

Landings volume of groundfish per year by sector compared to the total quantity of the group landings

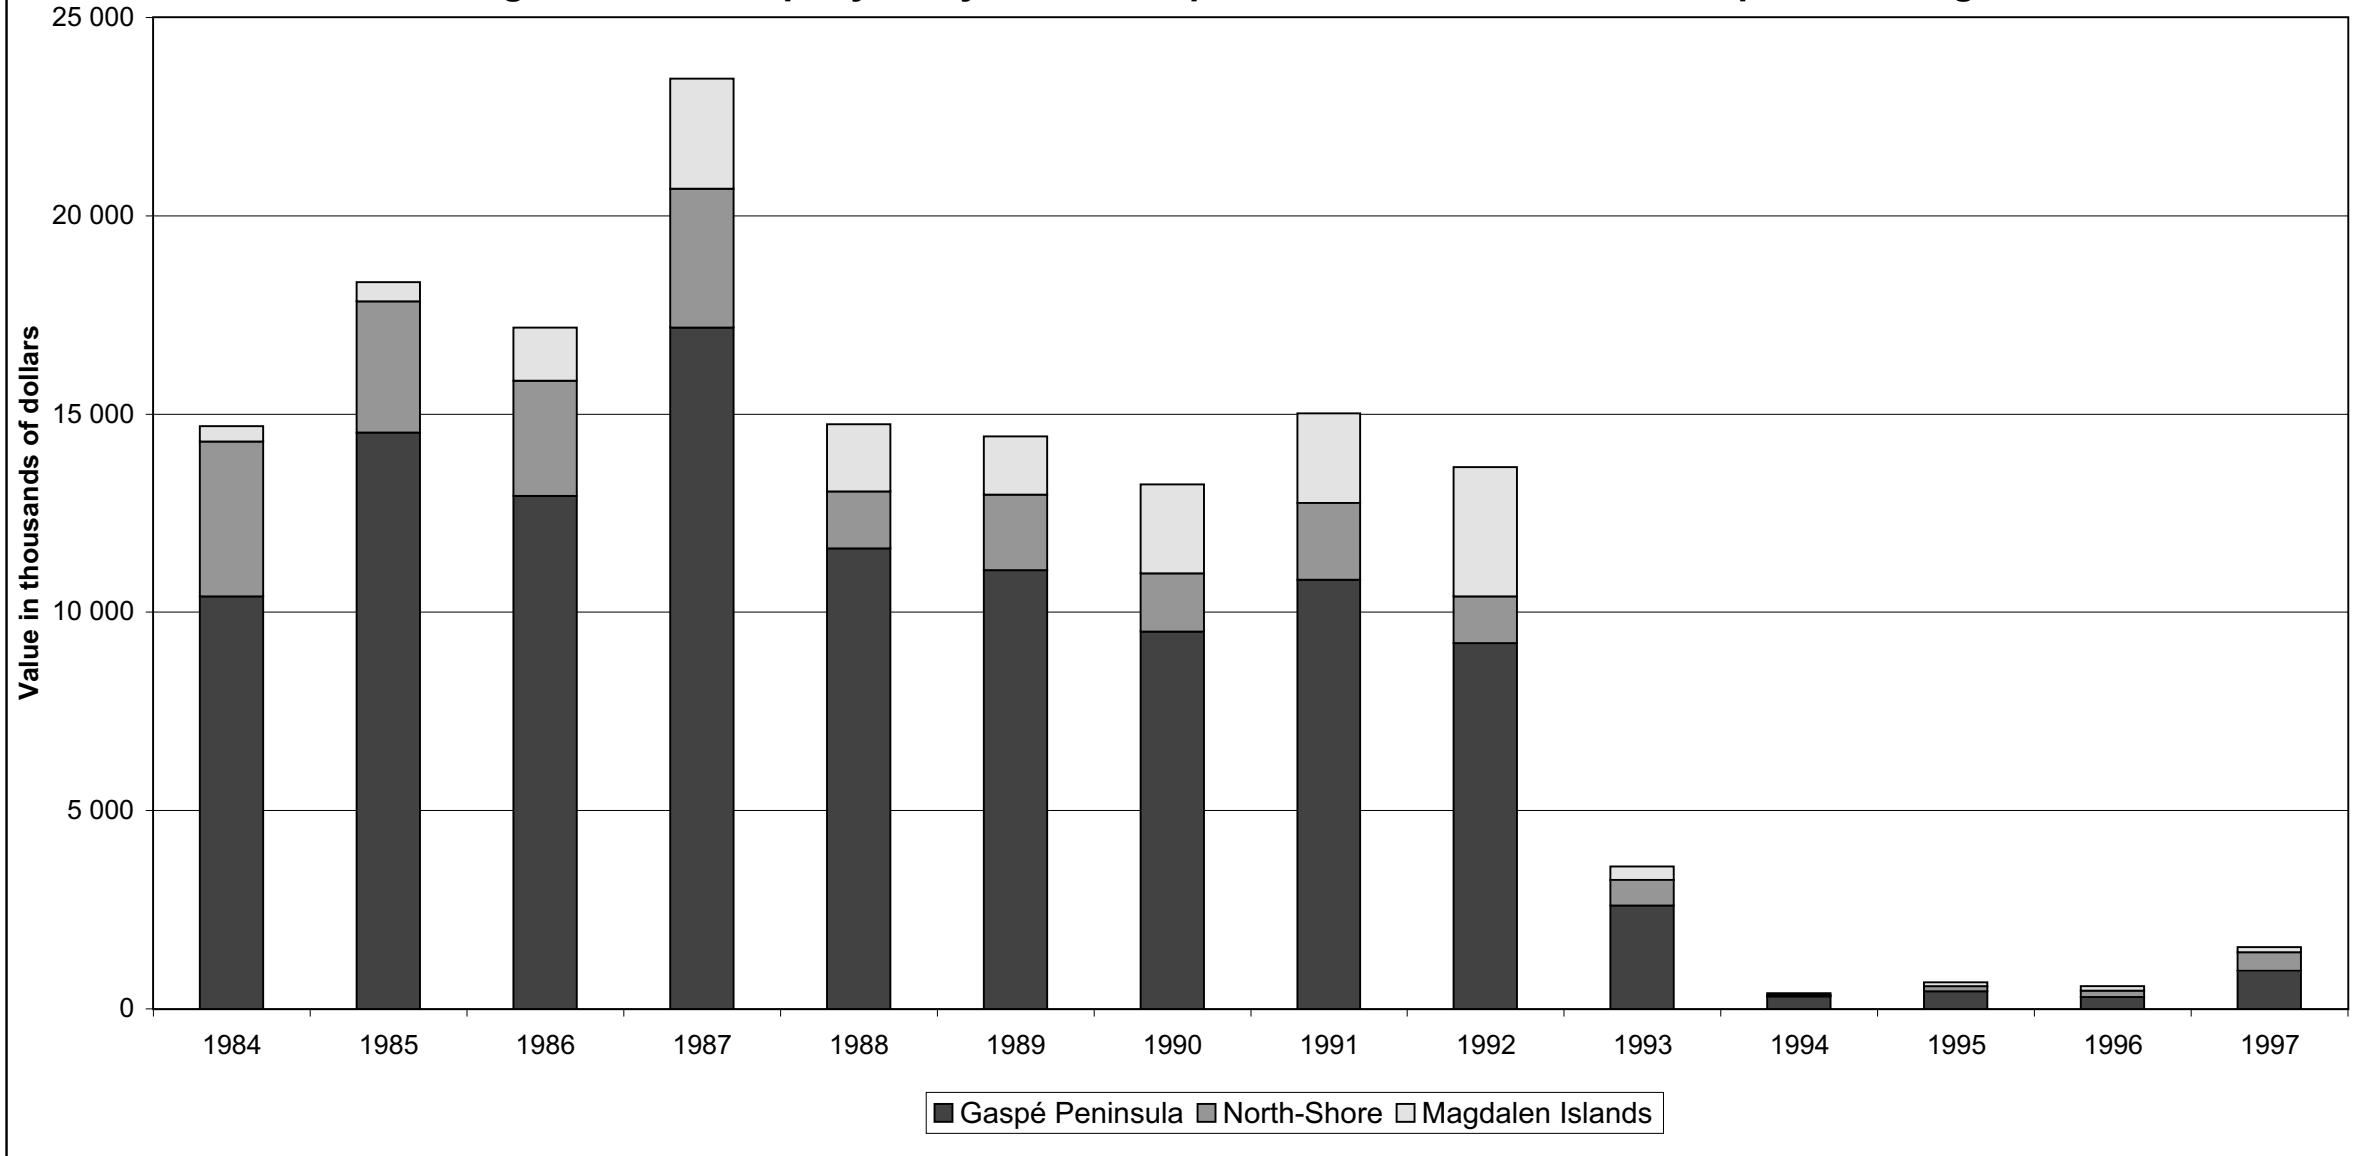

Landings value of groundfish per year by sector compared to the total value of the group landings

