Province of Saskatchewan 2003-04 Estimates

Introduction

The 2003-04 Estimates represent the Government's financial plan for the General Revenue Fund presented to the Legislative Assembly for the fiscal year commencing April 1, 2003 and ending March 31, 2004. The Estimates outline the estimated expenditures, revenues, loans, and investments of the General Revenue Fund categorized in a manner that is intended to inform both the Members of the Legislative Assembly and the public. The Estimates are presented in accordance with *The Financial Administration Act, 1993*.

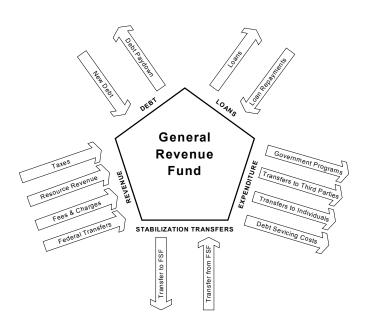

Principles and Concepts

Legislative Control

A fundamental principle of parliamentary government is that the Legislative Assembly exercises ultimate control over public finances.

General Revenue Fund

The General Revenue Fund is the central accounting entity where all public monies are deposited to and disbursed from, as authorized by the Legislative Assembly. Exceptions to this principle must be authorized by law.

Fiscal Stabilization Fund (FSF)

Created in 2000, the Fiscal Stabilization Fund's purpose is to stabilize the financial position of the General Revenue Fund, which in turn permits improved long-term fiscal planning by the Government.

Stabilization transfers between the General Revenue Fund and the Fiscal Stabilization Fund are reflected in the Estimates and Public Accounts. Transfers from the General Revenue Fund to the Fiscal Stabilization Fund are shown as an appropriation from the General Revenue Fund. Stabilization transfers are determined by the Government based on the economic and fiscal environment during the year.

Estimates

Each year, the Government presents a Budget to the Legislative Assembly. The detailed financial plan of the General Revenue Fund that accompanies the Budget is called the Main Estimates.

The Estimates for executive government are reviewed by Treasury Board and approved by Cabinet. The Estimates for the Legislative arm of government are reviewed and approved by the Board of Internal Economy except for the Provincial Auditor's Estimates which are approved by the Public Accounts Committee. All these Estimates are included in Main Estimates and presented by the Minister of Finance to the Legislative Assembly for final review and approval.

Program Budgeting

The Government's spending plan is organized in a manner which reflects the purpose of the spending: e.g., health care, education or highways. The approach of grouping expenditures by their intended purpose is the common practice by governments and is referred to as program budgeting.

The grouping of activities can be at various program levels. For example:

- ➤ Health
 - Provincial Health Services
 - Provincial Laboratory

Votes, Subvotes and Sub-programs

Votes, subvotes and sub-programs correspond to program hierarchies. Using the program levels noted above, Health (Department of Health) is the vote level, Provincial Health Services is the subvote and Provincial Laboratory is the subprogram. The Legislative Assembly authorizes (votes) money to the vote and subvote level.

Gross Budgeting

The Estimates reflect the gross costs of programs. Any offsetting revenue attributable to these programs is not netted against the expenditure but is recorded as revenue. This practice is in keeping with the General Revenue Fund concept and enhances legislative control. Exceptions to the gross budgeting principle such as revolving funds are provided by legislation.

Restatements

It is difficult to compare a department's current budget with its previous year's budget if some of the department's programs have been transferred to or from another department or reorganized within the department. When this occurs, the previous year's Estimates are "restated" to reflect the new organization. When it is not possible or practical to restate, an explanatory note is provided for the appropriate budget amounts.

Transfers or Transfer Payments

Transfers or transfer payments are monies paid from the General Revenue Fund to an individual, organization or other government for which the General Revenue Fund does not directly receive a good or service and expects no repayment or financial return. Most transfer payments are to fund public services provided by an individual or organization outside Government. For example, transfers to school boards are used to provide an educational service. The Estimates refer to these transactions as "Transfers for Public Services." Transfer payments that provide income support, a subsidy or compensation are referred to as "Transfers to Individuals."

