

## Personalizing 100

## **Prerequisites, Overview and Module Objectives**

#### Prerequisites

Prior to starting this training, we recommend that you complete the following module:

• Navigation for Shoppers (Registered Users)

This module will provide some valuable tools and helpful suggestions to assist you in learning about your settings in GoCM.

If you would like to take this module before starting *Personalizing*, please click on the *All Modules* link in the left navigation bar.

#### Module Overview

This module is designed to explain your personal settings in GoCM, and how to view or change them. The numerical menu bar above this text indicates which section of the module you are in.

- 1. Prerequisite, Overview and Course Objectives
- 2. Step-by-Step process with screen shots and demonstrations
- 3. Review and Try it Now
- 4. Helpful Tips and other Job Aids

While you can skip menu items, we recommend that you follow the natural progression of the course as it will help you better understand how to work in the GoCM.

#### **Objectives of this Module**

Personalizing is designed to familiarize you with the information that is saved under your profile in GoCM, and how to view or change it.

You will also learn how to identify your default settings.

A demonstration is incorporated in this module to show you how to view your default settings.

The objectives of this course are to allow users to:

- Change their GoCM Banner
- Manage their profile
- Identify default fields
- Add a new value to an attribute

This includes information on:

• Changing information, including password and email address

**Note:** You must contact the GoCM Help Desk to change your password or when changing departments/regions.

# Step-by-Step Process with Screen Shots and Demonstrations

Updating your Personal Settings in the GoCM is very important.

It saves you time by setting default values that appear automatically in your shopping cart and/or purchase order - such as:

- Delivery Address,
- Invoicing Address, and
- Cost Centre.

It also makes the GoCM easier to use by displaying values in:

- The language of your choice
- The date and decimal and formats you prefer

We strongly recommend checking your default Delivery Address and default Invoicing Address and default Cost Centre the first time you log in, before you create any Shopping Carts. Change them if needed.

The following scenario will be used throughout this module to help you learn how to use your settings:

• You want to ensure that your default cost center is correct. Check your settings to make sure it is.

#### Table of Contents

- Manage your Profile
- <u>Changing My Settings</u>
- Default Fields
- Adding a New Value to an Attribute
- Locate the Delivery/Invoicing Addresses available to your Department
- <u>Changing your Portal Theme</u>

#### Manage your Profile

Click on the *Personalize* link at the top right corner of the screen.

Use the *Personal Data* section to change the way your name appears on documents created within the GoCM:

1. Change the Form of Address (Mr., Ms). *Note:* Since this field is mandatory, you will be forced to provide this information the first time you access Change My Settings.

- 2. Change your First Name
- 3. Change your Last Name
- 4. We do not recommend using the Academic Title field

Use the *Position* tab to:

- 1. Change your default delivery address, using the attribute field
- 2. Change your default invoice address, using the attribute field
- 3. Change your default cost centre, using the attribute field
- 4. View your company code, using the attribute field. This can only be changed by the GoCM Help Desk.

Use the **User Account** tab to:

- 1. Change your Time Zone
- 2. Language
- 3. Decimal Notation
- 4. Date Format

Go to the *Position* tab, below the *Personal Data* section.

Here in the *Position* tab, as noted in the graphic below, you will find pre-loaded information about you.

*Note:* Fields marked with an asterisk (\*) are mandatory and must be populated.

If you need to make a change, you may do so in any of the white, or open, text fields. All greyed fields can only be changed by the GoCM Help Desk.

*Note:* We do not recommend changing the e-mail address field in the Position Tab. Your e-mail is stored in another field, under the User Account tab. Contact the GoCM Help Desk if your e-mail address changes.

Decimal Notation	1,234,567.89 💌			
Date Format		]		

The email address displayed in this tab is the only address used by GoCM. If you wish to update your email address, contact the GoCM Help Desk.

You can also manage your preferred time-zone, language, decimal notation and date format settings. Once you have selected your preferred choices, then click on *Save* to save your changes. You will notice the *User has been successfully changed* message at the top of the screen as seen in the graphic below.

