

Speech and Hearing Awareness Month *May 2005*

The Government of Saskatchewan is pleased to proclaim May 2005 as Speech and Hearing Awareness Month in Saskatchewan.

We recognize and salute the important contributions that all people with disabilities make to the social, economic and cultural life of our great province.

Since the release of the Disability Action Plan by the Saskatchewan Council on Disability Issues in June 2001, the Saskatchewan government has invested over \$25 million (including \$8 million this year) in new funding to support people with disabilities.
