MEMORANDUM D8-1-1

In Brief

TEMPORARY IMPORTATION (TARIFF ITEM NO. 9993.00.00) REGULATIONS

1. This memorandum has been entirely re-written to include the information contained in the following customs notices:
 - N-187 *Temporary Importations after Tariff Simplification*
 - N-214 *Temporary Importations*
 - N-222 *Conventions Held by Foreign Organizations (Tariff Item Nos. 9830.00.00 and 9993.00.00)*
 - N-245 *Amendments to Memorandum D8-1-1, Temporary Importation (Tariff Item No. 9993.00.00) Regulations*
 - N-304 *Cold Weather Testing of Vehicles and Vehicle Components*
 - N-326 *Goods Entering Canada as Replacement Parts or Goods Under a Warranty Arrangement*
 - N-343 *Tariff Item No. 9993.00.00 Consumable Goods*
 - N-346 *Goods Entering Canada as Replacement Parts or Goods Under a Warranty Arrangement*
 - N-388 *Temporary Importation of Horses by Canadian Residents*
 - N-463 *Goods for Sale and Spare Parts Imported Temporarily into Canada*
 - N-591 *Replacement A.T.A. Carnets*
2. The memorandum also incorporates any updates to the temporary importation and exportation legislation and regulations.
3. This memorandum confirms that goods imported temporarily for alteration do not qualify under tariff item No. 9993.00.00. Importers who want to temporarily import goods for alteration should consider the CBSA's duty deferral and drawback programs.
4. In addition, this memorandum clarifies the documentation requirements for goods imported under tariff item No. 9993.00.00 which are entitled to relief of the goods and services tax/harmonized sales tax (GST/HST) under one of the following:
 - (a) *Goods Imported for Certification Remission Order (Order in Council P.C. 1987-1044, dated May 21, 1987)*
 - (b) *Scientific or Exploratory Expeditions Remission Order*
 - (c) *Foreign Organizations Remission Order*

LEGISLATION

Tariff Item No. 9993.00.00 of the Schedule to the *Customs Tariff*

Goods, not including conveyances, containers or baggage of tariff item No. 9801.10.00 or 9801.20.00, or of Chapter 89 (except where imported for the purpose of repair, overhaul, alteration, adjustment, storage, display at an exhibition of similar manufacturers, racing, testing, certification by an accredited organization, or to be employed in the production of films or commercials, or in response to an emergency or emergency response training exercise, or for in-transit movement through Canada, or as a commercial sample, or when imported by non-resident teams or athletes, or their support personnel, for their use in professional or organized amateur sports activities, or when imported by non-residents for their use in providing live entertainment such as aquatic displays), when imported on a temporary basis, on condition that:

- (a) the goods are not sold or further manufactured or processed in Canada;
 - (a.1) the goods are not leased except where imported for use
 - (i) in an emergency or emergency response training exercise,
 - (ii) on loan pending delivery of new machinery or equipment on order, or
 - (iii) as temporary replacements for machines or other equipment previously accounted for and undergoing repairs;
- (b) the use of the goods is specified by the importer at the time of reporting of the goods under the *Customs Act*, that use is not limited or restricted by regulation, and the goods are released for that specified use;
- (c) the goods are imported in no greater quantity than is reasonable, in the view of the Minister of National Revenue or a designated customs officer, for the use specified under paragraph (b);
- (d) the goods are accompanied, in prescribed circumstances, by prescribed documents and by security of a nature and in an amount satisfactory to the Minister of National Revenue or a designated customs officer, unless otherwise provided by regulation;

(e) the goods are not diverted to a use that is limited or restricted by regulation, or to a use that would preclude the goods from being classified under this tariff item; and,

(f) within eighteen months of the date of the reporting of the goods under the *Customs Act* or within any other period prescribed for those goods, the goods are:

(i) exported from Canada and evidence, satisfactory to the Solicitor General of Canada or a designated customs officer, of the exportation is provided to the Solicitor General of Canada or the designated customs officer,

(ii) destroyed and the destruction is certified by a customs officer or by another person designated by the Solicitor General of Canada, or

(iii) consumed or expended under prescribed circumstances.

The following definitions apply to this tariff item.

“accredited organization” means an organization accredited by the Standards Council of Canada to certify that goods tested or examined by that organization meet the standards set by the Council in respect of those goods.

“emergency” means an urgent and critical situation of a temporary nature that

(a) is of such proportions or nature as to exceed the capacity or authority of a province or municipality to deal with it;

(b) is caused by an actual or imminent

(i) fire, flood, drought, storm, earthquake, or other natural phenomenon,

(ii) disease in human beings, animals or plants,

(iii) accident or pollution, or

(iv) act of sabotage or terrorism; and

(c) results or may result in

(i) danger to the lives, health or safety of individuals,

(ii) danger to property,

(iii) social disruption, or

(iv) a breakdown in the flow of essential goods, services or resources.

“emergency response training exercise” means an activity intended to educate or provide training related to emergency preparedness.

“exhibition” means a display of goods open to the general public.

Former heading 98.12 – Publications of the United Nations or the North Atlantic Treaty Organization or any of their specialized agencies; books received from free lending libraries abroad, subject to return under Customs supervision within sixty days.

Former heading 98.19 – Goods imported for a period not exceeding six months for the purpose of display at a convention or a public exhibition at which the goods of various manufacturers or producers are displayed.

Former heading 98.23 – Specified goods imported on a temporary basis from Mexico, United States or Chile.

9823.10 – Professional equipment necessary for carrying out the business activity, trade or profession of a business person who qualifies for temporary entry pursuant to Chapter 16 of the North American Free Trade Agreement or Chapter K of the Canada-Chile Tree Trade Agreement

9823.20 – Equipment for the press

9823.30 – Equipment for sound or television broadcasting

9823.40 – Cinematographic equipment

9823.50 – Goods for sports purposes

9823.60 – Goods intended for display or demonstration

9823.70 – Commercial samples

9823.80 – Advertising films

9823.90 – Conveyances or containers based in the United States, Mexico or Chile engaged in the international traffic of goods

REGULATIONS

Temporary Importation
(*Tariff Item No. 9993.00.00*) Regulations

Interpretation

1. The definitions in this section apply in these Regulations.

“accredited organization” [Repealed, SOR/2003-240, s. 1]

“carnet” means an A.T.A. (Admission Temporaire – Temporary Admission) carnet referred to in the International Customs Convention on the A.T.A. Carnet for the Temporary Admission of Goods. (*carnet*)

“convention” means an assembly of persons that is closed to the general public and that meets for a common purpose. (*congrès*)

“emergency” [Repealed, SOR/2003-240, s. 1]

“exhibition” [Repealed, SOR/2003-240, s. 1]

“Minister” means the Minister of National Revenue.
(*ministre*)

“originating good” means a good that qualifies as originating under the *NAFTA Rules of Origin Regulations*, the *CCFTA Rules of Origin Regulations* or the *CCRFTA Rules of Origin Regulations*.
(*marchandise originaire*)

SOR/2003-240, s. 1; SOR/2004-128, s.1.

Application

2. These Regulations apply in respect of goods that are imported on a temporary basis under tariff item No. 9993.00.00.

General

3. Where it is impracticable or impossible for the importer to export goods within the eighteen-month period referred to in paragraph (f) of tariff item No. 9993.00.00, the period is extended to

- (a) the day that occurs thirty days after the day on which it becomes practicable or possible to export the goods, or
- (b) the day that occurs thirty months after the expiry of the eighteen-month period, whichever occurs first.

4. For the purposes of subparagraph (f)(iii) of tariff item No. 9993.00.00, goods shall be consumed or expended in one of the following circumstances:

- (a) in the course of responding to an emergency; or
- (b) during the testing or examination of the goods for certification by an accredited organization; or
- (c) in the course of an emergency response training exercise.

SOR/2003-240, s.2.

Security

5. (1) Subject to subsection (3), where goods referred to in section 2 are not accompanied by a valid carnet, the importer of the goods shall give security, in an amount fixed by the Minister in accordance with the conditions set out in tariff item No. 9993.00.00, to ensure

- (a) the exportation or destruction of the goods under that tariff item, within the eighteen-month period referred to in that tariff item or any extension of that time period under section 3; or
- (b) the payment of the customs duties that would be payable in respect of the goods pursuant to the *Customs Tariff* if the goods were classified under their applicable tariff item.

