2002–2003 Estimates

Part I

The Government Expenditure Plan

Part I – The Government Expenditure Plan

The Expenditure Plan Overview

The Minister of Finance's Budget Plan of December 10, 2001 sets out the government's budgetary expenditure plan that amounts to \$172.9 billion. That plan includes \$136.6 billion of program spending, plus public debt charges of \$36.3 billion.

Main Estimates

The 2002–2003 Main Estimates present budgetary spending authorities totalling \$168.3 billion. This represents over 97 per cent of the expenditure plan in the Budget Plan. The Main Estimates differ from the expenditure plan presented in the Budget Plan in several ways:

- The Estimates do not include funds that are set aside in the expenditure plan for operating contingency purposes, or for new initiatives that either require Parliamentary approval through legislation, or require further planning and development before spending authority is sought from Parliament. The government will seek spending authority for such items either through separate legislation or through Supplementary Estimates over the course of the fiscal year.
- The expenditure plan in the Budget Plan includes provisions for the revaluation of the government's assets and liabilities. These are intended to account for changes in the value of existing loans and investments, as well as adjustments to liabilities with respect to accumulated employee severance and vacation benefits and certain other statutory programs. The Main Estimates do not include such provisions.
- The voted appropriations in the Estimates represent a legal limit on the amount that a department can spend. As a result, there is often a gap between that limit and the amount actually spent – that difference is known as a lapse of spending authority. These lapses occur for a variety of reasons, some unavoidable, such as weather-induced delays on a construction project or the late delivery of goods and services which had been ordered and others reflecting management decisions. The expenditure forecast in the Budget Plan takes this anticipated lapse into consideration.

Part I – The Government Expenditure Plan

Table 1
Budgetary Main Estimates by Type of Payment

2002–2003	(\$ millions)
Transfer Payments	
<i>Major transfers to other levels of government:</i>	
Fiscal Equalization	10,545
Canada Health and Social Transfers	18,600
Territorial governments	1,598
Alternative payments for standing programs	(2,522)
Youth Allowance Recovery and statutory subsidies	(526)
<i>Sub-total major transfers to other levels of government</i>	<u>27,695</u>
<i>Major transfers to persons:</i>	
Elderly Benefits	26,350
Employment Insurance	15,900
<i>Sub-total major transfers to persons</i>	<u>42,250</u>
<i>Other transfer payments and subsidies</i>	<u>20,255</u>
Total transfer payments	90,200
Payments to Crown corporations	4,698
Operating and capital	37,127
Public Debt Charges	36,300
<i>Total Budgetary Main Estimates</i>	<u>168,325</u>
Adjustments to reconcile to the Budget Plan	4,575
Total Budgetary Expenditure	172,900

Part I – The Government Expenditure Plan

Spending Authority

The Main Estimates present information on both budgetary and non-budgetary spending authorities. **Budgetary** expenditures include the cost of servicing the public debt; operating and capital expenditures; transfer payments to other levels of government, organizations or individuals; and payments to Crown corporations. **Non-budgetary** expenditures (loans, investments and advances) are outlays that represent changes in the composition of financial assets of the Government of Canada.

Budgetary Spending Authority

These Main Estimates support the government's request for Parliament's authority to spend \$56.3 billion under program authorities that require Parliament's annual approval of their spending limits. The remaining \$112.1 billion, or 67 per cent of the total, is statutory and the detailed forecasts are provided for information purposes only.

Non-budgetary Spending Authority

The 2002–2003 Main Estimates include a forecast increase in the value of loans, investments and advances of \$2,042 million. Voted non-budgetary spending authorities set out in these Estimates amount to \$80 million. The remaining \$1,962 million is pursuant to enabling legislation.

Table 2
Total Main Estimates

(\$ millions)	2002–2003		Total
	Budgetary	Non-budgetary	
Voted Appropriations	56,269	80	56,349
Statutory Authorities	112,056	1,962	114,018
Total Main Estimates	168,325	2,042	170,367

Note: **Voted** expenditures are those for which parliamentary authority is sought through an annual appropriation bill.

