## Figures and Tables

Figure 1.1: Number of Positive HIV Test Reports Among 15 to 19 Years Old	7
Figure 1.2: CYSHHAS Conceptual Framework	8
Table 1.1: Sample Size	11
Table 1.2: Distribution of Students in Each Grade by Gender	11
Figure 2B.1: Perceived Family Wealth, Grade 7	14
Figure 2B.2: Perceived Family Wealth, Grade 9	14
Figure 2B.3: Perceived Family Wealth, Grade 11	15
Figure 2B.4: Father's Occupation	15
Figure 2B.5: Father's Reason for Unemployment	16
Figure 2B.6: Mother's Occupation	16
Figure 2B.7: Mother's Reason for Unemployment	17
Figure 2B.8: Language Usually Spoken At Home	17
Figure 2B.9: Religious Affiliation	18
Figure 2B.10: Sexual Orientation, Grade 7	18
Figure 2B.11: Sexual Orientation, Grade 9	19
Figure 2B.12: Sexual Orientation, Grade 11	19
Figure 2B.13: Students Who Wish They Had Been Born The Opposite Sex	20
Figure 2B.14: Students With A Learning Disability	21
Figure 2B.15: Prevalence And Type Of Disability, Grade 7	21
Figure 2B.16: Prevalence And Type Of Disability, Grade 9	22
Figure 2B.17: Prevalence And Type Of Disability, Grade 11	22
Figure 2C.1: "In Our School, The Students Take Part In Making Rules"	23
Figure 2C.2: "The Students Are Treated Too Severely/Strictly In This School"	23
Figure 2C.3: Student Achievement , Grade 7	24
Figure 2C.4: Student Achievement, Grade 9	24
Figure 2C.5: Student Achievement, Grade 11	25
Figure 2C.6: "My Teachers Are Interested In Me As A Person"	25
Figure 2C.7: "My Teachers Expect Too Much of Me At School"	26
Figure 2C.8: Educational Aspirations, Grade 9	26
Figure 2C.9: Educational Aspirations, Grade 11	27
Figure 2C.10: Educational Aspirations, By Year of Survey, Grade 9	27
Figure 2D.1: "Religion Is Very Important In My Life"	28
Figure 2D.2: Students Who Attend Church, Mosque, Synagogue Or Other Religious Venue Weekly	28
Figure 2D.3: "I Often Have A Hard Time Saying No"	29
Figure 2D.4: "I Have Confidence In Myself"	29
Figure 2D.5: "I Have Confidence In Myself", By Year of Survey	30
Figure 2D.6: "I Like Myself"	30
Figure 2D.7: "I Am Often Sorry For The Things I Do"	31
Figure 2D.8: Students Who Feel That They Are Very Or Quite Good Looking	31
Figure 2D.9: Students Who Would Change How They Look If They Could	32
Figure 2D.10: Students Who Are On A Diet To Lose Weight	32
Figure 2D.11: Students Who Are Not On A Diet But Feel They Do Need To Lose Weight	33
Figure 2E.1: Students Who Indicated They Have Bullied Another Student(s) In The Past Two Months	33
Figure 2E.2: Students Who Indicated They Have Been Made Fun Of In the Past Two Months	33

Because Of The Way They Look Or Talk	34
Figure 2E.3: Students Who Indicated That Rumours Or Mean Lies Were Spread About Them In The Past Two Months	34
Figure 2E.4: Students Who Experienced Sexual Jokes, Comments, Or Jestures In The Past Two Months	35
Figure 2F.1: Frequency of Alcohol Use, Grade 11	35
Figure 2F.2: Age First Tried Drinking, Grade 11	36
Figure 2F.3: Age First Got Drunk, Grade 11	36
Figure 2F.4: Frequency of Being Drunk	37
Figure 2F.5: Drug Use Once Per Month Or More	37
Figure 2F.6: Students Who Use Hashish/Marijuana At Least Once Per Month	38
Figure 2F.7: Students Who Have Ever Tried Tobacco	38
Figure 2F.8: Frequency Of Tobacco Use	39
Figure 2F.9: Students Who Have Body Piercings In Places Other Than Ears	39
Figure 2F.10: Students Who Have Permanent Tattoos	40
Figure 2G.1: Living Arrangements	40
Figure 2G.2: “I Have A Happy Home Life”	41
Figure 2G.3: Students Who Find It Easy Or Very Easy To Talk To Their Father About Things That Really Bother Them	41
Figure 2G.4: Students Who Find It Easy Or Very Easy To Talk To Their Mother About Things That Really Bother Them	42
Figure 2G.5: “I Can Talk Openly To My Father About Sex”	42
Figure 2G.6: “I Can Talk Openly To My Mother About Sex”	43
Figure 2G.7: “My Father Thinks It’s Important For Me To Date”	43
Figure 2G.8: “My Mother Thinks It’s Important For Me To Date”	44
Figure 2H.1: “How Does A Person Your Age Become Popular At School”, Males Only	45
