Survey of Intellectual Property Commercialization in the Higher Education Sector, 2001

Confidential when completed.

Collected under the authority of the Statistics Act, Revised Statutes of Canada, 1985, Chapter S19.

Si vous préférez ce questionnaire en français, veuillez nous appeler au (613) 951-2199.

In all correspondence concerning this questionnaire, please quote this three-digit reference number.

Important note to all hospitals and health research institutes: please review this page first. Addressed to:

Please correct the name and address if necessary.

Contact person:

Name _____ Title _____

Telephone (____) _____ E-mail _____

Please answer the following three basic questions :

1) Does this institution perform research and development (R&D)? Yes No

Note: For the purposes of this survey, R&D excludes clinical trials performed under contract for another organization/business, where the institution does not own or manage the drug patent or other intellectual property.

2) Is this institution affiliated with a university for teaching and/or research purposes? Yes No

If yes, which university? _____

3) Is this institution in the public sector (that is, not a private, non-profit organization)? Yes No

If you answered YES to all three questions:	You are asked to complete the enclosed 12-page questionnaire and mail back both parts in the reply envelope <u>by Oct. 31, 2001</u> . For further instructions regarding the 12 page questionnaire, please see over. →
If you answered NO to any of the three questions:	The 12-page questionnaire is not applicable to your institution. Please mail it back blank, along with this one completed page, in the reply envelope.

Further instructions regarding the 12 page questionnaire

At a minimum, all institutions should answer Part 1 - General Information. For example, all institutions should be able to answer the questions on intellectual property (IP) policies.

If researchers report IP to your institution, complete Part 2 as well.

If IP is managed (e.g., patented, licensed, commercialized) by your institution, complete Parts 3 to 6.

If IP developed at your institution is commercialized by a different institution (e.g., a university technology transfer office), indicate this in the "Comments" section (Question 6.2) and complete any relevant questions in Parts 3 to 6.

One of the objectives of this survey to provide information on the variety of technology transfer arrangements among hospitals and universities.
