

Title	Investigators (Can.- Intl.)	CDN Institution	LMIC Institution	Countries of Research
Addressing the AIDS Orphan Crisis in Sub-Saharan Africa	J. Heymann, R. Moletsane	McGill University	University of KwaZulu-Natal	South Africa
Assisting Communities to Identify and Respond to Factors that Influence Socioeconomic Gradients in Developmental Health in Selected Areas of Rural Punjab	S. Dahintan, R. Dagar	University of British Columbia	Institute for Development and Communication	India
Building Applied Research Capacity (BARC) in Maternal-Child Health in Brazil	J.M. Morse, M. Angelo	University of Alberta	University of São Paulo	Brazil
Building Equitable Access to Health Care	S. Birch, D. McIntyre, H. Schneider	McMaster University	University of Cape Town University of Witwatersrand	South Africa
Building Equitable and Sustainable Health Systems in the Americas through Innovative Needs-Based Approaches for Health Human Resources Planning	G. Tomblin Murphy, F. de Campos	Dalhousie University	University of Brazil	Canada, Brazil, Peru, Jamaica
Community based prevention and treatment of malaria and HIV/AIDS: a program of research and capacity building in the Democratic Republic of Congo and Northern Uganda	E. Mills, B. Mihanda	University of Saskatchewan	University of Goma	Uganda and Democratic Republic of Congo
Developing and Evolving Veterinary Public Health Capacity in Low and Middle Income Countries in South and South East Asia: A Critical Need for Emerging Zoonotic Disease Preparedness	C. Stephen, S.L.A. Daniel	Malaspina University-College	Ministry of Estate Infrastructure and Livestock Development	South and South East Asia
Does an inter-sectoral systems approach to developing local health leadership in community-oriented primary care result in improved health indicators (UN-MDG goals 3,4,5 and 8)?	D. Guenter, R. S. Arciaga	McMaster University	Ateneo de Zamboanga University	Philippines
Environmental Health and Emergent Foodborne, Waterborne and Zoonotic Diseases in the Caribbean	E. Dewally, N. Badrie	Université Laval	University of the West Indies	Caribbean
Équipe de Recherche Interdisciplinaire sur la vulnérabilité et l'équité en santé en Afrique	S. Haddad, P. Fournier B. Baya	University of Montreal	Université de Ouagadougou	Burkina Faso, Mali, Sénégal, Bénin
Fela Kopano: a pragmatic randomised controlled trial of what protects young people in Gauteng from AIDS risks and how protective influences can be strengthened	C. Archibald, N. Andersson	Public Health Agency of Canada	CIET Trust	South Africa
HIV Prevention for Youth: Mobilizing Nigerian Schools and Communities	E. Maticka-Tyndale, A.G. Onokerhoraye, A. Esiet	University of Windsor	University of Benin Action Health Incorporated	Nigeria
Increasing Capacity to Achieve Millennium Development Goal # 6 in Honduras: Combating Infectious Diseases	A. L. Sanchez, L. de Madrid	Brock University	National Autonomous University of Honduras	Honduras
Lowering maternal and child mortality in remote aboriginal communities: a cluster randomised trial in Mexico	S.T. Gold, A. Villegas	CIET Canada / University of Ottawa	Universidad Autónoma de Guerrero	Mexico
Measurement & Determinants of Childhood Obesity: An INCLEN-McMaster University Collaborative Program in 30 Countries	S. Yusuf, N. Arora	McMaster University	INCLEN Trust	Canada, Brazil, Chile, Denmark, Egypt, South Africa, India (North and South), China (East and West) and Philippines
Mitigating the Impact of HIV/AIDS on Households in Rural Uganda	W. Kipp, J.K. Konde-Lule	University of Alberta	Makerere University	Uganda
Mobilising Health Knowledge and Technology in Latin America	R. Gold, M. Basso	McGill University	University of Sao Paolo	Brazil, Canada
Pediatric Pain Management in Urban and Rural Thailand	G. A. Finley, S. Thienthong	Dalhousie University	Khon Kaen University	Thailand
Peer Education Intervention to Promote Health Among Youth in Rural Mongolia, the Gobi Region	L.Laing, S. Dulamsuren	University of Alberta	Centre for Health Development	Mongolia
Poor land use and poor health: a project of sound land-use for small-scale farmers of the humid tropics to improve human health	M.M. Lucotte, M. Bursztyl	Université du Québec à Montréal	Universidade de Brasilia	Brazil
Prevention, Care and Support for Vulnerable Populations at Risk for HIV/STI in Shanghai, China	L. Calzavara, L. Y. Kang	University of Toronto	Shanghai Municipal Centre for Disease Control and Prevention	China
Promoting mental health and citizenship through the early prevention of violence in urban and rural Colombian children and youth: A multi-disciplinary collaboration	M. Ungar, J.C. Leblanc, L.F. Duque	Dalhousie University	University of Antioquia	Colombia
Reducing the mental health burden of violence, war and natural disasters	D. Pedersen, V. López	McGill University	Biomedicas y Psicosociales	Guatemala, Nepal, Peru, Sri Lanka
Research to Policy to Practice – a Collaborative Program for the Control of Mineral and Vitamin Deficiency Disorders in Pakistan	S. Zlotkin, Z. Bhutta	University of Toronto	Aga Khan University	Pakistan
Revitalising Health for All: Scaling Up/Learning from Comprehensive Primary Health Care Experiences	R. Labonte, D. Sanders	University of Ottawa	University of Western Cape	Canada, South Africa, East Africa, Mexico, India, Central America, Australia
Social Health Insurance in Colombia: Evaluation of Access, Equity, Financial Protection, Quality, and Health Outcomes	H. Djebbari, D. Pinto	Université Laval	Fedesarrollo	Colombia
Strengthening Nurses' Capacity in HIV Policy Development in sub-Saharan Africa and the Caribbean	N. Edwards, D. Kaseje, E. Kahwa	University of Ottawa	Tropical Institute of Community Health and Development in Africa, University of the West Indies	Kenya, Uganda, South Africa, Jamaica, Barbados
The Work-related mental Health problems in Chile: A Gender Perspective	K. Lippel, X. Diaz Berr	Université du Québec a Montreal	Women' Studies Center	Chile
Towards a national and provincial model for mental health and addiction capacity-building in primary care in Latin America: applying lessons from action research in Chile and Mexico	P. Diaz, J. Montero, C. Garcia-Andrade	University of Toronto	Pontificia Universidad Católica de Chile Instituto Nacional de Psiquiatría	Chile, Mexico
Treatment Adherence Support for HIV/AIDS (TASHA): a multi-site study of community-based, gender-sensitive interventions in Kenya, Rwanda and South Africa	B. Clow, K. Peltzer	Dalhousie University	Human Sciences Research Council (HSRC)	Kenya, Rwanda, South Africa
Unraveling the Emerging Childhood Obesity Epidemic in Mexico: The Nutrition Transition and the Double-Edged Sword	P. T. Katzmarzyk, J. López Taylor	Queen's University	Universidad de Guadalajara	Mexico
Urbanization and Tuberculosis: A Multi-Disciplinary Collaboration between Canada, Brazil and Ecuador	D. Menzies, A. Kritski, E. Romero	McGill University	Centro de Ciencias de Saude	Brazil, Ecuador