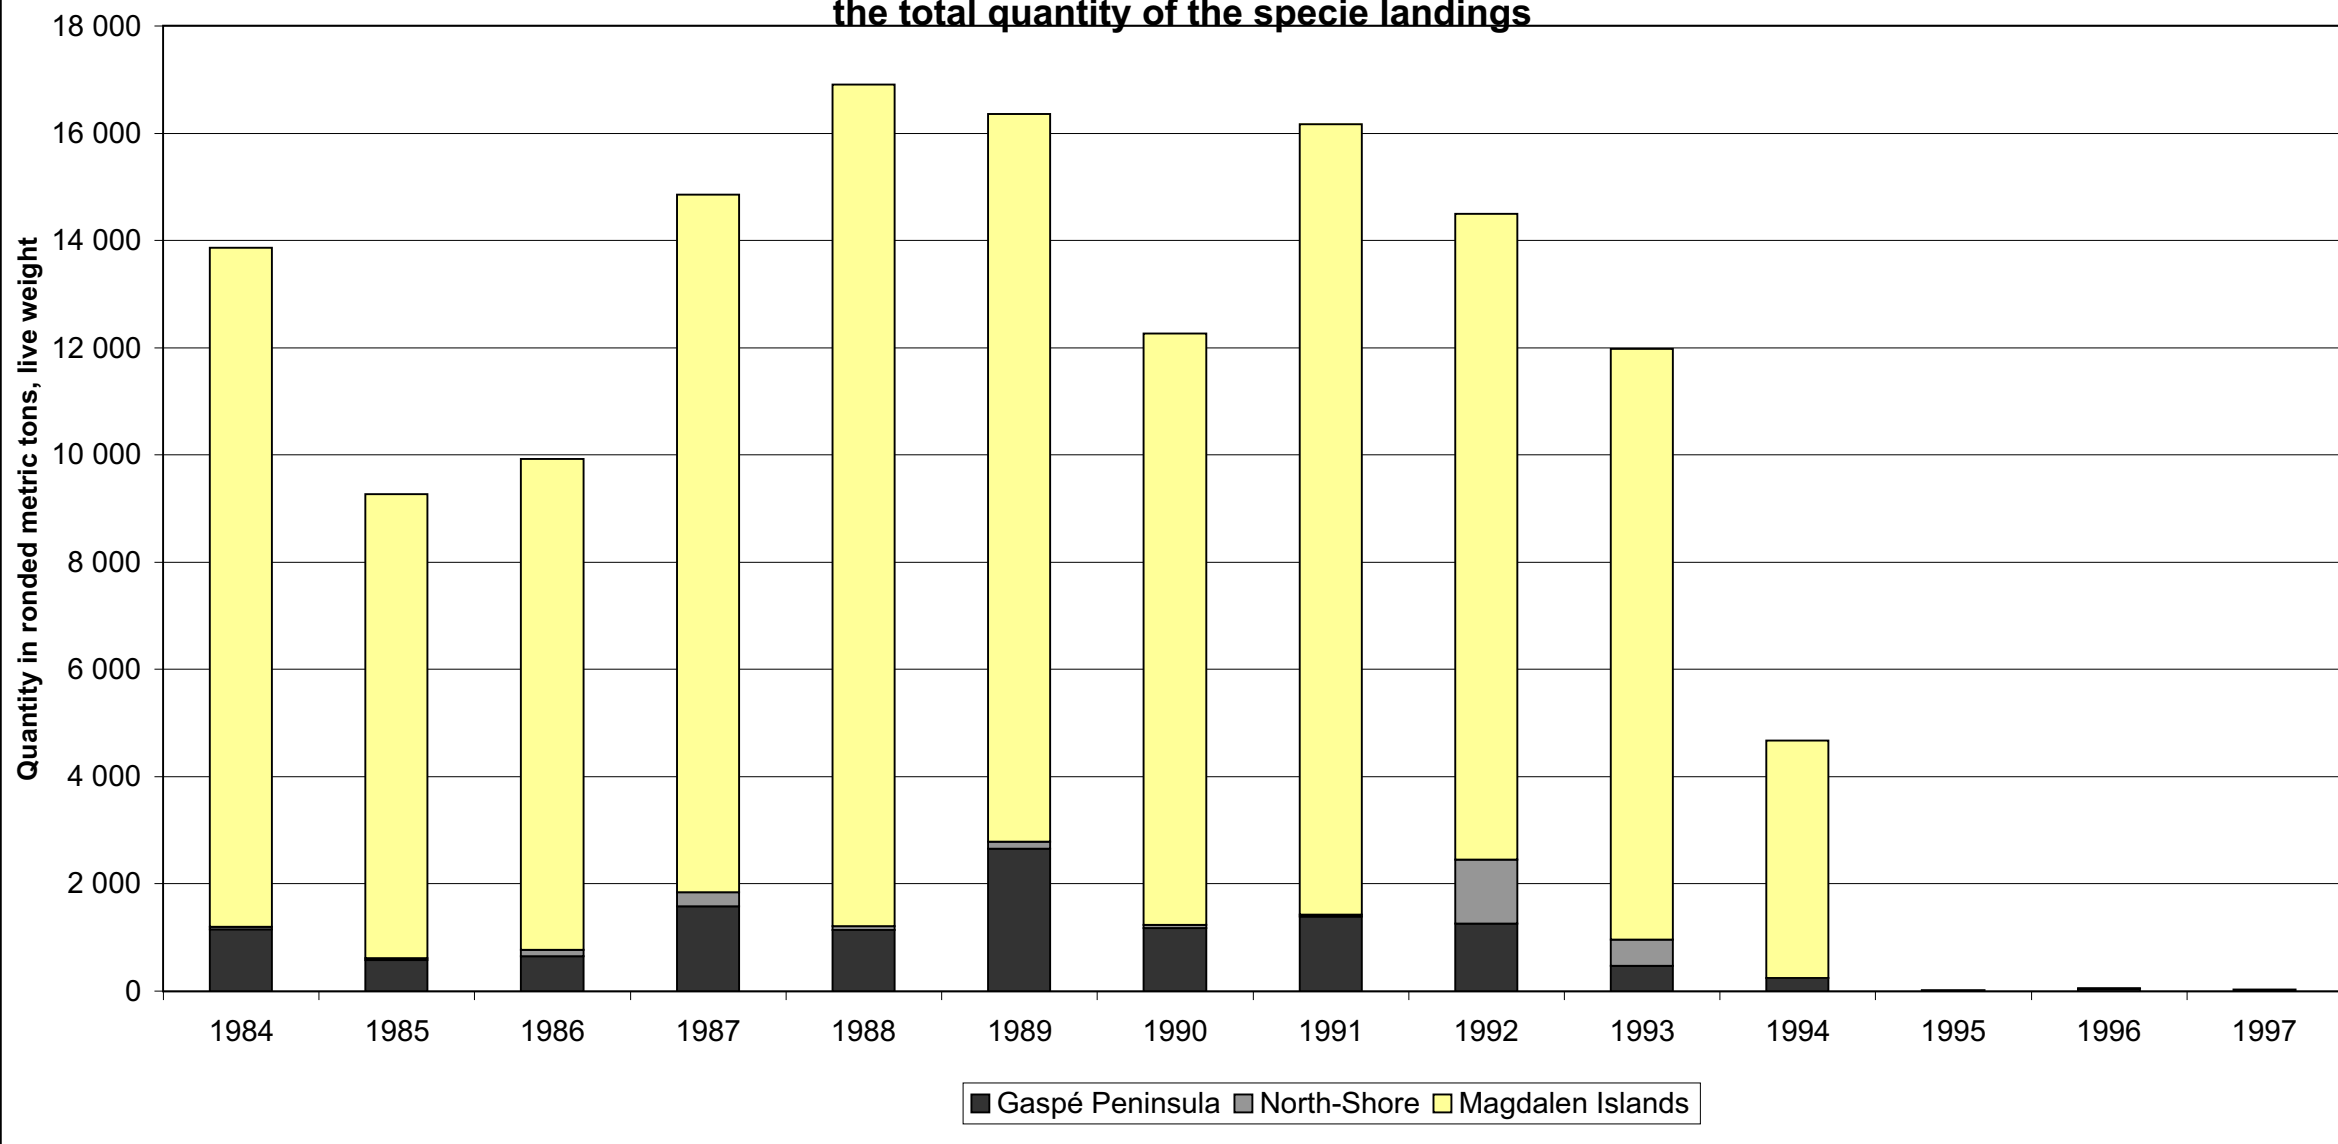

**Landings volume of cod per year by sector
compared to the total quantity of the specie landings**

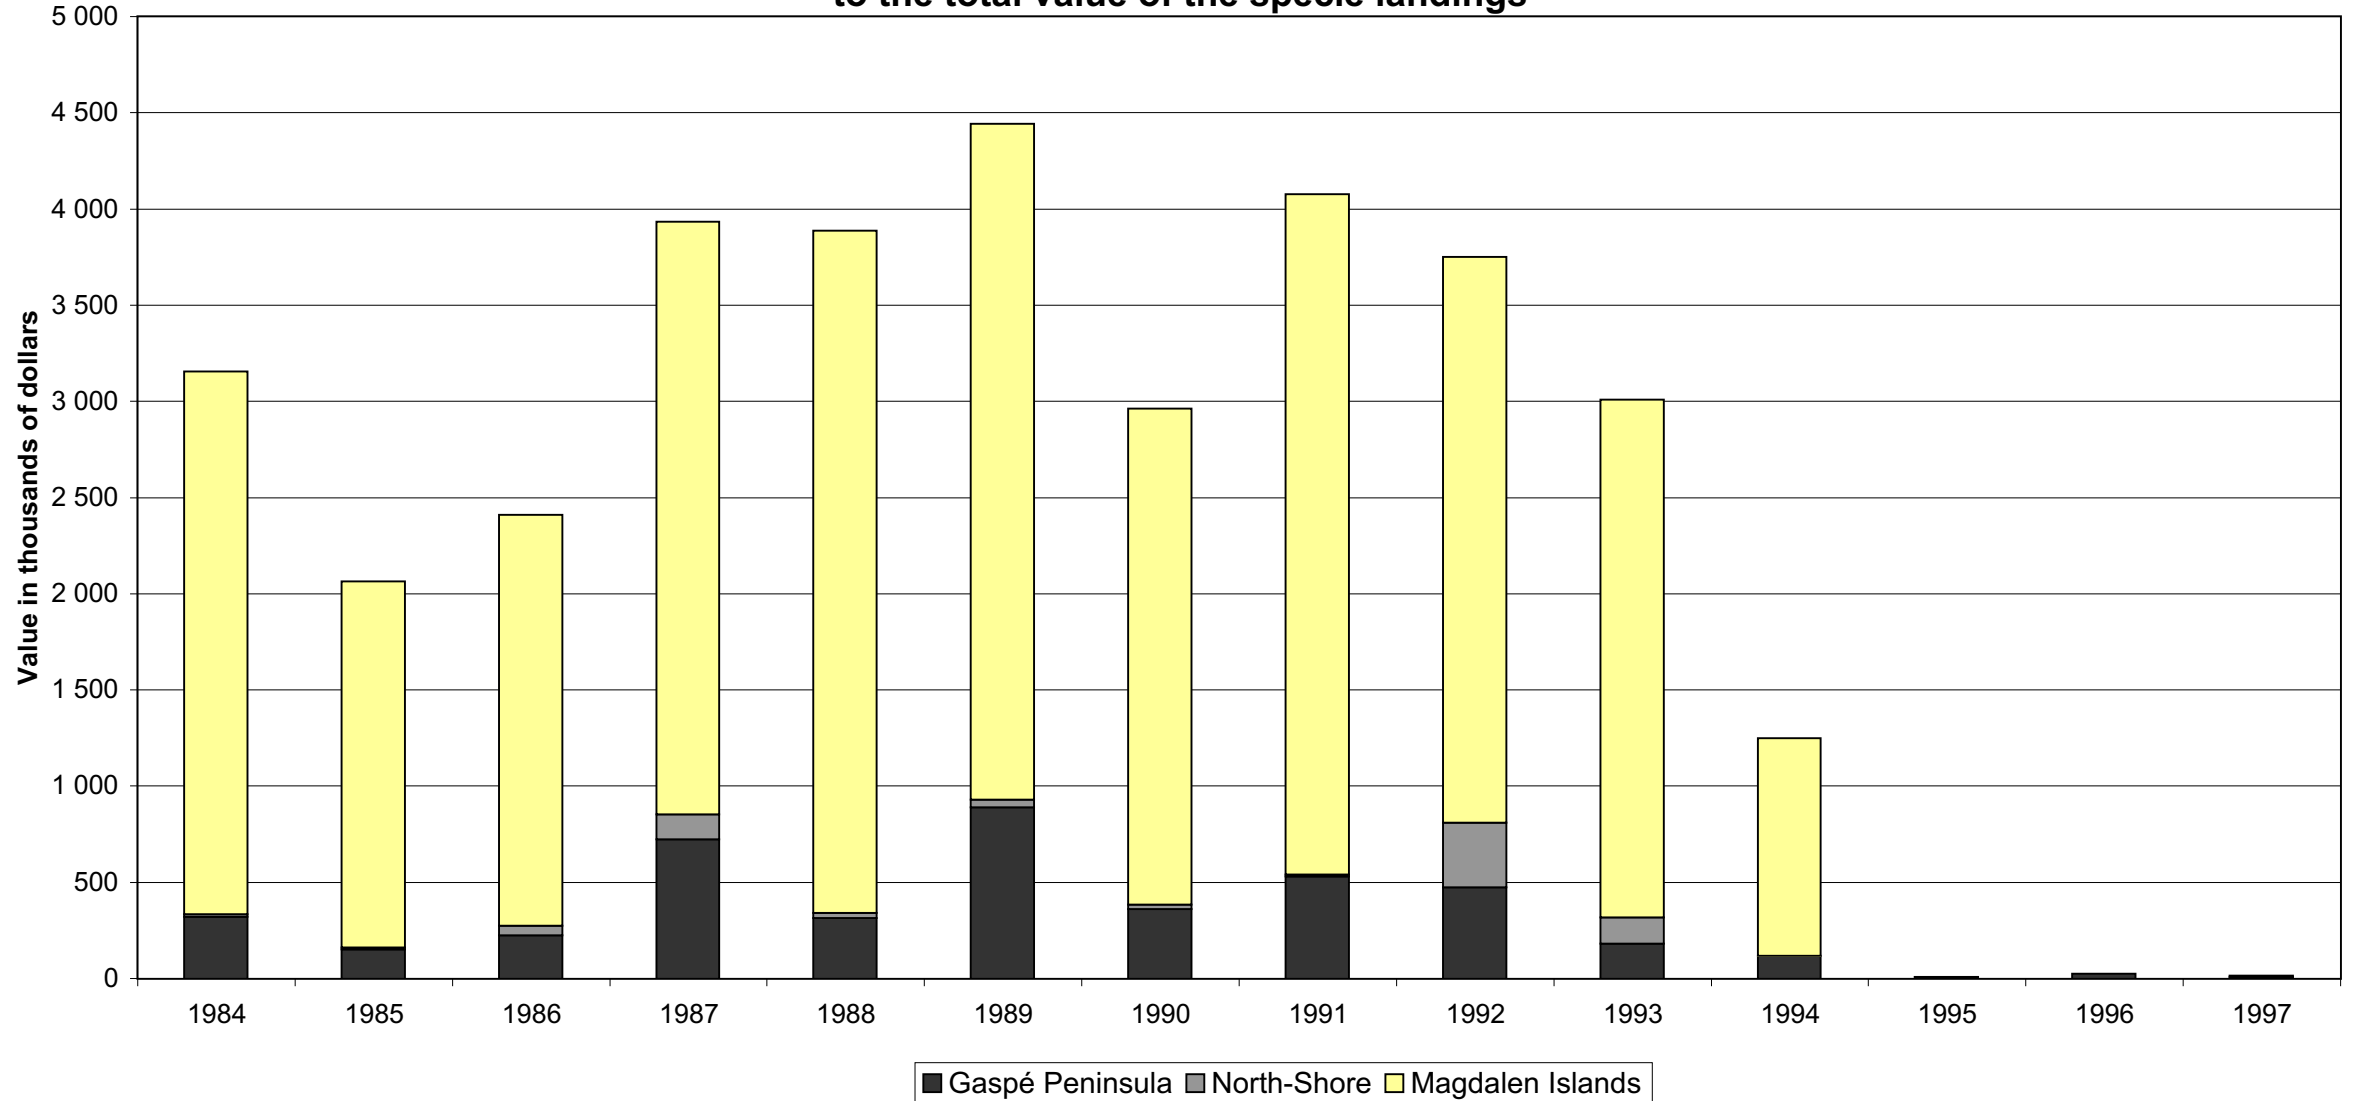

Landings value of cod per year by sector compared to the total value of the specie landings

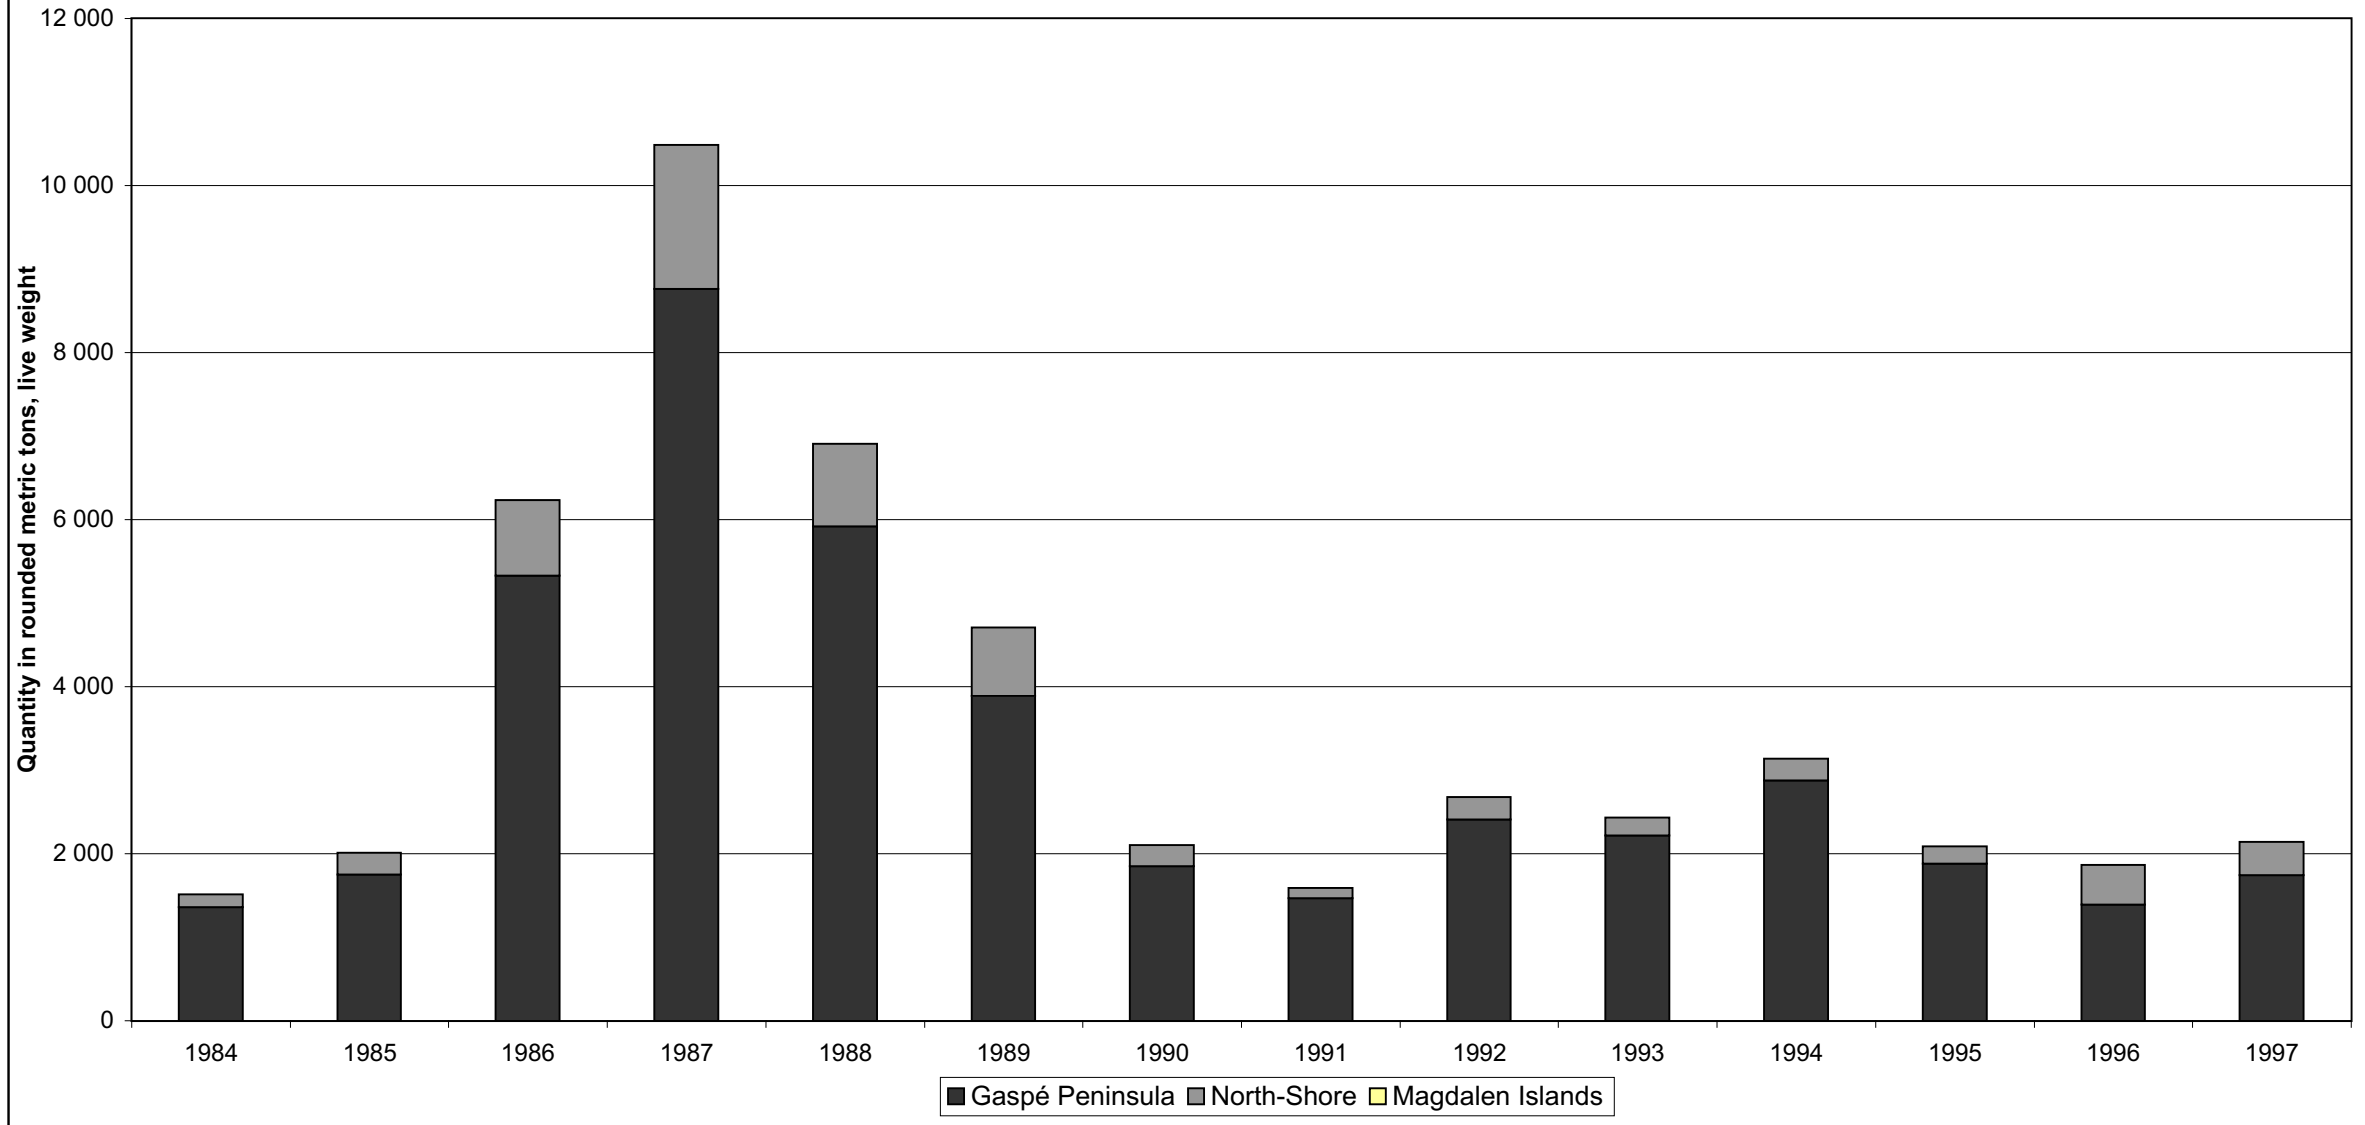

Landings volume of redfish per year by sector compared to the total quantity of the specie landings

