BOX A – Calculation of qualified expenditures to be transferred for the taxation year of the transferor

- Transferor's SR&ED qualified expenditure pool at the end of the year, before reduction for the transfer of qualified expenditures 100
- Amount calculated in Box B below 102
- Maximum amount that may be transferred: the lesser of amount on line 100 or 102 104
- **Amount specified for the transfer:** You may transfer an amount up to the amount on line 104
Carry this amount over to line 107 on page 1 of this form. 106

BOX B – Calculation of line 102 amount

- Total amounts that, if the transferor were dealing at arm's length with the transferee, would be contract payments ("notional contract payments") for the performance of SR&ED for, or on behalf of, the transferee (note 1) 110 +
- Notional contract payments on line 110 that are not paid by the transferee on or before the day that is 180 days after the end of the taxation year of the transferor 112 –
- Maximum notional contract payments that may be transferred (line 110 minus line 112) 114 =

Calculate line 102 amount by using the formula:

Qualified expenditures incurred and paid (note 2) by the transferor in the year for the portion of the SR&ED performed at non-arm's length, that relate to the notional contract payment	+	Amounts transferred to the transferor for expenditures attributable to the SR&ED (note 3)	
<hr/>			X Maximum Notional Contract Payments (from line 114)
Total qualified expenditures incurred in the year by the transferor before applications of subsections 127(26) and 78(4) for unpaid amounts, that relate to the notional contract payment	+	Amounts transferred to the transferor for expenditures attributable to the SR&ED	

Enter the result on line 102 above.

Note 1

A contract payment includes an amount paid or payable to a taxpayer, by a taxable supplier in respect of the amount, for SR&ED to the extent that it is performed

- (i) for or on behalf of a person entitled to a deduction in respect of the amount because of subparagraph 37(1)(a)(i) or (i.1), **and**
- (ii) at a time when the taxpayer is dealing at arm's length with the person.

When calculating the amount of the notional contract payment, you should consider the possible application of subsection 18(9) to the SR&ED contract expenditure of the transferee. Where an expenditure relates to a contract for services to be performed and the services are not performed before the end of the transferee's taxation year, subsection 18(9) will apply to treat the expenditure of the transferee that is not deductible in the taxation year as not being made or incurred in the year but rather made or incurred in the taxation year in which the services are actually performed.

Note 2

The expenditures must be paid by the performer on or before the day that is 180 days after the end of the taxation year in which they are incurred. Do not include expenditures that are not paid within that time.

Note 3

This would be the case where the transferor has subcontracted all or a portion of the SR&ED to a non-arm's length subcontractor and the subcontractor transferred its qualified expenditures attributable to the SR&ED to the transferor.