(2) Security required by subsection (1) shall be deposited with a customs officer and shall be in the form of

- (a) cash;
- (b) a certified cheque;
- (c) a transferable bond issued by the Government of Canada; or
- (d) a bond issued by
 - (i) an entity that is licensed or otherwise authorized under the laws of Canada or of a province to carry on the fidelity or surety class of insurance business and that is recommended to the Treasury Board by the Office of the Superintendent of Financial Institutions as an entity whose bonds may be accepted by the Government of Canada,
 - (ii) a member of the Canadian Payments Association pursuant to section 4 of the *Canadian Payments Association Act*,
 - (iii) a corporation that accepts deposits insured by the Canada Deposit Insurance Corporation or the Régie de l'assurance-dépôts du Québec to the maximum amounts permitted by the statutes under which those institutions were established,
 - (iv) a credit union as defined in subsection 137(6) of the *Income Tax Act*, or
 - (v) a corporation that accepts deposits from the public, if repayment of the deposits is guaranteed by Her Majesty in right of a province.

(3) No security in respect of customs duties is required

- (a) on originating goods;
- (b) on goods intended for display or demonstration at a convention or exhibition held in Canada by any level of government, in Canada or in a foreign state;
- (c) where the customs duties applicable on the goods are equal to or less than \$100.00;
- (d) where there is evidence that the goods will be exported; or
- (e) on commercial samples or advertising films imported from the United States, Mexico, Chile or Costa Rica.

SOR/2004-128, s. 2.

6. Security given pursuant to subsection 5(1) shall be refunded or cancelled, as the case may be, where the goods in respect of which the security was given have been

- (a) the subject of a re-determination or a further re-determination of their tariff classification in accordance with the *Customs Act* and the duties applicable to the re-determination or further re-determination have been paid; or

(b) before the expiration of the eighteen-month period referred to in paragraph (f) of tariff item No. 9993.00.00 or an extension of that period pursuant to section 3,

(i) exported,

(ii) destroyed and the destruction has been certified by a customs officer or by another person designated by the Minister in accordance with tariff item No. 9993.00.00, or

(iii) consumed or expended in the circumstances prescribed in section 4.

SOR/2003-240, s. 3.

GUIDELINES AND GENERAL INFORMATION

1. All goods entering Canada, even those imported temporarily, are subject to duties and taxes (including the goods and services tax/harmonized sales tax (GST/HST)) on their full value, unless there is specific legislation in place that will entirely or partially relieve the importer of this obligation. As of January 1, 1998, with the introduction of the simplified *Customs Tariff*, the customs duty portion of various regulations, remission orders and tariff items was incorporated into tariff item No. 9993.00.00 (Appendix A) and the *Temporary Importation (Tariff item No. 9993.00.00) Regulations* were issued.

2. The amendments to the *Customs Tariff* have resulted in the deletion of some tariff headings and subheadings that had provided full or partial relief from the GST/HST or the *Excise Tax Act*. The Department of Finance has indicated that, in accordance with section 140 of the *Customs Tariff*, the GST/HST relief provided under section 1 of Schedule VII to the *Excise Tax Act* for goods classified under headings 98.12 and 98.19, and subheadings 9823.60, 9823.70 and 9823.80, will continue for those goods as if those headings and subheadings still existed.

3. In addition, the pieces of legislation listed below, while amended to remove any references to customs duty relief, continue to provide tax relief, including relief of the GST/HST:

- (a) *Temporary Importation (Excise Levies and Additional Duties) Regulations*,
- (b) *Commercial Samples Remission Order*,
- (c) *Foreign Organizations Remission Order, 1983 (in part)*,
- (d) *Goods for Emergency Use Remission Order*,
- (e) *Goods Imported for Certification Remission Order*,

(f) *Merchandise for Photographic Layouts Remission Order*,

(g) *Scientific or Exploratory Expeditions Remission Order, 1994*, and

(h) *Side Shows and Concessions Remission Order*.

4. Questions or concerns regarding the GST/HST treatment of temporarily imported goods, where there is no relief provided by existing legislation or regulations, may be submitted to the following address:

Manager, Border Issues Unit
General Operations and Border Issues Division
Excise and GST/HST Rulings Directorate
Policy and Planning Branch

Facsimile: 613-992-1233

5. For the purposes of this memorandum, references to "importer" are meant to include, where appropriate, an agent representing the importer. The term "agent" is to be administered according to the guidelines laid out in Memoranda D1-6-1, *Authority to Act as an Agent* and D1-6-2, *Agents' Accounting for Imported Goods and Payment of Duties Regulations*.

CONDITIONS

6. Generally, all goods being imported temporarily, as long as they are not being imported for sale, for lease, or for further manufacturing or processing, will qualify for customs duty-free entry under tariff item No. 9993.00.00.

7. To be classified under tariff item No. 9993.00.00, the temporarily imported goods must first be classified under the appropriate tariff item in Chapters 1 to 97 of the Schedule to the *Customs Tariff*. Legal Note 3 to Chapter 99 reads as follows:

Goods may be classified under a tariff item in this Chapter and be entitled to the Most-Favoured-Nation Tariff or a preferential tariff rate of customs duty under this Chapter that applies to those goods according to the tariff treatment applicable to their country of origin only after classification under a tariff item in Chapters 1 to 97 has been determined and the conditions of any Chapter 99 provision and any applicable regulations or orders in relation thereto have been met.

8. If the goods are duty-free when classified in Chapters 1 to 97 and they are not entitled to relief of the GST/HST, the importer should classify the goods under their applicable

tariff item in Chapters 1 to 97 rather than tariff item No. 9993.00.00 (i.e., permanently import the goods). There is no benefit to using tariff item No. 9993.00.00. Rather, the importer would be restricted by the conditions of the tariff item.

Prohibited/Restricted/Controlled

9. Even though the goods will only be imported temporarily, the inspecting Canada Border Services Agency (CBSA) officer must take into consideration whether the goods are prohibited, restricted, or controlled. Detailed information pertaining to these subjects is contained in Memoranda D9-1-1 to D9-1-16, D18-1-1, D18-2-1, D18-3-1 and D19-1-1 to D19-14-1.

Other Government Department Requirements

10. Some goods, even though they are only being imported temporarily, are subject to other government department (OGD) requirements and cannot be released by the CBSA until all the necessary inspections are completed, and any required documents or certificates are produced. For example, veterinary certificates for horses, import permits for certain classes of goods, and Transport Canada Schedule VII declarations for vehicles imported for exhibition, demonstration, evaluation or testing.

11. For information on other federal government requirements, see the D19 memoranda.

Goods for Sale or Spare Parts for Repair Services

12. Goods imported for sale or as spare parts for repair services are not eligible under tariff item No. 9993.00.00, even when there is a reasonable expectation that some of the goods will not be sold and the unsold units will be exported or the parts will not be used and the unused parts will be exported. Examples of goods imported for sale are posters, T-shirts and CDs imported by a touring company for sale during their performances, or goods imported for sale at trade shows or conventions. An example of spare parts for repair services is computer parts imported by a service technician who is unsure of the cause of the problem.

13. An exception is made for spare parts imported for the purpose of racing. These parts qualify for full relief of the GST/HST under the provisions of Item 38 of the Schedule to the *Temporary Importation (Excise Levies and Additional Duties) Regulations*.

14. At the time of importation, the importer has two options:

- (a) the goods may be fully accounted for at the time of release on a Form B3, *Canada Customs Coding Form*;
- or

(b) the bonded warehouse procedure may be used for the facility where the goods will be sold or repaired (information on this procedure is contained in Memorandum D7-4-1, *Duty Deferral Program*).

15. The importer **cannot** document the goods on a Form E29B, *Temporary Admission Permit*, or an A.T.A Carnet or a C.P.D. Canada/China Taiwan Carnet (hereafter referred to as Carnets) at the time of importation and then, at the time the unsold balance of the goods or the unused spare parts are exported, account for the portion of the goods that remain in Canada on a Form B3.

16. The importer may be entitled to a refund of any customs duties paid on the goods imported for sale or to be used as spare parts if they are not sold, used or damaged in Canada, and they are exported from Canada. Additional information on the drawback process is contained in Memorandum D7-4-2, *Duty Drawback Program*.

17. There is no provision in the *Excise Tax Act* that allows for a rebate of the GST/HST paid on the unsold goods or the spare parts exported from Canada. Where the importer is a GST/HST registrant, an input tax credit would generally be claimed for the GST/HST paid on importation. Information on registering for the GST/HST is available from the contact identified in paragraph 4.

Leased Goods

18. Where the importer is the lessee, i.e., the goods are imported for the importer's own use, the goods qualify under tariff item No. 9993.00.00. Where the importer of the goods is the lessor, i.e., where the goods will be leased or sub-leased by the importer to another party, the goods do not qualify under tariff item No. 9993.00.00.

Further Manufacturing or Processing

19. For the purposes of tariff item No. 9993.00.00, the term "further manufacturing or processing" does not include "repair" but it does include "alteration". A "repair" is defined as a corrective maintenance activity that restores a good to its "as-finished" condition. Therefore, where the goods will be subjected to a process that goes beyond repair, the goods do not qualify under tariff item No. 9993.00.00.

20. Importers who want to temporarily import goods for further manufacturing or further processing should consider the CBSA's duty deferral and drawback programs. Information on these programs is contained in Memoranda D7-4-1, *Duty Deferral Program*, D7-4-2, *Duty Drawback Program* and D7-4-3, *NAFTA Requirements for Drawback and Duty Deferral*.

Use and Quantity

21. At the time of importation, the importer must specify what the goods will be used for while in Canada. For example, the bill of lading on a package might read “Commercial samples for display at the Canadian National Exhibition in Toronto” or an importer may orally declare that a horse will be running in races at different racetracks in Ontario and Quebec.

22. At the time of importation, a CBSA officer will review the intended use of the goods, as specified by the importer, and decide whether or not the number of goods being imported is reasonable. If, in the opinion of the officer, the quantity of goods is such that the importer may not intend to export the goods, they do not qualify under tariff item No. 9993.00.00. The goods must be classified in Chapters 1 to 97 and the applicable duties and taxes paid. For example:

(a) A sales representative declares that 30 pairs of shoes are being imported temporarily to solicit orders from various retailers in the province of Saskatchewan. If, in the opinion of the inspecting CBSA officer, the 30 pairs of shoes are sufficiently different in kind, quality or colour to preclude their being imported for sale, the amount may be deemed to be reasonable and the shoes will qualify under tariff item No. 9993.00.00.

(b) A freelance photographer travelling alone declares 40 blank videotapes, three video cameras of Japanese origin, 100 rolls of unexposed film, and four identical still cameras of German origin as being temporarily imported to film a sporting event. The amount of equipment appears unreasonable and the goods do not qualify for importation under tariff item No. 9993.00.00.

Consumable Goods

23. The purpose of the importation specified by the importer at the time of importation must clearly show that there is an intention to export the goods. Generally, consumable goods may not be imported under tariff item No. 9993.00.00. For example, fireworks imported for use in pyrotechnic competitions or rockets imported for use in satellite launches, do not qualify under tariff item No. 9993.00.00.

24. An exception is made for goods imported in response to an emergency or for testing by an approved organization. For example, fire suppressant foam imported for use in an emergency or nightgowns imported for flammability testing to meet CSA standards.

Time Limits

25. Goods imported under tariff item No. 9993.00.00 can only remain in Canada for a limited time, after which they

must be exported, destroyed under CBSA supervision or duty paid. The legislation that relieves the GST/HST may further limit the importation period. For example, the legislation which provides academic regalia with relief of the GST/HST limits that relief to 30 days with no extensions. Further information on the importation period is contained in the section, Time Periods/Extensions.

Security

26. To ensure that the temporarily imported goods are exported from Canada, the CBSA officer may require the importer to post a security deposit. Further information on security deposits is contained in the section, Security Requirements.

GOODS AND SERVICES TAX/HARMONIZED SALES TAX (GST/HST)

27. Where the goods qualify for customs duty-free entry under tariff item No. 9993.00.00, the next step is to decide whether they qualify for a remission of all or part of the GST/HST normally payable under Division III of Part IX of the *Excise Tax Act* “Tax on Imported Goods” or under any other Part of that Act, or of the excise duties payable under sections 21.1 to 21.3 of the *Customs Tariff*. The GST/HST may be fully or partially relieved, or the goods may not be entitled to any relief of the GST/HST.

28. Appendix A, “Goods and Services Tax/Harmonized Sales Tax (GST/HST) Relief”, has been developed as a reference tool to assist in determining whether the goods qualify for relief of the GST/HST. If the goods are not listed in the index, they are probably subject to full GST/HST. However, some of the key words in the index are generic, such as “Commercial Samples” and “Display, goods imported for the purposes of,” so, while the exact goods may not be identified, they may be considered under a less specific key word.

29. If the goods are identified in the Index (for example, “Films”), the CBSA officer should refer to the descriptions contained in Appendix A that detail the following:

- (a) conditions that must be met;
- (b) the maximum length of time the goods are entitled to relief of the GST/HST;
- (c) whether the GST/HST is relieved in full or partially at a rate of 1/60th ;
- (d) the relevant relieving legislation;
- (e) examples of the types of goods that qualify or do not qualify; and
- (f) the applicable special authorization code.

30. For example, the GST/HST is fully relieved on “films” only when the film is imported temporarily under one of the following conditions:

(a) Motion-picture films, slides, audio and videotapes and sound recordings devoid of advertising for use in sales meetings or staff training, or giving technical instructions to employees, when imported by **non-residents**. These goods may not be used for presentations to potential customers or the general public.

(b) Films, videotapes and slides of an instructive, informative or documentary nature, when consigned to social and service clubs, charitable organizations and other similar groups for entertainment purposes.

(c) Motion-picture films, videotapes, television and radio programs, and other articles for review by a recognized board of censors.

If a film does not meet one of these conditions, the GST/HST is not relieved, even though the film is being imported temporarily.

31. If, after reviewing the index and descriptions in Appendix A, there is any question whether the goods qualify under a given provision, the text of the relieving legislation should be reviewed.

REQUIRED DOCUMENTATION

32. In addition to the CBSA documentation, the importer must present any documents or certificates required by other government departments.

Certificate of Origin

33. To benefit from the preferential tariff treatment provided under the North American Free Trade Agreement (NAFTA), the Canada Israel Free Trade Agreement (CIFTA), or the Canada Chile Free Trade Agreement (CCFTA), the importer must provide a copy of the NAFTA, CIFTA, or CCFTA Certificate of Origin, for the goods in question, or a declaration indicating that the Certificate of Origin is in the importer’s possession and will be presented on request.

34. The NAFTA, CIFTA and CCFTA Certificates of Origin certify that the goods in question meet the applicable rules of origin.

35. This documentation must be presented when the goods are reported, either at the time of importation or within five days, as allowed under release on minimum documentation, or maintained on file if the importer is an authorized Electronic Data Interchange (EDI) user. Otherwise, the importer may be required to post a security deposit. If the Certificate of Origin becomes available after the goods are imported, the importer may apply to the nearest CBSA

office for a refund of any security deposit. A new Form E29B will be issued and the original Form E29B will be cancelled.

36. The formal Certificate of Origin is not required for goods valued at less than CAN\$1,600 imported under NAFTA. Instead, the importer may provide a statement in the form outlined in Appendix D. This statement may be handwritten, stamped, or typed on a commercial contract or invoice covering the goods.

37. Although a security deposit is not taken where the importer presents a Certificate of Origin, this does not preclude the goods from being documented on a Form E29B. The CBSA officer may require that the goods be documented on a Form E29B to ensure exportation. The accuracy or validity of the Certificate of Origin will become an issue if the goods are not exported.

38. Additional information is available in Memoranda D11-4-2, *Proof of Origin*, D11-4-13, *Rules of Origin for Casual Goods Regulations*, D11-4-14, *Certification of Origin*, D11-4-19, *Regulations Respecting the Determination of When Goods are Entitled to the Benefit of the United States Tariff, Mexico Tariff or Mexico-United States Tariff*, D11-5-1, *NAFTA Rules of Origin Regulation*, and D11-5-2, *NAFTA Rules of Origin Regulations – Amendments to Schedule I – Specific Rules of Origin*.