Voted and Statutory Expenditures

The Legislative Assembly gives its approval for spending from the General Revenue Fund in two ways. One way is by appropriation acts that provide an annual authorization (appropriation) of funds for specific purposes as outlined in the Estimates. These are "voted" appropriations. This approval lapses at the end of the fiscal year and new approval (appropriation) must be obtained for the following year's expenditure.

The other way the Legislative Assembly authorizes funds is by providing ongoing authority to spend for a specific purpose. This is done by legislation (statute) and therefore, is termed "statutory". These funds do not require annual authorization by the Legislative Assembly. Examples of these transactions are interest on the government debt, teachers' pension plan payments and loans to Crown corporations.

Accounting Policies

The Estimates of revenue, expenditures, loans, and investments and the financial statements and schedules in this document are prepared in accordance with generally accepted accounting principles for senior governments as recommended by the Public Sector Accounting Board (PSAB) of the Canadian Institute of Chartered Accountants with the following exceptions:

- Transfers to and from the Fiscal Stabilization Fund are included in the determination of surplus for the year; and,
- Pension expenditures are estimated on a cash basis.

Accrual accounting is the basis of accounting used in preparation of the Estimates. Accrual accounting recognizes revenue and expense at the time it occurs, regardless of when cash is received or paid.

Revenues are estimated on an accrual basis, except for corporate and personal income taxes that are estimated on a cash basis. Federal transfers are estimated as revenue in the accounting period when the transfer is authorized and any eligibility criteria are met.

Expenses are estimated on an accrual basis except for pension costs which are estimated on a cash basis. The cost of acquiring capital assets and inventories is expensed in the year of acquisition. Provincial transfers are expensed in the period in which the transfer is authorized and any eligibility criteria are met.

Capital – The General Revenue Fund fully expenses capital upon acquisition. Recently, PSAB has revised its position on accounting for capital and is recommending governments adopt the amortization approach by 2005-06. The term "capital" used in the Estimates refers to major capital acquisitions of equipment, buildings and infrastructure as well as grants to third parties to acquire capital.

Budget and Spending Control

The Legislative Assembly authorizes funding at the vote and subvote levels as detailed in the Estimates. The law prohibits the Government from spending more than the Legislative Assembly has authorized. If the amounts appropriated are insufficient, further appropriations must be obtained either by introducing additional Estimates or by special warrants if the Legislative Assembly is not sitting.

Special warrant funding must be submitted to the Legislative Assembly for approval as part of the main *Appropriation Act*.

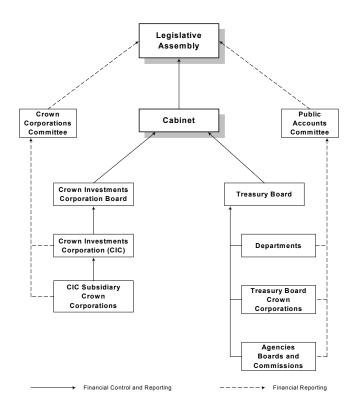

The Legislative Assembly authorizes funding at the subvote level. To deal with unforeseen variances, the Legislative Assembly provides the Minister of Finance the authority to move (vire) unexpended and uncommitted funds from one subvote to another within a vote. This movement of funds is referred to as a virement.

Departments are required to deliver their programming within the approved funding level. Departments must administer the funds allocated to them for the purposes outlined in the Estimates and in accordance with legislative authority and administrative policy.

The Provincial Comptroller provides appropriation control to ensure departments do not overspend their approved funds (appropriations). The Provincial Comptroller is also responsible for ensuring that expenditures comply with legislation and administrative policy. The Provincial Comptroller is responsible for preparing the Government's financial statements. These statements are audited by the Provincial Auditor and are included in the Public Accounts.

Financial Control and Reporting Structure

The Government and its Crown corporations report to the Legislative Assembly on their financial affairs through either the Public Accounts Committee or the Crown Corporations Committee. Below is a depiction of that reporting structure.