Statutory expenditures are those authorized by Parliament through enabling legislation.

A more detailed break-down of these authorities by department and agency is presented in Part II of the Main Estimates.

Introduction to Part II

Structure of the Main Estimates

The purpose of these Estimates is to present to Parliament information in support of budgetary and non-budgetary spending authorities that will be sought through Appropriation bills. These authorities are divided into two categories – Voted and Statutory. Voted authorities are those for which the government must seek Parliament's approval annually through an Appropriation Act. The wording and expenditure authority attributable to each vote appears in a Schedule attached to the Appropriation Act. Once approved the vote wording and approved amounts become the governing conditions under which these expenditures may be made. Individual expenditure proposals included in Votes seek authority to make expenditures necessary to deliver various mandates that are under the administration of a Minister and are contained in legislation approved by Parliament. Statutory authorities are those that Parliament has approved through other legislation that sets out both the purpose of the expenditures and the terms and conditions under which they may be made. Statutory spending is included in the Estimates for information only.

The basic structural units of **Part II** are the Votes and Statutory items that, in total, comprise the proposed expenditures under each departmental or agency program; a program being defined as a collection of activities having the same objective or set of objectives.

In general, the program and Vote structure correspond in that there is usually only one Vote for each program. The wording of a Vote and its amount are included in an Appropriation Act that provides the authority and the limit for payments to be charged against the Vote; it does not create a commitment to spend the entire amount. There are, however, certain exceptions to the normal Vote structure and these are discussed below.

The following kinds of Votes appear in Estimates.

- (a) *Program Expenditures Votes* – This type of Vote is used when there is no requirement for either a separate “capital expenditures” Vote or a “grants and contributions” Vote because neither equals or exceeds \$5 million. In this case, all program expenditures are charged to the one Vote.
- (b) *Operating Expenditures Votes* – This type of Vote is used when there is a requirement for either a capital expenditures Vote or a “grants and contributions” Vote or both; that is, when expenditures of either type equals or exceeds \$5 million. Where they do not, the appropriate expenditures are included in the “program expenditures” Vote.
- (c) *Capital Expenditures Votes* – This type of Vote is used when the capital expenditures in a program equal or exceed \$5 million. Expenditure items in a capital vote would include items expected to exceed \$10,000 for the acquisition of land, buildings and works (Standard Object 08), as well as the acquisition of machinery and equipment (Standard Object 09), or for purposes of constructing or creating assets, where a department expects to draw upon its own labour and materials, or employs consultants or other services or goods (Standard objects 01 to 09). Different threshold limits may be applied for different capital expenditure classes at the departmental level.
- (d) *Grants and Contributions Votes* – This type of Vote is used when the grants and contributions expenditures in a program equal or exceed \$5 million. It should be noted that the inclusion of a grant, contribution or other transfer payment item in Estimates imposes no requirement to make a payment, nor does it give a prospective recipient any right to the funds. It should also be noted that in the vote wording, the meaning of the word “contributions” is considered to include “other transfer payments” because of the similar characteristics of each.
- (e) *Non-Budgetary Votes* – This type of Vote, identified by the letter “L”, provides authority for spending in the form of loans or advances to, and investments in, Crown Corporations; and loans or advances for specific purposes to other governments, international organizations or persons or corporations in the private sector.