CBSA Documentation

39. The following table outlines the usual documentation requirements based on GST/HST treatment and whether the goods are duty-free or not, when classified in Chapters 1 to 97 of the *Customs Tariff*.

	GST/HST Fully Relieved	GST/HST Partially Relieved	GST/HST Fully Payable
Duty free when classified in Chapters 1 to 97 of the <i>Customs Tariff</i>	E29B or Carnet (see following section, “Exceptions”)	B3	B3 (imported as if the goods are being imported permanently)
Dutiable when classified in Chapters 1 to 97 of the <i>Customs Tariff</i>	E29B or Carnet	B3	E29B or Carnet, and B3

40. Details on the use and completion of the Form E29B and the Carnets can be found in Memoranda D8-1-4, *Temporary Admission Permit – Form E29B*, and D8-1-7, *Use of A.T.A. Carnets and Canada/China-Taiwan Carnets for the Temporary Admission of Goods*. Details on the use and completion of Form B3 can be found in Memoranda D17-1-5, *Importing Commercial Goods*, and D17-1-10, *Coding of Customs Accounting Documents*.

41. All references to the use of Form B3s in this memorandum are meant to include those importers authorized to submit their entries using the Electronic Data Interchange (EDI) system. EDI users should maintain copies of all supporting documentation on file and be prepared to present the documentation when requested to do so.

42. Goods that are imported temporarily to be repaired are documented on a Form E29B. They **cannot** be documented on a Carnet because the *International Customs Convention on the A.T.A. Carnet for the Temporary Admission of Goods* prohibits the use of a Carnet for these purposes.

43. If the goods are entitled to relief of the GST/HST, or any other tax under the *Excise Tax Act*, the appropriate authorization code identified in Appendix A must appear in field 26 of the Form B3 or in field 6 of the Form E29B. The regular 10-digit classification number applicable to the goods under Chapters 1 to 97 of the *Customs Tariff* must be determined and entered in field 27 on the Form B3 or in field 9 on the Form E29B. The “General List” on the Carnet should be sufficiently detailed to enable the goods to be classified if the goods are not exported. The first four digits of tariff item No. 9993.00.00, i.e., 9993, are entered in field 28 of the Form B3 or in field 6 of the Form E29B.

44. Importers who document their temporarily imported goods on Form B3s are cautioned that, for a period of four years, they must maintain proof that the goods qualified for the relief provision claimed, as well as proof that the goods were exported, destroyed under CBSA supervision, or consumed or expended under prescribed conditions.

Exceptions

45. Where goods are duty-free when classified in Chapters 1 to 97 of the *Customs Tariff*, and entitled to full relief of the GST/HST or non-taxable for the purposes of the GST/HST, there are exceptions to documenting the goods on a Form E29B or Carnet:

- (a) *Non-Taxable Imported Goods (GST/HST) Regulations*, excluding paragraph 3(i);
- (b) *Goods Imported for Certification Remission Order*;
- (c) *Foreign Organization Remission Order, 1983*;
- (d) *Scientific or Exploratory Expeditions Remission Order, 1994*;
- (e) *Goods for Emergency Use Remission Order*; and
- (f) Goods that were classified under former heading 98.19.

Non-taxable Imported Goods (GST/HST) Regulations

46. Temporarily imported goods that are eligible under the *Non-Taxable Imported Goods (GST/HST) Regulations*, other than the goods that are eligible under paragraph 3(i), are to be documented on a Form B3.

47. Some goods that are eligible under these regulations may require additional documentation. For example, under paragraph 3(g) of the Regulations, “a print, an etching, a drawing, a painting, a sculpture or other similar work of art” must meet the requirements of subparagraphs 3(g)(i)

through 3(g)(iii) to qualify. The importer must attach to or include the following declaration on the Form B3:

I hereby declare that it is my expectation that at least 75%, in value, of the works of art in this shipment will be exported within one year after this date.

(Signed)

(Dated)

Goods Imported for Certification Remission Order

48. Goods that are eligible for GST/HST relief under the *Goods Imported for Certification Remission Order* are to be documented on a Form B3. The importer must maintain proof of export or, in the case of goods that are consumed or expended during the testing, copies of the testing results. Examples of goods that are consumed or expended during testing are chemical products, food products and goods imported for flammability and durability testing. The *Temporary Importation (Tariff Item No. 9993.00.00) Regulations* waive the requirement to produce evidence of exportation for goods that are consumed or expended during testing by an approved organization. A Form E15, *Certificate of Destruction/Exportation*, or a copy of the test results with a statement signed by a responsible individual attesting to the consumption or destruction of the goods in Canada while being tested or examined, must be available for review if requested. Special authorization code 87-1044 appears in field 26 of the Form B3 and, where necessary, “9993” appears in field 28.

Foreign Organization Remission Order, 1983

49. The *Foreign Organization Remission Order, 1983*, provides relief of GST/HST and excise taxes on equipment imported by a foreign organization holding a convention in Canada. The term “equipment” includes projectors, cameras, sound and lighting equipment, audio-visual equipment, typewriters or other office machinery imported exclusively for use in the conducting of the meeting or convention. A “foreign organization” is defined as a corporation whose head office is outside Canada **or** an association that is not incorporated and none of whose members are residents of Canada, but does not include a Canadian branch of any such association. The meeting or convention cannot be open to the general public. The equipment is imported under tariff item No. 9993.00.00 and the goods must be exported immediately after the conclusion of the meeting or convention.

50. The order also relieves the GST/HST and any excise taxes owing on souvenirs, where the individual value exceeds CAN\$25, and official paraphernalia that are unsold or not given away during the convention or meeting as long as they are exported from Canada. For souvenirs valued at less than CAN\$25 each, the GST/HST and excise taxes are relieved. As long as all the unsold official paraphernalia and all the souvenirs with an individual value exceeding CAN\$25 that are not given away are exported, the official

paraphernalia and souvenirs that remain in Canada are customs duty-free and are classified under tariff item No. 9830.00.00.

51. The GST/HST and any excise taxes paid or payable under Division III of Part IX and under any other Part of the *Excise Tax Act* on official paraphernalia imported by a foreign organization and sold at the meeting or convention (i.e., not exported by the foreign organization) may be fully or partially relieved under certain conditions. The relief on the non-exported official paraphernalia will be equivalent to the percentage of non-residents officially in attendance at the meeting or convention provided that:

- (a) the foreign organization maintains records of attendance at, and registration for, the meeting or convention and produces the records for inspection at any reasonable time on request of an officer employed in the administration of the *Customs Act* or the *Excise Tax Act*;
- (b) any official unsold paraphernalia imported by the foreign organization for sale at the meeting or convention is exported immediately after the conclusion of the meeting or convention; and
- (c) the meeting or convention is not open to the Canadian public at large.

52. At the time of importation, the equipment, official paraphernalia and souvenirs are documented on Form E29Bs.

53. At the conclusion of the convention or meeting, the importer must account for any goods that remain in Canada. The following table is provided to assist in completing the Form B3:

Goods Remaining in Canada	Field 26 Special authorization code	Field 27 Classification
Equipment	N/A	In accordance with Chapters 1 to 97 of the <i>Customs Tariff</i>
Official Paraphernalia	see paragraph 51	9830.00.00
Souvenirs valued at CANS\$25 or less	84-867	9830.00.00
Souvenirs valued at more than CANS\$25	N/A	9830.00.00

Scientific or Exploratory Expeditions Remission Order, 1994

54. Temporarily imported goods entitled to relief of the GST/HST under the *Scientific or Exploratory Expeditions Remission Order, 1994*, and imported under tariff item No. 9993.00.00 are to be documented on a Form B3. Special authorization code 95-132 is entered in field 26. The 10-digit classification number applicable to the goods under Chapters 1 to 97 must appear in field 27 and, if necessary, “9993” is to be entered in field 28. To satisfy the time limit provisions of both the *Temporary Importations (Tariff Item No. 9993.00.00) Regulations* and the *Scientific or Exploratory Expeditions Remission Order*, the time limit

in field 18 of the Form B3 should reflect the anticipated completion date of the expedition to a maximum of two years from the date of entry.

55. Any goods previously imported under this remission order and currently documented on a Form E29B should be transferred to a Form B3, maintaining the authorized period of importation. The time limit in field 18 of the Form B3 must reflect the expiry date of the Form E29B.

