates reflect the gross costs of programs. Any offsetting revenue attributable to these programs is not netted against the expenditure but is recorded as revenue. This practice is in keeping with the General Revenue Fund concept and enhances legislative control. Exceptions to the gross budgeting principle are provided by legislation.

Restatements

It is difficult to compare a department's current budget with its previous year's budget if some of the department's programs have been transferred to or from another department or reorganized within the department. When this occurs, the previous year's Estimates are "restated" to reflect the new organization. When it is not possible or practical to restate, an explanatory note is provided for the appropriate budget amounts.

Accrual Accounting

Accrual accounting recognizes revenue and expenditure at the time it occurs, regardless of whether any cash is received or paid. If cash has not been received or paid an appropriate accounts receivable or accounts payable is recorded.

The Government uses accrual accounting for the development and presentation of its financial plan for the General Revenue Fund. The only exceptions to this are pension costs and corporate and personal income taxes that are accounted for on a cash basis, and capital purchases which are expensed in the year of acquisition instead of amortized.

Revenue and Expenditure

These transactions impact the General Revenue Fund's annual surplus or deficit.

Loans, Investments and Deposits

These transactions affect recorded assets or liabilities and do not have a direct impact on the annual surplus or deficit.

Capital Expenditures

Capital property is fully expensed in the period it is acquired. Transfers to local authorities such as school boards and district health boards for the purposes of capital property acquisition are expensed in the period the transfers are owed.

Transfers or Transfer Payments

Transfers or transfer payments are monies paid from the General Revenue Fund to an individual, organization or other government for which the Government does not directly receive a good or service and expects no repayment or financial return.

Most transfer payments are to fund public services provided by an individual or organization outside Government. For example, transfers to school boards are used to provide an educational service. The Estimates refer to these transactions as "Transfers for Public Services." Transfer payments that provide income support, a subsidy or compensation are referred to as "Transfers to Individuals."

Voted and Statutory Expenditures

The Legislative Assembly gives its approval for spending from the General Revenue Fund in two ways. One way is by appropriation acts that provide an annual authorization (appropriation) of funds for specific purposes as outlined in the Estimates. These are "voted" appropriations. This approval lapses at the end of the fiscal year and new approval (appropriation) must be obtained for the following year's expenditure.

The other way the Legislative Assembly authorizes funds is by providing ongoing authority to spend for a specific purpose. This is done by legislation (statute) and therefore, is termed "statutory". These funds do not require annual authorization by the Legislative Assembly. Examples of these transactions are interest on the public debt, teachers' pension plan payments and loans to Crown corporations.

Budget and Spending Control

The Legislative Assembly authorizes funding at the vote and subvote levels as detailed in the Estimates. The law prohibits the Government from spending more than the Legislative Assembly has authorized. If those amounts are insufficient, further appropriations must be obtained either by introducing additional Estimates or by special warrants if the Legislative Assembly is not sitting.

Special warrant funding must be submitted to the Legislative Assembly for approval as part of the main *Appropriation Act*.

The Legislative Assembly authorizes funding at the subvote level. To deal with unforeseen variances, the Legislative Assembly provides the Minister of Finance the authority to move (vire) unexpended and uncommitted funds from one subvote to another within a vote. This movement of funds is referred to as a virement. A similar process allows for the movement of funds between sub-programs within a subvote.

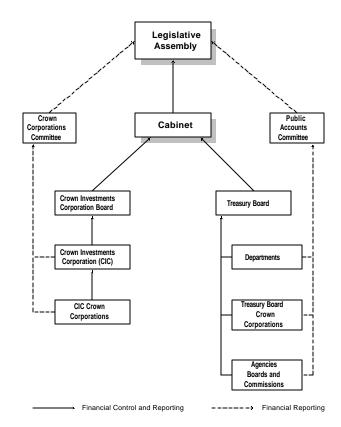

Departments are required to deliver their programming within the approved funding level. Departments must administer the funds allocated to them for the purposes outlined in the Estimates and in accordance with legislative authority and administrative policy.

The Provincial Comptroller provides appropriation control to ensure departments do not overspend their approved funds (appropriations). The Provincial Comptroller is also responsible for ensuring that expenditures comply with legislation and administrative policy.