Introduction to Part II

- (f) *Special Votes: Crown Corporation Deficits and Separate Legal Entities* – The one Vote to one program concept does not apply where it is necessary to appropriate funds for a payment to a Crown corporation or for the expenditures of a legal entity where such expenditures are part of a larger program. Where this is the case, a separate Vote structure is established for each. A legal entity for these purposes is defined as a unit of government operating under an Act of Parliament and responsible directly to a Minister.
- (g) *Special Votes: Treasury Board Centrally Financed Votes* – To support the Treasury Board in performing its statutory responsibilities for managing the government’s financial, human and materiel resources, a number of special authorities are required and these are outlined below.
 - (i) Government Contingencies Vote – This Vote supplements other appropriations to provide the Government with the flexibility to meet unforeseen expenditures until Parliamentary approval can be obtained and to meet additional payroll costs such as severance pay and maternity benefits which are not provided for in departmental estimates.
 - (ii) Government Wide Initiatives Vote – This Vote supplements other appropriations in support of the implementation of strategic management initiatives in the public service of Canada.
 - (iii) Public Service Insurance Vote – This Vote provides for the payment of the employer’s share of health, income maintenance and life insurance premiums; for payments to or in respect of provincial health insurance plans; provincial payroll taxes; pension, benefit and insurance plans for employees engaged locally outside Canada; and to return to certain employees their share of the unemployment insurance premium reduction.

Presentation by Ministry, Department and Agency

The programs for the departments and agencies for which a Minister is responsible, or reports to Parliament, are grouped together to provide a total ministry presentation. The ministries are then arranged alphabetically to make up the complete Main Estimates. Ministries of State, which may be formed under authority of the *Government Organization Act, 1970*, involve a more restrictive meaning of the term Ministry than that used here. Ministries of State are treated as departments for presentation purposes in these Estimates.

Each ministry presentation begins with a Ministry Summary table that shows, by Vote or Statutory item, the amount included in the Main Estimates for all programs comprising that Ministry. Abbreviated wordings are used in this table.

All Estimates data shown for the previous year are taken from the Main Estimates of that year. This ensures that all financial information is displayed on a consistent year over year basis. Where necessary, adjustments are made to the previous year amounts to reflect changes in organizational or program structure including changes in ministerial responsibility, to provide a more relevant basis for comparison.

In general, the individual program presentation is made up of four sections, as explained below. Where a section is not appropriate to a particular program, it does not appear in the presentation for that program.

Objectives

This section provides a statement of the Objectives of each program.

Introduction to Part II

Business Line Description

This section serves to explain the program by describing the work done in each business line as it contributes to the achievement of the program objectives.

The Program by Business Line Table

This table shows the total financial resources proposed for the program. The amounts of Voted and statutory authorities are combined and distributed across the business lines of each program. Expenditures for each business line are presented under the headings of Operating, Capital, Transfer Payments (Grants and Contributions), and Loans, Investments and Advances. Revenues credited to the Vote, for those departments and agencies authorized to do so, and revenues associated with Revolving Funds are also included in this table.

Receipts credited to general non-tax revenue and services provided without charge by other government departments are shown in the **Report on Plans and Priorities**.

Transfer Payments

This table provides additional detail on the transfer payments proposed for the program. A transfer payment is a grant, contribution or other payment made for the purpose of furthering program objectives but for which no goods or services are received.

Grants, contributions and other transfer payments differ in several respects:

- i) contributions are conditional payments and subject to audit whereas grants are not;
- ii) contributions require an arrangement between the recipient and the donor identifying the terms and conditions governing their payment while grants do not;
- iii) other transfer payments are payments based on legislation or an arrangement which normally includes a formula or schedule of payments as one element used to determine the annual amount; and
- iv) the wording used in the Estimates to describe a grant has a legislative character, while that used for contributions and other transfer payments is informational.

Revolving Funds

A Revolving Fund is a continuing or non-lapsing authorization by Parliament to make payments out of the Consolidated Revenue Fund up to a stipulated limit. As part of this authorization, expenditure requirements are offset, to the extent possible, by revenues generated.

Revolving Funds may be used to finance programs, business lines within programs or parts of business lines. The Program by Business Line table(s) have appropriate footnotes which disclose the expected operating income or loss, relate that balance to the Estimates' cash requirement and make reference to the **Report on Plans and Priorities** for further information.

Introduction to Part II

Crown Corporations

The general principle followed in **Part II** of the Estimates is to provide information related to operations being funded through appropriations, rather than on the corporate financial plan in its entirety. The Summaries of corporate plans and budgets, tabled separately, are intended to be the source of more detailed information for the use of parliamentarians in their review of Crown corporations' spending.

