

# **TIDAL GRID USE**

Use of the tidal grid is at your own risk.

Use of the tidal grid must be in accordance with approved facility policies and procedures.

**No cleaning of anti-fouling paints (e.g., pressure washing, blasting, sanding, etc.) or application of new anti-fouling paint to vessel hulls unless all wastes and run-off are collected and disposed of appropriately.**

Deposit ALL waste materials in the designated waste containers in accordance with facility policies and procedures.

Vessel owners should have appropriate quantities of **absorbent materials** on hand when doing vessel work with the potential **for spillage** of petroleum products.

**Immediately report all spills to:**

- The facility manager or facility designate and
- The Emergency Coordination Centre (24 hrs.) at:

**1-800-663-3456**