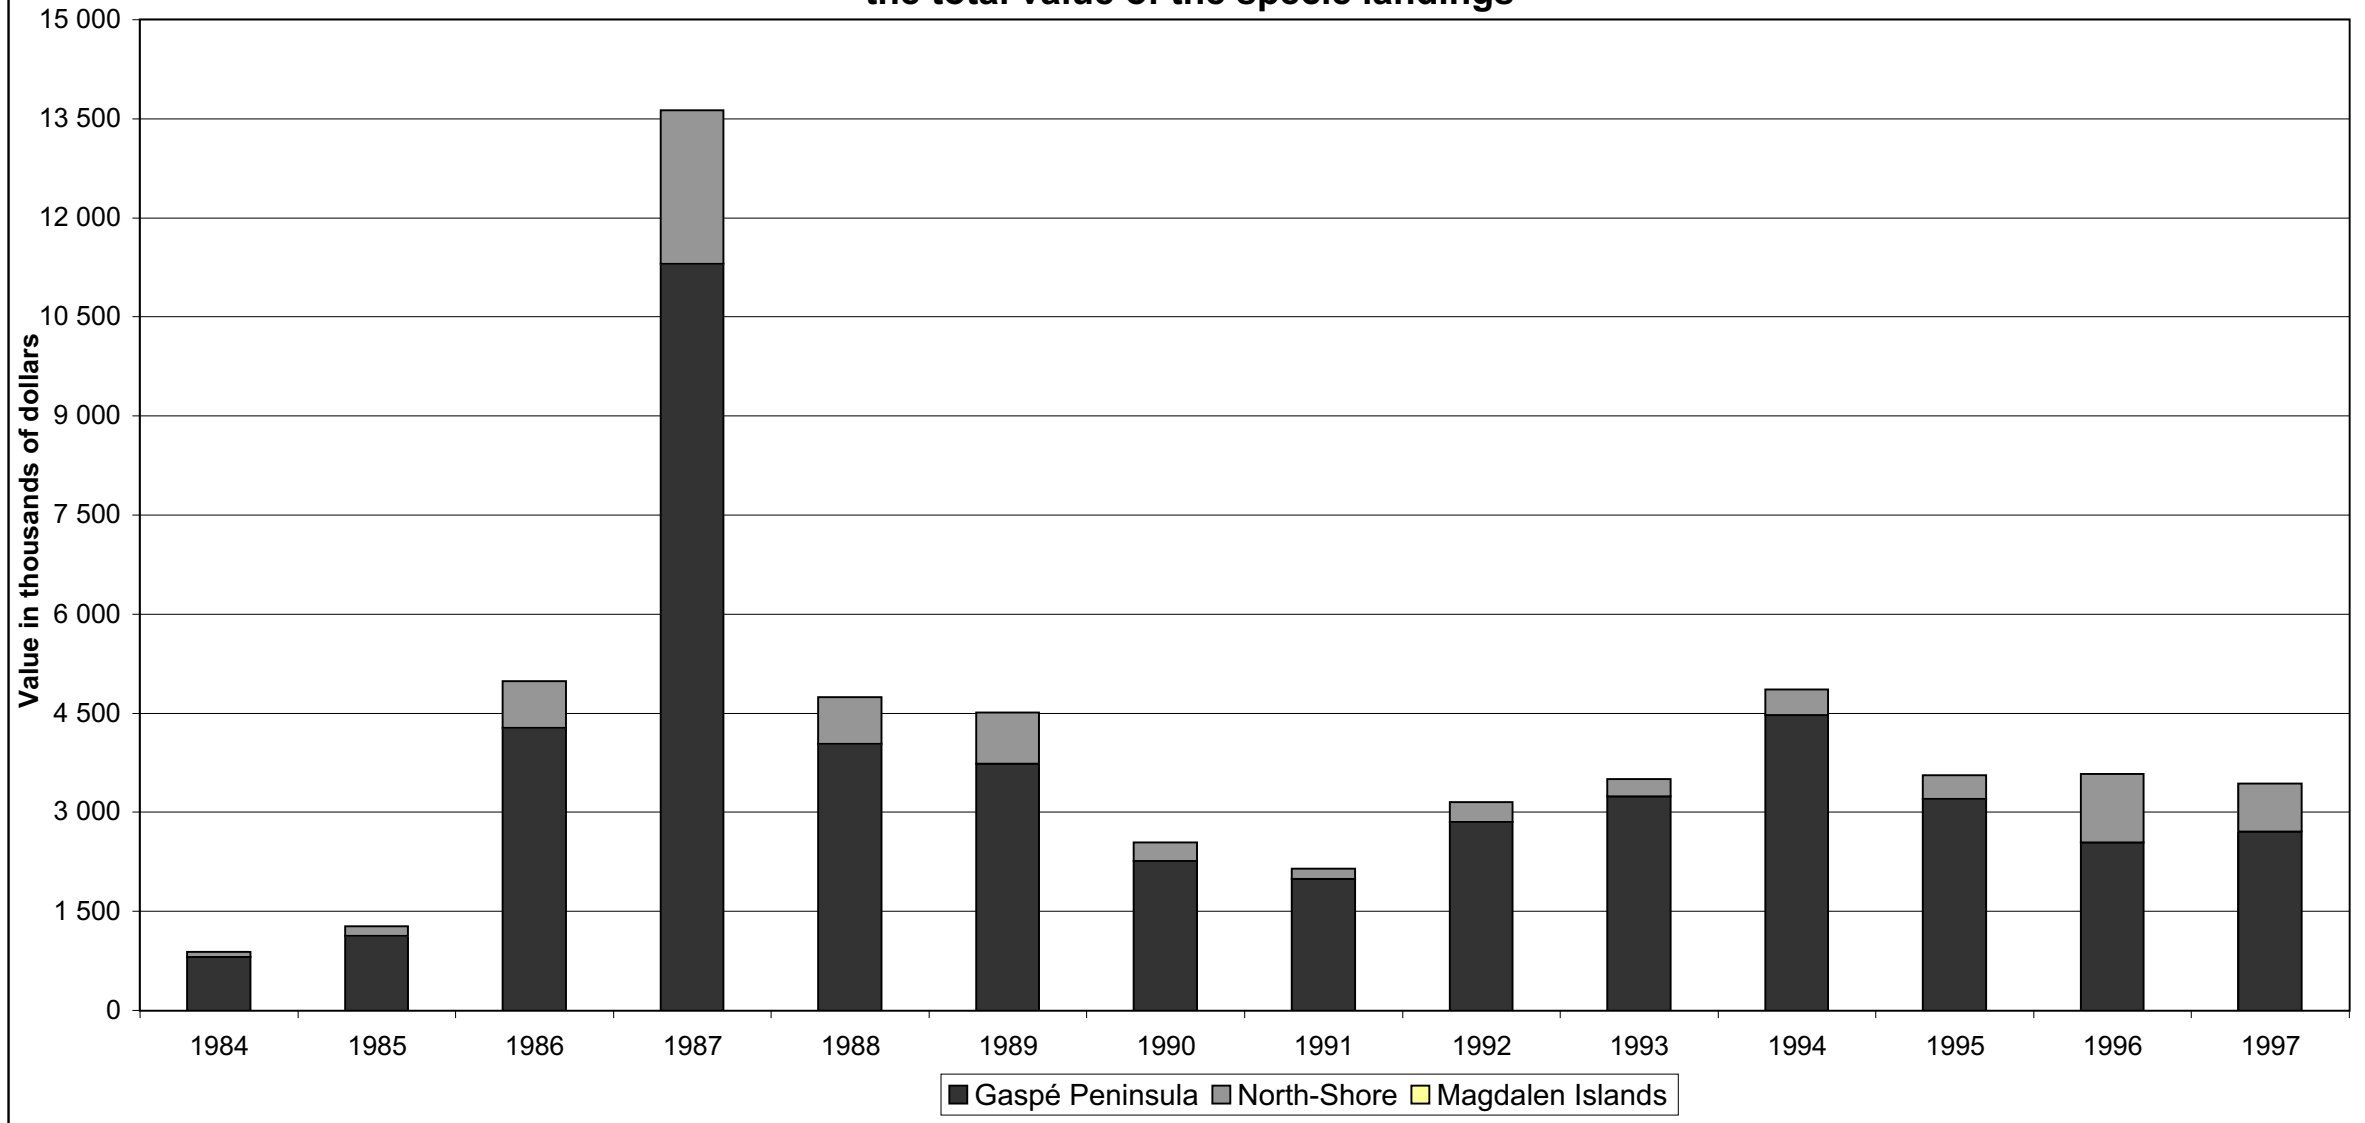

Landings value of redfish per year by sector compared to the total value of the specie landings

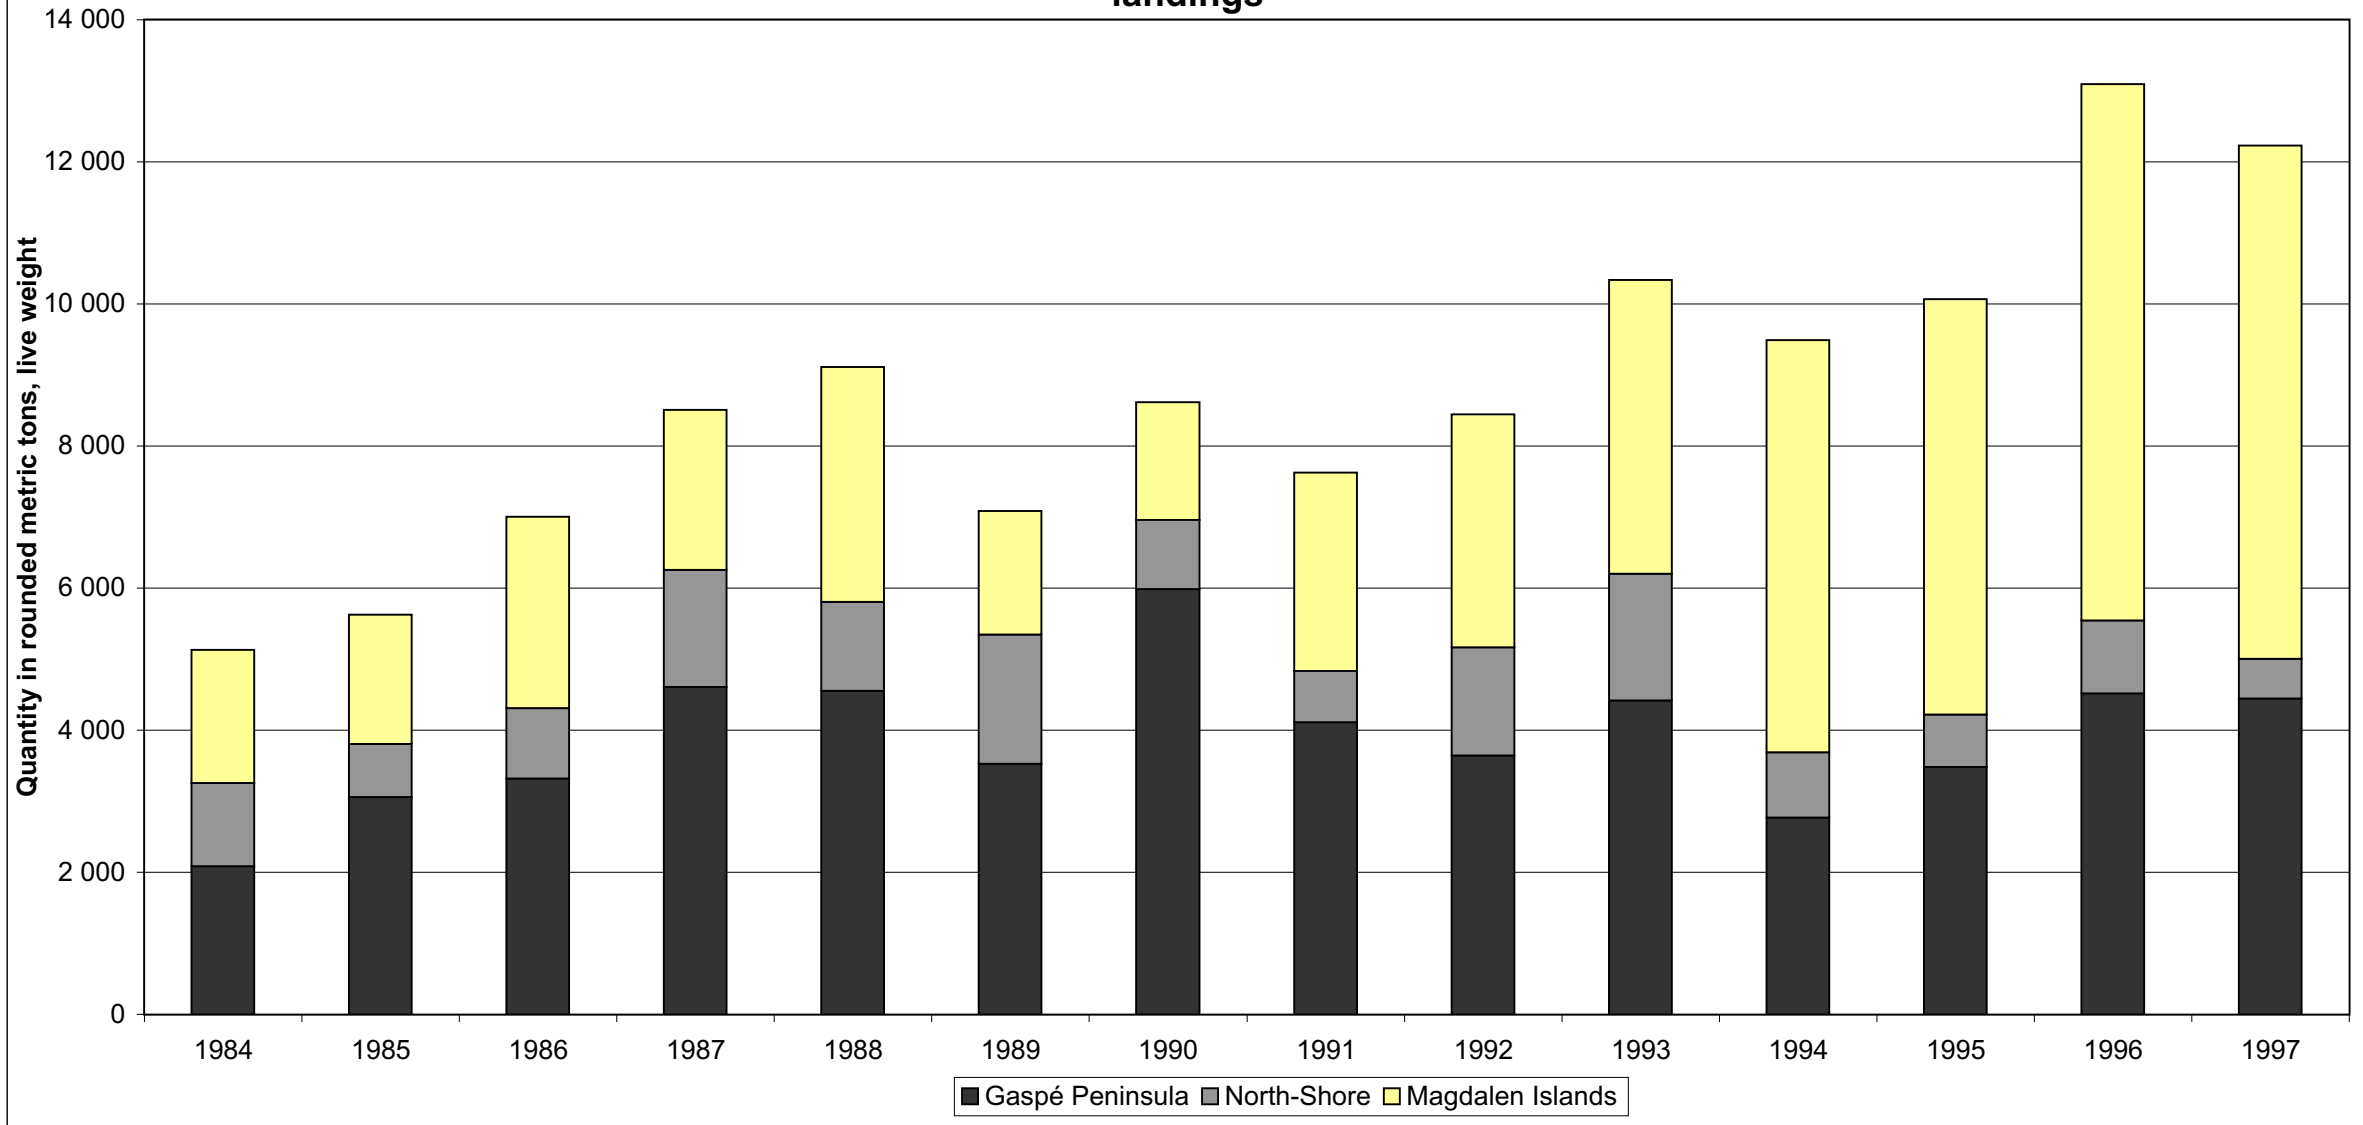

Landings volume of greenland halibut per year by sector compared to the total quantity of the specie landings