56. The Form B3 must be accompanied by a certificate signed by an authorized representative of the expedition in the following format:

The goods covered by this accounting document are for the sole use of non-residents of the (name of expedition), sponsored by (name of sponsoring organization) and they are not for resale, donation or other distribution to residents of Canada, and the sponsors have undertaken to make available to the government of Canada all information obtained in Canada as a result of the expedition’s field studies.

57. To extend the period of importation beyond two years, the importer must submit a Form B2, *Canada Customs – Adjustment Request*. Extensions will be granted for a maximum of two years at a time. The maximum period of customs duty relief is four years. At the end of the four years, the Form B2 seeking an extension will not have “9993” in field 28 and the customs duties must be paid for the goods. Under the *Scientific or Exploratory Expeditions Remission Order, 1994*, the Minister may grant extensions of the GST/HST relief for two years at a time as long as necessary to complete the expedition.

Goods for Emergency Use Remission Order

58. When goods imported under the *Goods for Emergency Use Remission Order* are consumed or destroyed in response to the emergency, they cannot be exported. The *Temporary Importation (Tariff Item No. 9993.00.00) Regulations* waives the requirement to provide proof of export for these goods. Where a Form E29B was completed at the time of importation, a Form B3 should be completed for any goods that will not be exported. Special authorization code 73-2529 is to be entered in field 26 and, where necessary, “9993” should be entered in field 28. A Form E15 or a statement signed by a responsible individual attesting to the consumption or destruction of the goods in Canada must accompany the Form B3. Examples of the types of goods that qualify are fire suppressant foams, bandages, medical supplies and food products. A “responsible individual” includes, but is not limited to, a chief of police, a fire chief, a municipal mayor, a representative of the provincial government or another individual charged with responsibility for directing the emergency counter measures.

**Goods that were classified under former heading 98.19
(Display Goods)**

59. Goods previously classified under tariff item No. 9819.00.00 are now classified under tariff item No. 9993.00.00. As noted in paragraph 2, the Department of Finance has indicated that, in accordance with section 140 of the *Customs Tariff*, the GST/HST relief provided under section 1 of Schedule VII to the *Excise Tax Act* for goods classified under heading 98.19 will continue for those goods, as if the heading still existed. Former tariff item No. 9819.00.00 read as follows:

Goods imported for a period not exceeding six months for the purpose of display at a convention or a public exhibition at which the goods of various manufacturers or producers are displayed.

60. Where the display goods are customs duty free when classified in Chapters 1 to 97, a security deposit is not required if the importer chooses to document the goods on a Form B3, with GST/HST Tax Status code 51 in field 36. The importer may also document the goods and post a security deposit, as provided for in paragraphs 39 through 44 or in paragraphs 76 and 77.

SECURITY REQUIREMENTS

61. To ensure that the goods being imported temporarily will be subsequently exported from Canada, the inspecting CBSA officer may require a security deposit. The maximum amount of the security deposit cannot exceed the duties (including the GST/HST and any other excise taxes) that would be payable if the goods were accounted for under the provisions of section 32 of the *Customs Act* (i.e., if the goods were permanently imported).

62. Where the goods are “originating” under the terms of the NAFTA, the CCFTA or the CIFTA, and the importer presents a Certificate of Origin, a security deposit is not taken.

63. In addition, a security deposit is not required:

- (a) on goods that will be displayed or demonstrated at a convention or exhibition held in Canada by any level of government of Canada or of a foreign state;
- (b) where the applicable duties, including the GST/HST, are equal to or less than CAN\$100; or
- (c) on commercial samples and advertising films imported from the United States, Mexico or Chile.

64. The refundable security deposit shall be in the form of:

- (a) cash;
- (b) a certified cheque;
- (c) a transferable bond issued by the Government of Canada; or

(d) a bond issued by one of the following:

(i) an entity that is licensed or otherwise authorized under the laws of Canada or a province to carry on the fidelity or surety class of insurance business and that is recommended to the Treasury Board by the Office of the Superintendent of Financial Institutions as a company whose bonds may be accepted by the Government of Canada,

(ii) a member of the Canadian Payments Association in accordance with section 4 of the *Canadian Payments Association Act*,

(iii) a corporation that accepts deposits insured by the Canada Deposit Insurance Corporation or the Régie de l'assurance dépôts du Québec to the maximums permitted by the statutes under which those institutions were established,

(iv) a credit union as defined in subsection 137(6) of the *Income Tax Act*, or

(v) a corporation that accepts deposits from the public, if repayment of the deposits is guaranteed by Her Majesty in right of a province.

65. A credit card payment is not acceptable. Government of Canada Savings Bonds and letters of credit are not acceptable.

66. Importers documenting their goods on a Carnet will not require additional security.

67. Federal and provincial government departments are not required to post security deposits.

Cash or Certified Cheques

68. Certified cheques tendered as security deposits must be in Canadian funds and made payable to the Receiver General for Canada. Cash will be accepted as a deposit in Canadian or U.S. funds only. U.S. funds will be converted to Canadian funds.

69. Travellers' cheques and debit card transactions are considered the same as cash.

70. On proof of export, security deposits tendered in the form of cash, travellers' cheques, certified cheque or debit card transaction will be refunded by a Government of Canada cheque.

Bonds

71. In cases where goods are imported for temporary purposes throughout the year, importers may wish to deposit standing security in the form of a bond with the CBSA. Form D120, *Customs Bond*, is found in Appendix C.

72. Standing security may be deposited with the CBSA in the following manner:

- (a) if the importations are to be made at one CBSA office only, security must be posted with that office;
- (b) if the importations are to be made at more than one CBSA office within the same region, security must be posted with the Regional Director for that region; and
- (c) if the importations are to be made in more than one region, security must be posted with Headquarters at:

Trade Incentives and Refunds Unit
 Tariff Policy Division
 Trade Programs Directorate
 Canada Border Services Agency
 150 Isabella St., 4th floor
 Ottawa ON K1A 0L8

73. Where the Form D120s are posted by importers to cover their own importations, the “activity to be secured” simply states *temporary importation of goods*. Where the Form D120 is posted by an agent acting on behalf of others the “activity to be secured” must read:

Temporary importation of goods, including remittance to the Canada Border Services Agency, within the delays applicable to importers and/or owners under the Relevant Legislative Authority for the temporary importation of goods, of all monies that the principal, as agent for the importer and/or owner, has undertaken to remit on account of customs duties and taxes, including the Goods and Services Tax/Harmonized System Tax.

74. The amount of the security bond should be based on the amount of the duties and taxes, including the GST/HST, which would be owed, if the goods documented on the Form E29B were being imported permanently.

75. General information relating to the completion and posting of bonds may be found in Memorandum D1-7-1, *Posting Security for Transacting Bonded Operations*.

Exception

Goods that were classified under former heading 98.19 (Display Goods)

76. An exception to determining the amount of security deposit owing by classifying the goods in Chapters 1 to 97 is made for display goods and goods integral to the display of these goods that qualify for relief of the GST/HST by application of Section 1 of Schedule VII to the *Excise Tax Act* reference to former tariff heading 98.19. In the case of goods that would have been imported under tariff item No. 9819.00.00, the security deposit is based on the Value for Duty (VFD) of the goods instead of the duties and taxes that would be owed if the display goods were being permanently imported. The current deposit required is 14 percent of the VFD of the goods. This amount reflects

six percent GST/HST combined with an average rate of customs duty of eight percent.

77. This exception is applied only when the goods are documented on a Form E29B. The importer must attach an inventory of the goods imported for display to the Form E29B. The inventory should be sufficiently detailed to enable the goods to be classified at a later date, if necessary. If the display goods are documented on a Form B3, they must be classified in Chapters 1 to 97 and be customs duty free without the use of “9993” in the tariff code field (field 28). See paragraphs 60 and 61 for additional information.

Low Risk

78. The CBSA recognizes that the risk that certain importers will not comply with customs legislation covering their temporarily imported goods is low. The CBSA has identified four specific low risk importations where the requirement for importers to document the goods or post a security deposit is waived.