All Crown corporations for which appropriations are being requested have a separate presentation consisting of three standard sections:

- (a) *Objective* – This section describes the objective of the Crown Corporation.
- (b) *Description of Funding through Appropriations* – This section outlines the major businesses and business lines for which funding through appropriations is needed. The section also describes major categories of expenses.
- (c) *Summary of Funding through Appropriations* – This table provides details of financial requirements to be met through appropriations. Formats may vary according to the circumstances of individual corporations and the form of disclosure adopted in their summaries of corporate plans and budgets and their annual financial statements. The presentation separates and identifies:
 - i) budgetary and non-budgetary funding according to the major business and business lines of the corporation;
 - ii) the amount of budgetary funding required for operating purposes, acquisition of fixed assets and other non-current assets; and
 - iii) the planned expenses, revenues and non-cash or other adjustments upon which the funding required for operating purposes is based.

Definitions of Standard Objects of Expenditure

To determine and report more accurately the impact of government revenues and expenditures on the rest of the economy, the net amount of government purchases and sales by standard object must be determined. All departments, including those that use revolving funds, must charge their expenditures for purchases from outside the government to standard objects 01 to 12. Standard objects are the highest levels of object classification used for Parliamentary and executive purposes, and are reported in the Estimates and the Public Accounts.

Budgetary estimates are distributed across the following Standard Objects of Expenditure:

1. Personnel
2. Transportation and Communications
3. Information
4. Professional and Special Services
5. Rentals
6. Purchased Repair and Maintenance
7. Utilities, Materials and Supplies
8. Acquisition of Land, Buildings, and Works
9. Acquisition of Machinery and Equipment
10. Transfer Payments
11. Public Debt Charges
12. Other Subsidies and Payments

Introduction to Part II

Information is also provided on Revenues credited to the vote. In certain specific situations, Parliament authorizes departments or agencies to spend revenues generated from their operations in the same manner as any funds appropriated through that Vote. These amounts offset planned expenditures shown in Standard Objects 1 through 12, which are shown on a gross basis.

A brief explanation of each Standard Object follows:

1. *Personnel*

Includes salaries and wages, overtime, severance pay, retroactive pay and other special pay of civilian continuing (full-time) or term (part-time, seasonal and casual) employees except those of agency and proprietary Crown Corporations, as well as members of the military and the RCMP. Also included are judges' salaries, those of the Governor General, the Lieutenant-Governors and the indemnities to Members of both Houses of Parliament, and all types of allowances paid to or in respect of continuing and term employees, such as Living, Terminable, Foreign Service, Isolated Post, and board and subsistence allowances, shift differential allowances for assistants, and other such allowances. In addition, it includes Ministers' Motor Car Allowances, and the Expense Allowances to Senators and Members of the House of Commons.

Also included in this group are the government's contribution to various employee benefit plans (the Public Service Superannuation Account, the Supplementary Retirement Benefits Account, the Canada Pension Plan Account, the Quebec Pension Plan, the Public Service Death Benefit Account and the Employment Insurance Account), the Royal Canadian Mounted Police Superannuation Account, the Canadian Forces Superannuation Account and the Members of Parliament Retiring Allowances Account; and Government's contribution to provincial and other medical and hospital insurance plans. Also includes supplementary personnel costs for various purposes.

2. *Transportation and Communications*

Includes travelling and transportation expenses of government employees, Members of the Defence Forces and the Royal Canadian Mounted Police, removal expenses of those persons and their dependants, and living and other expenses of such persons on travel status; judges' travelling expenses, and travelling expenses and allowances payable to Senators and Members of the House of Commons. Also includes transportation of persons by contract and chartered facilities or by other means, including travelling expenses of persons engaged in field survey work, inspections and investigations. Also includes travelling and transportation of non-Government employees such as travel costs of veterans who are applicants for treatment or pensions.

