Section: Introduction of the survey (FINT)

FINTSTART Start of Module FINT

FINTR01 This survey will collect information on the educational and work experiences of graduates who graduated during the calendar year 2000. The data will be used to study the relationship between education and labour market experiences and the exposure of graduates to additional learning opportunities. Your answers will be kept strictly confidential and used only for statistical purposes. While participation in the survey is voluntary, your answers are important and will be kept confidential under the Statistics Act.