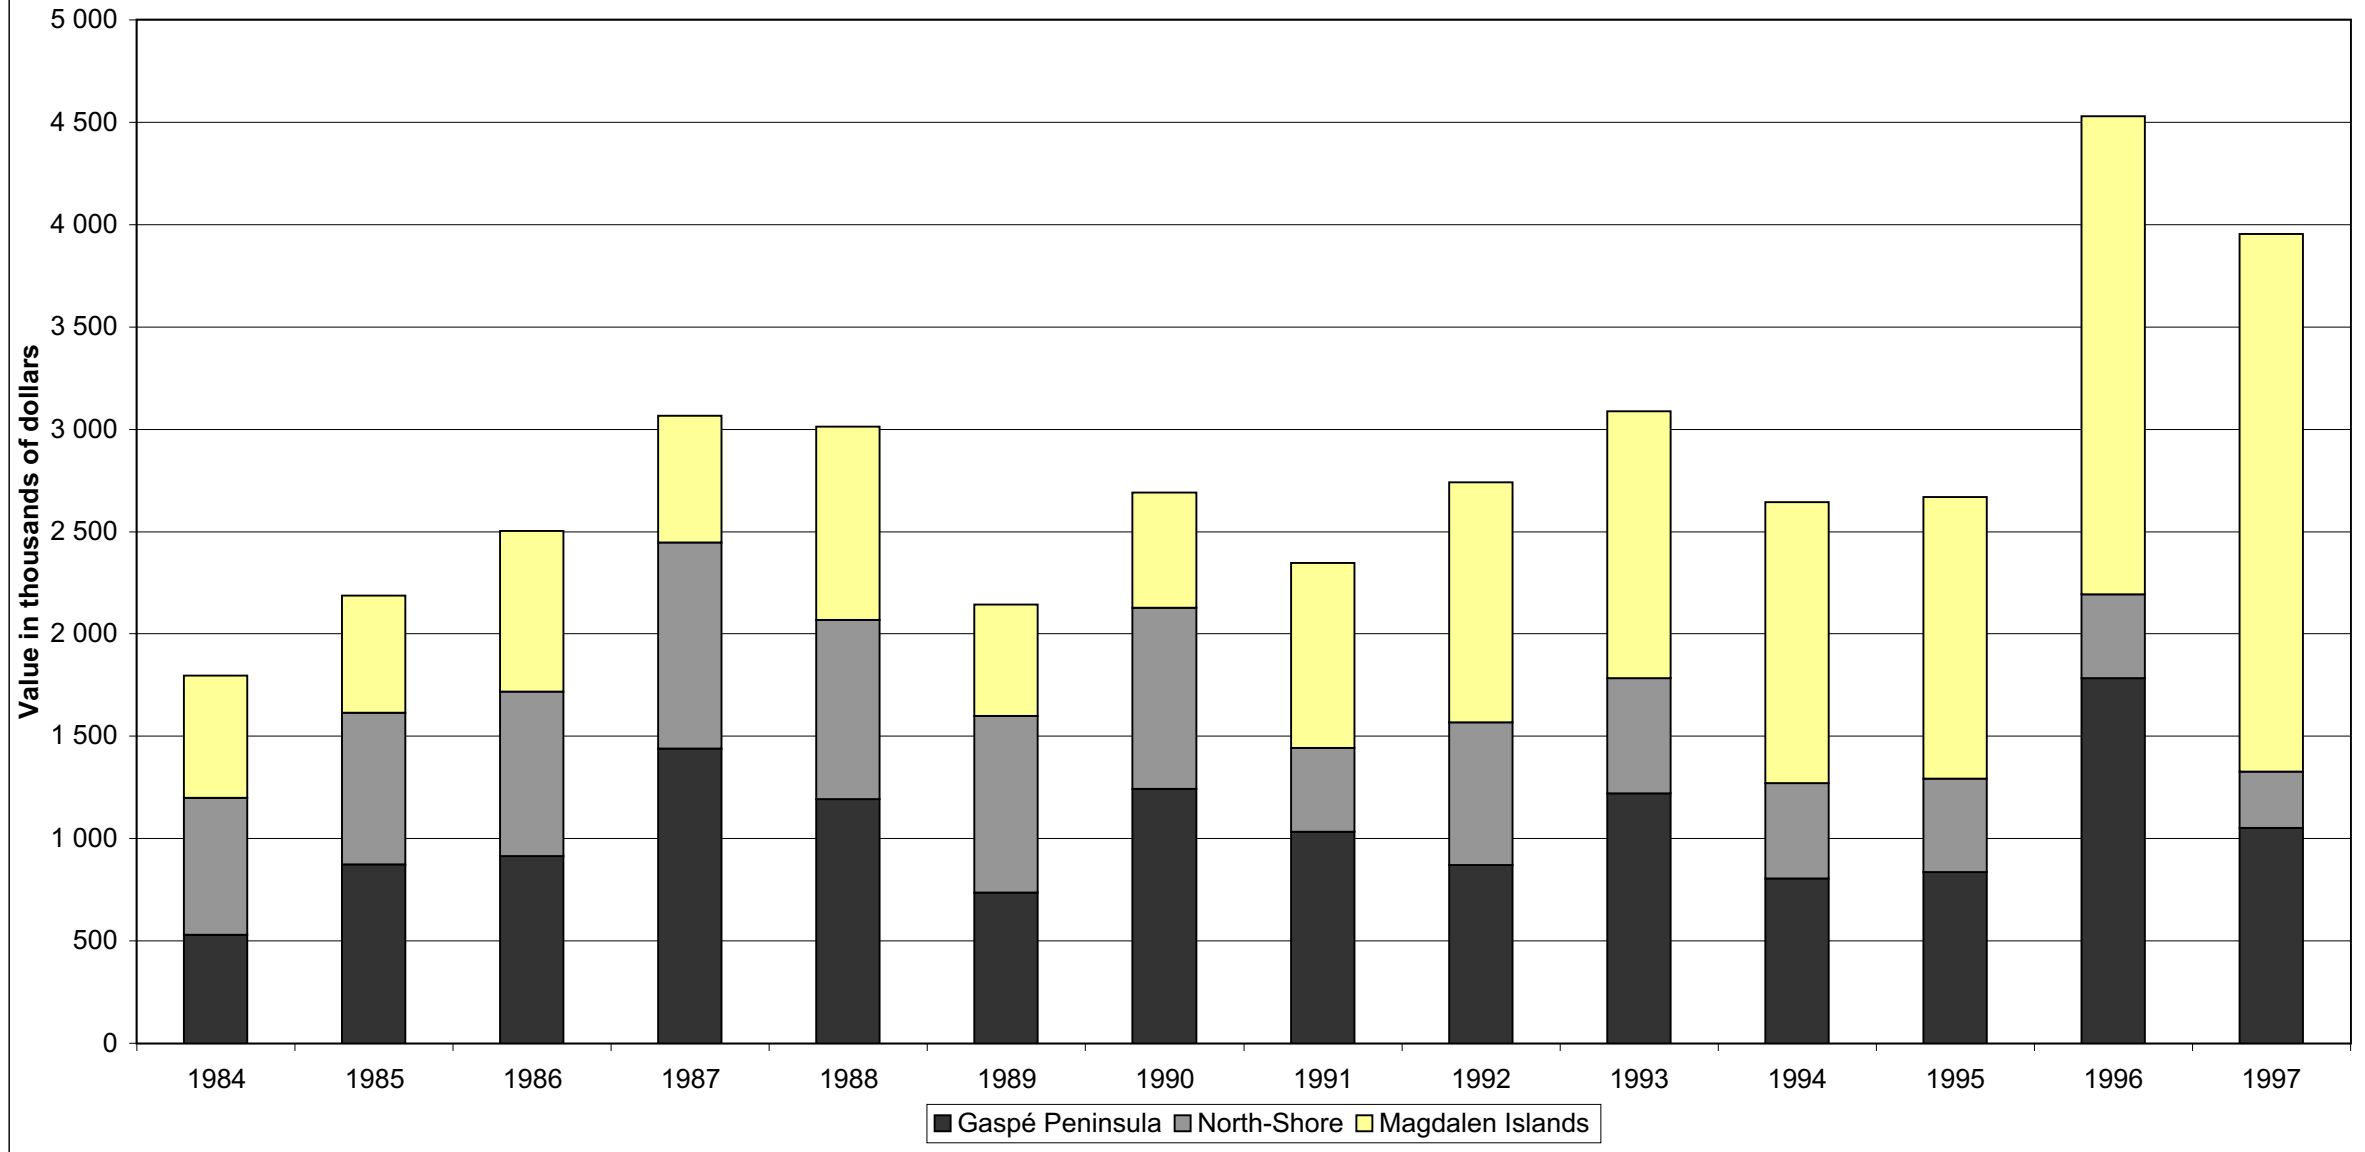

Landings value of greenland halibut per year by sector compared to the total value of the specie landings

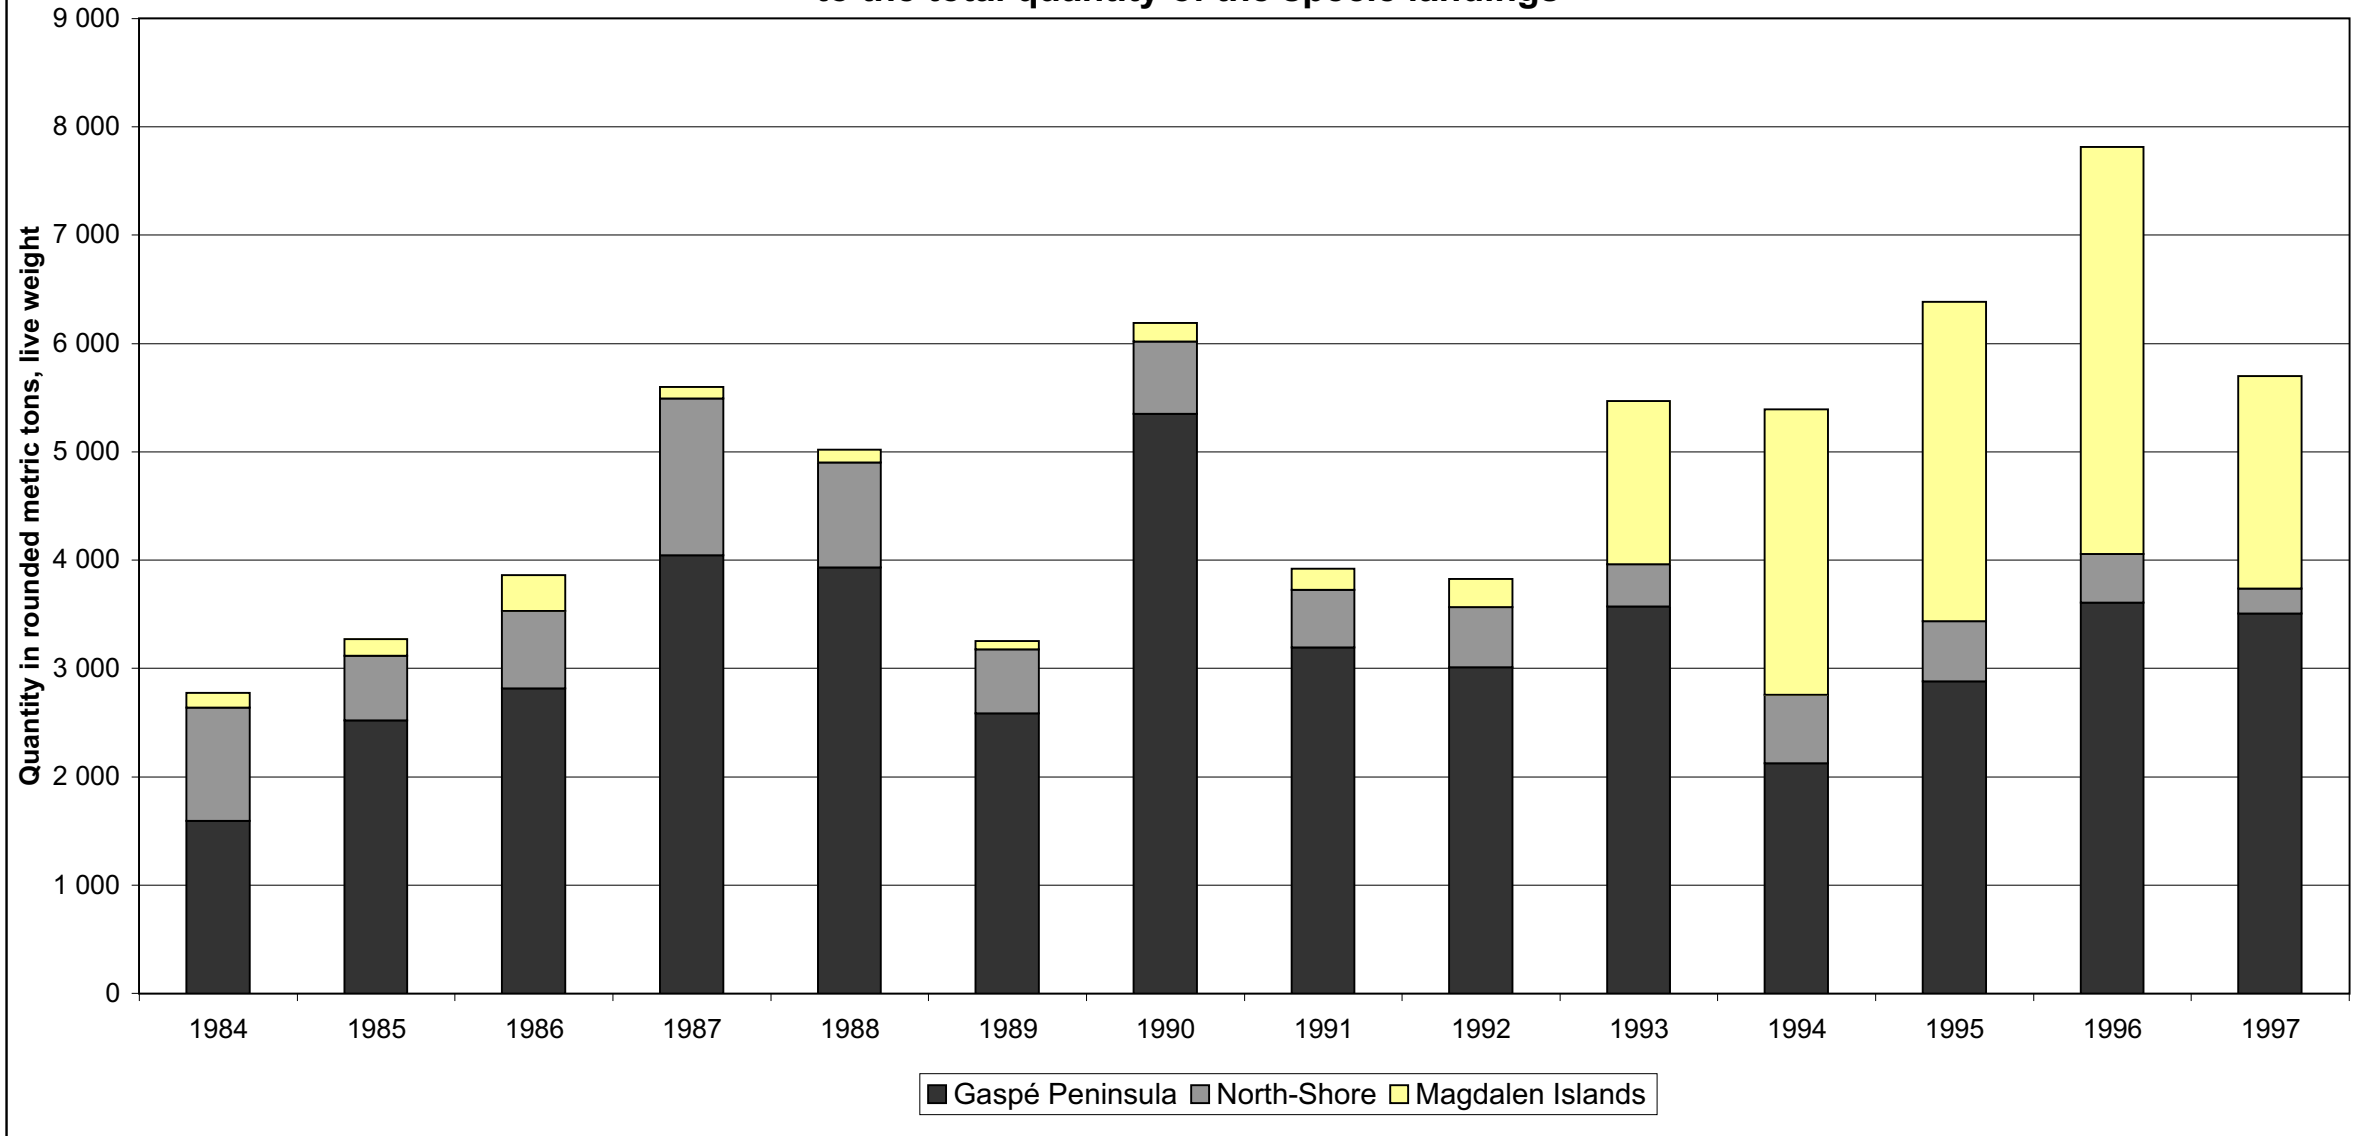

Landings volume of pelagic species per year by sector compared to the total quantity of the group landings

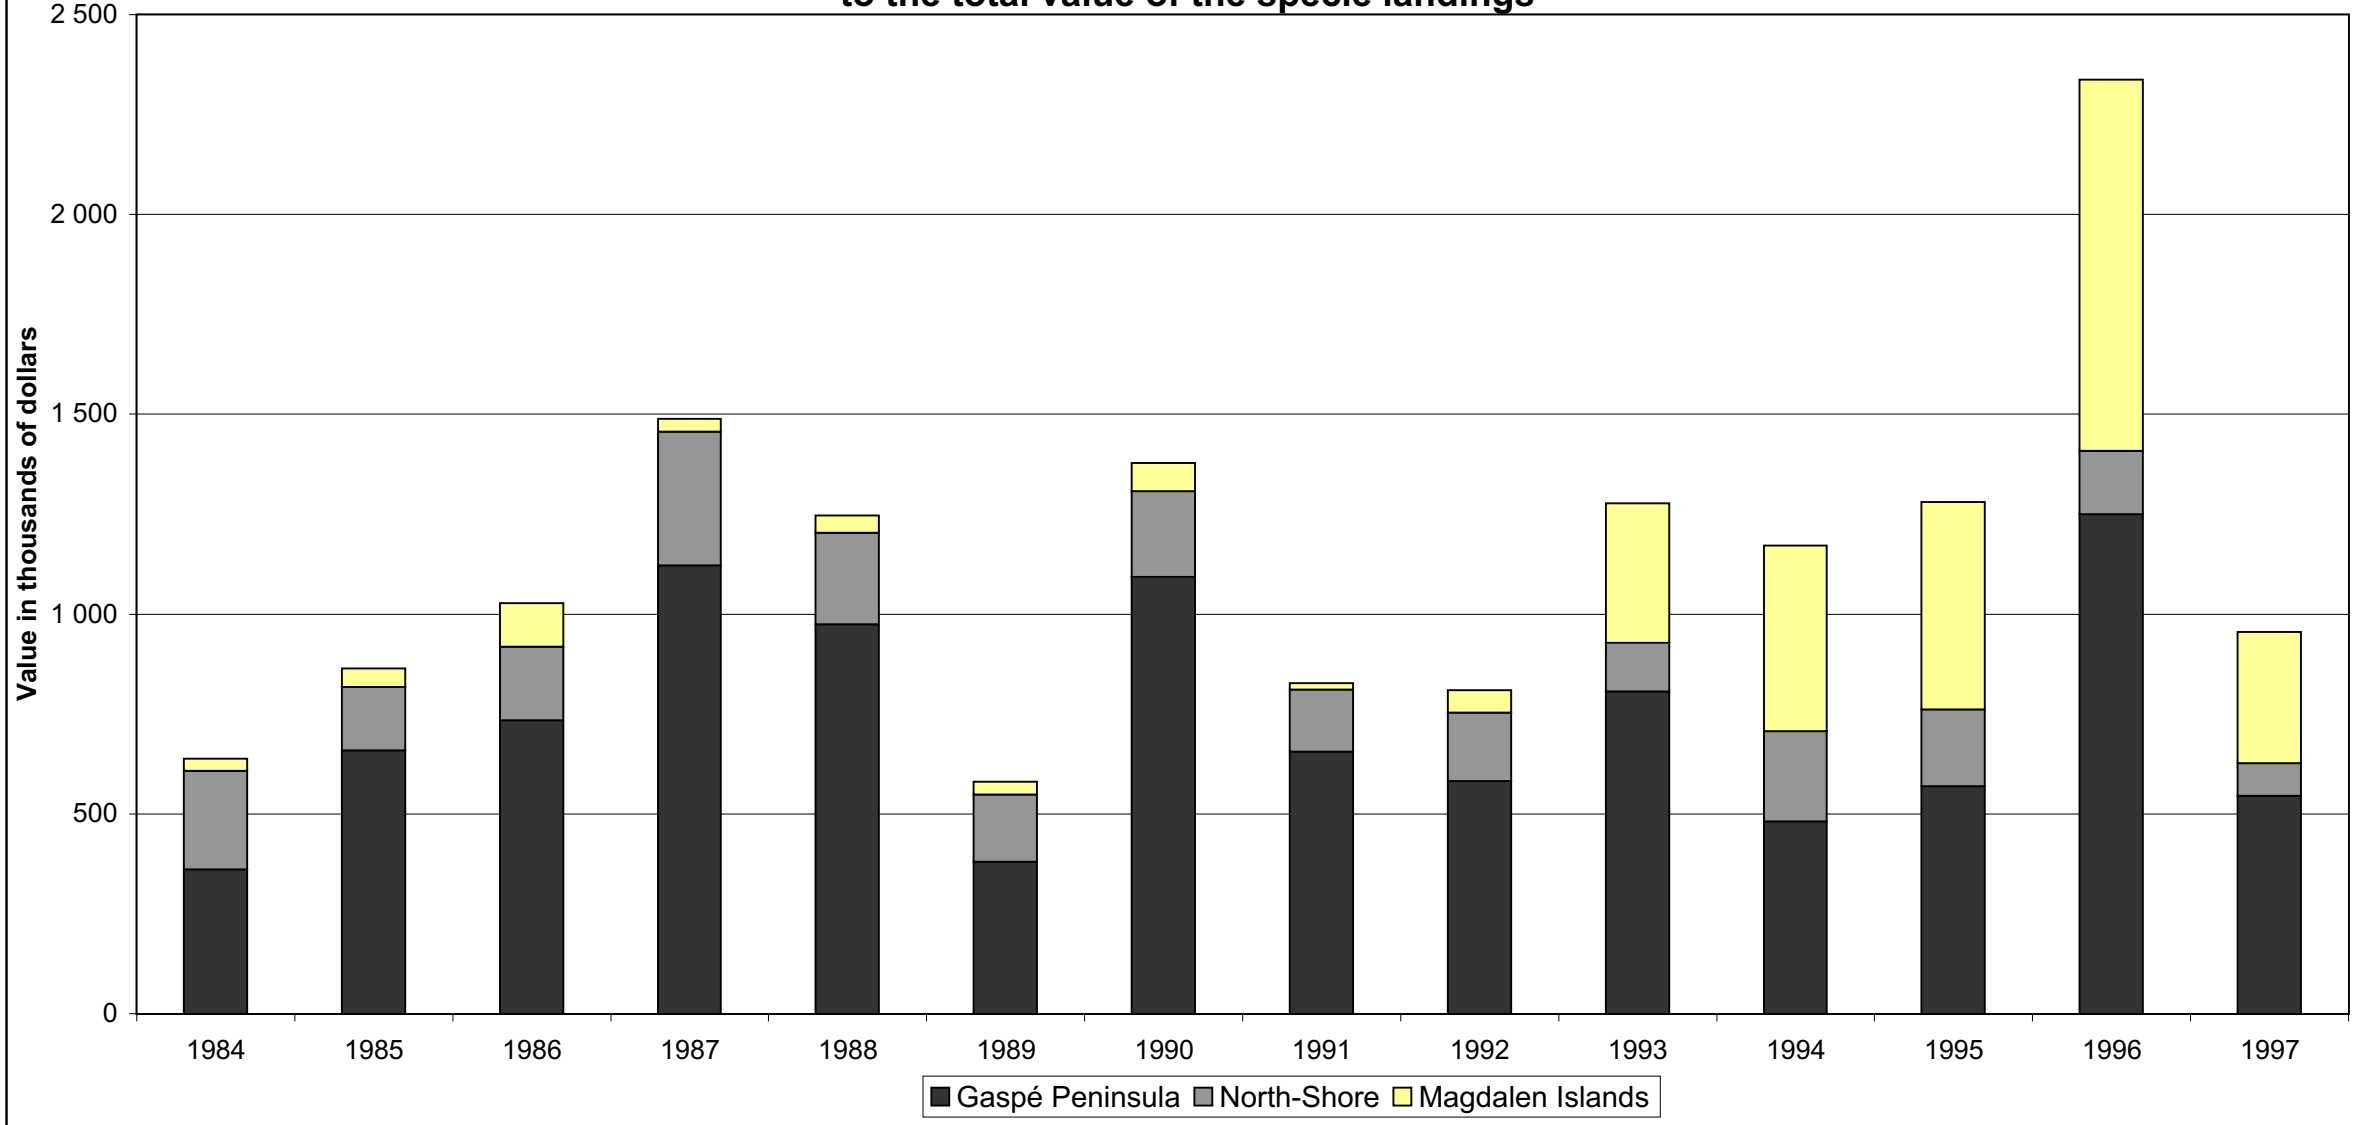

Landings value of pelagic species per year by sector compared to the total value of the group landings