Includes ordinary postage, airmail, registered mail, parcel post special delivery mail, post office box rentals, and any other postal charges. Also includes the expenditures for transportation of goods other than initial delivery cost on a purchase (which is included in the Standard Object covering the cost of the purchase itself) including charges for courier services provided by outside carriers. Includes all costs of telecommunication services by telephone, telegram, cable, teletype, radio and wireless communication (tolls, rates, etc.) and other communication costs such as courier services provided by outside agencies and communication services performed under contract or agreement.

3. *Information*

This Standard Object contains three main categories of expenditures.

Advertising services

Includes advertising services acquired for publicity and general purposes from advertising agencies or directly for time on broadcast media or for space in print media or on outdoor posters or billboards. It includes advertising and creative work services such as graphic artwork.

Introduction to Part II

Publishing, printing and exposition services

Includes publishing services for commissioning, marketing, distribution and sales of publications sponsored by the department, and for the acquisition of related government publications. Also included are services for printing, duplicating, photocopying, text editing, design of graphics, art work, technical and advisory services such as computerized text processing and mass transmission of printed material. In addition, it includes exposition services such as exhibits and associated audio-visual services related to exhibitions and displays.

Public Relations and Public Affairs Services

Includes services for attitude surveys, sales promotion, marketing, export marketing, public relations and publicity. Also includes services for speech writing, press releases, briefing, press conferences and special events. Public Affairs Services for attitude surveys, opinion polls, service assessment survey, contracts to organize and operate focus groups and media monitoring services are also included here.

4. Professional and Special Services

Includes provision for all professional services performed by individuals or organizations such as payments in the nature of fees, commissions etc. for the services of accountants, lawyers, architects, engineers, scientific analysts, reporters, and translators; for teachers at various levels of educational institutions; for doctors, nurses and other medical personnel; for management, data processing and other research consultants; and for other outside technical, professional and other expert assistance.

Includes payments for hospital treatment, care of veterans and welfare services, payments for the provision of services at computer service bureaux, payment of tuition for Indians at non-federal schools, purchase of training services under the Adult Occupational Training Act, and payments made to the Public Service Commission for training.

Includes payments for Corps of Commissionaires services and for other operational and maintenance services performed under contracts, such as armoured cars, laundry and dry cleaning, cleaning of buildings, temporary help, hospitality, storage and warehousing, and other business services, as well as payments made to PWGSC for contract administration.

5. Rentals

Includes provision for rentals of all kinds: rental of properties required for special purposes by the various departments and for the accommodation of government offices and services by the Department of Public Works and Government Services; hire and charter – with or without crew – of vessels, aircraft, motor vehicles and other equipment; and rental of telecommunication and office equipment including computers. Storage and warehousing services is however in Standard Object 4 even though it involves the rental of space.

6. Purchased Repair and Maintenance

Provision is made in this Standard Object for the repair and upkeep under contract of the durable physical assets provided for in Standard Object 8 and of equipment provided for in Standard Object 9. Also included in this object are payments to the Department of Public Works and Government Services for tenant services. Materials, supplies and other charges entering into the cost of such repairs undertaken by a department directly are coded to other objects, according to the nature of the purchase.

Introduction to Part II

7. *Utilities, Materials and Supplies*

Included here is the provision for all payments for services of a type normally provided by a municipality, or public utility service such as the supply of water, electricity, gas, etc., and includes water, light, power and gas services, and payment for such services whether obtained from the municipality or elsewhere.

It also includes provision for materials and supplies required for normal operation and maintenance of government services such as gasoline and oil purchased in bulk; fuel for ships, planes, transport, heating, etc.; feed for livestock; food and other supplies for ships and other establishments; livestock purchased for ultimate consumption or resale; seed for farming operations; books and other publications purchased for outside distribution; uniforms and kits; photographs, maps and charts purchased for administrative and operational purposes; laboratory and scientific supplies, including samples for testing; drafting, blueprinting and artists' supplies; supplies for surveys, investigations, etc.; chemicals; hospital, surgical and medical supplies; works of art for exhibits, and historical material for galleries, museums and archives; char service supplies; coal and wood; electrical supplies; repair parts other than parts normally acquired with equipment at the time of purchase for aircraft, ships, road vehicles, and for communication and other equipment; and all other materials and supplies.

