

Notice of Public Hearing

August 20, 2007

Ref. 2007-H-13

The Canadian Nuclear Safety Commission (CNSC) will hold a two-day public hearing on the application by Ontario Power Generation (OPG) for the renewal of the Darlington Nuclear Generating Station (NGS) operating licence. The facility is located in Bowmanville, Ontario.

Hearing Day One: November 1, 2007

Place: CNSC Public Hearing Room, 14th floor, 280 Slater Street, Ottawa, Ontario

Hearing Day Two: January 10, 2008

Place: CNSC Public Hearing Room, 14th floor, 280 Slater Street, Ottawa, Ontario

Public hearings follow the agenda published prior to the hearing date.

The Darlington NGS consists of four nuclear reactors designed, constructed and operated to produce electrical power. The facility also includes a Tritium Removal Facility to extract tritium in heavy water used in OPG's nuclear reactors.

The public is invited to comment on OPG's application either by oral presentation or written submission on Hearing Day Two. Requests to intervene must be filed with the Secretary of the Commission by December 10, 2007 at the address below. The request must include the following information, as per the *CNSC Rules of Procedure*:

- a written submission of the comments to be presented to the Commission;
- a statement setting out whether the requester wishes to intervene by way of written submission only or by way of written submission and oral presentation; and
- name, address and telephone of the requester.

Agendas and information on the hearing process, including how to participate in public hearings, are available at the CNSC Web site: www.nuclearsafety.gc.ca. Hearing documents (submissions) are not available on-line and must be requested through the Secretariat at the address below:
