## INTEGRATED GANG TASK FORCE

### British Columbia Integrated Gang Task Force (BCIGTF)

The objective of the BC Integrated Gang Task Force (BCIGTF) is to target, investigate, prosecute, disrupt and dismantle crime groups that pose a high risk to public safety, due to gang violence. The unit is made up of 60 officers and 13 support personnel from the RCMP, Vancouver, New Westminster, Abbotsford, Delta and West Vancouver Police Services. The BCIGTF is an excellent example of the value of combining the experience of RCMP and municipal forces to address regional policing issues.

### Vancouver Police Gang Crime Unit

Mission Statement: In fulfillment of its public trust, the VPD maintains public order, upholds the rule of law, and prevents crime.

The Gang Crime Unit is a resource to both the uniform Operations Division and the Investigations Division. The Unit develops intelligence on criminal street gang members and associates. The Unit conducts investigations when gang involvement is indicated.

### Criminal Intelligence Service of British Columbia and Yukon (CISBC/YT)

CISBC/YT's primary function is the production of strategic analytical products to assist the greater law enforcement community of BC and Yukon in the ongoing efforts to detect, reduce, and prevent serious and organized crime. CISBC/YT promotes cooperation amongst member agencies in the collection, collation, evaluation, analysis and dissemination of criminal intelligence by contributing to ACIIS, the national intelligence repository use nationally by all CISC members in Canada.
