## Transfer payments

The following statement presents the total amount spent in 2003-2004 for each transfer payment. A transfer payment is a grant, contribution or other payment made by the Government for which no goods or services are received. This information is displayed by program under each ministry.

This statement also provides, for each class of recipients, a detailed listing, where applicable, of the payments (i.e. cash payments and accrued charges) aggregating to \$100,000 or over to a recipient (one individual or organization). This detail shows the name and location of the recipient, together with the total amount paid. In cases where certain organizations have more than one place of business, their Head Office location was used for reporting purposes. Amounts reported include both internal and external expenditures. Whereas external expenditures result from transactions between the Government and outside parties, internal expenditures result from transactions involving organizations that are part of the Government of Canada as a reporting entity.

Section 7 of Volume III of the 2003-2004 Public Accounts of Canada presents the total amount spent as transfer payments in the current fiscal year by department and agency under each ministry.

## Paiements de transfert

L'état suivant présente le montant total dépensé en 2003-2004 pour chaque paiement de transfert. Un paiement de transfert est une subvention, une contribution ou un autre paiement effectué par le gouvernement à l'égard duquel il ne reçoit ni produit, ni service en contrepartie. Ces renseignements sont présentés par programme sous chaque portefeuille ministériel.

L'état présente également, pour chaque catégorie de bénéficiaires, une liste détaillée, s'il y a lieu, des versements (c.-à-d. les paiements en espèces et les charges à payer) totalisant 100 000 \$ ou plus à un bénéficiaire (un particulier ou une organisation). Le détail comprend le nom et le lieu du bénéficiaire, ainsi que le montant total versé. Pour les organisations ayant plus d'une place d'affaires, la ville de leur siège social a été utilisée pour fins de compte rendu. Les montants présentés comprennent les dépenses découlant d'opérations internes et externes. Les dépenses découlant d'opérations externes impliquent le gouvernement et les tiers, tandis que les dépenses découlant d'opérations internes impliquent des organisations faisant partie du périmètre comptable du gouvernement du Canada.

La section 7 du volume III des Comptes publics du Canada de 2003-2004 présente le montant total dépensé en paiements de transfert au cours de l'exercice par ministère et organisme sous chaque portefeuille ministériel.

Effective July 1, 1994, the monthly rate per child is \$85. The legislation provides for annual escalation of the allowance in July of every year in accordance with increases in the Consumer Price Index in excess of 3 percent.

In 2003-2004, Finance Canada made payments of \$43.0 billion through the Canada Health and Social Transfer, the Health Reform Transfer, and other targeted federal transfers in support of health, including both cash and tax transfers. The amount of these cash and tax transfers in 2003-2004 is shown in the above table.

The Canada Health and Social Transfer (CHST) is a block-fund transfer to provinces and territories to provide financial support for the provision of health, post-secondary education, social assistance and social services, including early childhood development and early learning and childcare. The contributions are a combination of tax point and cash transfers.

As part of the 2003 Accord on Health Care Renewal, the Government of Canada provided a five-year, \$16 billion Health Reform Transfer (HRT) to help provinces and territories accelerate reform in priority areas identified by First Ministers under the 2003 Accord. In 2003-2004, provinces and territories received \$1 billion under the HRT.

The CHST and HRT entitlement totals \$43.0 billion in 2003-2004, which includes a tax contribution of \$16.7 billion representing the current value of a prescribed number of tax points (and the Fiscal Equalization associated with them), and a cash payment of \$26.3 billion. The equalization associated with the tax transfer is paid under the Fiscal Equalization Program administered by the Department of Finance.

The CHST cash portion of the contributions is subject to various provisions of the Federal-Provincial Fiscal Arrangements Act and the Canada Health Act. In order that a full cash contribution may be made, provinces must satisfy program criteria respecting public administration, comprehensiveness, universality, portability and accessibility throughout the fiscal year, and must agree to provide the Minister of Health with required information and must give recognition to the contributions and payments made by Canada under the Canada Health Act. Also, the Federal-Provincial Fiscal Arrangements Act requires provinces to provide social assistance without any minimum residency requirements on social assistance applicants. Under both Acts, a process for deductions from cash contributions is described for violations of the program criteria.