The Provincial Comptroller is responsible for preparing the Government's financial statements. These statements are audited by the Provincial Auditor and are included in the Public Accounts.

Financial Control and Reporting Structure

The Government and its Crown corporations report to the Legislative Assembly on their financial affairs through either the Public Accounts Committee or the Crown Corporations Committee. Below is a depiction of that reporting structure.

The mandate of the Department is to support and celebrate Saskatchewan as a great place to live and work. Through strategic partnerships, it enhances opportunities for young people in all areas of endeavor. By working collaboratively with diverse groups and communities, the Department enhances the Province's cultural, artistic, recreational and social life. It recognizes accomplishment and sustains excellence in the arts, culture and sport. While valuing our cultural heritage, it also promotes the use of modern technology as the stimulus of innovation. The Department is dedicated to ensuring that Saskatchewan people, especially our young people, reach their fullest potential in the provincial, national and international communities.

# Intergovernmental and Aboriginal Affairs

Vote 30

The mandate of the Department is to promote Saskatchewan's interests through the management of the Province's relations with other governments, in Canada and abroad, and to work with Aboriginal peoples in the Province and their organizations, to develop and implement policies and programs that advance our common interests. The Department also coordinates and manages matters related to Government House, French-language services, official protocol, honours, ceremonial and celebratory special events including centennial events, and provides administrative services to the Office of the Lieutenant Governor.

### Restatement Schedule 2000-01 Expenditure and FTE Restatement

### **Restatement - Expenditure**

Each year there may be some form of government reorganization. These reorganizations may include:

- creation of new departments or disestablishment of existing departments;
- transfer of a program or function from one department to another; and
- transfer of some program area or function (subvote) from one area of a department to another area.

To improve comparability, a restatement of the prior year's budget is presented. A restatement ensures that the prior year's funding associated with an activity or program is placed in the same department or subvote that will be performing that function in the current year.

The "Restatement Schedule" indicates the functions that were transferred in or out of a particular subvote in order to arrive at the 2000-01 "Restated Estimate" for the subvote as it appears in the 2001-02 Estimates.

Occasionally, departments may transfer functions within a subvote from one sub-program to another. In these instances, the affected sub-programs are restated and, if significant, an explanatory note is provided within the restatement schedule.

### **Restatement - FTE**

FTE restatements follow the same principles as in the restatement of expenditure. The FTEs of the previous year are placed in the department that will be performing that function in the current year.

## **Treasury Board Crown Corporations**

Treasury Board Crown corporations are those Crown corporations that are subject to Treasury Board orders and directives and include all Crown corporations not designated as CIC Crown corporations.

Below are the descriptions of Treasury Board Crown corporations that have significant financial transactions with the GRF.

#### Agricultural Credit Corporation of Saskatchewan (ACS)

ACS was established pursuant to the provisions of *The Agricultural Credit Corporation Act* which came into force on January 1, 1984. The Corporation's agricultural loan portfolio and loan guarantee program are in the process of being wound down.

## Municipal Financing Corporation of Saskatchewan (MFC)

MFC was established pursuant to the provisions of *The Municipal Financing Corporation Act.* MFC assists in making capital funds available for the financing of schools, hospitals and other essential construction and local improvement projects in cities, towns, villages and rural areas throughout the Province. MFC may borrow directly from private lending institutions or from the GRF. The funds borrowed by MFC are used to purchase a portion of approved debentures sold each year by Saskatchewan local governments.

#### Saskatchewan Communications Network (SCN)

SCN is governed by *The Communications Network Corporation Act.* SCN's mandate is to provide increased access to information for all Saskatchewan residents. SCN delivers its service through modern telecommunications technology. The Corporation is comprised of two interrelated networks. The SCN Training Network offers distance education, including K-12 and post-secondary credit courses to Saskatchewan residents in over 100 locations. The Cable Network is educational television, offering curriculum and credit programming along with a variety of special interest programs for all ages. SCN also offers a video conferencing system for business and other groups.

#### Saskatchewan Crop Insurance Corporation (SCIC)

SCIC operates under the authority of *The Crop Insurance Act* and *The Agricultural Safety Net Act*. The Corporation administers insurance programs which protect crop and livestock producers from production failures due to natural hazards. The Corporation also delivers the Waterfowl Damage Compensation Program and the Big Game Damage Compensation Program.