General Revenue Fund Detail of Expenditure

Executive Branch of Government

⁽This page left blank intentionally)

Vote 1

The mandate of the Department is to foster a commercially viable, self-sufficient, and sustainable agriculture and food sector, and healthy and diverse rural communities. Working with individuals, businesses, communities, and governments, the Department assists farmers and ranchers, encourages higher value production and processing, and promotes sustainable economic and social development in rural Saskatchewan.

Vote 36

The mandate of the Department is to advance the well-being of Saskatchewan people by providing programs and assistance aimed at strengthening participation in the economic and social life of the Province. It provides basic income support, housing, child care, career services and employment programs to reduce the risks and disadvantages of unemployment and poverty. The Department helps vulnerable families care for and support family members, and supports independent community-based services for people with mental and physical disabilities.

Vote 27

The mandate of the Department is to support and celebrate Saskatchewan as a great place to live and work. The Department is dedicated to ensuring that Saskatchewan people, especially our young people, reach their fullest potential. By working collaboratively with diverse groups and communities, the Department enhances the Province's cultural, artistic, recreational and social life. It also recognizes accomplishment and promotes excellence in the arts, culture, heritage and sport.

The mandate of the Department is to promote Saskatchewan's interests through management of the Province's relations with other governments, in Canada and abroad, and to work with Aboriginal peoples and their organizations to advance our common interests. The Department works in partnership with communities to support local governance, provide financial and technical support and develop legislation, regulations and other policies to meet the changing needs of municipal governments. The Department also coordinates and manages matters related to Government House, French-language services, official protocol, provincial honours, and provides administrative services to the Office of the Lieutenant Governor.

¹ Pursuant to *The Government Organization Act*, the department was reorganized in 2002-03. The expenditure allocation based on the reorganization requires an adjustment of \$616K to reflect the required funding level for this program. Accordingly, the expenditure increase for this program is \$190K in 2003-04.

Vote 32

The mandate of the Department is to support Saskatchewan people to achieve their best possible health and well-being. The Department, in a variety of partnerships, carries out this mandate by establishing policy direction, setting and monitoring standards, providing funding, supporting regional health authorities and ensuring the provision of essential and appropriate services to Saskatchewan residents.

Courts and Civil Justice (JU03)

Provides judicial and operational support to the court system, produces transcripts, and provides enforcement services for legal judgments through the Sheriff's Office. It provides maintenance enforcement and other family justice services to assist parents and children in dealing with the difficulties of family breakdown. It licenses Commissioners of Oaths, Notaries Public and Marriage Commissioners. It also provides dispute resolution services to assist in resolving disputes outside the court system and protects the interests of people who do not have the capacity to manage their own financial affairs.

Sub-Programs

Court Services			20,472	20,522
Salaries - Provincial Court Judges (Statutory)			8,303	7,221
Family Justice Services			3,154	3,015

Community Justice (JU05)

Provides alternative measures and crime prevention programs that respond to the needs of communities for increased safety and greater involvement in justice services. It supports the development of community-based services, coordinates Aboriginal and northern justice initiatives and funds the Aboriginal Courtworker program, the Police Commission and the Police Complaints Investigator. It also provides provincial policing services under contract with the Royal Canadian Mounted Police, regulates the private security industry and provides for coroners' investigations.

Vote 20

The mandate of the Department is to ensure safe, fair and productive workplaces in Saskatchewan. The Department carries out this mandate through labour relations legislation, prevention, education and training services, promoting, developing and enforcing occupational health and safety and labour standards, providing support to injured workers and assisting in preventing and resolving workplace disputes. The Department also works in partnership with all other provincial departments towards the goal of equality for all Saskatchewan women.

Learning

Vote 5

The mandate of the Department is to advance the social, economic and personal well-being of Saskatchewan people. The Department accomplishes this mandate through leadership and support programs from Early Childhood Development, through Pre-Kindergarten to Grade 12, to technical training and post-secondary education, and public library services. The Department provides responsive leadership to meet the learning and development needs of Saskatchewan children, youth and adults, and to meet the employment needs of the Provincial labour market.

