4. **Fraser Valley, British Columbia**  
**Application No. 2005-0785-8**

Application by **Rogers Broadcasting Limited** to amend the licence of television programming undertaking CHNU-TV Fraser Valley, British Columbia.

In *CHNU-TV Fraser Valley, CIIT-TV Winnipeg – Acquisition of assets, new transmitter in Victoria, and new licence*, Broadcasting Decision CRTC 2005-207, 20 May 2005, the Commission established the following condition of licence respecting balance programming with respect to CHNU-TV Fraser Valley:

3. The licensee shall broadcast a minimum of 18 hours per week of balance programming, of which 12 hours shall be Canadian and broadcast between 6:00 p.m. and 11:00 p.m. At least 15.5 hours of weekly balance programming shall be original first-run programming.
  - a. Balance programming is programming devoted to providing differing views on issues and events presented during the station's primary programming, which address matters from a Christian perspective, and includes the presentation of different religions.
  - b. At least 7.5 hours of the 18 hours of balance programming referred to above shall be faith-specific programming produced by individual non-Christian groups. These programs will include presentations from the Buddhist, Hindu, Jewish, Muslim and Sikh perspectives and be broadcast on weekdays between 9:30 p.m. and 10:00 p.m., and on Saturdays from 8:30 a.m. to 1:30 p.m.

In a letter dated 4 July 2005, Rogers requested that paragraph b) of condition of licence 3 be replaced by the following paragraph:

- b. At least 7.5 hours of the 18 hours of balance programming referred to above shall be faith-specific programming produced by individual non-Christian groups. These programs will include presentations from a minimum of five different non-Christian faith communities every week, and be broadcast on weekdays between 6:00 p.m. and 11:00 p.m., and on Saturdays and Sundays from 8:30 a.m. to 1:30 p.m.

Rogers submitted that the flexibility afforded by a reference to a minimum number of non-Christian groups rather than specifically named faith communities would not impact the programming perspective or diversity mandate of the service. Rogers also stated that this amendment would permit it to better serve small faith groups that may have, according to the licensee, a more acute need of representation on television than the large faith groups identified in CHNU-TV's current condition of licence.

The licensee also proposed extending the hours with respect to the broadcasting of balance programming on weekdays and weekends.
