INTRODUCTION

The National Clearinghouse on Family Violence, for the third time, has updated its listing of services for adult survivors of child sexual abuse. *Combining Voices: A Directory of Services for Adult Survivors of Child Sexual Abuse* contains 400 programs that are listed by province (from east to west coast) and alphabetically, by town or city, within each province/territory. The listing includes the specific program name, organization, address, telephone and facsimile numbers, e-mail address and some additional information. An explanation of the additional service codes are found on the following page.

In most instances, the administrative telephone number for the facility is listed. Dedicated crisis lines have been indicated as such. In some cases, a toll-free number is listed. With the exception of the 1-800 number for the National Clearinghouse on Family Violence, these toll-free numbers are accessible only within the local area code. When calling from outside the area code, dial 1-(area code)-(administrative number). Where appropriate, facsimile numbers and e-mail addresses have been provided.

The organizations listed in this directory provide services to adult survivors of child sexual abuse. These services range from group and individual counselling to crisis intervention and individual advocacy. The intent of this directory is to provide a listing of services for adults; however, organizations which provide services to children have been identified for your information.

INTRODUCTION

Le Centre national d'information sur la violence dans la famille a procédé à la troisième mise à jour de la publication *Voix en harmonie : Répertoire des services aux survivantes et survivants adultes de violence sexuelle à l'égard des enfants*, qui recense 400 programmes présentés par province (d'est en ouest) et ensuite alphabétiquement par localité ou ville à l'intérieur de chaque province ou territoire. La liste donne le nom précis du programme et de l'organisme, l'adresse, les numéros de téléphone et de télécopieur, l'adresse électronique ainsi que certains autres renseignements. On trouvera à la page suivante une explication des codes désignant les services additionnels.

C'est principalement le numéro de téléphone administratif de l'organisme qui figure dans la liste. Quant aux lignes de crise, elles sont identifiées comme telles. Le cas échéant, on trouve également un numéro sans frais. Mais à l'exception de celui du Centre national d'information sur la violence dans la famille, ces numéros 1-800 ne sont accessibles qu'à partir du même indicatif régional. Autrement, il faut faire le 1-(code régional)-(numéro administratif). Les numéros de télécopieur et courriel sont également indiqués lorsque nous les avons.

Les organismes recensés offrent donc des services aux adultes rescapés de la violence sexuelle à l'égard des enfants. La gamme est étendue : du counselling individuel et de groupe, aux interventions de crise, en passant par la représentation individuelle et la défense des droits des personnes. Le principal objet du répertoire est de recenser les services aux adultes. Mais lorsque l'organisme offre également des services aux enfants, le renseignement est donné.

The following definitions and codes are used to describe, in general, some specific information about the programs listed.

w = women: Services are provided to women.

m = men: Services are provided to men.

c = children: Services are provided to children, as well as adults.

nf = no fee: Services are provided free of charge. Check with the program as some have fees while others provided by the same organization may not.

f = fee: The service has a cost to it. In some cases an organization may have a program that does charge a fee and another that does not. Many services charge a fee on a sliding scale basis. These have been indicated where we have been given the information.

Les définitions et les codes suivants sont utilisés pour décrire les programmes et livrer des informations précises.

f = femmes : Services aux femmes.