	1 Message						
	User has			been successfully changed			
[	Save Check Und						

The changes for Personalizing won't take effect until you log out and log back in again. If you are finished making changes, close the Personalize Window by using the *X* at the top right corner of the window.

#### **Default Fields**

Go back to the **Position** tab and scroll down below the email address field. Here you will find an **Attribute** section devoted to saving Company Code, Cost Centre, Delivery Address and Invoicing Address information important to you.

Position User	Account				
Bidg	2220		Dept. *	PWGSC BR1	( 50000007 ; PWGSC Branch 1 )
Floor	2		Position*	S_5000054	( 50000054 ; S_50000054 )
Room Number	1000		Leader of		
Int.Mail	99/OTT		Street		
Communicatn Type	×		House No.	0	
Telephone	613 555 1212	Extension	Postal Code	X9X 9X9	
Fax No.	613 555 2121	Extension	City	Hull	
E-Mail Address *	frank.bell@dept.ca		Ctry	Canada	
	enter* ry address* e Recipient Address*				Inhertd Action

Default information for each of these areas is pre-assigned to your user profile, but may not be exactly what you want. You will want to check these defaults the first time you log in, and any time you change locations within your department or agency. Note that cost center is not pre-assigned.

**Note:** Your invoicing address is automatically the same as your delivery address. If you would like to change your delivery or invoicing addresses, refer to the How To on **How to locate and enter a default delivery or invoicing address**.

Select Cost Center as the Attribute and under for System, select Financial.

The code that appears next to the selected radio button is your default as seen below.

Attribute		
Attribute Cost Center* for System Financial*		
Clander Val.	Inhertd	Action
		Ū

#### Adding a New Value to an Attribute

If you want to add additional values to each of the attributes, you may do so following these steps.

*Note:* You cannot make changes to your *Company Code*. The Company Code is a number representing your Department or Agency and can only be changed by the GoCM Help Desk.

Select the attribute you wish to add to. As in the graphic below, select *Cost Center* as the Attribute and under for System, select *Financial*.

4-e.doc 2007-05-11

Attribute						
Attribute	Cost Center*	for System	Financial*	~		
Change	values		? Catalog			
Standard	i Val.		Financial*	N	Inhertd	Action
۲	A001		Tax Engine	13		Ū
						đ
	-					

A list will show up identifying all the values you have under *Cost Center*.

Now, to add another cost center to your list, scroll down to the bottom of the page and click Add New Line.

		回 前

The image above shows a new field open to add a new cost center. Once you have entered the cost center in the space, click on the *Action* button to the right of that line item.

You now have a second cost center added to your list of values.

Click on the radio button to the left of the cost center to select your default cost center. This will be used for your shopping cart order.

You can also delete values by clicking on the trash can.

Attribute

## **Review and Try it Now**

#### Review

In this module you learned how to view your settings in GoCM, including identifying your default settings.

You also learned how to add a new value to your cost centre, delivery and invoicing address attributes.

Additional training tips on GoCM Personalizing can be found in the next section - *Helpful Tips and Other Job Aids*.

The information taught in this module will be valuable for your future work in GoCM. The next module, Searching the GoCM Catalog (Searching 100), will assist you in searching the GoCM catalog.

#### Congratulations, you now have the skills to manage your personal settings in the GoCM!

#### Try it Now

You now have the option to complete an exercise on your own in GoCM. Try this exercise for your personal settings.

Log on to GoCM to complete this exercise.

You want to ensure that your default Delivery Address is correct. Check your settings to make sure it is. If it isn't what you need, change it.

Do the same for your default Invoice Address.

- 1. Click on the *Personalize* link in the top right hand corner of the screen
- 2. In the Detailed Navigation section, select Change My Settings
- 3. Under Attribute, select Delivery Address from the drop down menu
- Your default address will be identified with the active radio button. To find out what address this code belongs to, please go see *How to locate and enter a default delivery or invoicing* address.