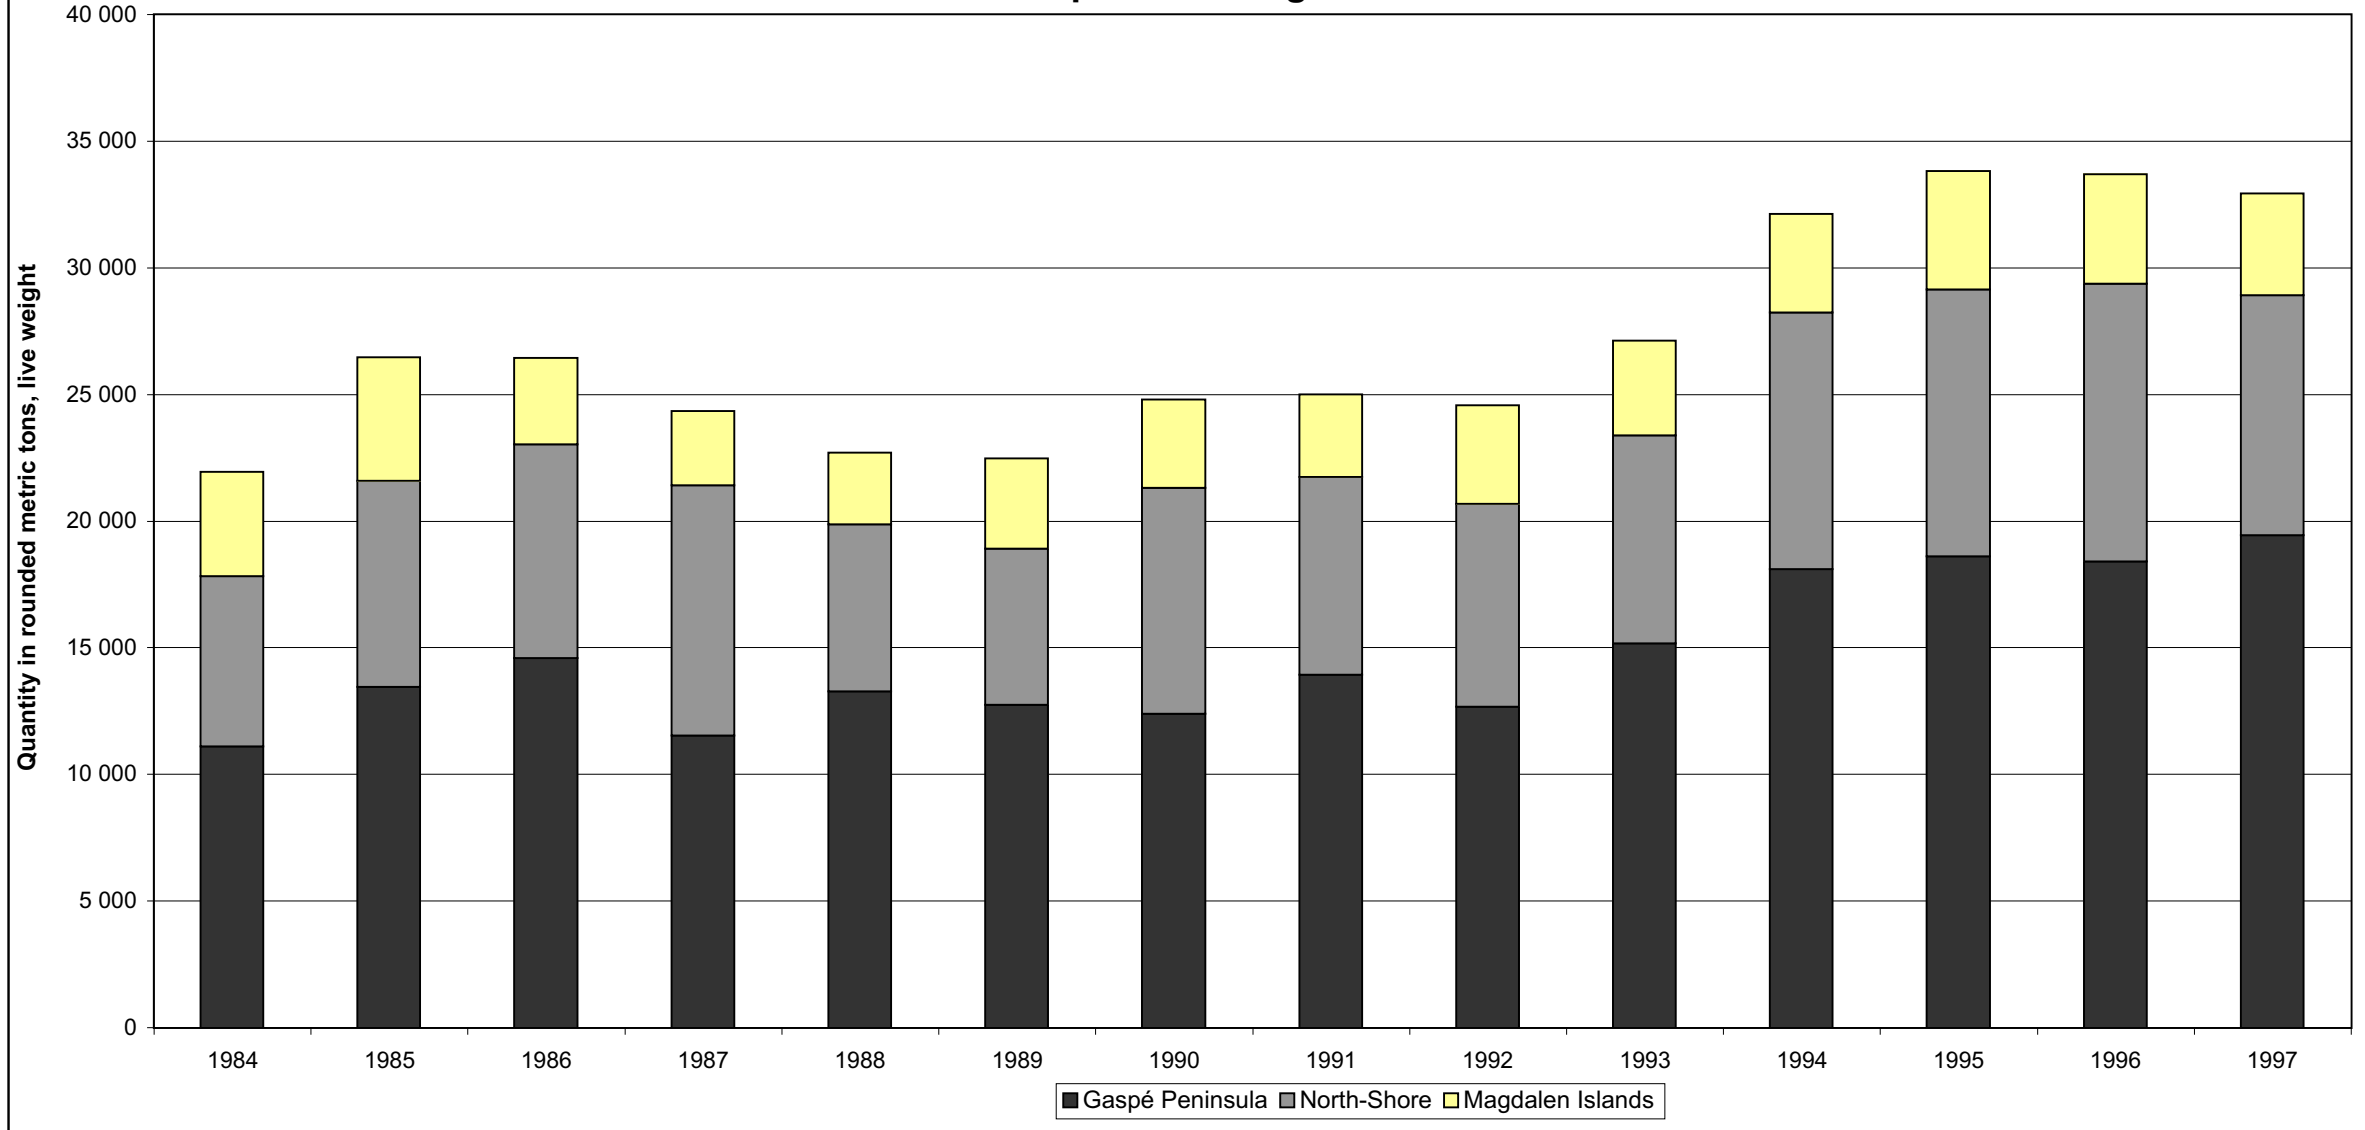

Landings volume of herring per year by sector compared to the total quantity of the specie landings

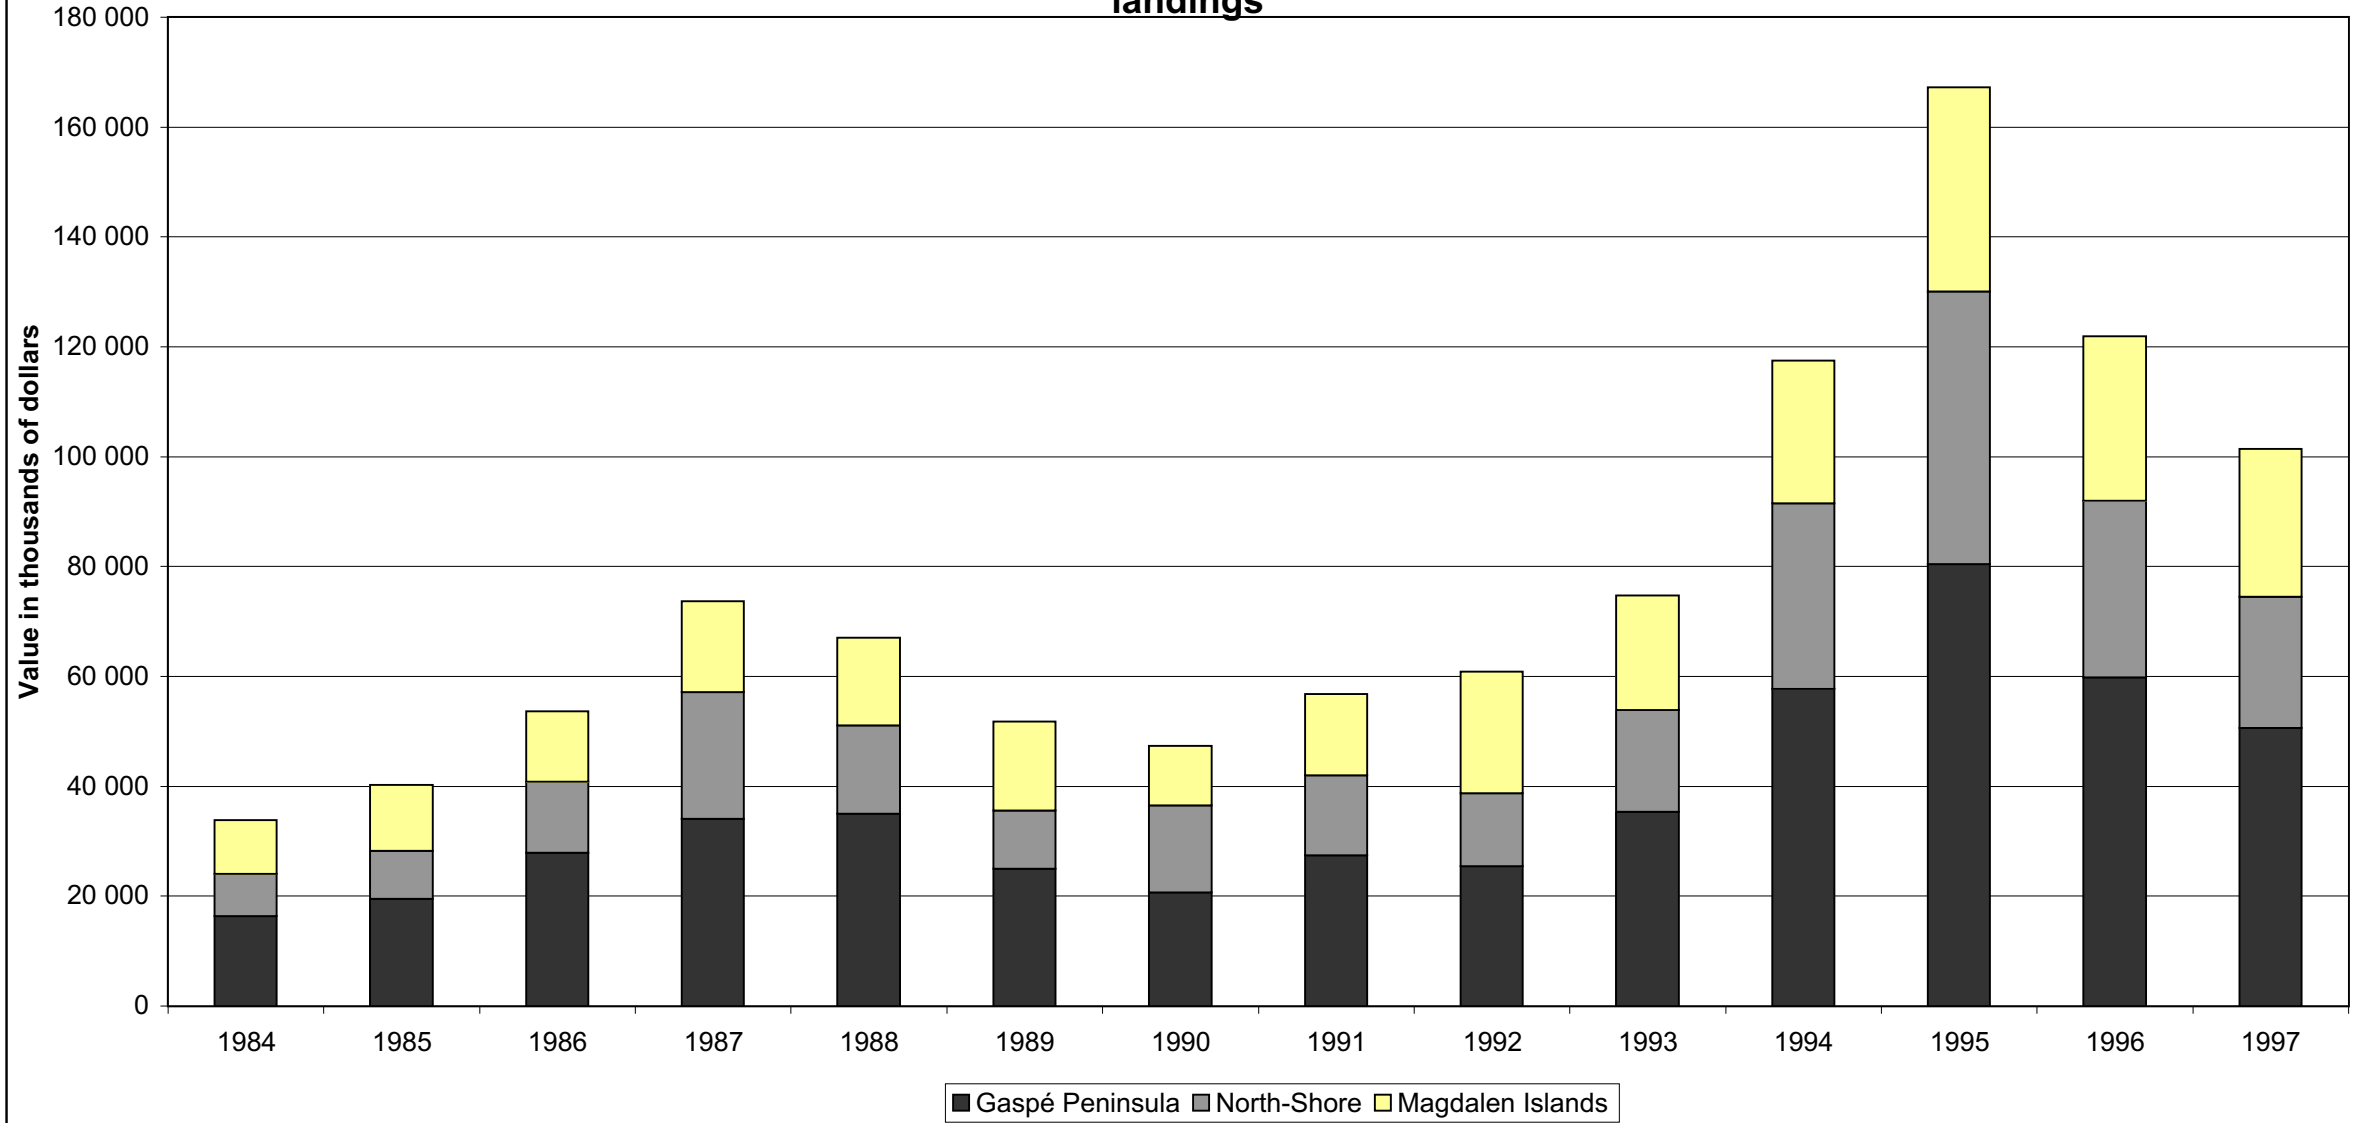

Landings value of herring per year by sector compared to the total value of the specie landings