Figure 2H.2: “How Does A Person Your Age Become Popular At School”, Females Only	45
Figure 2H.3: “Most Of My Spare Time Is Spent Partying”	46
Figure 2H.4: Students Who Indicated That Their Friends Have Had Sex	46
Figure 2H.5: Students Who Indicated That Their Close Friends Use Drugs To Get Stoned	47
Figure 2I.1: “Where Would You Go First For Advice If You Thought You Had An STD?”, Grade 11	48
Figure 2I.2: Students Who Visited A Doctor Or Health Clinic For Birth Control Or Pregnancy in the Past Twelve Months	48
Figure 2I.3: “Where Would Young People Most Likely Go To Get Condoms?”, Grade 11	49
Figure 2I.4: Main Source Of Information About Human Sexuality/Puberty/Birth Control, Grade 9	50
Figure 2I.5: Main Source Of Information About HIV/AIDS, Grade 9	50
Figure 2I.6: Number Of Hours Spent Learning About Human Sexuality/Puberty/Birth Control Over The Past 2 Years	51
Figure 2I.7: Main Source Of Information About HIV/AIDS, By Year Of Survey, Grade 9	51
Figure 2I.8: Number of Hours Spent Learning About HIV/AIDS Over The Past Two School Years	52
Figure 3B.1: Knowledge Of HIV/AIDS Transmission And Protection, Grade 9	56
Figure 3B.2: Knowledge Of HIV/AIDS Transmission And Protection, Grade 11	57
Figure 3B.3: Knowledge Of HIV/AIDS Diagnosis And Treatment, Grade 9	58
Figure 3B.4: Knowledge Of HIV/AIDS Diagnosis And Treatment, Grade 11	58
Figure 3B.5: Knowledge Of Other STIs, Grade 9	59
Figure 3B.6: Knowledge Of Other STIs, Grade 11	59
Figure 3B.7: Knowledge Of HIV/AIDS, Grade 7	60
Figure 3B.8: “When A Person Shares Drugs Needles, He/She Is At Risk Of Catching HIV/AIDS”	61
Figure 3B.9: “Having More Than One Sexual Partner Increases The Risk Of Being Infected With HIV/AIDS”	61

Figure 3B.10: “When People Have Sex, Using A Condom Helps Protect Them From HIV/AIDS	61
Figure 3B.11: “Vaseline Is Not A Good Lubricant To Use With A Condom”	62
Figure 3B.12: “HIV/AIDS Can Be Cured If Treated Early”	62
Figure 3B.13: “There Are Blood Tests That Show If A Person Has Been Infected By HIV/AIDS”	62
Figure 3B.14: “Once Infected By HIV/AIDS, A Person Usually Dies Within A Few Weeks”	63
Figure 3B.15: “Chlamydia, The Most Common STI, Does Not Lead To Serious Complications”	63
Figure 3B.16: “If A Person Has An STI, He Or She Cannot Catch It Again”	64
Figure 3B.17: “Many People With STIs Do Not Have Signs And Symptoms”	64
Figure 3B.18: Number Of Correct Answers To Knowledge Statements, Grade 7	65
Figure 3B.19: Number Of Correct Answers To Knowledge Statements, Grade 9	65
Figure 3B.20: Number Of Correct Answers To Knowledge Statements, Grade 11	66
Figure 3B.21: Main Source OF HIV/AIDS Information, Grade 7 Males	66
Figure 3B.22: Main Source OF HIV/AIDS Information, Grade 7 Females	67
Figure 3B.23: Main Source OF HIV/AIDS Information, Grade 9 Males	67
Figure 3B.24: Main Source OF HIV/AIDS Information, Grade 9 Females	68
Figure 3B.25: Main Source OF HIV/AIDS Information, Grade 11 Males	68
Figure 3B.26: Main Source OF HIV/AIDS Information, Grade 11 Females	69
Figure 3B.27: Hours Of Class Time In The Past Two Years Spent Learning About HIV/AIDS, Grade 7	69
Figure 3B.28: Hours Of Class Time In The Past Two Years Spent Learning About HIV/AIDS, Grade 9	70
Figure 3B.29: Hours Of Class Time In The Past Two Years Spent Learning About HIV/AIDS, Grade 11	70
Table 3C.1: Fear Of HIV/AIDS	71
Table 3C.2: Attitudes Towards Persons Living With HIV/AIDS	72
Table 3C.3: Attitudes Towards Sexuality	72
Figure 3C.1: “I Am Worried About Catching HIV/AIDS”	73
Figure 3C.2: “I Could Not Be A Friend Of Someone Who Has HIV/AIDS”	73
Figure 3C.3: “People Who Have HIV/AIDS Get What They Deserve”	73
Figure 3C.4: “People Who Have HIV/AIDS Should Be Allowed To Serve The Public”	74
Figure 3D.1: Deep (Open-Mouth) Kissing At Least Once	74
Figure 3D.2: Touching Above The Waist At Least Once	75
Figure 3D.3: Touching Below The Waist At Least Once	75
Figure 3D.4: Oral Sex At Least Once	76
Figure 3D.5: Sexual Intercourse At Least Once	76
Figure 3D.6: Deep (Open-Mouth) Kissing At Least Once, By Year Of Survey	77
