HELPING CANADIAN COMPANIES SUCCEED ABROAD

As part of Foreign Affairs and International Trade Canada, the Trade Commissioner Service is a network of more than 900 trade commissioners working in Canadian embassies, high commissions and consulates located in over 140 cities around the world and in 12 regional offices across Canada. We promote Canada as a dynamic partner for business, investment and science and technology. The Trade Commissioner Service works with Canadian companies that can demonstrate their commitment to succeeding in the global marketplace. Once you have researched and selected your target market, trade commissioners can help you.

Services in Canada

Through the regional offices of the Trade Commissioner Service, Canadian companies can obtain practical advice on market entry strategies, as well as up-to-date market and sector information, to help smooth their path to exporting and diversifying their target markets. The regional offices can also help with international opportunities regarding partnering and joint ventures.

Visit www.infoexport.gc.ca and select *Our Offices in Canada*.

Services abroad

Abroad, the primary role of trade commissioners is to provide in-market assistance to Canadian companies in the development of their international business activities. Assistance includes assessing export potential, identifying key foreign contacts, and providing relevant advice and market intelligence.