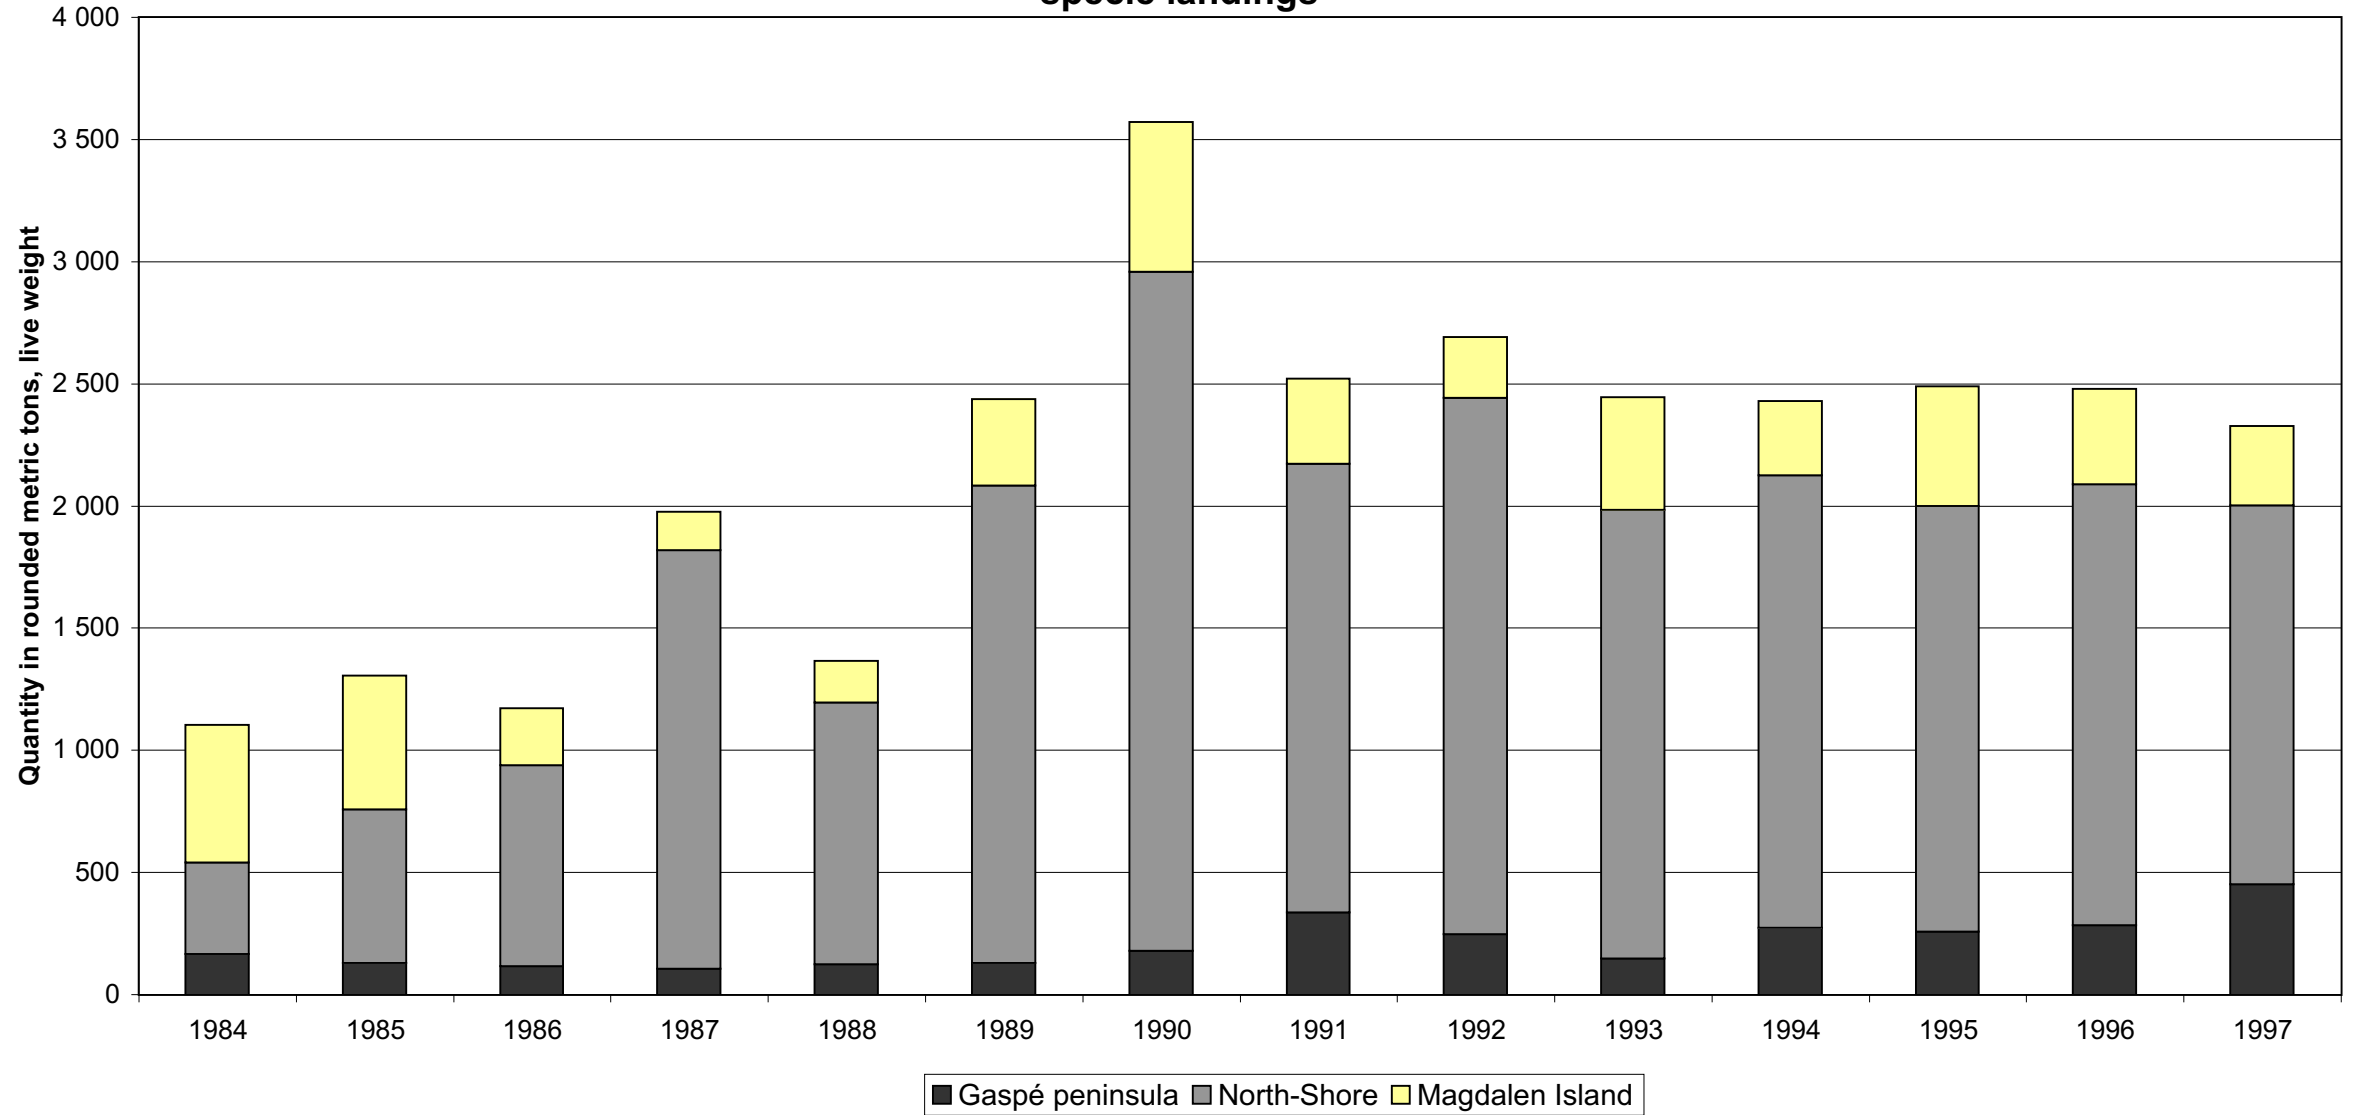

Landings volume of mollusc and crustacean per year by sector compared to the total quantity of the specie landings

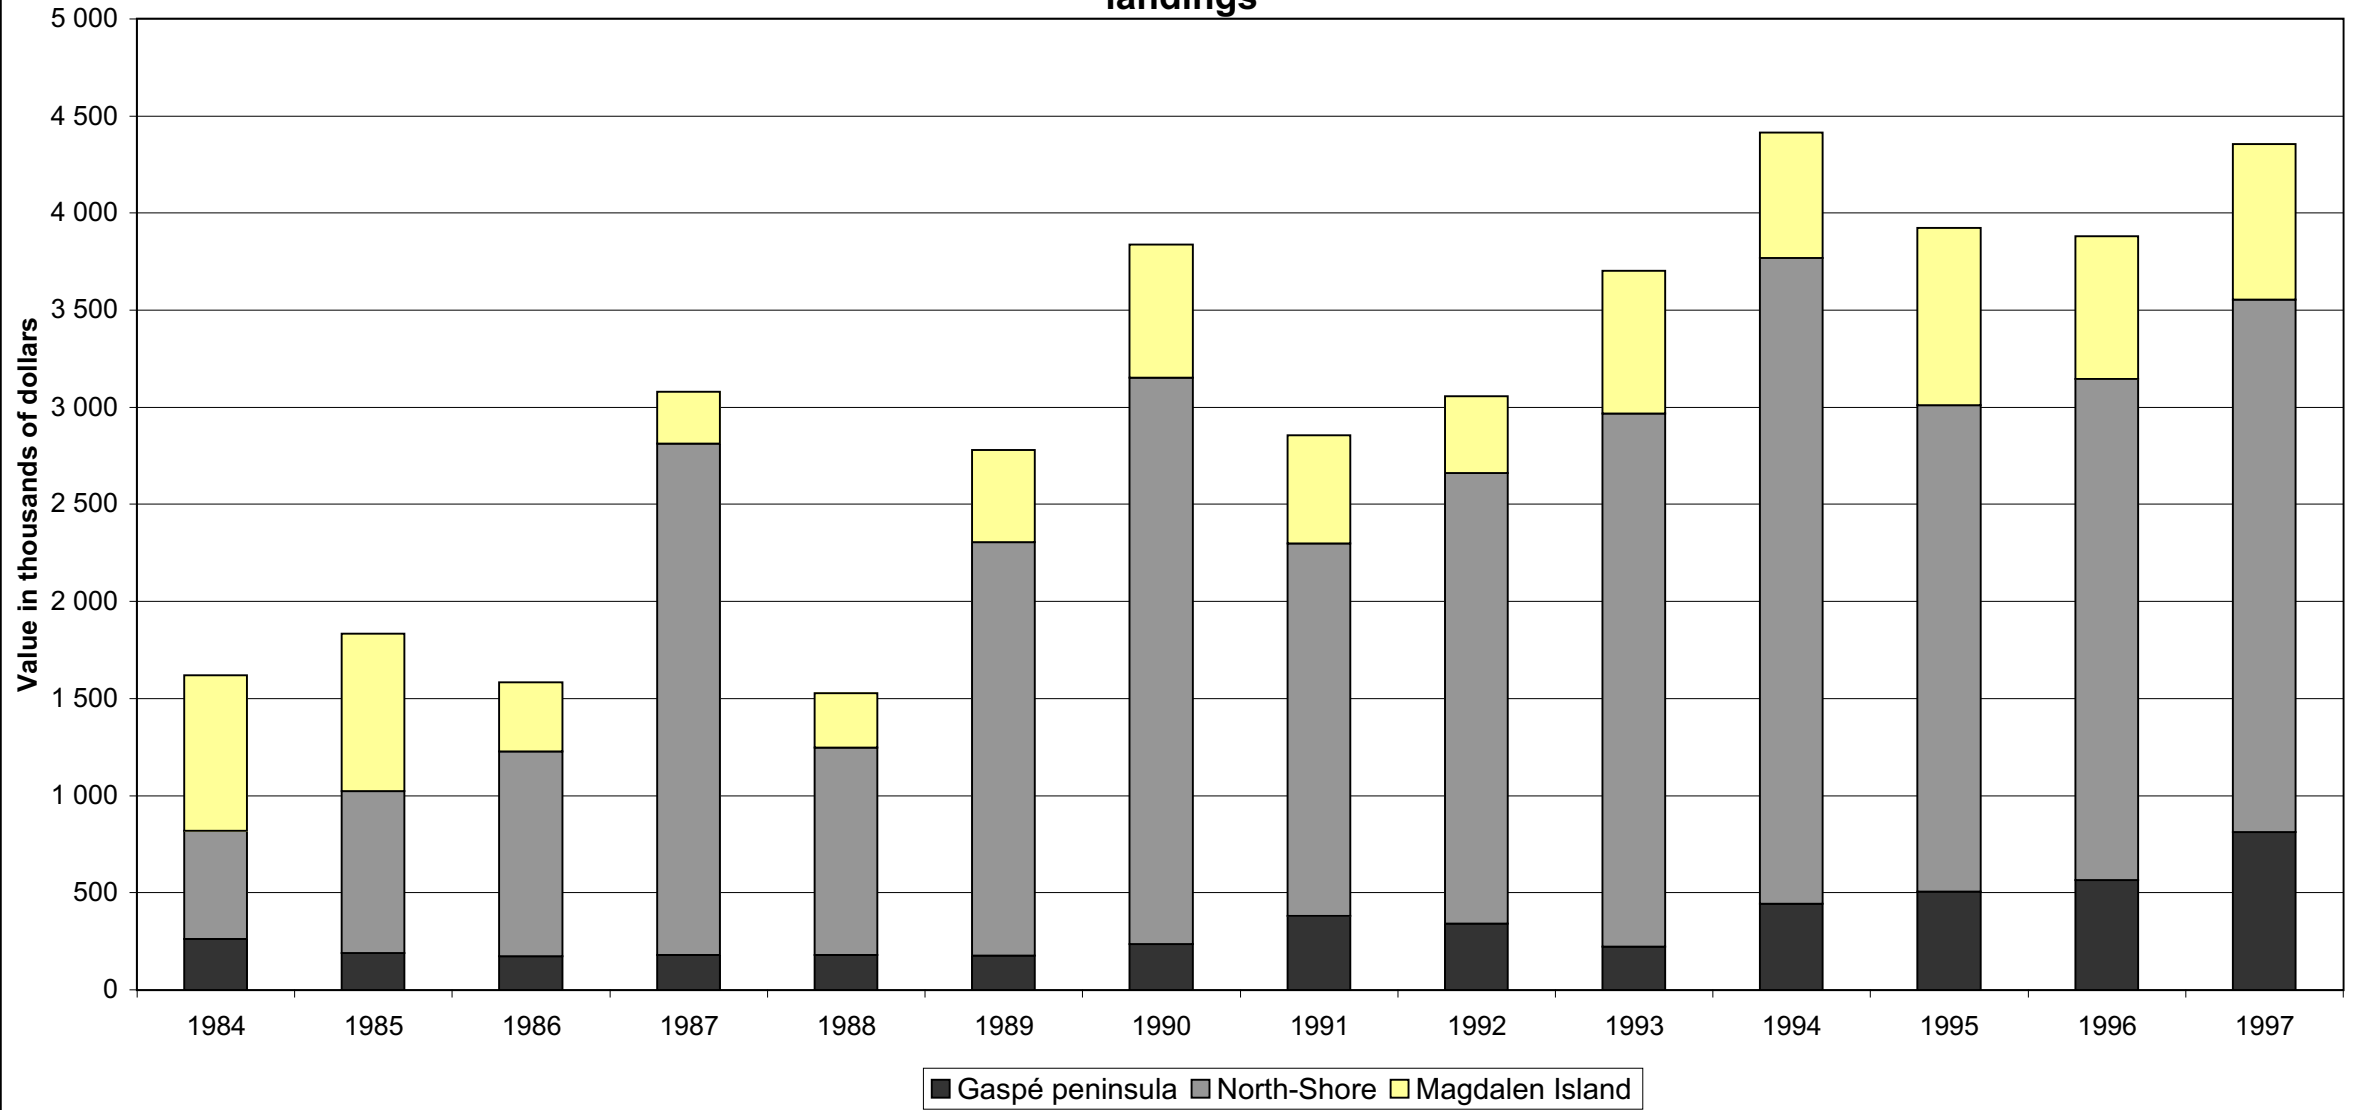

Landings value of mollusc and crustacean per year by sector compared to the total value of the specie landings