8. *Acquisition of Land, Buildings, and Works*

Includes provision for all expenditures for the acquisition of buildings, roads, irrigation works, canals, airports, wharves, bridges and other such types of fixed assets; improvements involving additions or changes of a structural nature, and for installing fixed equipment which is essentially a part of the work or structure such as elevators, heating and ventilating equipment, etc. It includes all reconstruction of such types of physical assets and such projects performed under contract or agreement. The purchase of land is also included. Expenditures pursuant to contracts for new construction for casual employees hired or continuing employees assigned to work full or part time on specified projects, travel, professional services, equipment rentals, equipment maintenance and of materials purchased directly for use on such projects are charged to the relevant Standard Objects (Standard Object 1 to 9).

9. *Acquisition of Machinery and Equipment*

Includes expenditures for the acquisition of all machinery, equipment, office furniture and furnishings, EDP and electronic or other office equipment; microfilming equipment and supplies, inter-office communication equipment, postal meter machines, machine records and all other office equipment; motor vehicles, aeroplanes, tractors, road equipment, telecommunications and related equipment, laboratory and other scientific equipment, vessels, icebreakers and other aids to navigation and all other types of light and heavy equipment; includes ammunition and various types of equipment for National Defence, such as ships, aircraft, mechanical equipment, fighting vehicles, weapons, engines and such spare parts and supplies as are normally acquired with that equipment at the time of purchase.

10. *Transfer Payments*

Transfer payments comprise grants, contributions, subsidies and all other transfer payments made by government for which no goods or services are received.

This category includes the major social assistance payments made to persons such as Old Age Security benefits and related allowances, Veterans' pensions and allowances; subsidies and payments to the provinces and territories under the Constitution Acts, the Federal-Provincial Fiscal Arrangements Act, the Canada Health and Social Transfer and for official languages; payments to Indians and Inuit in support of self-government initiatives, health, educational, social and community development programming and in respect of native claims; payments to the territorial governments pursuant to financing agreements entered into between the Minister of Finance and the respective territorial Minister of Finance; subsidies and capital assistance to industry; research grants and other assistance towards research carried on by non-governmental organizations; scholarships; sustaining grants to many national and international non-profit organizations;

Introduction to Part II

contributions to international organizations and assessments for membership in such organizations, such as the contribution to the International Food Aid Program and Canada's assessment for membership in the United Nations.

Most of the payments in this Object are identified in the Estimates Details as "Grants" or "Contributions". The former are not subject to audit and are therefore restricted by Parliament as to amount and recipient and often as to purpose; the latter are conditional and subject to audit and are not so restricted.

11. *Public Debt Charges*

Includes interest on the unmatured debt of Canada (including Treasury Bills) and on other liabilities such as trust and other special funds. It also includes cost of issuing new loans, amortisation of bond discount, premiums and commissions, and the costs of servicing and administering the Public Debt.

12. *Other Subsidies and Payments*

Includes payments to Crown and some other government corporations or organizations, and to certain non-budgetary accounts, as well as the write-offs of various types of losses, the annual adjustment of reserves for financial claims and some other miscellaneous items referred to as "Sundries". Payments made to Crown corporations include those made to provide for operating deficits as well as other transfers paid to Crown corporations; payments to other government controlled corporations or organizations include those made to entities such as the National Arts Centre. Payments made to non-budgetary accounts include the government contributions to agricultural commodities stabilization accounts as well as benefits under the *Veterans Land Act*.

Miscellaneous expenditures includes licences, permits and payments for dockage, towage, wharfage and mooring privileges; bonding of government employees, loss of personal effects, and expenditures for small miscellaneous articles and services. Also included are many small items and services that do not lend themselves to identification under specific headings detailed in this summary.