Goods for Emergency Use

79. Goods imported for use in response to an emergency qualify under tariff item No. 9993.00.00, and the GST/HST is fully relieved under the *Goods for Emergency Use Remission Order*. As the goods are required on site quickly, the inspecting CBSA officer will try to expedite the clearance of the goods. No security deposit will be collected and, where the inspecting CBSA officer deems it necessary, only a simple blotter record on a Form E29B will be kept describing the goods in general terms. Depending on the circumstances, a Form E29B can also be issued after the fact. In cases where the emergency situation requires the release of the goods where CBSA or RCMP officers are not in attendance, a record kept by a responsible individual such as a chief of police, a fire chief, a municipal mayor, a representative of the provincial government or other individual charged with the responsibility of directing the emergency counter measures is acceptable.

80. If a Form E29B is completed, it will be cancelled whenever the responsible individual provides evidence that the goods have been consumed or destroyed in resolving the emergency or have been exported from Canada.

81. After the emergency is over, goods consumed in response to the emergency cannot be exported. See paragraph 58 for the documentation requirements for these goods.

82. Appendix B contains a list of regional contacts in case importers encounter difficulties temporarily importing goods into Canada in response to an emergency. The list can also be used to provide advance notice of the intent to import goods in response to an emergency to specific ports of entry.

Cold Weather Testing Program

83. Vehicles, vehicle components and testing equipment permanently mounted on the vehicle, temporarily imported for cold weather testing, qualify for duty-free importation under tariff item No. 9993.00.00. The GST/HST is fully relieved under paragraph 3(i) of the *Non-taxable Imported Goods (GST/HST) Regulations* and any excise tax is fully relieved under Item 17 of the Schedule to the *Temporary Importation (Excise Levies and Additional Duties) Regulations*.

84. The CBSA, in consultation with Transport Canada, authorizes certain importers to import these types of goods without documentation or a security deposit. The requirement to present a Transport Canada Schedule VII for the temporary importation of these vehicles is also waived. The only exception is where the vehicle being imported temporarily for testing is a snowmobile. Transport Canada has asked that all importers of snowmobiles for commercial purposes, including cold weather testing, present a Schedule VII authorization.

85. The authorization under the CBSA Cold Weather Testing Program is granted on the understanding that, given 48 hours notice, importers will provide the CBSA with copies of their importation tracking records and testing itineraries. At time of importation, authorized importers should present a copy of their letter of authorization to the inspecting CBSA officer. Where appropriate, for instance, when a third party is transporting and importing the vehicle, importers should be prepared to provide written proof that they are acting on behalf of the authorized importer.

86. For the purposes of this program, “testing” is defined as subjecting the imported good to an operation designed to confirm if the vehicle or vehicle component is operating or performing properly (i.e., within specific parameters) in accordance with its designed specifications in cold weather.

87. Equipment that is imported to perform the tests on the vehicles or vehicle components qualifies as long as it is permanently mounted on the vehicle. The term “permanently mounted” means that the equipment is plugged into, wired into, bolted onto, or screwed onto the vehicle at the time of importation. After importation, the importer may remove the testing equipment from the vehicle and place it on another vehicle.

88. Any parts removed from a vehicle must be exported, either with the vehicle, on another vehicle, or separately. Anything added to the vehicle will have already been duty paid (such as a block heater) or imported temporarily (test equipment from another vehicle) and can be exported without difficulty. Likewise, any permanently mounted test equipment that is removed from a vehicle must be exported, either attached to another vehicle or separately.

89. If the vehicle or vehicle components are written off during or after testing, any remains must be exported or destroyed under CBSA supervision. The officer certifying the destruction will complete a Form E15. Otherwise, the CBSA will consider the goods to have been permanently imported and they will be subject to full customs duties and taxes, including the GST/HST, as at time of importation.

90. Where the testing equipment is not “permanently mounted” to the vehicle, it may be entitled to partial relief from the GST/HST, at a rate of 1/60th, under section 3 of the *Value of Imported Goods (GST/HST) Regulations* that refers to Item 19 of the Schedule to the *Temporary Importation (Excise Levies and Additional Duties) Regulations*. These goods must be documented on a Form B3 and the partial GST/HST paid at time of importation. This pro-rated payment is not refunded at time of export.

91. Consumable goods also qualify under the Cold Weather Testing Program when they are the article that will be tested and are not imported to maintain the test vehicle. Copies of the test results on the consumable goods must be available for review by CBSA officials.

92. Consumables, such as oils and cleaners used to maintain a testing facility or transmission fluid, windshield washer fluid and oil, used to maintain the test vehicles, do not qualify under this program and are subject to the regular provisions of the *Customs Tariff*. Goods imported temporarily to operate a testing facility, such as an eye wash station, a tire changer or a battery charger, are also subject to the regular provisions of the *Customs Tariff*.

93. Importers who are not authorized by the CBSA should be prepared to document their goods on a Carnet or a Form E29B (and post the required security deposit).

Open Wheel Racing Champ Car World Series (CHAMPCAR)

94. Non-resident participants in the annual CHAMPCAR races are not required to document or post security for the following goods:

- (a) racing vehicles;
- (b) trailers and conveyances for moving racing vehicles;
- (c) repair parts and repair equipment such as tires, wheels, spare parts, for the racing vehicles;
- (d) tools and portable shop equipment required to maintain a racing vehicle; and
- (e) mobile accommodation, mobile kitchens and related equipment, when imported to support the racing team and support personnel and when used to promote race-related activities.

95. These goods qualify for duty-free entry under tariff item No. 9993.00.00 and for relief from the GST/HST and excise taxes under the *Non-taxable Imported Goods (GST/HST) Regulations* and Item 38 of the Schedule to the *Temporary Importation (Excise Levies and Additional Duties) Regulations*.

96. As governing body for the races, CHAMPCAR has assumed responsibility for the importations made by the individual race teams and for ensuring the teams' compliance.

97. Organizers of other racing events may seek written authorization, before their event, from the regional CBSA office closest to where the event will be held.

Horses

98. Horses and other equines imported temporarily for pasturage, competition, training, or breeding, qualify for duty free entry under tariff item No. 9993.00.00 and are non-taxable for the purposes of the GST/HST under the *Non-taxable Imported Goods (GST/HST) Regulations* and Item 39 of the Schedule to the *Temporary Importation (Excise Levies and Additional Duties) Regulations*. These provisions apply whether the importer is a resident or a non-resident of Canada.

99. The importer must present any documentation required by OGDs. Unless the inspecting CBSA officer has reasonable cause to believe that the horses will not be exported, the requirement to document the horses on a Form E29B and post a security deposit is waived.

TIME PERIODS/EXTENSIONS

Period of Importation – Duty-free

100. Goods imported temporarily under tariff item No. 9993.00.00 may remain in Canada for up to 18 months. This does not mean that the expiry date shown on the Form E29B is automatically 18 months after the date of release. Rather, if the importer expects the goods to be in Canada for less than 18 months, the expiry date should reflect that amount of time. For example, if the goods are imported for a sporting event, the expiry date should be close to the date the event finishes.

101. If the goods cannot be exported before the expiry date identified on the Form E29B, the importer may apply for an extension. The application should be made before the expiration date. If the period of importation will remain within 18 months of the date of release, the request for an extension may be made at the nearest CBSA office. If the request takes the period of importation beyond 18 months, the application for an extension must be made in writing to the nearest regional CBSA office. For a list of CBSA offices, see the CBSA Internet site at www.cbsa.gc.ca. The period of importation may be extended in six-month

increments to a maximum of 48 months (18 months plus 30 months). Requests for an extension must explain in detail why the importer finds it impracticable or impossible to export the goods.

102. Where the goods have been accounted for on Form B3, importers must submit a Form B2 to request an extension. For extensions beyond 18 months, a formal written application detailing the reasons why it is impracticable or impossible to export the goods must accompany the Form B2.

103. Where the goods are documented on a Carnet, the maximum period of importation is the validity date of the Carnet, which is a maximum period of one year from the Carnet's date of issue. Under no circumstances are extensions or renewals of the validity date permitted.

104. If Carnet holders wish to extend the date of final exportation beyond the expiry date of the Carnet, they must apply for an extension at the nearest CBSA office before it expires. If the extension request is approved, the Carnet holder has two options. The Carnet can be closed and a Form E29B, with appropriate security, issued. The Carnet holder may also apply to the original issuing organization for a replacement Carnet that must be presented to the nearest CBSA office. The period of importation allowed by the Form E29B or the replacement Carnet will not exceed whatever time remains in the original 18 months identified in tariff item No. 9993.00.00. Any requests to extend the period of importation beyond 18 months must be submitted to the regional CBSA office.

