

# **International Day of Persons with Disabilities December 3, 2005**

## **A place where everyone is included – that's where I want to live**

Every citizen has a right to be included as an equal, active and participating member of his or her community.

The Government of Saskatchewan is pleased to proclaim December 3, 2005, as International Day of Persons with Disabilities to coincide with the designation of this date by the United Nations. This year's theme, "Rights of Persons with Disabilities: Action in Development", fits well with the 20th Anniversary of Section 15 of the Canadian Charter of Rights and Freedoms that articulates equality for all Canadian citizens.

Working together as governments, businesses, individuals and communities, we can create a place where people with disabilities participate fully and equally in their communities and the life of our province.
