

ICE 2005 Technology Conference will embrace the concept of convergence.

Each day of the conference will present highly regarded keynote and session speakers who will address the impact of emerging sectors of our economy on information technology. Three of these sectors, *biotechnology*, *safety and security*, and *nanotechnology*, will be featured, in addition to topics designed to offer learning opportunities in key areas of information technology.

A number of partners participated in ICE 2005 to help attract world class key note and session speakers. The Canadian Police Research Centre was instrumental in developing the program for the Safety & Security stream that addresses key issues facing both personal and computing safety and security.

Safety & Security

Wednesday, November 9 at ICE 2005 features speakers who will address a range of issues facing those involved in computing security and personal safety, and convergence of the two. Key Note speakers Howard Schmidt and Dr. Kim Rossmo are among the most highly regarded leaders in their respective fields of expertise. The concurrent sessions in the Safety & Security stream present strategic and tactical challenges facing those dealing with cyber crimes, current solutions available and a picture of the opportunities as we consider the future trends in this field.

Safety & Security Speakers include:

- Howard Schmidt, Former White House Cyber Security Advisor, Chairman of CERT (U.S. Computer Emergency Readiness Team)
- Dr. Kim Rossmo, Research Professor Texas State University (expert in the field of geographic profiling)
- Discussion panel with Steven Bilodeau, Technology and Internet Crimes Coordinator, Mike Eisen, Vice President, Law and Corporate Affairs, Microsoft
- Dr. Bud Levin, Professor of Psychology and Administration of Justice; Vice-Chairman of the Police Futurists International/FBI Futures Working Group

ICE 2005 offers partner members (CPRC, Edmonton Police Services, RCMP) the same conference discount price as CIPS member. If you are a member of one of our partner organizations, contact CIPS Edmonton at edmonton@cips.ca or 780-420-6923 to register at the CIPS member rate.