#### Saskatchewan Gaming Corporation (SGC)

SGC was established under *The Saskatchewan Gaming Corporation Act*, 1994. SGC operates casino gaming in

partnership with the Federation of Saskatchewan Indian Nations under an agreement that provides for revenue sharing within the casino gaming industry and joint participation and management of Casino Regina.

#### Saskatchewan Health Information Network (SHIN)

SHIN was established by Order-in-Council pursuant to the provisions of *The Crown Corporations Act, 1993*. SHIN's mandate is to implement, own, operate and manage the provincial health information network in a timely, effective manner reflecting the priorities of the health system. The information network will provide access to comprehensive health information to support direct service delivery.

#### Saskatchewan Housing Corporation (SHC)

SHC operates under the authority of *The Saskatchewan Housing Corporation Act.* The Corporation provides suitable and affordable housing for low-income seniors, and for families and individuals with an identified need. SHC also improves access to other programs and services that enable its clients to achieve or maintain independence.

SHC funds and/or administers over 33,000 housing units in nearly 300 communities through local housing authorities and non-profit organizations. SHC receives subsidies from the GRF, Canada Mortgage and Housing Corporation and municipalities.

#### Saskatchewan Liquor and Gaming Authority (SLGA)

SLGA is governed by *The Alcohol and Gaming Regulation Act*. Its mandate is to control the distribution and consumption of beverage alcohol and to regulate gaming in Saskatchewan.

SLGA warehouses and distributes wine, spirits and imported beer to SLGA stores and franchises for sale to the public and permittees. Domestic beer is distributed by the Saskatchewan Brewer's Association to retail liquor stores, some franchises and permittees.

SLGA owns and operates video lottery terminals in liquor licensed establishments and regulates charity and casino gaming in the Province. The Authority also works in partnership with the Saskatchewan Indian Gaming Authority to operate four regional casinos in the Province.

## Saskatchewan Property Management Corporation (SPMC)

SPMC is governed by *The Saskatchewan Property Management Corporation Act, 1987.* SPMC operates on a cost-recovery basis and provides a diverse array of accommodation, transportation, warehousing, distribution and purchasing services to a wide range of public sector organizations. SPMC owns and/or manages government facilities in more than 200 communities across Saskatchewan. Customers receive such services as, vehicle supply/service/support, interoffice mail, bulk buying, accommodation provision and management, risk management and insurance, air transportation services and sales of surplus equipment and vehicles.

#### Saskatchewan Wetland Conservation Corporation

The Saskatchewan Wetland Conservation Corporation was established by Order-in-Council under *The Crown Corporations Act, 1978.* The Corporation links agriculture, industry and wildlife interests working primarily with landowners on wetland, riparian, native prairie and international conservation programs. The Corporation's board of directors includes a broad partnership of provincial and national conservation and land-use agencies.

## **Revolving Funds**

Each revolving fund is established by statute and is used to account for specific government operations which recover all or a portion of its costs from the fund's users. The revenue generated by each fund is used to finance its operations which in turn, generate further revenue, hence the term "revolving". Accordingly, revolving funds are net budgeted in the Estimates.

## Commercial Revolving Fund - Environment and Resource Management

The Commercial Revolving Fund is the financing mechanism used to collect and disburse funds for the operation of the Province's provincial parks, campgrounds and recreation sites. Authority to operate the Fund is found in *The Natural Resources Act*. The Fund collects revenues from camping fees, entry gate fees, cottage lot rentals, commercial lease fees and other miscellaneous revenues for activities taking place in the parks. This revenue is used to operate the parks.

#### Correctional Facilities Industries Revolving Fund -Justice

The Correctional Facilities Industries Revolving Fund is established under the authority of *The Correctional Services Act.* The Fund is operated as a commercial enterprise providing inmates with opportunities to develop practical and marketable work skills. Revenue generated is retained by the Fund and serves to offset the cost of the program.

#### **Correspondence School Revolving Fund - Education**

The Correspondence School Revolving Fund is created and governed by *The Education Act*. It provides accredited high school and post-secondary correspondence courses throughout the Province. It recovers its costs primarily through registration and course fees.

