#### B. <u>EXEMPTIONS FOR FARMERS</u>

A farmer is entitled to a tax exemption on certain farm implements, farm machinery, farm tools and commodities, including repair parts when acquired for use directly in a primary farming activity (see Section F of this bulletin for a list of exempt items).

Exempt farm items fall into the following categories:

 those that are readily identifiable and are exempt from tax as goods used exclusively in a farming operation. A Farm Exemption Certificate or equivalent is not required.

3

U.S. residents may apply for a refund of tax by providing copies of custom importation documents on goods removed from Saskatchewan.

# E. GOODS FOR RESALE AND SALES TO STATUS INDIANS

Goods purchased by other businesses for resale are tax exempt. The purchaser's Provincial Sales Tax license number must be recorded on the sales invoice and retained in the auctioneer's records.

Sales to Indians are not subject to tax upon presentation of a Certificate of Indian Status identification card issued under the <u>Indian Act</u>, providing the goods are delivered by the auctioneer to a reserve. The complete 10 digit card number must be recorded on the sales invoice. If the federal identification card number is only 3 to 5 digits, record the number and the name of the Band on the sales invoice.

## \* Exempt with a Farm Exemption Certificate or Equivalent - refer to section B.

Tax does not apply to real estate commissions on land and buildings sold by auction.

#### G. GOODS AND SERVICES FOR YOUR OWN USE

Auctioneers are required to pay tax on purchases of equipment, services and supplies used in their business. If they are purchased from a licensed supplier, the tax must be paid to the supplier. If they are purchased from an unlicensed supplier located outside Saskatchewan, the tax must be self-assessed and submitted with the return on the laid down cost, which includes exchange, transportation charges, customs and excise duties, and importation charges, but not the GST.

## H. SASKATCHEWAN ELECTRONIC TAX SERVICE (SETS)

Saskatchewan Finance has made it possible to report and remit tax electronically through the use of a standard Internet connection. The Saskatchewan Electronic Tax Service (SETS) offers a secure, fast, easy and convenient alternative to filing returns in paper format. Several E-File services are currently available through SETS.

Businesses may use SETS to file and pay returns for Provincial Sales Tax and other provincial taxes.

#### SETS allows businesses to:

- File and pay returns or make payments on account.
- File a return and post-date the payment to the due date.
- View account balance and statement information.
- Authorize your accountant to file on your behalf.
- Subscribe to an E-mail Notification Service that allows the option to be notified by e-mail that a tax return should be filed (replaces the paper forms normally received in the mail).
