NEW PERIODICALS

Canadian Healthcare Technology e-News

Subscribe at: <http://www.inboxmarketer.com/canhealth/subscribe.asp>

Published by Jerry Zeidenberg, the e-newsletter aims to inform readers about new and noteworthy information technology implementations at healthcare sites across Canada. It also provides news and analysis of technologies, government initiatives and developments among private-sector producers of health-related information technology solutions.

E-Health Insider

Subscribe at: <http://www.e-health-insider.com/index.cfm>

The newsletter, published by E-Health Media, focuses on developments in the world of e-health and NHS IT. It aims to provide up-to-date news coverage of this fast moving sector to business, professional and consumer audiences and to help healthcare organisations to realize the full potential of electronic communications.

Health IT World

<http://www.health-itworld.com/emag/>

The magazine covers the latest developments in the healthcare technology market, explores potential technological solutions to specific health care issues and highlights health care

organizations as well as relevant American legislative and regulatory issues.

Health IT World News

Subscribe at: <http://www.health-itworld.com/subscribe/indexnew.html>

This newsletter summarizes and tracks new topics, ideas, technologies, products, regulations and industry developments related to healthcare management systems and outcomes-based medicine.

iHealthBeat

<http://www.ihealthbeat.org/>

Published for the California HealthCare Foundation by the Advisory Board Company, this news digest reports on the Internet's impact on health care by summarizing information found in newspapers, journals and trade publications.

Journal of Medical Systems

<http://www.kluweronline.com/issn/0148-5598/>

Published by Kluwer, the journal covers new and existing medical, health information and health information management systems and methods in a wide variety of health care settings and specialties.