# General Revenue Fund Detail of Expenditure

# Legislative Branch of Government

Except for the Provincial Auditor, the Estimates included in the "Legislative Branch of Government" section are reviewed and recommended by the Board of Internal Economy. The Board is established by *The Legislative Assembly and Executive Council Act* to exercise financial authority over the operations of the Legislative Assembly and various officers of the Legislature.

Pursuant to *The Provincial Auditor Act*, the Estimates of the Provincial Auditor are reviewed and recommended by the Public Accounts Committee.

The Legislative Assembly refers the review of these Estimates to the Standing Committee on Estimates.

Fish and Wildlife Development Fund	<b>20.9</b> ²	43.7	(22.8)
FTEs	10,631.2	10,539.3	91.9

FTE (Full-Time Equivalent) is a measure of staff utilization for executive government organizations which are subject to The Public Service Act.

¹ For 2003-04, an 18.0 FTE increase is related to the transfer of responsibility for irrigation projects from the Saskatchewan Water Corporation to the Department of Agriculture, Food and Rural Revitalization.

² For 2003-04, a 15.0 FTE reduction (8.0 for the Department of Environment and 7.0 for the Fish and Wildlife Development Fund) is related to the transfer of responsibility for water source protection activities to the Saskatchewan Watershed Authority established in October 2002.

³ For 2003-04, a 3.0 FTE increase is related to the transfer of responsibility for televised distance education from the Saskatchewan Communications Network to the Department of Learning.

### Restatement Schedule 2002-03 Expenditure and FTE Restatement

### **Restatement - Expenditure**

Each year there may be some form of government reorganization. These reorganizations may include:

- creation of new departments or disestablishment of existing departments;
- transfer of a program or function from one department to another; and,
- transfer of some program area or function (subvote) from one area of a department to another area.

To improve comparability, a restatement of the prior year's budget is presented. A restatement ensures that the prior year's funding associated with an activity or program is placed in the same department or subvote that will be performing that function in the current year.

The "Restatement Schedule" indicates the functions that were transferred in or out of a particular subvote in order to arrive at the 2002-( "Restated Estimate" for the subvote as it appears in the 2003-04 Estimates.

Occasionally, departments may transfer functions within a subvote from one sub-program to another. In these instances, the affected sub-programs are restated and, if significant, an explanatory note is provided within the restatement schedule.

### **Restatement - FTE**

FTE restatements follow the same principles as in the restatement of expenditure. The FTEs of the previous year are placed in the department that will be funding that function in the current year.

⁽This page left blank intentionally)

## **Treasury Board Crown Corporations**

Treasury Board Crown corporations are those Crown corporations that are subject to Treasury Board orders and directives and include all Crown corporations not designated as CIC Crown corporations.

Below are the descriptions of Treasury Board Crown corporations that have significant financial transactions with the GRF.

# Agricultural Credit Corporation of Saskatchewan (ACS)

ACS was established pursuant to the provisions of *The Agricultural Credit Corporation Act* which came into force on January 1, 1984. The Corporation's agricultural loan portfolio, agri-food investment portfolio and loan guarantee program are in the process of being wound down.

# Education Infrastructure Financing Corporation (EIFC)

EIFC was established by Order-in-Council pursuant to *The Crown Corporations Act, 1993.* EIFC may borrow from the GRF and in turn lend that money to educational institutions to finance all or part of approved capital projects.

# Municipal Financing Corporation of Saskatchewan (MFC)

MFC was established pursuant to the provisions of *The Municipal Financing Corporation Act.* MFC assists in making capital funds available for the financing of schools, hospitals and other essential construction and local improvement projects in cities, towns, villages and rural areas throughout the Province. MFC may borrow directly from private lending institutions or from the GRF. The funds borrowed by MFC are used to purchase a portion of approved debentures sold each year by Saskatchewan local governments.

