**There is no  
greater  
fraud than a  
promise not  
kept.**

Gaelic Proverb

***I would never stay in office if  
I did not keep my promises.***

- Paul Martin. (The Waterloo Record, June 2, 2004).

During the election, Paul Martin made a **promise** to Atlantic Canadians that they would receive 100% of their natural resource revenues.

On October 25, he broke his promise.

In going back on his word, Paul Martin is taking away billions of dollars in offshore revenues from Newfoundland and Labrador and Nova Scotia.

The Liberal government is taxing away your future by clawing back your oil and gas revenues.

The Conservative Party of Canada believes that offshore oil and gas revenues are the key to real economic growth in Atlantic Canada.

**That's why we would leave you with 100% of your oil and gas revenues.**

**No small print.**

**No excuses.**

**No caps.**

*Paul Martin says that Nova Scotia and Newfoundland and Labrador can only benefit from their natural resources if they promise to remain "have not" provinces. Why won't the Liberals allow Atlantic Canada achieve its full economic potential?*

The Honourable Stephen Harper, P.C., M.P.  
Leader of the Opposition  
Leader of the Conservative Party of Canada,