## Highways Revolving Fund - Highways and Transportation

The Highways Revolving Fund is governed by *The Highways and Transportation Act, 1997.* The main purpose of the Fund is to distribute the cost of equipment, materials and labour to Department projects. It also provides public road improvements for other governments and organizations on a contract basis. The Fund is intended to operate on a break-even basis by recovering the cost of services from users. The majority of revenue is derived from rental of equipment and the sale of materials and labour.

## Learning Resources Distribution Centre Revolving Fund - Education

The Learning Resources Distribution Centre is a Revolving Fund created and governed by *The Education Act*. The Fund bulk purchases, at a discount, a variety of classroom resources such as books, audio/visual kits and learning aids. The Fund sells these learning resources to school divisions and teachers.

## Livestock Services Revolving Fund - Agriculture and Food

The Livestock Services Revolving Fund is governed by *The Department of Agriculture Act*. The Fund operates the livestock inspection program and provides brand registration, and dealer licensing. It also collects fees on behalf of The Cattle Marketing Deductions Fund and The Horned Cattle Purchases Fund.

#### **Pastures Revolving Fund - Agriculture and Food**

*The Pastures Act* provides authority to operate the Pastures Revolving Fund. The Fund operates the Saskatchewan Pastures Program. Revenues are derived from fees charged for grazing livestock on community pastures.

#### Public Employees' Benefits Agency Revolving Fund -Finance

The Public Employees' Benefits Agency Revolving Fund is established under the authority of *The Financial Administration Act, 1993*. The Fund provides services to public sector pension and benefit plans and to plan members. The costs incurred by the Fund for providing services are allocated to, and reimbursed primarily by, various pension and benefit plans.

#### **Queen's Printer Revolving Fund - Justice**

The Queen's Printer Revolving Fund is established under the authority of *The Queen's Printer's Act*. The Fund publishes and distributes legislation, regulations and other Government publications as the official printer of Government information. Revenue earned is retained by the Fund to cover associated expenses.

#### **Resource Protection and Development Revolving Fund -Environment and Resource Management**

*The Natural Resources Act* provides authority to operate the Resource Protection and Development Revolving Fund. The Fund is the financing mechanism used to operate the Radio Equipment Program, the Equipment Rental Program and the Staff Housing Program. Revenue for these programs is derived from rental and lease fees charged to government departments and agencies.

#### **Executive Branch of Government**

For the purposes of the Estimates display, the Executive Branch of Government includes those organizations of Government (departments, secretariats, offices) that report directly to a Member of Executive Council (Cabinet Minister). These organizations are created by legislation, many by *The Government Organization Act*. For display only, the grants to Crown corporations that have a separate vote are also categorized under the Executive Branch of Government.

All of the budgeted funding under the Executive Branch of Government has been reviewed and approved by Treasury Board and Cabinet prior to submission to the Legislative Assembly for final approval.

#### Expenditure

The cost of goods and services acquired in the fiscal year whether or not payment has been made including, capital acquisitions, interest on debt and transfer payments made or due. Expenditure is synonymous with expense except expenditures include capital acquisitions whereas expense reflects the amortization of capital.

#### Forecast

The amounts which the Government expects to be expensed and received in the current fiscal year, i.e., the fiscal year prior to the budget year.

#### Full-Time Equivalent (FTE)

An FTE is the equivalent of one person working full-time for a year. Twelve people working one month each would also equal one FTE. The FTE measurement is applied to permanent, non-permanent, Order-in-Council and personal service contract appointments.

The measurement is only applied to executive government covered by *The Public Service Act* and does not include Crown corporations, judges or staff of the legislative branch of government.

#### **Government Delivered Services**

Public services and government functions that are provided or performed by the Government, its employees and agents. It does not include public services delivered by third parties such as school boards.

#### **Gross Debt**

The amount of money the General Revenue Fund (GRF) owes expressed in Canadian dollars. The debt is usually incurred by issuing promissory notes, debentures or savings bonds. Gross debt does not include liabilities such as accounts payable. The GRF borrows money for its own purposes that is referred to as Government debt. The GRF also borrows money on behalf of Crown corporations which is referred to as Crown corporation debt.