#### Saskatchewan Communications Network (SCN)

SCN is governed by *The Communications Network* Corporation Act. SCN operates in three key areas broadcast network, e-learning and technology services. The Corporation is Saskatchewan's CRTC licensed educational broadcast television network available throughout the Province on cable, satellite and wireless cable systems. SCN's broadcast network provides high quality commercialfree educational, children's and cultural programming. The e-learning division operates distance learning networks on behalf of Saskatchewan Learning that link the Province's universities, SIAST, regional colleges, high schools and government departments using a variety of technologies including video over satellite, media streaming and webbased learning systems. The technology services division provides a variety of services including high-speed internet, via satellite, to rural and northern communities as part of the Province's CommunityNet initiative, and distribution services for the broadcast and streaming of the Saskatchewan Legislative Assembly.

#### Saskatchewan Crop Insurance Corporation (SCIC)

SCIC operates under the authority of *The Crop Insurance Act* and *The Farm Financial Stability Act*. The Corporation administers insurance programs which protect crop and livestock producers from production failures due to natural hazards. The Corporation also delivers the Waterfowl Damage Compensation Program and the Big Game Damage Compensation Program.

#### Saskatchewan Gaming Corporation (SGC)

SGC was established under *The Saskatchewan Gaming Corporation Act, 1994.* SGC operates casino gaming in partnership with the Federation of Saskatchewan Indian Nations under an agreement that provides for revenue sharing within the casino gaming industry and joint participation and management of Casino Regina and Casino Moose Jaw.

#### Saskatchewan Health Information Network (SHIN)

SHIN was established by Order-in-Council pursuant to the provisions of *The Crown Corporations Act, 1993*. SHIN's mandate is to implement, own, operate and manage the provincial health information network in a timely, effective manner reflecting the priorities of the health system. The information network will provide access to comprehensive health information to support direct service delivery.

#### Saskatchewan Housing Corporation (SHC)

SHC operates under the authority of *The Saskatchewan Housing Corporation Act*. The Corporation provides suitable and affordable housing for low-income seniors, and for families and individuals with an identified need. SHC also improves access to other programs and services that enable its clients to achieve or maintain independence.

SHC funds and administers nearly 31,000 housing units in 348 communities through local housing authorities and nonprofit organizations. SHC receives subsidies from the GRF, Canada Mortgage and Housing Corporation and municipalities.

# Saskatchewan Liquor and Gaming Authority (SLGA)

SLGA is governed by *The Alcohol and Gaming Regulation Act, 1997*. Its mandate is to control the distribution and consumption of beverage alcohol and to regulate gaming in Saskatchewan.

SLGA warehouses and distributes wine, spirits and certain beer to SLGA stores and franchises for sale to the public and permittees. Most mainstream beer is distributed by Brewer's Distribution Ltd. to retail liquor stores, some franchises and permittees.

SLGA owns and operates video lottery terminals in liquor licensed establishments and regulates charity and casino gaming in the Province. The Authority also works in partnership with the Saskatchewan Indian Gaming Authority to operate four regional casinos in the Province.

# Saskatchewan Property Management Corporation (SPMC)

SPMC is governed by *The Saskatchewan Property Management Corporation Act, 1987.* SPMC operates on a cost-recovery basis and provides a diverse array of accommodation, transportation, warehousing, distribution and purchasing services to a wide range of public sector organizations. SPMC owns and/or manages government facilities in more than 200 communities across Saskatchewan. Customers receive such services as vehicle supply/service/support, interoffice mail, bulk buying, accommodation provision and management, risk management and insurance, air transportation services and sales of surplus equipment and vehicles.

#### Saskatchewan Watershed Authority

The Saskatchewan Watershed Authority was established under *The Saskatchewan Watershed Authority Act, 2002.* It was established as part of the government's Long Term Safe Drinking Water Strategy and has a mandate to manage water supplies and protect source water quality. The Authority focuses on watershed management involving all environmental and socio-economic aspects associated with water source issues and developments and is an integral part of total water management in Saskatchewan. As the provincial water manager with general authority over matters related to the sustainability of aquatic ecosystems and their related land resources, the Authority will manage and protect water and related land resources.

## **Revolving Funds**

Each revolving fund is established by statute and is used to account for specific government operations which recover all or a portion of its costs from the fund's users. The revenue generated by each fund is used to finance its operations which in turn, generate further revenue, hence the term "revolving". Accordingly, revolving funds are net budgeted in the Estimates.