Revenues Credited to the Vote

Revenues that are credited to the Vote in accordance with parliamentary authority include a combination of revenues from external and internal sources. Revenues from external sources include: rentals received on government-owned buildings and equipment; receipts from the provision of police services to other levels of government; receipts of revolving funds as a result of transactions with parties outside the government; as well as recoveries of costs from provincial governments and other national governments. Revenues from internal sources include recoveries of costs of goods or services provided by one organization to another and the proceeds of sales by revolving funds to parties internal to government.

Summary Tables

There are four government-wide summary tables.

- (1) *General Summary* – The first table identifies budgetary and non-budgetary Main Estimates by department and agency and by type of Parliamentary authority (annually voted or statutory). Budgetary expenditures encompass the cost of servicing the public debt; operating and capital expenditures; transfer payments and subsidies to other levels of government, organizations and individuals; and payments to Crown corporations and separate legal entities. Non-budgetary expenditures (loans, investments and advances) are outlays that represent changes in the composition of the financial assets of the Government of Canada.

This table also includes the forecast of total expenditures associated with Consolidated Specified Purpose Accounts. The transactions associated with these accounts are reported as part of budgetary expenditures in the Public Accounts of Canada and forecast expenditures are included in the Minister of Finance's December 2001 Budget. While there are in excess of 30 Consolidated Specified Purpose Accounts in the Accounts of Canada, the Employment Insurance Account accounts for almost the total value of the consolidation entry. A complete listing of these accounts and a summary of the transactions associated with each may be found in the Public Accounts of Canada.

- (2) *Budgetary Main Estimates by Standard Object of Expenditure* – The second table shows the forecast of total expenditures by Standard Object, which includes the types of goods or services to be acquired, or the transfer payments to be made and the revenues to be credited to the vote. Definitions of the Standard Objects follow the table.
- (3) *Items for inclusion in the Appropriation Bill* – The third table shows the Vote number, wording and Main Estimates amounts for all Votes that will be proposed to Parliament for approval.
- (4) *Statutory Items in Main Estimates* – The fourth table provides the current expenditure forecast for each statutory authority within a program, for which a financial requirement has been identified.

General Summary

Section	Department or agency	2002–2003 Main Estimates		
		Budgetary		Total
		Under authorities to be voted	Under previous authorities (statutory)

Changes in 2002–2003 Main Estimates

The purpose of this section is two-fold. As in previous years, it will describe changes to Government Organization and Structure, changes in Authorities (Votes), and Changes in Presentation (Program Structure, Objectives, Business Line Descriptions) and other presentations in order to permit the reconciliation of the 2002–2003 Main Estimates with the 2001–2002 Main Estimates. In addition, this section will detail those Votes that contain specific authority that differ from that included in the previous year's Main Estimates as well as new expenditure authorities appearing for the first time. In light of the House of Commons Speaker's rulings in 1981, the government has made a commitment that the only legislation that will be amended through the Estimates process, other than cases specifically authorized by Statute, will be previous Appropriation Acts.

Changes to Government Organization and Structure:

General – During 2001-2002 pursuant to the *Public Service Rearrangement and Transfer of Duties Act*, the Government announced a series of reorganizations to the structure of certain Ministries within the 2001-2002 Main Estimates. This reorganization results in the following changes to the 2002-2003 Main Estimates: A new organization named the **Office of Infrastructure and Crown Corporations** has been created within the Privy Council Ministry consisting of elements (National Infrastructure Office and Crown Corporations Policy Division) transferred from the Treasury Board Secretariat. Responsibilities for the **Canada Lands Corporation**, the **Royal Mint**, **Canada Mortgage and Housing Corporation** and **Canada Post Corporation** have been transferred from Public Works and Government Services Canada to the Privy Council Ministry.

Foreign Affairs and International Trade – Export Development Canada – The Act to amend the *Export Development Act* and to make consequential amendments to other Acts, Bill C-31, was proclaimed in force on December 21, 2001. Among other things, the Act changed the English name of Export Development Corporation to Export Development Canada.

Privy Council – Millennium Bureau – This organization no longer exists and will not be shown in the 2002–2003 Main Estimates.

Privy Council – Office of Indian Residential Schools Resolution of Canada – This is a new agency created by Order-In-Council within the Privy Council Portfolio on June 4, 2001.

