# **SECTION A**

# CORN FOR GRAIN AND SOYBEANS IN STORAGE

The following questions refer to grains in storage on your farm on August 31, 2006.

• Include:

- grains harvested in or prior to 2005;
- grains owned by someone else but stored on your farm;
- grains purchased for animal feed or seed.

- Exclude: brand name feeds that were purchased (feed rations);
  - grains that you own but are stored off your farm (e.g. elevator, another farm, storage ticket, condominium storage).

IMPORTANT: Any crops harvested as forage or green silage should not be included as "grains in storage".

1. Did you have any Corn for Grain or Soybeans in storage on your farm on August 31, 2006?

806

(GO TO SECTION B.)

In the table below, indicate the quantity in storage on your farm on August 31, 2006. 2.

_	01.	Quantity 'n	7	Unit of measure					
Crop	Code	storage	bu	mt	it	kg	lb	cwt	Other
a. Corn for Grain (include seed corn but exclude sweet corn)	516		1	2	• <sub>3</sub>	4	<b>5</b>	6	•

## **SECTION F**

## **LAND BALANCE**

### Land for pasture or grazing:

All land which is being used for pasture, grazing, native pasture, native hay, rangeland and grazable bush used for the grazing or feeding of livestock.

**Exclude:** - Areas to be harvested as dry hay, silage or forage seed;

- Community pastures, co-operative grazing associations or grazing reserves.

If a field is used the same year for harvesting Tame Hay and as a pasture, count it only once as a Tame Hay field.

#### Other Land:

- Area of farmstead: farm buildings, farmyard, home garden and roads;
- Idle land: improved land which was cropped, pastured or used for agricultural purposes last year, but is not being cropped this year;
- Fall crop area ploughed under but not reseeded;
- New broken land: land which has been cleared and prepared for cultivation but will not be cropped;
- Winterkilled land: winterkilled area from crops sown in the previous fall, which will not be reseeded or pastured to another crop;
- Wasteland, woodland, cut-over land, slough, swamp, marshland and irrigation ditches;
- Summerfallow land: land on which no crop will be grown during the year, but which may be cultivated or worked for weed control and/or moisture conservation, or it may simply be left to lay fallow in order to renew the soil;
- Chemfallow: summerfallow where herbicides are used without working the soil;
- Fruits and vegetables, mushrooms, maple trees, Christmas trees and sod.