#### **Commercial Revolving Fund - Environment**

The Commercial Revolving Fund is the financing mechanism used to collect and disburse funds for the operation of the Province's provincial parks, campgrounds and recreation sites. Authority to operate the Fund is found in *The Natural Resources Act*. The Fund collects revenues from camping fees, entry gate fees, cottage lot rentals, commercial lease fees and other miscellaneous revenues for activities taking place in the parks. This revenue is used to operate the parks.

#### Correctional Facilities Industries Revolving Fund -Corrections and Public Safety

The Correctional Facilities Industries Revolving Fund is established under the authority of *The Correctional Services Act.* The Fund is operated as a commercial enterprise providing inmates with opportunities to develop practical and marketable work skills. Revenue generated is retained by the Fund and serves to offset the cost of the program.

#### **Correspondence School Revolving Fund - Learning**

The Correspondence School Revolving Fund is created and governed by *The Education Act*. It provides accredited high school and post-secondary correspondence courses throughout the Province. It recovers its costs primarily through registration and course fees.

# Highways Revolving Fund - Highways and Transportation

The Highways Revolving Fund is governed by *The Highways and Transportation Act, 1997.* The main purpose of the Fund is to distribute the cost of equipment, materials and labour to Department projects. It also provides public road improvements for other governments and organizations on a contract basis. The Fund is intended to operate on a break-even basis by recovering the cost of services from users. The majority of revenue is derived from rental of equipment and the sale of materials and labour.

# Livestock Services Revolving Fund - Agriculture, Food and Rural Revitalization

The Livestock Services Revolving Fund is governed by *The Department of Agriculture, Food and Rural Revitalization Act.* The Fund operates the livestock inspection program and provides brand registration and dealer licensing. It also collects fees on behalf of the Cattle Marketing Deductions Fund and the Horned Cattle Purchases Fund.

# Pastures Revolving Fund - Agriculture, Food and Rural Revitalization

*The Pastures Act* provides authority to operate the Pastures Revolving Fund. The Fund operates the Saskatchewan Pastures Program. Revenues are derived from fees charged for grazing livestock on community pastures and other related services.

# Public Employees' Benefits Agency Revolving Fund - Finance

The Public Employees' Benefits Agency Revolving Fund is established under the authority of *The Financial Administration Act, 1993.* The Fund provides services to public sector pension and benefit plans and to plan members. The costs incurred by the Fund for providing services are allocated to, and reimbursed primarily by, various pension and benefit plans.

#### **Queen's Printer Revolving Fund - Justice**

The Queen's Printer Revolving Fund is established under the authority of *The Queen's Printer Act*. The Fund publishes and distributes legislation, regulations and other Government publications as the official printer of Government information. Revenue earned is retained by the Fund to cover associated expenses.

# Resource Protection and Development Revolving Fund - Environment

*The Natural Resources Act* provides authority to operate the Resource Protection and Development Revolving Fund. The Fund is the financing mechanism used to operate such programs as the Radio Communications Program, the Equipment Rental Program, the Staff Housing Program and the Northern Air Operations Program. This fund is intended to operate on a break-even basis by recovering the cost of services from users. Revenue for these programs is derived from rental and lease fees charged to government departments and other agencies.

# **Glossary of Terms**

#### Accumulated Deficit

The excess of expenditures over revenues measured from the beginning of incorporation. It is the sum of all the annual deficits and surpluses plus any adjustments charged directly to the accumulated deficit. It is the difference between the recorded assets and liabilities. It is equivalent to net debt for those jurisdictions and organizations, like the General Revenue Fund (GRF), that fully expense capital upon acquisition.

#### Appropriation

An amount that the Legislature has authorized to be paid from the GRF under an Act of the Legislative Assembly for a particular purpose. This purpose is outlined or defined in appropriation Acts and in the Estimates.

#### **Appropriation Act**

A supply bill when passed by the Legislature becomes an appropriation Act. The appropriation Act is the legal authorization to spend monies from the GRF for the purposes and time period identified by the Act and the Estimates.

