AIDS TO NAVIGATION PROGRAM REVIEW**

Reference charts: 2021, 2022, 2023, 2024, 2025, 2026, 2028 and 2029

Parks Canada has conducted a level of service review on fixed and floating aids along the Trent-Severn Waterway National Historic Site of Canada. The Waterway presently maintains approximately 2000 aids from the Murray Canal on Lake Ontario to Port Severn on Georgian Bay.

As a result of the review, the Trent-Severn Waterway proposes the following aids to navigation changes with implementation to commence in May, 2006.

Comments on these proposed changes should be directed to:

Director, Canal Operations
Trent-Severn Waterway
National Historic Site of Canada
P.O. Box 567
Peterborough, Ontario
K9J 6Z6

Comments must be made in writing within three months of publication of this preliminary notice. Any objections raised should state the facts on which they are based and should include information on safety, commerce and public benefit to support their statement.
