

**CONFIDENTIAL when completed** This survey is conducted under the authority of the Statistics Act, Revised Statutes of Canada, 1985, c. S-19. Completion of this questionnaire is a legal requirement under the Statistics Act.

The purpose of this survey is to obtain information on the crops you have seeded or intend to seed this year as well as hay and pasture land.

Statistics Canada is prohibited by law from publishing any statistics which would divulge information obtained from this survey that relates to any identifiable business, institution or individual without the previous written consent of that business, institution or individual. The data reported on this questionnaire will be treated in confidence, used for statistical purposes and published in aggregate form only. The confidentiality provisions of the Statistics Act are not affected by either the Access to Information Act or any other Legislation.

Review the information on the label. If any information is incorrect or missing, please make the necessary corrections in the boxes below.

# SECTION B

# **CORN FOR GRAIN AND SOYBEANS (continued)**

Definitions:	
<u>Transgenic</u> :	A plant or animal containing one or more new genes introduced by genetic engineering.
<u>Terminator gene</u> :	A gene that renders seeds sterile.
<u>Genetically modified seed</u> :	A seed whose genetic information has been recently altered by genetic engineering or mutagenesis.
Genetic engineering:	A technique involving the transfer of specific genetic information from one organism to another.
<u>Mutagenesis</u> :	A process by which the genetic information of an organism is changed in a stable, heritable manner, via the use of chemicals or radiation.
<u>Biotechnology</u> :	The application of science and engineering in the use of living organisms.
Other terms used for gene	tically modified seed:
<u>Soybeans</u> :	Roundup Ready
<u>Corn for Grain</u> :	Liberty Link, Roundup Ready, HTH, Bt Corn (YieldGard, KnockOut, NatureGuard, Xtra, StarLink and Herculey)

# 5. Of your \_\_\_\_\_\_ acres/hectares/arpents of Corn for Grain reported on page 3, how many are seeded or will be seeded with genetically modified seed? (Fixclud varieties produced by traditional cross-breeding techniques.)

# LAND BALANCE

#### Land for pasture or grazing:

All land which is being used for pasture, grazing, native pasture, native hay, rangeland and grazable bush used for the grazing or feeding of livestock.

**Exclude:** - Areas to be harvested as dry hay, silage or forage seed;

- Community pastures, co-operative grazing associations or grazing reserves.

If a field is used the same year for harvesting Tame Hay and as a pasture, count it only once as a Tame Hay field.

#### • Other Land:

SECTION D

- Area of farmstead: farm buildings, farmyard, home garden and roads;
- Idle land: improved land which was cropped, pastured or used for agricultural purposes last year, but is not being cropped this year;
- Fall crop area ploughed under but not reseeded;
- New broken land: land which has been cleared and prepared for cultivation but will not be cropped;
- Winterkilled land: winterkilled area from crops sown in the previous fall, which will not be reseeded or pastured to another crop;
- Wasteland, woodland, cut-over land, slough, swamp, marshland and irrigation ditches;
  Summerfallow land: land on which no crop will be grown during the year, but which may be cultivated or worked for weed control and/or moisture conservation, or it may simply be left to lay fallow in order to renew the soil;
- Chemfallow: summerfallow where herbicides are used without working the soil;
- Fruits and vegetables, mushrooms, maple trees, Christmas trees and sod.
