

FOR OFFICE USE ONLY

APPLICATION FOR CROWN LAND

Note to Applicant

This form is the first step in your application for Federal Crown Lands. Applications are reviewed by government agencies responsible for land use and the regulations for activity North of the 60°. This form is intended to help both you and government. It is not a legal document, but a means of providing the people who have to deal with your application information needed to decide on the application's merit. Most importantly, in filling out the form you will better understand some of the steps that have been taken in planning and carrying out a successful enterprise.

Please read the entire application form before you begin to fill it out. The amount of space provided for each question suggests the level of detail expected. However, you may be asked to supply further additional information.

This is an application only and in no way implies the granting of an approval to the applicant.

Applicant Information

| | | |
|-------------|------------|----------------------|
| Full name | | Legal age. |
| Address | | Telephone no. (Home) |
| | | Telephone no.(Work) |
| Occupation | Employer | |
| Spouse name | Occupation | Employer |

General descriptions of parcel (Hilly or flat, tree cover, soil type)

(If surveyed, state lot and block or group number. If unsurveyed, state size of parcel and general area)

Project Description

Brief description of general purpose and goals. (Explain in own words, plans and objectives)

Project Location

Provide an NTS map on a 1:50,000 scale indicating the following:

- | | |
|---|----------------------------|
| Approximate boundaries of land area under application in metres/feet or milepost or road, if applicable | Existing access if any |
| Nearby water bodies | Proposed new access routes |
| Distance to nearest community | Use of adjacent land |
| | Co-ordinates |

APPLICATION FOR CROWN LAND

| | | | | |
|--|-------------------------------|---------------|----------|-----------|
| Approximate area of land under application in hectares | Standard NTS map co-ordinates | Map sheet no. | Latitude | Longitude |
|--|-------------------------------|---------------|----------|-----------|

Construction Plans

Brief description of any existing building and/or planned construction of facilities. Use your sketch for illustration.

| | |
|---|-------------------------------|
| Value of improvements already on the land | Name of owner of improvements |
|---|-------------------------------|

Brief description of planned construction methods and materials

Time schedule for construction program. Indicate approximate starting, construction stage and completion times

Description of existing and proposed methods of access and transportation for project

| | |
|--|---|
| Water to be used at the facility? <input type="checkbox"/> Yes <input type="checkbox"/> No | If "Yes", estimate the volume to be used per day. |
|--|---|

| | |
|---|--|
| Plan involves the alteration of a water course? (ie: Construction of dams or diversion of natural water flows) | <input type="checkbox"/> Yes <input type="checkbox"/> No |
|---|--|

If "Yes", describe the proposed changes

| |
|---|
| Method of disposal for: <input type="checkbox"/> Liquid waste <input type="checkbox"/> Solid waste |
|---|

Describe specific waste treatment equipment to be used (If any)

Operations

| | |
|--|---|
| Indicate use <input type="checkbox"/> Year-round <input type="checkbox"/> Seasonal | Amount of year round residents living at site |
|--|---|

If "Seasonal", provide details

APPLICATION FOR CROWN LAND

Resource Capability

Other general resource activities on or near the proposed project area (eg., trapline or mining activity, access point for resident anglers, hunters and campers)

Registered mineral claim on the project area? Yes No

Is any activity listed above affecting operations or is the operation creating a conflict? Yes No

If "Yes", how?

Are facilities to be used for other reasons than the applied purposes? Yes No

If "Yes", briefly describe alternate use