The Canada Health Act additionally requires that the provinces must not permit extra-billing by a medical practitioner or a dentist (for surgical dental services requiring hospitalization) nor user charges. Should a province fail to comply with these latter conditions, the Act provides for automatic deductions from cash contributions. Nova Scotia had deductions totalling \$7,119 during 2003-2004 for extra-billing. British Columbia paid a further \$126,775 due to prior year account reconciliation. Deductions for extra-billing are administered by the Department of Health Canada.

Les montants des transferts pécuniers et fiscaux en 2003-2004 sont présentés dans le tableau ci-dessus.

Le Transfert canadien en matière de santé et de programmes sociaux (TCSPS) est un transfert global aux provinces et aux territoires afin de les aider à financer les soins de santé, l'enseignement postsecondaire, l'assistance sociale et les services sociaux notamment le développement de la petite enfance, l'apprentissage des jeunes enfants et les services de garde à la petite enfance. Il prend la forme de points d'impôt et de transferts en espèces.

Dans le cadre de l'Accord de 2003 sur le renouvellement des soins de santé, le gouvernement du Canada a mis sur pied le Transfert visant la réforme des soins de santé (TRS), doté de 16 milliards de dollars sur cinq ans, pour aider les provinces et les territoires à accélérer les réformes dans les domaines jugés prioritaires par les premiers ministres dans ledit accord. En 2003-2004, les provinces et territoires ont reçus 1 milliard de dollars pour le TRS.

Le TCSPS et le TRS totalisent 43,0 milliards de dollars pour l'exercice 2003-2004, soit une contribution d'impôt de 16,7 milliards de dollars qui est égale à la valeur actuelle de points relatifs à l'impôt (et la péréquation fiscale qui y est associée) de même que des paiements en espèces de 26,3 milliards de dollars. La péréquation associée aux transferts fiscaux est payée en vertu du Programme de péréquation fiscale administré par le ministère des Finances.

La portion des contributions pécuniaires du TCSPS est assujettie aux provisions de la Loi canadienne sur la santé ainsi que de la Loi sur les arrangements fiscaux entre le gouvernement fédéral et les provinces. Pour que l'on puisse payer la pleine contribution pécuniaire, les provinces doivent satisfaire les critères des programmes de la gestion publique, d'intégralité, d'universalité, de transférabilité et d'accessibilité pendant toute l'année fiscale, et doivent accepter de fournir l'information requise par le ministre de la Santé et de reconnaître également des contributions et montants versés par le Canada en vertu de la Loi canadienne sur la santé. De plus, la Loi sur les arrangements fiscaux entre le gouvernement fédéral et les provinces exige les provinces d'offrir des services d'assistance sociale sans exiger de période de résidence minimale. Un processus pour toute déduction d'une contribution pécuniaire est décrit dans les deux lois pour toute violation des conditions d'octroi.

La Loi canadienne sur la santé exige en plus que les provinces ne permettent pas la surfacturation par un médecin ou par un dentiste (pour les services dentaires exigeant l'hospitalisation) ni de frais modérateurs. Si une province ne se conforme pas à ces conditions, des retenues seront effectuées automatiquement des contributions en vertu de la Loi. En 2003-2004, des retenues de 7 119 \$ ont été effectuées des contributions versées à Nouvelle-Écosse pour la surfacturation. Aussi, des retenues de 126 775 \$ ont été effectuées des contributions versées à Colombie-Britannique à cause de la réconciliation des exercices antérieurs. Les retenues provenant de la surfacturation sont administrés par Santé Canada.

Là où un couple marié est concerné, chacun est considéré afin d'avoir une demie de leur revenu combiné.

L'allocation est payable au conjoint ou au conjoint de fait d'un pensionné et aux conjoints veufs ou au conjoints de fait survivants âgés de 60 à 64 ans. Tous les bénéficiaires doivent remplir certaines conditions de résidence. L'admissibilité est fondée sur le revenu.
