- Reporting entity:** The Canadian corporation should provide a consolidated report including itself and all of its **Canadian** subsidiaries. An associate is a foreign company in which the reporting company owns between 10% and 50% of the voting rights.
- Long-term investment:** Include as long-term, all items intended or likely to remain outstanding for more than one year from the date incurred. If both receipt and payment transactions with a particular country occurred during the year, please report both rather than a net amount.
- Geographical detail:** Please use the enclosed coding list to identify the country. If a country is not identified on the list, please write the name in full. When geographical distribution is not available, please estimate. If there are any difficulties in reporting the geographical breakdown by country, specify individual countries only for those amounts greater than \$500,000, or attach a separate sheet.
- Selected income account transactions:** Report amounts directly remitted or charged to accounts, settled by issue of stock, notes, etc. to creditor, net of withholding tax. Commercial services include all commercial, financial, professional, technical, administrative or management services; including royalties, patents, copyrights, advertising, commissions, salaries, insurance premiums and claims, computer services, equipment rentals (except financial leases) and other such receipts from or payments to non-residents for services. Do not include merchandise imports and exports or freight and shipping transactions, as these transactions are being reported elsewhere.