#### **Capital Expenditure**

Costs incurred to acquire property, infrastructure and capital assets or to provide transfers to others to acquire or finance the same. The property, infrastructure or assets acquired provide a long-term benefit to the public or the Government. Acquisition of minor equipment, furniture and computer hardware and software is not currently classified as capital for Estimates purposes.

#### **Capital Transfer**

A transfer given to a third party such as a school board, regional health authority, university or municipality to acquire or finance capital assets such as school buildings.

#### Debt

Borrowings, expressed in Canadian dollars, obtained by the Province through the issuance of a debt instrument such as promissory notes, debentures, or savings bonds. Debt does not include other liabilities such as accounts payable or pension obligations.

Debt is measured in a number of ways;

- *Government Debt* Debt incurred by the GRF for its own purposes.
- *Crown Corporation Debt* Debt incurred by the GRF for Crown corporation purposes.
- *Gross Debt* Debt issued for general government purposes and Crown corporations.
- *Total Debt* Debt issued for general government purposes and Crown corporations, net of sinking funds plus guaranteed debt.

- *Guaranteed Debt* The debt of others that the government has agreed to repay if they default.
- *Net Debt* Not a true measure of debt but the amount by which the GRF's recorded liabilities exceed its financial assets.

#### **Debt Servicing**

Costs associated with servicing the debt of the GRF. The costs include interest, foreign exchange gains and losses, discounts, fees and commissions. Costs incurred for financing Crown corporation debt are reimbursed by the Crown corporation.

#### Deficit

The amount by which expenditure exceeds revenue for a fiscal year.

#### Department

An organizational unit of executive government created for the purpose of managing related programs.

#### Estimated

The annual amounts the Government budgets for expenditure, revenue, loans, advances, investments and debt.

#### Estimates

A document tabled by the Government that provides expenditure details for a supply bill (an appropriation Act). The document tabled with the Budget that reflects the Government's detailed financial plan for the year is referred to as Main Estimates. The document presented after Main Estimates for supply is referred to as Further or Supplementary Estimates. In Saskatchewan, Supplementary Estimates details the appropriations provided by special warrant.

#### **Executive Branch of Government**

The Executive Branch of Government includes those organizations of Government (departments, secretariats, offices) that report directly to a Member of Executive Council (Cabinet Minister). These organizations are created by legislation, many by *The Government Organization Act*.

For Estimate's purposes, the grants to Crown corporations that have a separate vote are also categorized under the Executive Branch of Government as are monies to the judicial arm of government.

#### Expenditure

The cost of goods and services acquired in the fiscal year whether or not payment has been made, including capital acquisitions, interest on debt and transfer payments made or due. Expenditure is synonymous with expense except expenditures include capital acquisitions whereas expense reflects the amortization of capital.

#### **Financing Activity**

A term used in the Statement of Cash Flow. It refers to cash received through borrowings and deposits from Crown organizations and cash disbursed to retire debt and reduce deposits from Crown organizations.

#### Forecast

The amounts of expenditure, revenue, or debt the Government expects to be realized and recorded in the fiscal year.

#### Full-Time Equivalent (FTE)

An FTE is the equivalent of one person working full-time for a year. Twelve people working one month each would also equal 1 FTE. The FTE measurement is applied to permanent, non-permanent, Order-in-Council and personal service contract appointments.

The measurement is only applied to the Executive Branch of Government covered by *The Public Service Act* and does not include Crown corporations, judges or staff of the Legislative Branch of Government.

#### **Government Delivered Programs**

Public services and Government functions that are provided or performed by the Government, its employees and agents. It does not include transfer payments to third parties or Crown corporations. Nor does it include the spending by revolving funds which are net budgeted for Estimate purposes.

#### **Investing Activity**

The amount of money invested by the GRF during the fiscal year in items such as sinking funds, Crown corporations and agricultural land.

#### Legislative Branch of Government

For Estimate's purposes, the Legislative Branch of Government includes the Legislative Assembly and the organization that supports it as well as those offices or organizations that report directly to the Legislative Assembly.

