GENERAL INSTRUCTIONS

This return expands on the information reported in Asset 11 of the balance sheet. The return requires loans to be classified by institutional sector. Loans are to be reported gross of allowance for impairment. Also reported in the return are allowance for impairment and gross impaired loans both for broad categories of loans. All loans are to be reported wherever booked. Gross loan information is to be reported separately for residents and non-residents.

The concept of institutional sectors used in this return conforms with the definitions of financial flow sector accounts detailed in the attached Definition of Financial Flow Sectors. This concept is also used in the Securities Report and the Return of Deposit Liabilities Classified by Institutional Sector.

The return also makes use of the 1980 Statistics Canada Standard Industrial Classification (SIC) to identify borrowers.

Note that both the Definitions of Financial Flow Sectors and the Statistics Canada Standard Industrial Classification speak only to the Canadian situation. These must be adapted by institutions, as necessary for borrowers outside of Canada.

Non-residents

Non-residents are individuals, corporations or other organizations (including international and other extra-territorial agencies) not ordinarily resident in Canada. Residential status is to be determined by reference to the recorded address of the individual, corporation or other organization, unless the institution knows that the residential status is different from the recorded address.

1. Financial institutions

(a) Call and other short loans to investment dealers and brokers, secured

See SIC, Division K, Group 741.

The amount reported under Item 1(a) must relate to Item 11(a) on the balance sheet, gross of any allowance for impairment.

(b) Deposit-taking institutions

Include:

• all chartered banks in Canada, (see SIC, Division K, Class 7021) banks elsewhere and credit unions, caisse populaires, trust companies and mortgage loan companies (see SIC, Division K, Classes 7031, 7041, 7042, 7051, 7052 and 7099);

<u>Exclude:</u>

- public deposit-taking institutions such as ATB Financial (see SIC, Division K, Class 7029) that are reported under 1(g);
- (c) Consumer and business finance companies

See SIC, Division K, Major Group 71.

(d) Investment Companies

Include

• see SIC, Division K, Major Group 72.

Exclude:

- trusteed pension funds (class 7291) and other pension funds (class 7299) which are reported under 1(f).
- (e) Insurance Companies

Include:

• life insurance companies, fraternal benefit societies and property and casualty insurance companies (see SIC, Division K, Major Group 73 - non-government).

Exclude:

- Canada Deposit Insurance Corporation (class 7321 government) which is to be reported under 1(g).

- 3. Loans to Unincorporated Businesses (residents only) included in 6.(b)(i) to 6.(b)(xi).

DEFINITIONS OF FINANCIAL FLOW SECTORS

Note that the conceptual framework of Financial Flow Sectors set out below speaks only to the Canadian situation.

For three returns (Non-Mortgage Loans Assets Classified by Institutional Sector; Securities Report; and Deposit Liabilities Classified by Institutional Sector), the concept of institutional sectors is used. These sectors and a brief explanation of them are:

I. Provincial and/or Municipal Government

Include transactions with social insurance programs operated by governments (e.g., Workmen's Compensat ion Board), non-trusteed public service pension plans operated outside the governmental budgetary framework (e.g., Public Service Superannuation Fund (Ontario)) and public hospitals.

II. Public Financial and Non-Financial Institutions

These are defined as enterprises which are of a commercial nature and charge a price for their goods and services related to their costs of production. Typically, these institutions are engaged in manufacturing, lending, insurance, transportation, communication, the provision of electric power, and the distribution of liquor through provincial liquor boards.

Institutions included in this category typically are characterized by the following:

- (a) the institution must have a statutory basis which directs it to produce a good or a service for sale on the market at a price related cost,
- (b) the institution maintains financial accounts separate from those of the government which established it and charges costs of production against revenue,
- (c) management of the institution is relatively autonomous.

Not included are organizations which:

- (a) are wholly or primarily engaged in the business of effective intergovernmental flows of funds (e.g., Alberta Capital Finance Authority), or
- (b) wholly or primarily engaged in the business of selling their output to the government which established them. Such organizations are included in their respective government sectors.

A. Public Financial Institutions

Include the Canada Deposit Insurance Corporation, Canada Mortgage and Housing Corporation, Export Development Canada, Farm Credit Canada, Business Development Bank of Canada and ATB Financial.

B. Public Non-Financial Enterprises

A list of organizations at the federal and provincial levels is provided in the manual. There is no corresponding list at the municipal level.

The determination for using the municipal category is left at the discretion of the institution.

III. Non-Financial Private Corporations

Includes all corporations and unincorporated branches of foreign corporations operating in Canada, except financial institutions and government enterprises.

IV. Private Financial Institutions

- (a) deposit-taking institutions self-explanatory;
- (b) other deposit-taking institutions includes credit unions and caisses populaires, trust companies and mortgage loan companies;
- (c) other private financial institutions includes life insurance companies, fraternal benefit societies, fire and casualty insurance companies, trusteed pension plans, investment dealers, mutual funds, closed-ends funds, mortgage investment trusts, sales finance and consumer loan companies, and other private financial institutions (such as holding companies, financial leasing companies, venture capital companies and other business finance companies).

V. Unincorporated Business

Includes all businesses which are not incorporated under the law of Canada or a province and which are not unincorporated branches of foreign corporations (see III above).

GOVERNMENT BUSINESS ENTERPRISES

The complete list of Federal and Provincial Government Enterprises can now be found under a new section entitled Government Business Enterprises (GBE).
