CKRT-TV and its transmitters – Licence renewal

The Commission renews the broadcasting licence of CKRT-TV Rivière-du-Loup and its transmitters CKRT-TV-1 Baie-Saint-Paul, CKRT-TV-2 Dégelis, CKRT-TV-3 Rivière-du-Loup, CKRT-TV-4 Cabano, CKRT-TV-5 Saint-Urbain and CKRT-TV-6 Trois-Pistoles from 1 September 2005 to 31 August 2007. This term will enable the Commission to consider the next licence renewal application for this undertaking at the same time as it considers the licence renewal applications for the originating station, CBFT Montréal, and the Canadian Broadcasting Corporation French-language television network, with which the station is affiliated.

The application

1. The Commission received an application by CKRT-TV Itée to renew the broadcasting licence for the television programming undertaking CKRT-TV Rivière-du-Loup and its transmitters CKRT-TV-1 Baie-Saint-Paul, CKRT-TV-2 Dégelis, CKRT-TV-3 Rivière-du-Loup, CKRT-TV-4 Cabano, CKRT-TV-5 Saint-Urbain and CKRT-TV-6 Trois-Pistoles. The undertaking is affiliated with the Canadian Broadcasting Corporation (CBC) French-language television network.
2. The Commission's general approach with respect to its consideration of this and other applications for licence renewals for French-language television stations heard at the 16 February 2004 Public Hearing is set out in *Introduction to Broadcasting Decisions CRTC 2004-530 to 2004-540 renewing the licences of 21 French-language television stations*, Broadcasting Public Notice CRTC 2004-94, 3 December 2004 (Public Notice 2004-94).
3. The Commission received nine interventions in connection with this application, and all have been taken into account in its deliberations. All of these interventions were in support of the licence renewal of CKRT-TV. In some cases, this support was conditional on the licensee accepting the requirements related to various issues, such as local

programming and the broadcast of programs produced in the region. Given that these interventions are related to several licence renewal applications heard at the 16 February 2004 Public Hearing, the Commission discusses these interventions in Public Notice 2004-94, which introduces this and other decisions of today's date.

4. In its application, CKRT-TV Itée made a commitment to continue producing a 20-minute-per-day local and regional newscast from Monday to Friday and daily headline news segments lasting 1 minute and 45 seconds. It also committed to continue the weekly broadcast of its 12-minute "bloc-notes" program.
5. The licensee also committed to close caption all of its newscasts and headline news segments and to provide voiceovers for graphics used in the presentation of news, weather, sports results, etc.
6. Finally, the licensee added that it intends to continue to use the services of independent producers to cover news in the Charlevoix region.

Employment equity and on-air presence

7. In accordance with *Implementation of an employment equity policy*, Public Notice CRTC 1992-59, 1 September 1992, the Commission encourages the licensee to consider employment equity issues in its hiring practices and in all other aspects of its management of human resources.
8. With respect to on-air presence, the Commission expects the licensee to ensure that its programming is reflective of Canadian society and that members of the four designated groups (women, Aboriginal persons, persons with disabilities and members of visible minorities) are presented fairly and accurately.

Conclusion

9. The Commission has carefully reviewed the application, taking into account the comments made by the licensee and the interveners. It encourages the licensee to continue its efforts with respect to independent production. The Commission is generally satisfied that, during the current licence term, the licensee has adhered to the requirements of the *Television Broadcasting Regulations, 1987*, and has complied with its conditions of licence and met the Commission's expectations set out in *Licence renewal for CKRT-TV and its transmitters*, Decision CRTC 98-120, 9 April 1998 (Decision 98-120), specifically those regarding local programming.
10. The Commission notes that the licensee has exceeded expectations with regard to local programming. In Decision 98-120, the Commission expected the licensee to broadcast, on an annual basis, a minimum weekly average of 30 minutes of local news programming. The Commission notes that, over the course of the licence term, the licensee broadcast 1 hour and 40 minutes of local and regional news per week, daily

news headline segments lasting 1 minute and 45 seconds, and its 12-minute “bloc-notes” program. The Commission notes that the licensee has exceeded the Commission’s expectations in this regard and it expects the licensee to continue in this vein throughout the new licence term.

11. Accordingly, the Commission **renews** the broadcasting licence for CKRT-TV and its transmitters from 1 September 2005 to 31 August 2007. This term will enable the Commission to consider the next licence renewal application for this undertaking at the same time as it considers the licence renewal applications for the originating station, CBFT Montréal,¹ and the CBC French-language television network, with which the station is affiliated. The licence will be subject to the conditions specified therein and to the **conditions of licence** set out in the appendix to this decision, as well as to the other applicable terms set out in Public Notice 2004-94.
