Themes vs. Individual Images

I think the picture comes first. And then if I take enough pictures there will be themes. And then I will put pictures on the floor, and I will walk around and I'll play God (big or small "g") and I'll see this comes first, and then ah, here's my theme. So the picture comes first and then the theme. I don't go out and say well I'm going to do a theme on this or that. I just go individual pictures, which may or may not end up in the theme.
