The purpose of this survey

Statistics Canada, in partnership with Natural Resources Canada, is conducting this survey to collect detailed information on the energy demand and consumption patterns of Canadian businesses, organizations and institutions. This questionnaire collects data on the types and quantities of energy (such as electricity, natural gas etc.) consumed by small, medium and large businesses and institutions in Canada. One of the principal goals of Natural Resources Canada is to continually improve energy efficiency in Canada through various measures. Improving energy efficiency reduces greenhouse gas emissions that contribute to climate change. Given the current energy situation, this survey will be used to assess how well Canada is fulfilling its commitment both to increasing energy efficiency and reducing greenhouse gas emissions.

Your participation is important

This survey is conducted under the authority of the Statistics Act, Revised Statutes of Canada, 1985, Chapter S19. Completion of this questionnaire is voluntary. However, your co-operation is essential to ensure the accuracy of the information collected.

10. For the 2005 calendar year, please indicate the total dollar amount spent on energy consumed by this organization (for space heating, space cooling, operating appliances, etc.). *If the exact figure is not known, please provide your best estimate.*

Electricity and Useful Thermal Energy (e.g. Steam) Generation • Electricity generation includes the production of electricity, at your building or complex, by use of a generator, solar panels, fuel cells, wind turbines, etc. • Useful Thermal Energy can include high pressure steam (greater than 30 psi), low pressure steam (less than 30 psi), high temperature water (greater than 80°C), and low temperature water (less than 80°C). Useful thermal energy can be used for heating or cooling. 11. Did this organization generate electricity or useful thermal energy (e.g. steam) in 2005? 0178 \rightarrow please complete the box below \Re Yes No Please provide the name and contact information of the person most knowledgeable about the generation of electricity or useful thermal energy at this organization. 0179 Name 0180 Title 0182 0181 Phone Number ext. 0183) Fax Number Note: If you completed questions 5 to 11 you do not need to complete the Third Party Energy Consumption Data Collection Release Form at the end (page 6) of the questionnaire. Third Party Energy Consumption Data Collection Release Form

Although your organization is not able to provide information on all of the types and quantities of energy it consumed in 2005, obtaining this information is important in order to have an accurate picture of the energy consumption of Canadian organizations, businesses and institutions. Therefore, Statistics Canada is requesting your authorization to contact the company or person named below (this may be a landlord, property manager or other knowledgeable contact), and obtain from them the information about your organization's energy consumption.

By completing this form you authorize Statistics Canada to contact the company or person named below and you also authorize that company or person to provide Statistics Canada with the information requested in questions 1 and 5 through 11 of this survey.

0194	Company Name of Landlord, Property Manager or Other Knowledgeable Contact
0195	Contact Name
0196	Address of Company (or person above)
0197	City Province Postal Code
0200	Area Code Telephone Number Extension
	This consent form covers the energy consumption related to:
0202	Name of Organization
0203	Contact Name
	Statistics Canada is also requesting your permission to combine the information from this questionnaire with the information provided by the contact you identified above. The two sources of information will provide a complete picture of your organization's energy consumption and will ensure that the survey results are representative of similar organizations with similar characteristics.
	The data provided by your contact will be added to the information you provided on your organization. It will be kept strictly confidential and will only be used for statistical purposes. The statistics produced and released from the Commercial and Institutional Consumption of Energy Survey 2005 will not contain any information that could identify you or your organization.
	I authorize Statistics Canada to combine the information about this organization's energy consumption with the information provided on the Commercial and Institutional Consumption of Energy Survey 2005.