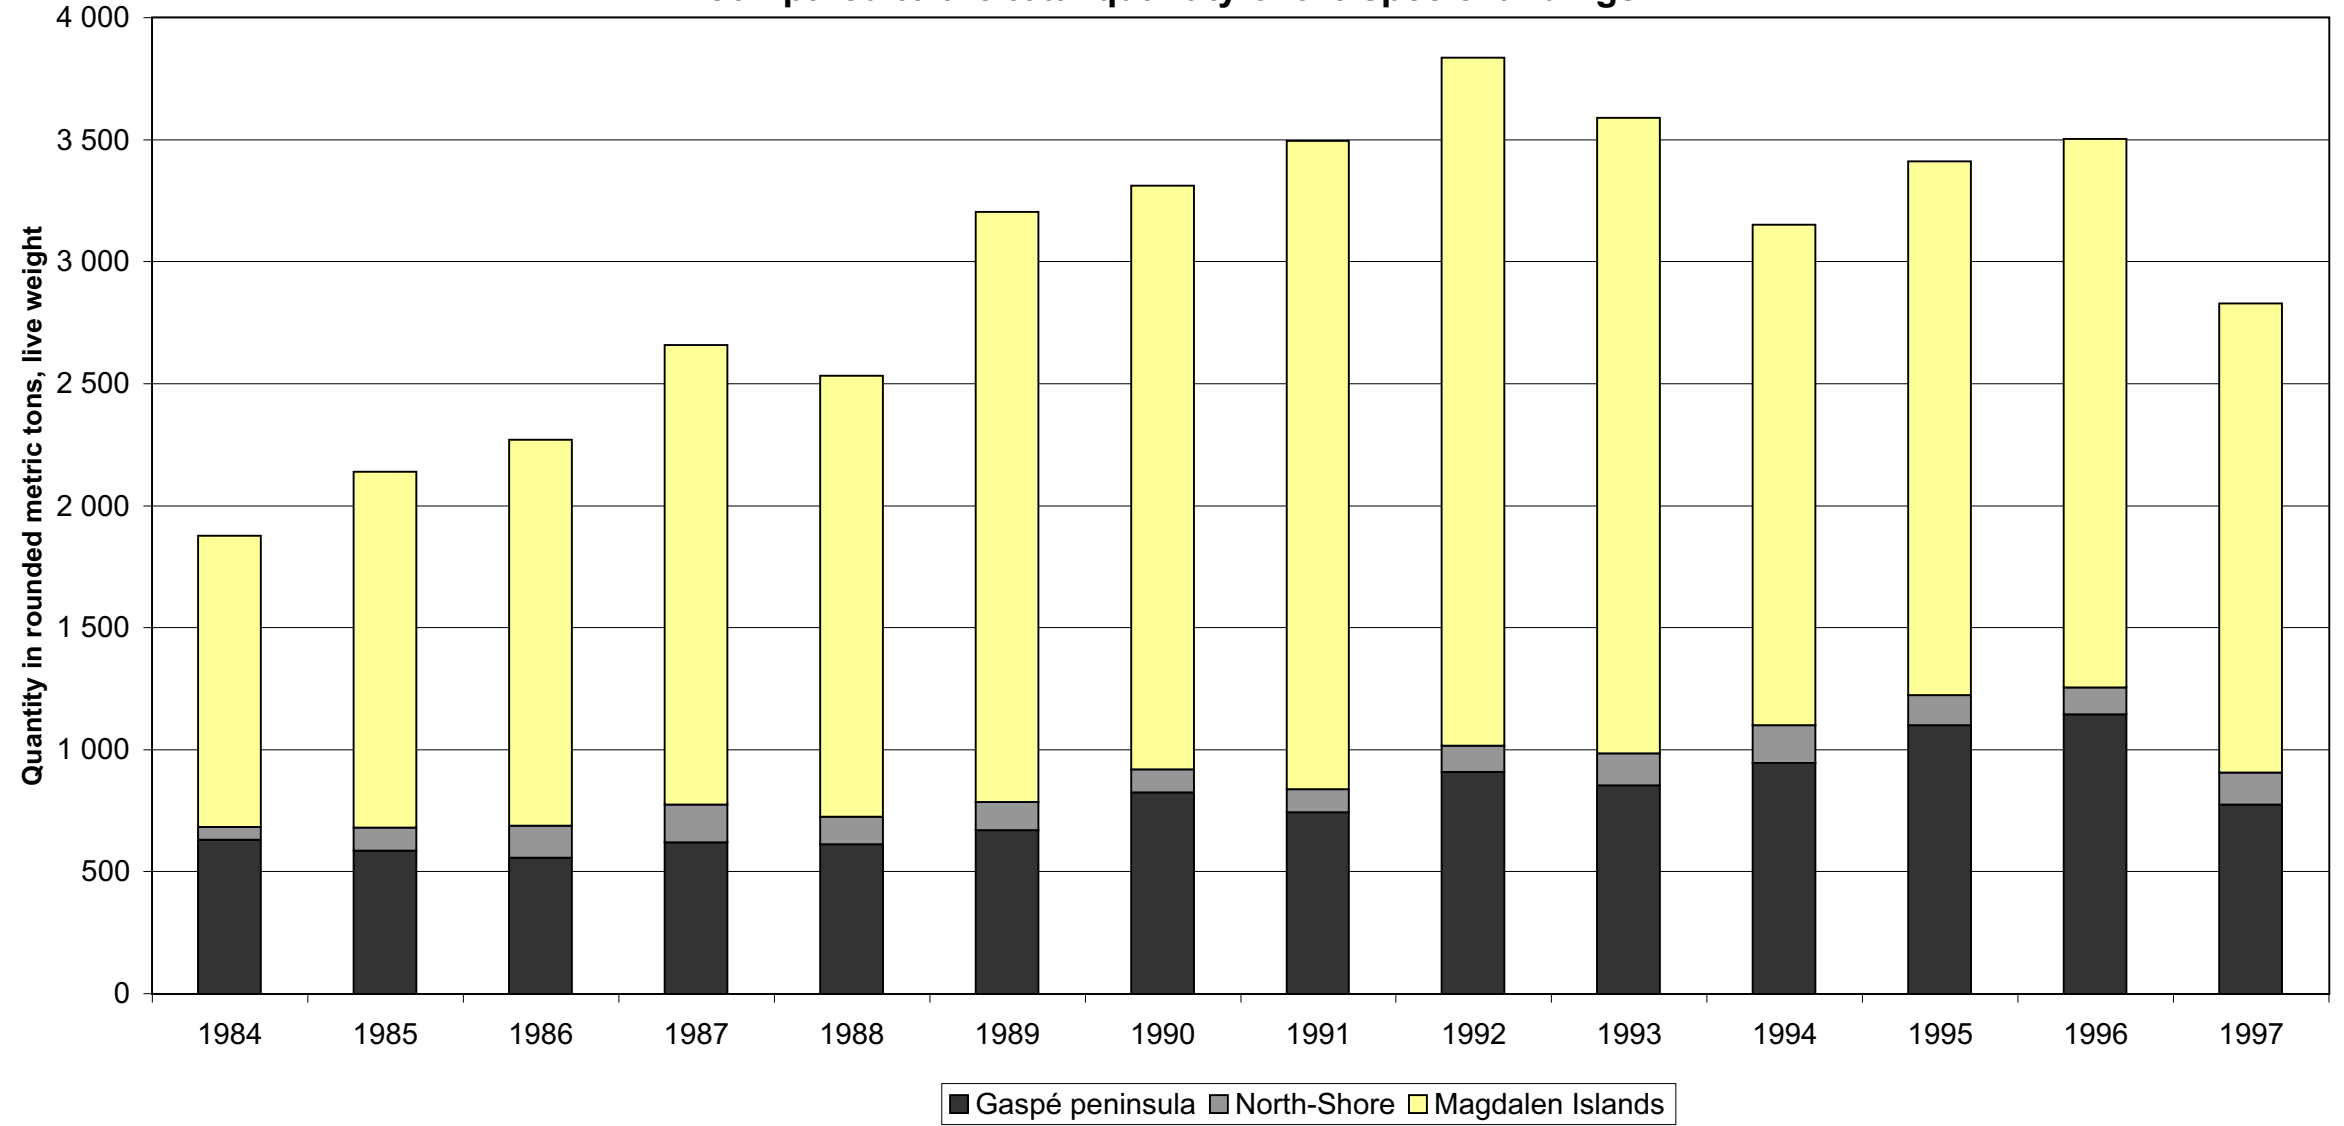

Landings volume of mollusc and crustacean per year by sector compared to the total quantity of the specie landings

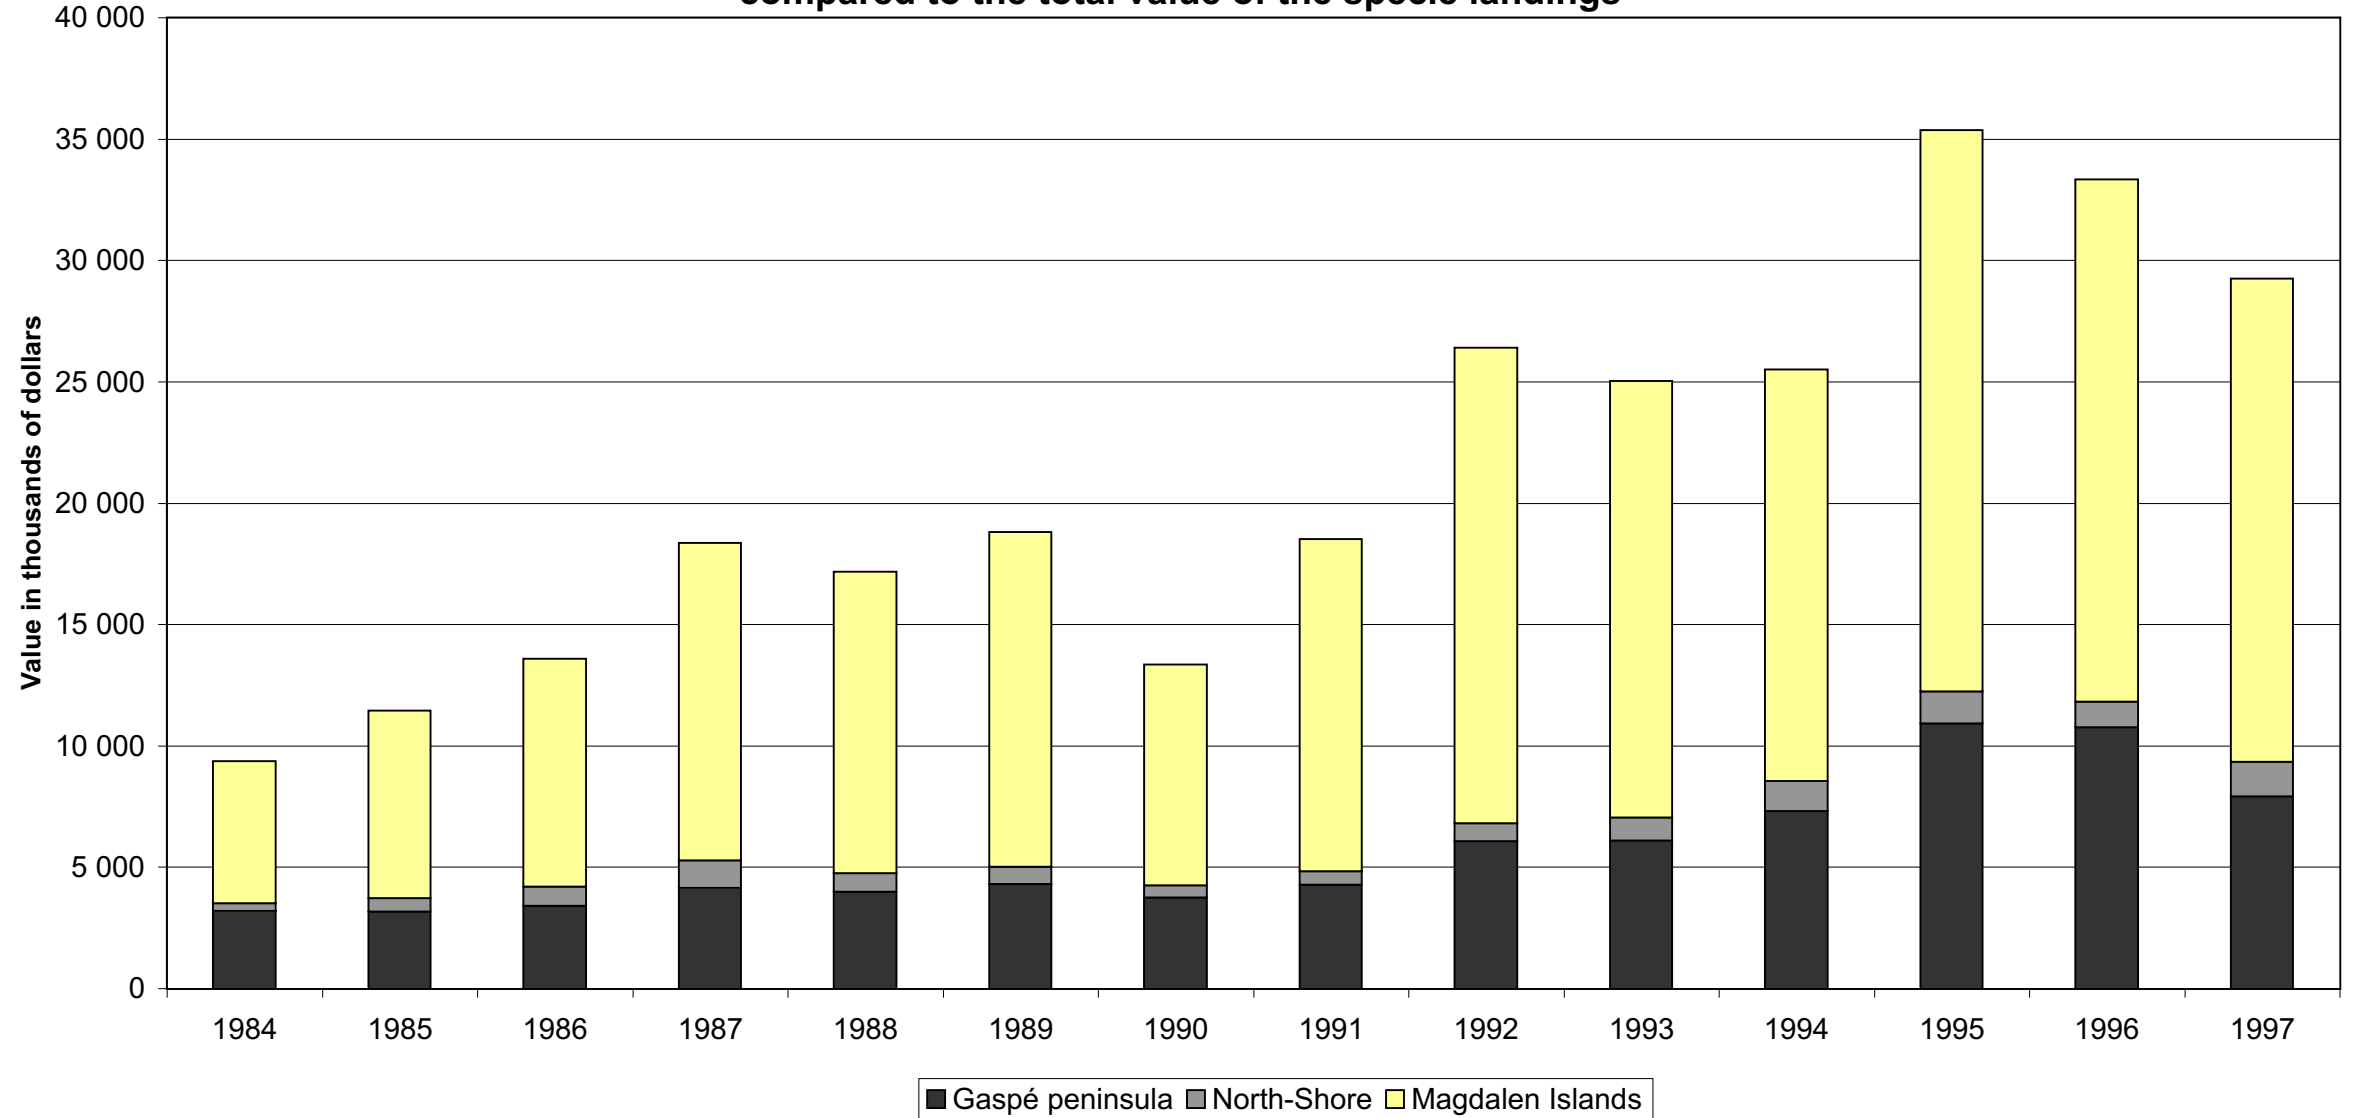

Landings value of mollusc and crustacean per year by sector compared to the total value of the specie landings