Figure 3D.7: Touching Above The Waist At Least Once, By Year Of Survey	77
Figure 3D.8: Touching Below The Waist At Least Once, By Year Of Survey	77
Figure 3D.9: Sexual Intercourse At Least Once, By Year Of Survey	78
Figure 3D.10: Frequency Of Sexual Intercourse Among Sexually Active Grade 9 Males	78
Figure 3D.11: Frequency Of Sexual Intercourse Among Sexually Active Grade 9 Females	78
Figure 3D.12: Frequency Of Sexual Intercourse Among Sexually Active Grade 11 Males	79
Figure 3D.13: Frequency Of Sexual Intercourse Among Sexually Active Grade 11 Females	79
Figure 3D.14: Reasons Cited For Not Having Sexual Intercourse, Grade 9	80
Figure 3D.15: Reasons Cited For Not Having Sexual Intercourse, Grade 11	81
Figure 3D.16: Reasons Cited For First Sexual Intercourse, Grade 9	82
Figure 3D.17: Reasons Cited For First Sexual Intercourse, Grade 11	82
Figure 3D.18: Number Of Sexual Partners Amongst Students Who Have Had Sexual Intercourse, Grade 9	83
Figure 3D.19: Number Of Sexual Partners Amongst Students Who Have Had Sexual Intercourse, Grade 11	83
Figure 3D.20: Number of Sexual Partners Among Grade 11 Male Students Who Have Had Sexual	

Intercourse	84
Figure 3D.21: Number of Sexual Partners Among Grade 11 Female Students Who Have Had Sexual Intercourse	84
Figure 3E.1: Contraceptive Measures Used Last Time Had Sexual Intercourse, Grade 9	85
Figure 3E.2: Contraceptive Measures Used Last Time Had Sexual Intercourse, Grade 11	86
Figure 3E.3: Reasons Condom Not Used Last Time Had Sexual Intercourse, Grade 9	86
Figure 3E.4: Reasons Condom Not Used Last Time Had Sexual Intercourse, Grade 11	87
Figure 3E.5: Used Alcohol/Drugs Before Last Sexual Intercourse	87
Figure 3E.6: Sexually Active Students Who Have Been Or Gotten Someone Pregnant	88
Figure 3E.7: Sexually Active Students Who Reported Having Been Or Gotten Someone Pregnant By Number of Sexual Partners, Grades 9 and 11	88
Figure 3E.8: Students Who Have Or Ever Had A Sexually Transmitted Infection	89
Figure 3E.9: Students Who Reported Having An STI By Number Of Sexual Partners, Grades 9 and 11	89
Figure 3E.10: Students Who Had Ever Been Tested For A STI	90
Figure 3E.11: Students Who Would Be Too Embarrassed To See A Doctor Or Nurse If They Had An STI	90
Figure 3E.12: Students Who Would Tell Their Sexual Partner If They Had An STI	91
Figure 3E.13: Intentions And Attitudes About Condom Use, Grade 9	92
Figure 3E.14: Intentions And Attitudes About Condom Use, Grade 11	92
Figure 3E.15: “I Think Condoms Interfere With Sexual Pleasure, By Sexual Orientation, Males Only”	93
Figure 3E.16: “I Think Condoms Interfere With Sexual Pleasure, By Sexual Orientation, Females Only”	93
Figure 3E.17: “I Feel Confident That I Could Use A Condom Properly”, By Sexual Orientation, Males Only	94
Figure 3E.18: “I Feel Confident That I Could Use A Condom Properly”, By Sexual Orientation, Females Only	94
Figure 3E.19: “I Would Have Sexual Intercourse With A Partner Who Didn’t Want Us To Use A Condom”, By Sexual Orientation, Males Only	94
Figure 3E.20: “I Would Have Sexual Intercourse With A Partner Who Didn’t Want Us To Use A Condom”, By Sexual Orientation, Females Only	95
Figure 3E.21: “I Plan To Use A Condom With My Sexual Partner(s)”, By Sexual Orientation, Males Only	95
Figure 3E.22: “I Plan To Use A Condom With My Sexual Partner(s)”, By Sexual Orientation, Females Only	95
Figure 3E.23: “Before Having Sexual Intercourse, I Would Ask My Partner About Us Using A Condom”, By Sexual Orientation, Males Only	96
Figure 3E.24: “Before Having Sexual Intercourse, I Would Ask My Partner About Us Using A Condom”, By Sexual Orientation, Females Only	96
Figure 3E.25: “Making Sure A Condom Is Available Is The Responsibility Of Both Partners”, By Sexual Orientation, Males Only	97
Figure 3E.26: “Making Sure A Condom Is Available Is The Responsibility Of Both Partners”, By Sexual Orientation, Females Only	97
Figure 3E.27: “I Would Be Too Embarrassed To Buy Condoms”, By Sexual Orientation, Males Only	98