Period of Importation – GST/HST Relief

105. With few exceptions, the period of importation for which goods qualify for relief from the GST/HST mirrors the period of importation that the goods qualify for customs duty-free entry under tariff item No. 9993.00.00. To control those importations where time limits vary between the customs duty and GST/HST provisions, CBSA documentation will reflect the shorter time period.

106. Requests for extensions of the temporary importation period must take into consideration whether or not the GST/HST relief may also be extended. The legislation providing relief from the GST/HST may limit the CBSA's ability to extend the GST/HST relief. Appendix A provides information on the length of time goods may be imported and qualify for GST/HST relief, as well as whether or not the period may be extended.

GOODS REMAINING IN CANADA

107. Under the *Temporary Importation (Tariff Item No. 9993.00.00) Regulations*, goods originally imported temporarily may remain in Canada if they are fully duty- and tax-paid (see the D17-1 Memoranda, *Accounting for*

Imported Goods and Payment of Duties) and comply with all relevant customs and OGD legislation and regulations.

108. When the goods are accounted for, the date for determining the customs duty and GST/HST rates will be the date the goods were released by the CBSA and entered Canada.

109. The VFD is based on the value reported at the time of importation (i.e., appearing on the Form E29B) unless the goods are sold while in Canada. In this case, the actual selling price in Canada will be the basis for the VFD calculation. The date for determining the VFD will be the date the goods were imported into Canada for the period of the temporary importation. The importer must present a copy of the sales invoice.

EXPORT PROCEDURES

110. At the time of exportation, the goods, along with the importer's copies of the Form E29B or the Carnet on which they were documented, are presented to a CBSA officer for examination and certification of exportation at one of the following:

- (a) a CBSA office of exit; or
- (b) an inland CBSA office, in which case the goods will be forwarded in bond to the CBSA office of exit under a cargo control document (CCD).

111. In the case of subparagraph 110 (b) above, the Form E29B or Carnet will be cancelled by the CCD number. Manifesting and examination procedures relating to the exportation of in-bond goods, as outlined in Memorandum D3-1-1, *Regulations Respecting the Importation, Transportation and Exportation of Goods*, will apply.

112. At the CBSA office where the importer reports, the goods are examined and compared with those goods listed on the Form E29B or Carnet. If the CBSA officer is satisfied that the goods are those covered by one of these documents, the officer acquits the Form E29B by completing the appropriate fields or acquits the Carnet by completing the appropriate re-exportation certificate.

113. Goods imported temporarily into Canada to be repaired must be declared for export for statistical purposes on Form B13A, *Export Declaration*, when the Canadian value added is \$2,000 or more (see Memorandum D20-1-1, *Export Reporting*). The only exception is for goods entering into the United States for domestic consumption.

114. When the importer cannot produce the required copies of the Form E29B or the Carnet at the time of exportation of the goods, full details of the goods and the circumstances are recorded on an unnumbered Form E29B. The importer's receipt copy of the unnumbered Form E29B is returned to the importer as proof of exportation. The importer's copy is

forwarded to the original issuing CBSA office. If, for any reason, the issuing CBSA office is unknown, the importer's copy shall be forwarded to the regional office for tracing action.

115. Where it is determined that it was impracticable to comply with the export procedures outlined in paragraphs 110 to 114, one of the following documents may be accepted as proof of exportation:

- (a) a consumption entry or landing certificate for the country to which the goods were exported;
- (b) a U.S. *Certificate of Disposition of Imported Merchandise* (C.F. 3227);
- (c) an export declaration such as a Canadian *Automated Export Declaration (CAED)*, *G7 EDI Export Report*, Form B13A, or a *Summary Report*;
- (d) a Form E15;
- (e) a Form A8A, *Customs Cargo Control Document*; IATA Airway bill, master airway bill, or a consist sheet for couriers that do not use IATA waybills; A5, *Train Report* or electronic manifest; or an A6A, *Freight/Cargo Manifest*; or
- (f) other documentation that establishes that the goods were exported, including, but not limited to, purchase orders and invoices, shipping documents, requisitions, inventory reports, processes or production records, stocking records, sales invoices, accounts payable and accounts receivable, carrier contracts, waivers and or reports.

116. An affidavit is not an acceptable proof of export.

Security Deposit Refunds

117. Security deposited in the form of cash, travellers' cheques or certified cheque will be refunded once all the goods have been exported or otherwise accounted for within the time limits specified on Form E29B.

CORRECTIONS AND RE-DETERMINATIONS

118. In accordance with subsections 32.2(2) and (6) of the *Customs Act*, the importer is obligated to make a correction to declarations of tariff classification, VFD and origin within 90 days after the importer has reason to believe that the original declaration is incorrect. For example, if the importer realizes that the goods imported under tariff item No. 9993.00.00 will be sold, the goods are no longer in compliance with a tariff item condition and the importer is obligated to adjust the accounting declaration for the goods.

119. To correct a declaration, depending on the original accounting document, a Form B3 or a Form B2 must be submitted to the appropriate regional CBSA office and any customs duties and taxes owing paid.

120. For more information on the filing of corrections, refer to Memorandum D11-6-6, *Self-Adjustments to Declarations of Origin, Tariff Classification, Value for Duty, and Diversion of Goods*.

FAILURE TO COMPLY

121. If the goods no longer qualify under tariff item No. 9993.00.00, they may also fail to comply with the terms of any of the related Remission Orders or Regulations. For example, goods imported under tariff item No. 9993.00.00 may also have been entitled to the provisions of the *Commercial Samples Remission Order*. If the goods are sold, they fail to comply with the conditions of the Remission Order. Under subsection 118(1) of the *Customs Tariff*, within 90 days after the date of failure to comply, the importer must report the failure to comply to a CBSA officer and pay an amount equal to the amount of duties, in this case the GST/HST, that were relieved. Depending on the original accounting document, when filing the Form B3 or the Form B2, the importer must ensure that the "Special Authority" field is left blank.

122. Importers can submit Form B2 under a dual authority, in this case subsections 32.2(2) of the *Customs Act* and 118(1) of the *Customs Tariff*.

Interest and Penalties

123. In accordance with subsection 33.4(1) of the *Customs Act*, the importer is liable to pay interest against any outstanding duties, including the GST/HST and any excise taxes, owed to the CBSA, from the day following the original date of accounting or release until the amount is paid in full. For example, where it is determined that the goods were imported incorrectly under tariff item No. 9993.00.00 because they were imported to be sold, the importer is obligated to pay interest on the amount owing from the day following the original date of release until the amount owing is paid.

124. Under subsection 123(2) of the *Customs Tariff*, interest is also owing against any duties owed the CBSA for the period beginning on the day that the goods were no longer in compliance with the terms of a remission order and ending on the day the amount is paid in full. However, under subsection 123(4), no interest will be incurred if the importer pays the amount owing within 90 days of the date of failure to comply. Continuing with the example in paragraph 123, if the GST/HST and any excise taxes owing on the goods are paid within 90 days of the failure to comply, no interest will be charged on that portion of the amount owing. If the GST/HST and any other excise taxes are not paid until after 90 days, interest will be charged as of the date of release.

125. In accordance with section 109.1 of the *Customs Act*, every person who fails to comply with any provision of this Act, the *Customs Tariff* or a designated regulation is liable to a penalty of not more than \$25,000, as the Minister may direct. The penalty is payable on the day the notice of assessment of the penalty is served on the person. In addition, interest on the penalty will also be payable for the period beginning on the day after the notice was served on the person and ending on the day the penalty has been paid in full. However, the interest is waived, if the penalty is paid in full within 30 days after the date of the Notice of Assessment. Continuing with the example in paragraph 124, if the importer submits a Form B2 to adjust the accounting declaration for the goods, to pay the duty and interest owing, including the GST/HST and any other excise taxes relieved, no penalty will be assessed. If a B2 is not submitted and a penalty is assessed, the importer will be liable to pay the penalty as well as the applicable duties and interest. If the penalty is paid within 30 days after being received, no interest will be payable on the penalty.

