

BEST PRACTICES

Keep the boatyard clean to prevent waste from entering the aquatic environment.

Capture paint scrapings and residues by using shrouding, tarps and drop cloths.

Contain all waste and run-off when performing hull maintenance on tidal grids or at any facility.

Immediately report all spills to:

- The facility manager or facility designate and
- The Emergency Coordination Centre (24 hrs.) at:

1-800-663-3456