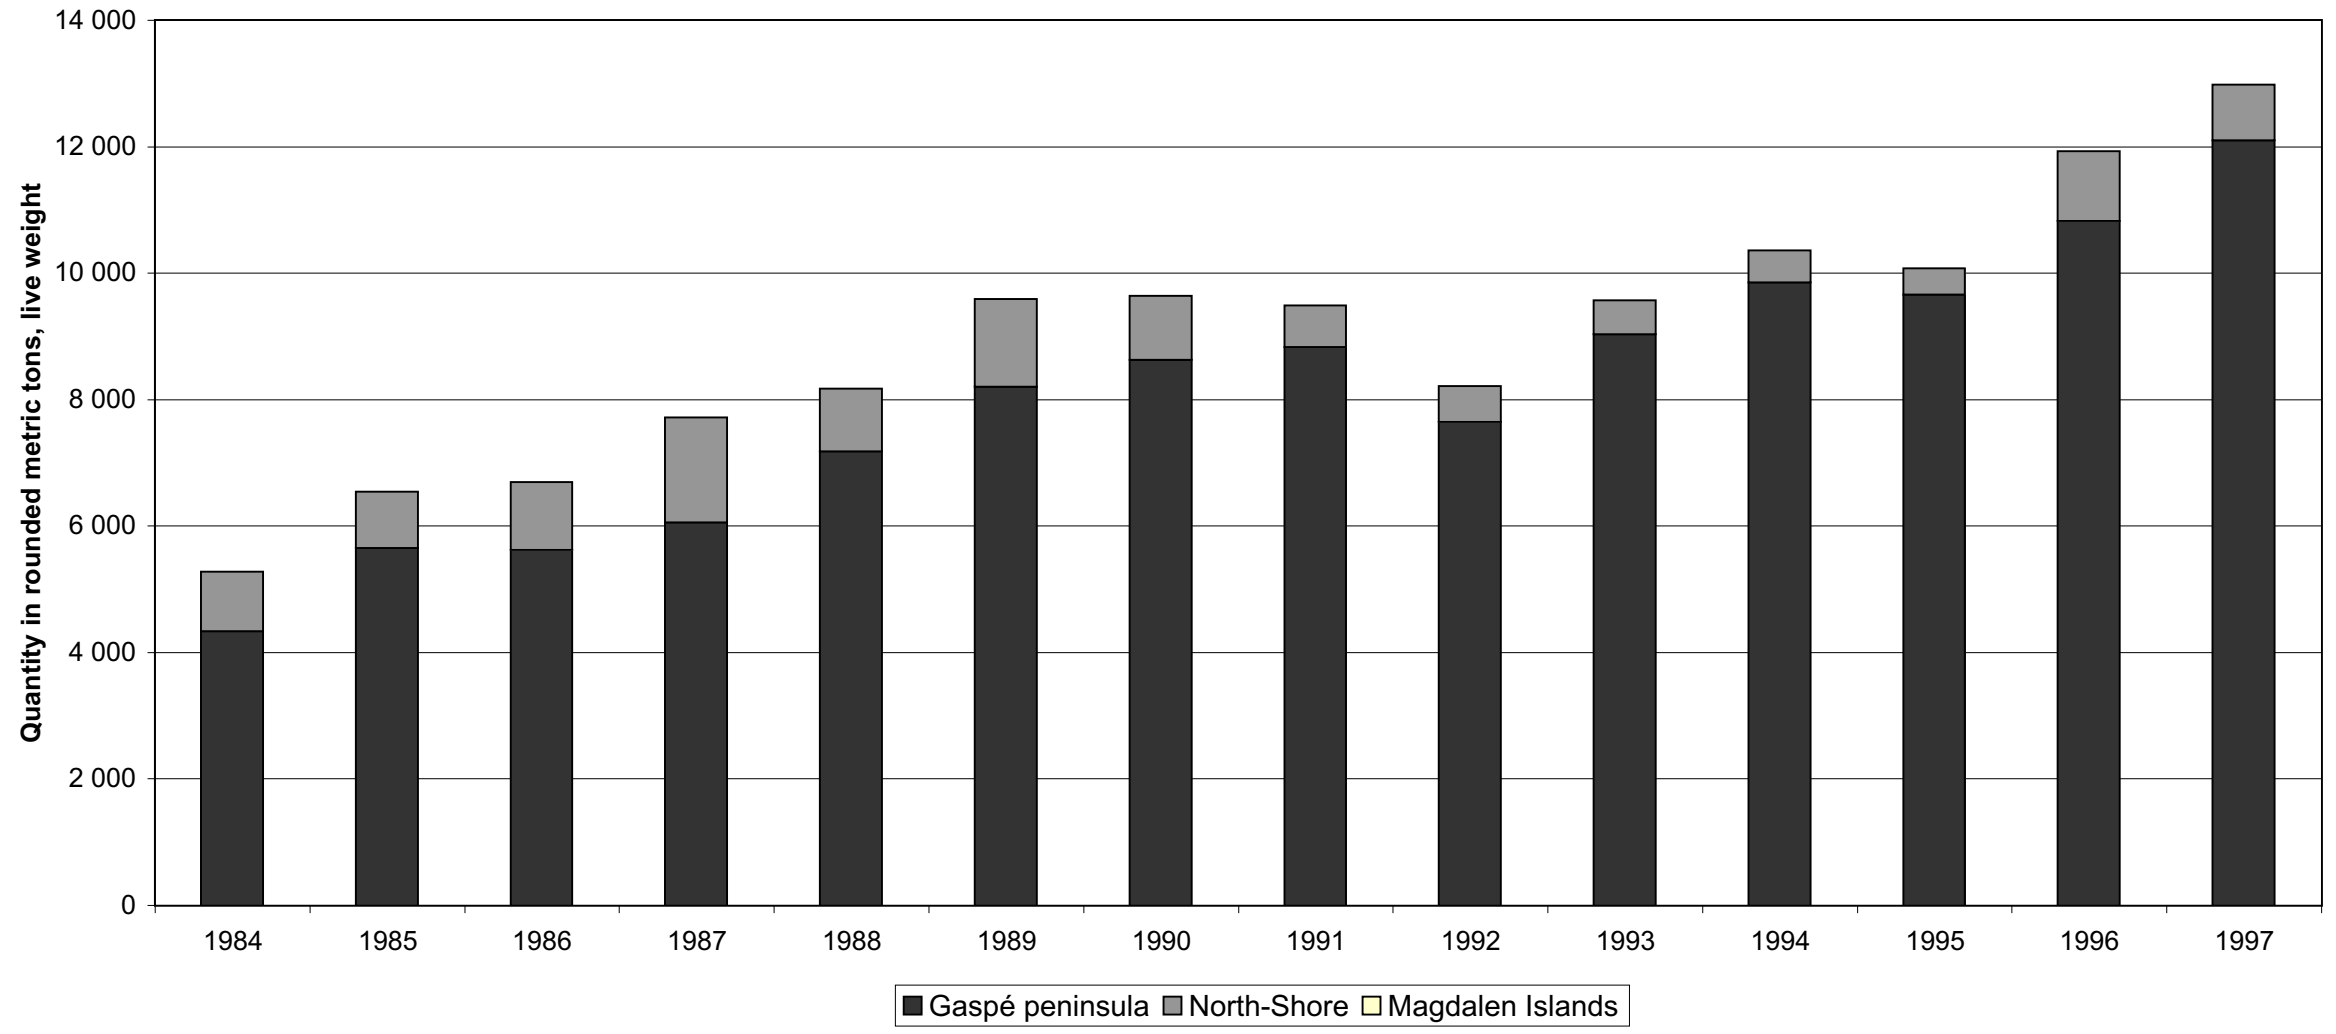

**Landings volume of lobster per year by sector
compared to the total quantity of the specie landings**

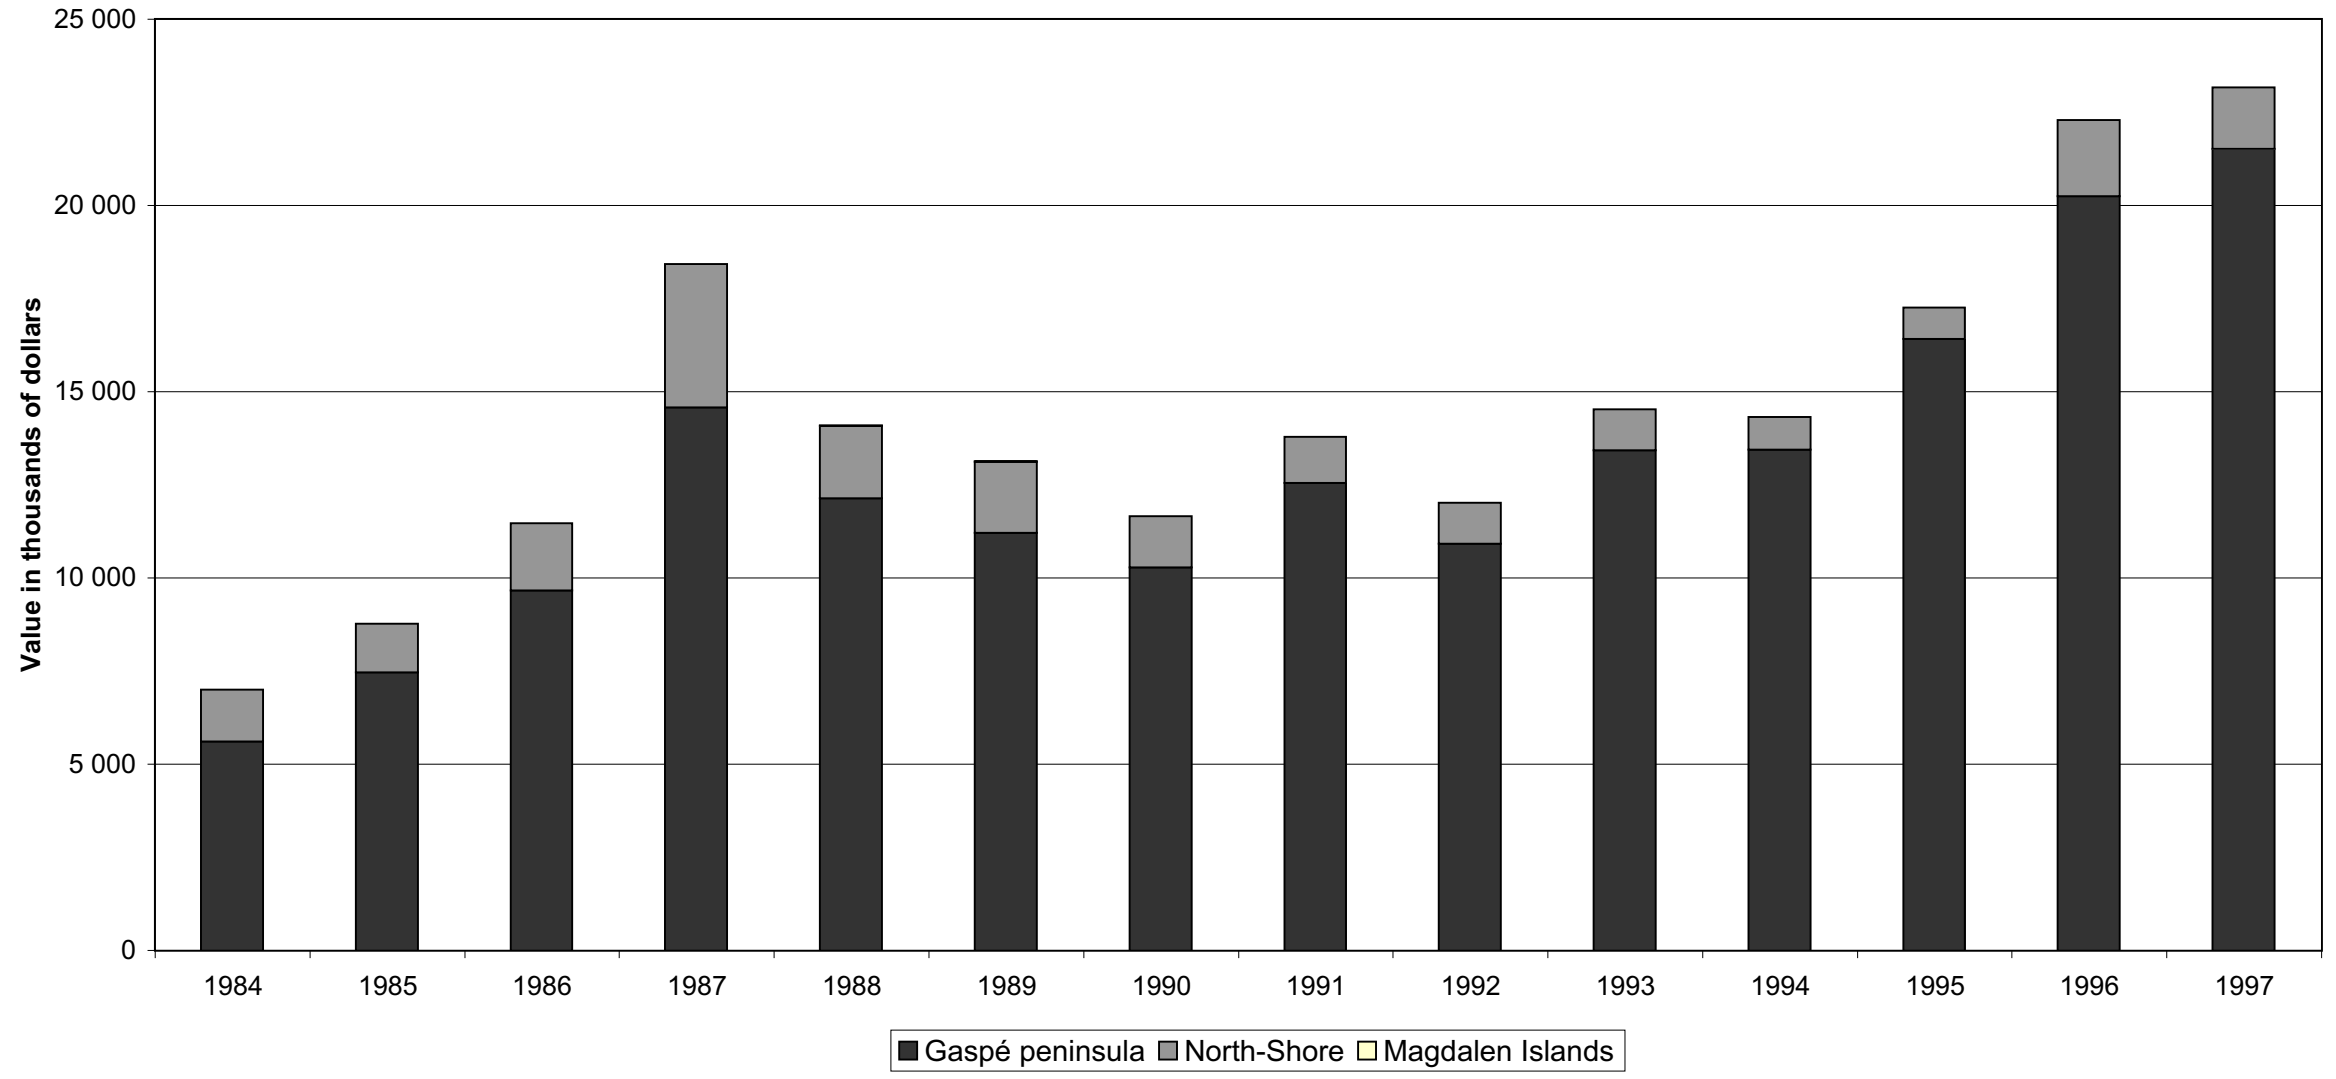

**Landings value of lobster per year by sector
compared to the total value of the specie landings**

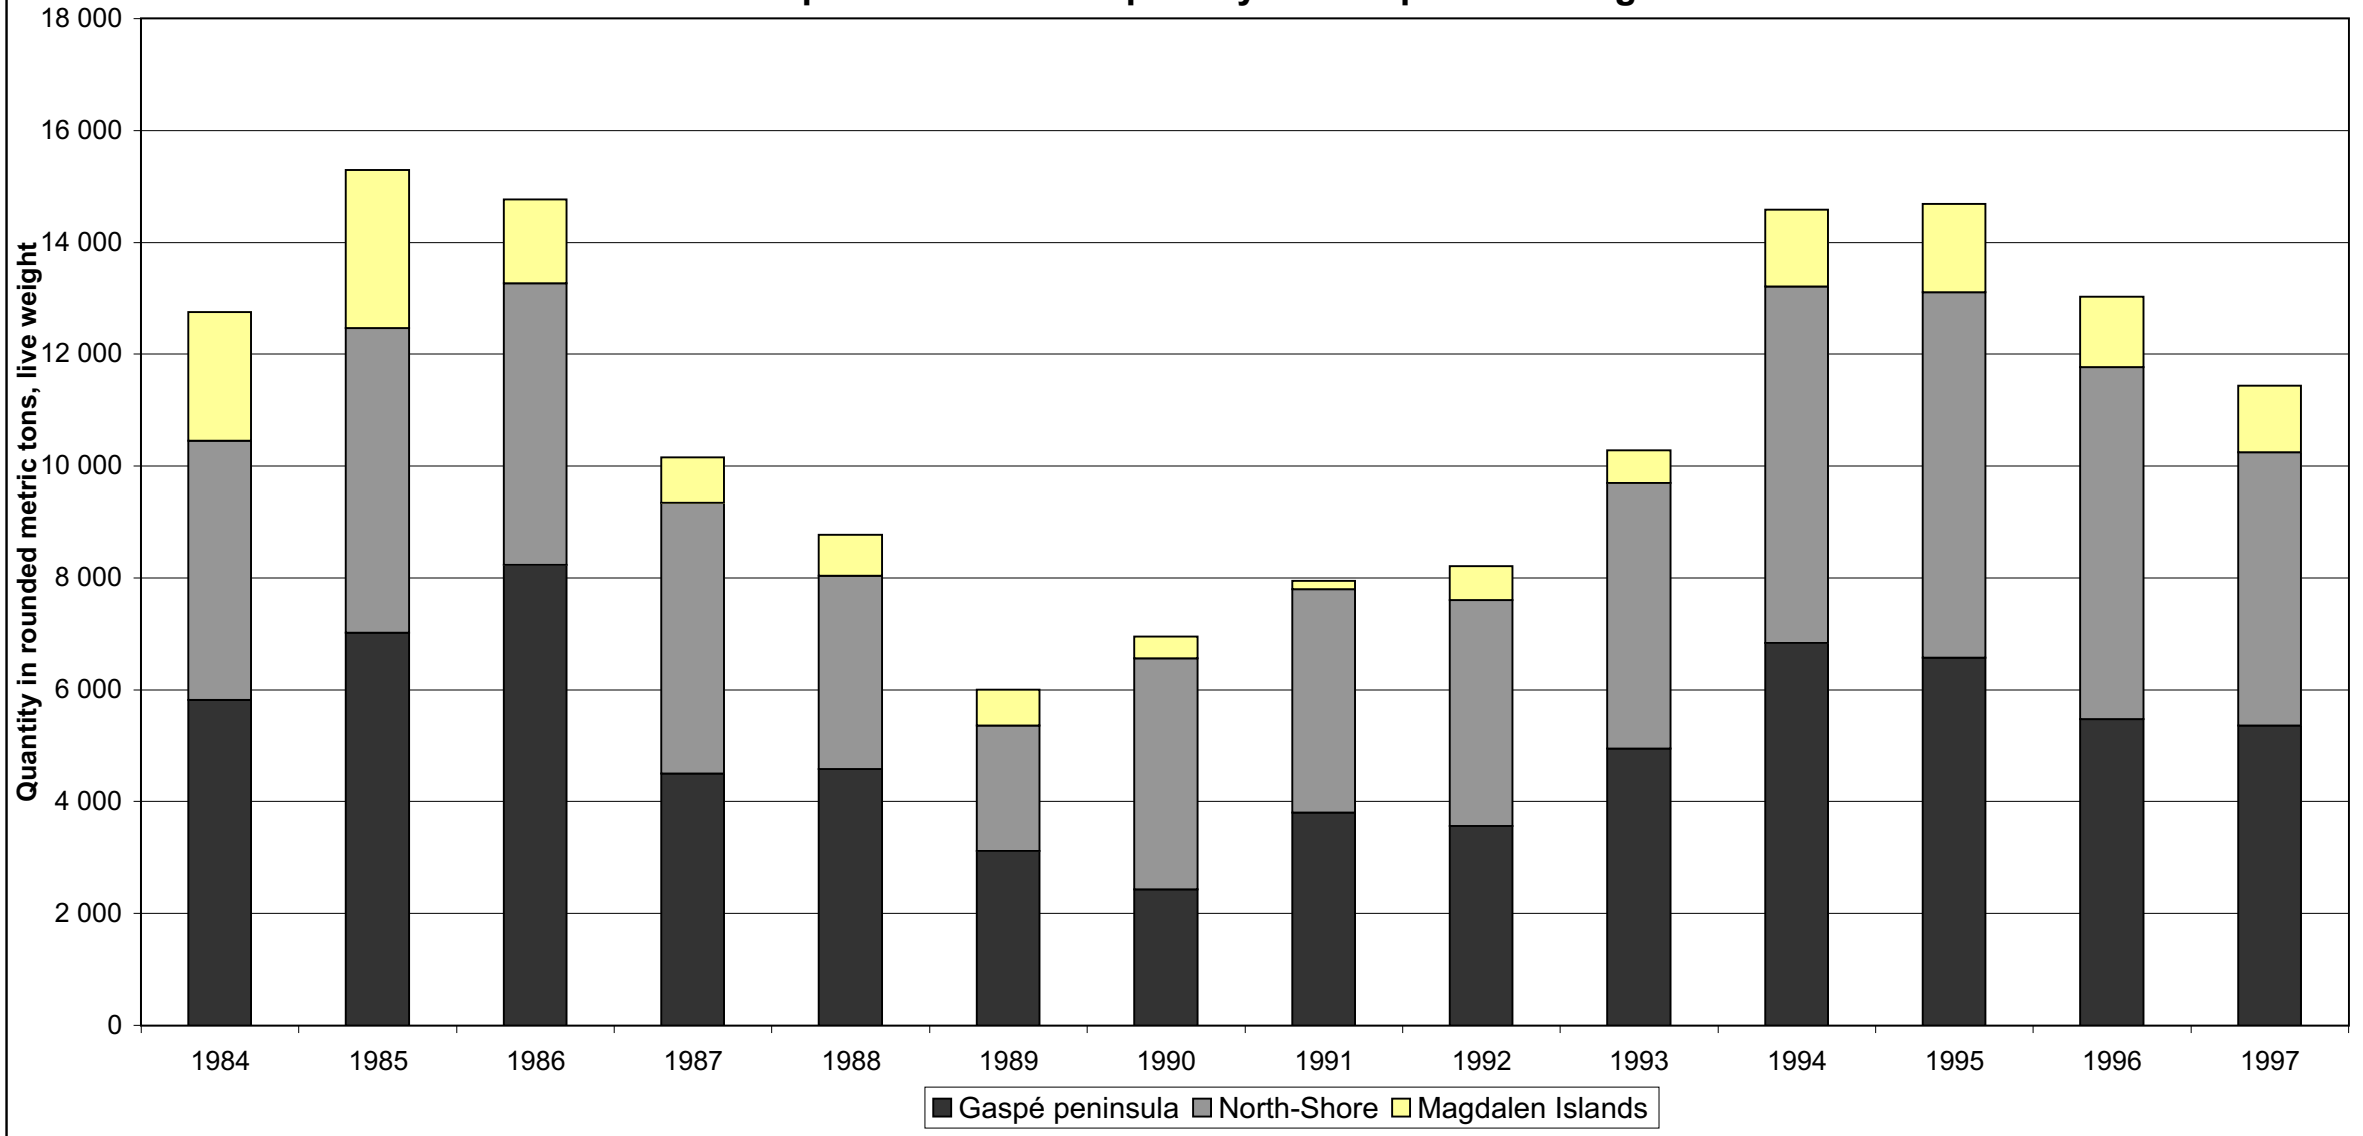

**Landings volume of shrimp per year by sector
compared to the total quantity of the specie landings**

**Landings value of shrimp per year by sector
compared to the total value of the specie landings**

**Landings volume of snow crab per year by sector
compared to the total quantity of the specie landings**

**Landings value of snow crab per year by sector
compared to the total value of the specie landings**
