

## Table of Contents

|   |    |
|---|----|
| <b>Executive Summary</b>  | 1  |
| <b>Chapter 1 – Introduction to the Canadian Youth, Sexual Health and HIV/AIDS Study</b> | 5  |
| <b>A. Overview</b>  | 5  |
| <b>B. Concepts and Definitions of Sexual Health</b>                                     | 6  |
| <b>C. Rationale for CYSHHAS</b>   | 6  |
| <b>D. Conceptual Framework</b>  | 7  |
| <b>E. Research Design</b>   | 8  |
| Survey Instruments .....  | 8  |
| Sample and Recruitment.....   | 9  |
| Sample Size .....   | 10 |
| <b>F. The 2002 CYSHHAS Report</b>   | 11 |
| References  | 12 |
| <b>Chapter 2 – Determinants of Sexual Health</b>  | 13 |
| <b>A. Introduction</b>  | 13 |
| <b>B. Socio-Demographic Determinants</b>  | 13 |
| <b>C. School Experiences</b>  | 23 |
| <b>D. Coping Skills and Self-Esteem</b>   | 28 |
| <b>E. Risk Behaviours</b>   | 33 |
| <b>F. Health Risk Behaviours</b>  | 35 |
| <b>G. Family Structure and Relationships</b>  | 40 |
| <b>H. Peers</b>   | 44 |
| <b>I. Health and Education Services</b>   | 47 |
| Summary   | 52 |
| References  | 53 |
| <b>Chapter 3 – Sexuality and Sexual Health</b>  | 55 |
| <b>A. Introduction</b>  | 55 |
| <b>B. Knowledge of HIV/AIDS and other STIs</b>  | 56 |
| Knowledge about transmission and protection .....                                       | 56 |
| Knowledge about diagnosis and treatment.....  | 57 |
| Knowledge about STIs and HIV/AIDS .....   | 58 |
| Knowledge scores.....   | 64 |
| Sources of information and knowledge scores .....                                       | 66 |
| Class instruction time and knowledge scores .....                                       | 69 |
| <b>C. Sexual Health Attitudes</b>   | 71 |
| Attitudes towards HIV/AIDS and other STIs .....   | 71 |
| Attitudes towards sexuality .....   | 72 |
| Comparison of attitudes between the 1989 and 2002 surveys.....                          | 72 |
| <b>D. Sexual Behaviour</b>  | 74 |
| Sexual activity .....   | 74 |
| Comparison of sexual activity between 1989 and 2002 .....                               | 76 |
| Reasons for not having sex .....  | 79 |
| Age of sexual initiation and number of partners .....                                   | 83 |

|   |     |
|---|-----|
| <b>E. HIV/AIDS and STIs Protection</b>                    | 85  |
| Contraceptive and protective measures used .....          | 85  |
| Reasons for not using condoms .....                       | 86  |
| Alcohol or drugs and sexual intercourse.....              | 87  |
| Pregnancy .....   | 88  |
| Sexually transmitted infections .....                     | 88  |
| Attitudes towards condom use.....                         | 91  |
| Sexual orientation and attitudes toward condom use.....   | 93  |
| Protection from HIV/AIDS .....                            | 98  |
| <b>F. Dating and Relationships</b>                        | 100 |
| Relationship dynamics .....                               | 102 |
| Dating .....  | 108 |
| <b>G. Sexual Health Determinants and Sexual Activity</b>  | 110 |
| Parent relationships and sexual activity.....             | 110 |
| Disability and sexual activity .....                      | 111 |
| School attachment, sexual activity and risk taking .....  | 114 |
| Peer influence and sexual activity.....                   | 116 |
| Self-esteem and sexual activity .....                     | 117 |
| Alcohol, drugs and condom use.....                        | 123 |
| Sexual risk-taking.....                                   | 123 |
| Summary   | 128 |
| References  | 129 |
| <b>Chapter 4 – Summary, Conclusions, and Implications</b> | 131 |
| <b>A. Summary</b>   | 131 |
| Conceptual framework .....                                | 131 |
| Health determinants .....                                 | 132 |
| Sexuality and Sexual Health .....                         | 132 |
| <b>B. Conclusions</b>                                     | 133 |
| Encouraging aspects.....                                  | 133 |
| Worrisome aspects .....                                   | 134 |
| <b>C. Implications</b>                                    | 136 |
| Introduction .....  | 136 |
| Policy makers and implementers .....                      | 136 |
| Educators and educational programs or interventions ..... | 136 |
| Medical professions and related personnel .....           | 137 |
| Future research.....                                      | 137 |
| <b>Appendix: List of Figures and Tables</b>               | 139 |
