

C: Feedback to a Fellowship Candidate

From Reviewer (circle one) 1 or 2

Name of Applicant	Application Number
--------------------------	---------------------------

Note to applicant: CIHR receives large numbers of applications for Fellowships. It is only able to approve a relatively small proportion. Many good applications are not funded. CIHR has asked reviewers of your application to provide feedback that might be useful to you in the event that your application is among the many that are not approved and you are eligible to reapply.

Note to reviewer: Consider commenting on any of the following: the candidates' presentation of their training plans; the clarity with which they expressed their choice of training location; their proposed research project; their honours, awards or academic distinction; and, their publications and related research achievements

Strengths of the Application

Areas that Could be Strengthened