#### **Guaranteed Debt**

The debt of Crown corporations and others that the Province has promised to repay if they are unable to do so.

#### **Investing Activity**

The amount of money invested by the General Revenue Fund during the fiscal year in items such as sinking funds and agricultural land and improvements.

#### Legislative Branch of Government

For the purposes of the Estimates display, the Legislative Branch of Government includes those organizations of Government created by legislation that report directly to the Legislative Assembly.

All of the budgeted funding under the "Legislative Branch of Government" has been reviewed and approved by the Board of Internal Economy prior to submission to the Legislative Assembly for final approval.

#### Lending Activity

The amount of money lent or advanced by the General Revenue Fund during the fiscal year to a Crown corporation, public agency or other entity.

#### **Pensions and Benefits**

Expenditures incurred for public sector pension and benefit plans and employer contributions related to salaries. Pensions and benefits paid by transfers cover the Government's contribution to the pension and benefit plans of Saskatchewan teachers.

#### Revenue

The gross proceeds applicable to a fiscal year from taxes, fees, licences, transfer payments and sources other than borrowing.

#### **Revolving Funds**

Revolving funds, which are established by statute, are used to isolate certain items of related revenue and expenditures and are net budgeted in the Estimates. Revolving funds are used to account for specific government operations which recover all or a portion of the associated costs from the funds' users. Revenue generated by a revolving fund's activities is used to finance further operations which in turn generate further revenue, hence the term "revolving".

#### Salaries

Salaries and wages paid directly by the General Revenue Fund to executive government employees, judges, MLAs and employees of the Legislative Assembly. Employees include permanent, non-permanent, Order-in-Council and personal service contract employees. Salaries and wages paid from a revolving fund or an entity funded by transfer payments are not displayed in the Estimates.

#### Sinking Fund

Sinking funds accumulate monies that are set aside to provide for the orderly retirement of a portion of the Province's debt.

#### Statutory

Expenditures and disbursements from the General Revenue Fund that have ongoing spending authority in legislation, i.e. statute. They do not require annual legislative authority by appropriation Acts. Examples of this type of transaction are debt servicing costs or loans to Crown corporations.

#### Sub-Program

Component of a subvote. It represents a facet of the major program provided by the subvote. This may be a distinct client group or method of delivering the program.

#### Subvote

Component of a vote. Usually the subvote represents a major program or function within the vote.

#### **Supplementary Estimates**

Those Estimates which detail the amounts appropriated during the fiscal year by special warrants. Supplementary Estimates for a fiscal year are usually tabled in the Legislative Assembly at the same time as the Main Estimates for the following year. Supplementary Estimates are subject to review by the Legislative Assembly and form part of the main appropriation Act for the fiscal year.

#### **Supplier and Other Payments**

Payments which cover all non-salary and non-pension and benefit costs incurred directly by the General Revenue Fund in delivering public services and performing government functions. These expenditures include accommodation, travel, supplies, equipment, communication and allowance for bad debts.

#### Surplus

The amount by which revenue exceeds expenditure for a fiscal year.

#### **Third Parties**

A term used to describe organizations independent of the General Revenue Fund that receive Provincial funding (see Transfers for Public Service). Typically, third parties are performing a public service with the funding they receive. Examples of third parties are district health boards, universities, school boards and group homes.

#### Transfers

Transfers are payments by the Government to an individual, organization, authority or other government for which no goods or services are directly received by government and no repayment is expected in the future. Terms such as grants and entitlements are often used for transfers. *See following types of transfers.* 

#### **Transfers to Individuals**

Payments from the General Revenue Fund made directly or indirectly to individuals for which no public service is required of the recipient. These transfers provide the recipient with a financial benefit and are usually in the nature of an income support, subsidy or compensation payment. These transfers may be income-tested.

#### **Transfers for Public Services**

Payments from the General Revenue Fund to individuals, organizations, Crown corporations and local authorities e.g., school boards, district health boards and municipalities to fund public services such as health care and education. Transfers to Government organizations and corporations which in turn provide a direct transfer or subsidy to their clients are treated as Transfers to Individuals (see above).

#### Vote

A block of funding provided by statute or voted on by the Legislative Assembly in an appropriation Act which provides for the activities and purposes as outlined in the Estimates for a fiscal year.