126. Memorandum D11-6-5, *Interest and Penalty Provisions: Determinations/Re-Determinations, Appraisals/Re-Appraisals, and Duty Relief*, provides additional information on interest and penalty provisions.

Amusement rides are not side shows or concessions. To receive a reduction in the amount of tax owing, the period of importation indicated on Form B3 will be equal to or less than two months. Only two fairs receive funding through Agriculture and Agri-Food Canada's Agri-Food Trade 2000 financial assistance program. They are the Royal Agricultural Winter Fair (Toronto) and Agribition (Regina).	If the goods are used in Canada for less than two months, the amounts set out in the next column shall be reduced by one-half. Beyond the two months, the <i>Side Shows and Concessions Remission Order</i> places no restriction on how long the concession or side show may remain in Canada.	In excess of (a) in the case of a side show, (i) \$100 for each period or part thereof that the side show is used solely at fairs or exhibitions subsidized by the Department of Agriculture, or (ii) \$200 for each period or part thereof that the side show remains in Canada and is used for purpose other than the purpose referred to in subparagraph (i); and (b) in the case of a concession, (i) \$50 for each period or part thereof that the concession is used solely at fairs or exhibitions subsidized by the Department of Agriculture, or (ii) \$100 for each period or part thereof that the concession remains in Canada and is used for purposes other than the purpose referred to in subparagraph (i).	<i>Side Shows and Concessions Remission Order</i>	The Order does not apply to tickets, programs, books and other printed or pictorial matter or consumable goods imported for sale or distribution either as prizes or souvenirs. Flash merchandise (attention getting, showy, or flashy promotional products and displays) used by concessionaires to entice people to participate in games of chance are not to be considered as part of the concession but are to be imported under the regular provisions of the <i>Customs Tariff</i> and the <i>Excise Tax Act</i> . Foreign highway tractors and trailers, which engage in the hauling of amusement riding devices from point to point in Canada, qualify for free admission under the provisions of tariff item No. 9801.00.00.	76-1884

Definitions

Adjustment: to arrange, put in order, regulate, especially by a small amount.

Advertising films: means recorded visual media, with or without sound-tracks, that:

- (a) consist essentially of images showing the nature or operation of goods or services offered for sale or lease; and
- (b) are of a kind suitable for exhibition to prospective customers but not for broadcast to the general public.

Alteration: a modification, other than a repair, but repair or alteration does not include an operation or process that either destroys the essential characteristics of a good or creates a new or commercially different good.

Carnival: an amusement enterprise consisting of sideshows, vaudevilles, games of chance, merry-go-rounds, etc.

Commercial samples:

- (a) any goods that are representative of a particular category of goods produced outside Canada and that are imported solely for the purpose of being exhibited or demonstrated to solicit orders for similar goods to be supplied outside Canada, and
- (b) any films, charts, projectors and scale models and similar items, imported solely for the purpose of illustrating a particular category of goods produced outside Canada to solicit orders for similar goods to be supplied from outside Canada.

Concession: means the right given by a company, to sell goods, at a circus, fair, exhibition, or rodeo.

Conference: a meeting conducted by a manufacturer, distributor, wholesaler, or retailer and attended by their sales staff, being either employees or commercial agents for consultation.

Cutaway: goods in which an outer surface or cover is not fully shown and in which inner details are made apparent.

Emergency: an urgent and critical situation of a temporary nature that exceeds the capacity or authority of a province or municipality. The situation may be actual or imminent. It has or will result in danger to the lives, health or safety of individuals, danger to property, social disruption or a breakdown in the flow of essential goods, services or resources. An emergency may result from natural occurrences such as fire, flood, drought, storm or earthquake, as well as from man-made occurrences such as chemical spills, train derailments, trucking accidents or acts of sabotage or terrorism.

Evaluation: consists of an operation designed to determine if an article, operating in accordance with its designated specifications, is suitable or effective in the performance of its function in a particular environment or set of circumstances. In other words, the object of an evaluation is to find out if an article, which is assumed to be working properly, can do the required work.

Exhibition: public display of works of art, industrial products, etc.

Fair: periodical gathering for sale of goods, often with shows and entertainment at places and times fixed by charter, statute or custom.

Midway: at a fair or exhibition, a central avenue for exhibition of curiosities, amusements, etc.

Mock-up: structural model built accurately to scale.

Non-commercial: does not promote a particular commercial product or service.

Non-profit: an organization operates on a non-profit basis if it carries out its objectives without pecuniary return to its members or shareholders other than as salaries or fees for duties performed or as reimbursement of expenses incurred.

Overhaul: to take apart in order to examine the condition of and repair if necessary.

Repair: the adjustment of a machine, instrument, electrical device, etc., which may include replacing or refixing parts in order to restore the article to its original operating condition.

Rodeo: exhibition of an individual's skill in handling animals.

Seminar: a short intensive course conducted by a manufacturer, distributor, wholesaler or dealer and attended by their employees or agents when viewing a certain commodity.

Sideshow: a minor show near or with a main exhibition (such as a circus).

Survey: inspection or investigation of a condition.

Testing: consists of an operation designed to confirm if the article is operating or performing properly (i.e., within specific parameters), in accordance with its designed specifications. In other words, the object of a test is to find out if the machinery or other plant equipment is working the way it is suppose to work.

APPENDIX C

FORM D120, Customs Bond

Canada Customs and Revenue Agency / Agence des douanes et du revenu du Canada

Bond No.

CUSTOMS BOND

**where applicable

Pursuant to the acts, regulations and other authorities governing the customs activity identified below, we the "principal" and "co-principal" and "surety" jointly and severally bind ourselves, our respective heirs, executors, administrators, successors, and assigns in the amount stated below unto Her Majesty in right of Canada, her heirs and successors as represented by the Minister of National Revenue of Canada. We the principal and co-principal** further acknowledge that we are required to furnish and maintain security in the amount noted.

1. Activity to be secured _____

Relevant legislative authority _____

Bond amount (in words) _____ dollars (\$) _____)

2. Legislative authorities

*Customs Brokers Licensing Regulations
Transportation of Goods Regulations
Customs Bonded Warehouse Regulations
Customs Sufferance Warehouse Regulations*

*Duty Free Shop Regulations
Temporary Importation (Tariff Item 9993.00.00) Regulations
Accounting for Imported Goods and Payment of Duties Regulations
Other authorities may be accepted*

Now the condition of the above written obligation is such that if the obligation imposed by these legislative authorities is well and truly performed then this obligation shall be void and of no effect but otherwise shall be and remain in full force, virtue, and effect. Notwithstanding the foregoing, it is understood and agreed that the liability of the surety under this bond shall be limited to the amount stated herein and shall not be cumulative during the existence of this bond.

3. Specify the period of validity of this bond as determined by the relevant Regulations (check one box only)

- a) Continuous bond — Effective date: _____
- b) Bond for a specified period — Commencing on the _____ day of _____ year _____ and terminating on the _____ day of _____ year _____

4. It is understood that the above-written obligation shall apply to activities conducted at _____

5. a) Provided that the surety gives the customs office holding the security **thirty days** notice by registered mail of its intention to terminate the obligation undertaken, then this obligation and all liability shall cease insofar as any act or dealing by the principal and co-principal** subsequent to the termination date is concerned, but otherwise shall remain in full force and effect.

b) The liability of the principal and co-principal** and of the surety hereunder, shall arise upon receipt by the surety of a written demand from the Canada Customs and Revenue Agency (CCRA) containing relevant documentation to substantiate the claim. However, if the principal or co-principal** or the surety provides, within 60 days of the date of such demand, evidence to disprove the claim, then such liability, if any, arises on the date of the notice confirming that the demand is valid. All such demands shall be given to the surety within one year following the date of termination of this bond.

6. Notwithstanding this bond, it is understood that the CCRA may, at any time, as it sees fit, refuse the privileges associated with this bond.

7. In witness whereof the principal and co-principal** has hereunto set his hand and seal and the surety has caused these present to be sealed with its corporate seal, attested to be the signature of its duly authorized officials, the day and year written below. We the principal and co-principal** further testify that we have read and understand the relevant Acts, Regulations and other authorities indicated herein, and hereby undertake to be strictly governed by the provisions thereof.