#### Lending Activity

The amount of money lent or advanced by the GRF during the fiscal year to a Crown corporation, public agency or other entity.

#### Liabilities

Amounts owed at year-end. Amounts would include debt, deposits held on behalf of others, accounts payable and accrued liabilities.

#### **Pensions and Benefits**

Expenditures incurred for public sector pension and benefit plans and employer contributions related to salaries. Pensions and benefits paid by transfers cover the Government's contribution to the pension and benefit plans of Saskatchewan teachers.

#### Revenue

The gross proceeds applicable to a fiscal year from taxes, fees, licences, transfer payments and sources other than borrowing.

#### **Revolving Funds**

Revolving funds, which are established by statute, are used to isolate certain items of related revenue and expenditures and are net budgeted in the Estimates.

Revolving funds are used to account for specific government operations which recover all or a portion of the associated costs from the funds' users. Revenue generated by a revolving fund's activities is used to finance further operations which in turn generate further revenue, hence the term "revolving".

#### Salaries

Salaries and wages paid directly by the General Revenue Fund to executive government employees, judges, MLAs and employees of the Legislative Assembly. Employees include permanent, non-permanent, Order-in-Council and personal service contract employees. Salaries and wages paid from a revolving fund or an entity funded by transfer payments are not displayed in the Estimates.

#### **Sinking Fund**

Sinking funds accumulate monies that are set aside to provide for the orderly retirement of a portion of the province's debt.

#### Statutory

Expenditures and disbursements from the GRF that have ongoing spending authority in legislation, i.e. statute. They do not require annual legislative authority by appropriation Acts. Examples of this type of transaction are debt servicing costs or loans to Crown corporations.

#### Sub-Program

Component of a subvote. It represents a facet of the major program provided by the subvote such as a distinct client group or method of delivering the program.

#### Subvote

Component of a vote. Usually the subvote represents a major program or function within the vote.

#### **Supplementary Estimates**

Those Estimates which detail the amounts appropriated during the fiscal year by special warrants. Supplementary Estimates for a fiscal year are usually tabled in the Legislative Assembly at the same time as the Main Estimates for the following year. Supplementary Estimates are subject to review by the Legislative Assembly and form part of *The Main Appropriation Act* for the fiscal year.

#### **Supplier and Other Payments**

Payments which cover all non-salary and non-pension and benefit costs incurred directly by the GRF in delivering public services and performing Government functions. These expenditures include accommodation, travel, supplies, equipment, communication and allowance for bad debts.

#### Surplus

The amount by which revenue exceeds expenditure for a fiscal year.

#### **Third Parties**

A term used to describe organizations independent of the GRF that receive provincial funding (see Transfers for Public Service). Typically, third parties are performing a public service with the funding they receive. Examples of third parties are regional health authorities, school boards and universities.

#### Transfers

Transfers are payments by the Government to an individual, organization, authority or other government for which no goods or services are directly received by government and no repayment is expected in the future. Terms such as grants and entitlements are often used for transfers. *See the following types of transfers.* 

#### **Transfers to Individuals**

Payments from the GRF made directly or indirectly to individuals for which no public service is required of the recipient. These transfers provide the recipient with a financial benefit and are usually in the nature of an income support, subsidy or compensation payment. These transfers may be income-tested.

#### **Transfers for Public Services**

Payments from the GRF to individuals, organizations, Crown corporations and local authorities such as school boards, district health boards and municipalities to provide a public service.

Transfers to Government organizations and corporations which in turn provide a direct transfer or subsidy to their clients are treated as Transfers to Individuals (see above).

#### Vote

A block of funding provided by statute or voted on by the Legislative Assembly in an appropriation Act that provides for the activities and purposes as outlined in the Estimates for a fiscal year.

The common practice in Saskatchewan's Estimates is for the expenditure activities of a government department or organization to represent a unique Vote. Separate votes are provided to departments for loans and investments. On occasion a department may have more than one expenditure vote or more than one organization may be grouped into a single vote.