Privy Council – The Leadership Network – This organization no longer exists and will not be shown in the 2002–2003 Main Estimates. Its functions have been transferred to the Treasury Board Secretariat.

Public Works and Government Services – Communication Canada – This agency was previously known as the Canada Information Office.

Changes in Authorities (Votes):

Agriculture and Agri-Food – Department – The department has added a new Vote 20 as follows: “Pursuant to Section 29 of the *Financial Administration Act*, to authorize the Minister of Agriculture and Agri-Food, on behalf of her Majesty in Right of Canada, in accordance with terms and conditions approved by the Minister of Finance, to guarantee payments of amounts not exceeding, at any time in aggregate, the sum of \$140,000,000 payable in respect of Line of Credit Agreements to be entered into by the Farm Credit Corporation for the purpose of the renewed (2001) National Biomass Ethanol Program”.

Canadian Heritage – Parks Canada Agency – The two statutory items “Parks Canada Agency Enterprise Units Revolving Fund” and “Parks Canada Agency Townsites Revolving Fund” have been deleted since there is no funding requirement in the 2002–2003 Main Estimates.

Changes in 2002–2003 Main Estimates

Citizenship and Immigration – Department – The level of capital expenditures for this organization has fallen below the threshold level of five million dollars; therefore there is no requirement for a separate capital vote in the 2002–2003 Main Estimates.

Finance – Department – The wording for the statutory, non-budgetary item “Issuance of demand notes to the European Bank for Reconstruction and Development – Capital Subscriptions” is changed as follows: “Issuance of non-interest bearing, non-negotiable demand notes ... not exceeding US\$7,287,199... equivalent in Canadian dollars estimated at \$11,441,000 on September 24, 2001 ...”.

The wording for the statutory, non-budgetary item “Issuance of demand notes and Payments to the European Bank for Reconstruction and Development – Capital Subscriptions” is changed to read: “Payments and encashment of notes issued to the European Bank for Reconstruction and Development pursuant to s.6 (2) of the *European Bank for Reconstruction and Development Act* – Capital Subscriptions”. In addition, the descriptor has been changed to read “Payments and encashment of notes issued to the European Bank for Reconstruction and Development – Capital Subscriptions”.

Foreign Affairs and International Trade – Department – The vote wording for Vote 10 is changed as follows: “...estimated as of October 21, which is ...”.

Foreign Affairs and International Trade – Canadian International Development Agency – The vote wording for L30 is changed to read “... not to exceed \$ 178,200,000...”. In addition, the vote descriptor has been changed to read “Issuance and payment of notes to the International Financial Institution Fund Accounts”.

The vote wording for L35 is changed to read “...estimated at \$ 4,440,000 on September 21, 2001, in accordance with the *International Development (Financial Institutions) Assistance Act*, for the purpose of capital subscriptions in International Financial Institutions”. In addition, the vote descriptor has been changed to read “Payment of notes to International Financial Institutions – Capital Subscriptions”.

Indian Affairs and Northern Development – Department – The loan vote “Loans to Council of Yukon First Nations for Interim Benefits to the Yukon Elders” has been deleted since there is no funding requirement in the 2002–2003 Main Estimates.

Industry – Department – The vote wording for Vote 1 is changed to read “... received during the fiscal year related to Communications Research, Bankruptcy and Corporations and from services and regulatory processes ...”.

Industry – Statistics Canada – The vote wording for Vote 115 is changed to read “Program expenditures, contributions and authority to expend revenue received during the fiscal year”.

Justice – Commissioner for Federal Judicial Affairs – The statutory grant payments related to Lump sum payments and Annuities under the *Judges Act* has been deleted. Instead, the payment will be reflected in the statutory appropriation dealing with Judges’ salaries, allowances and annuities.

Justice – Supreme Court of Canada – The statutory grant payment related to Annuities under the *Judges Act* has been deleted. Instead, the payment will be reflected in the statutory appropriation dealing with Judges’ salaries, allowances and annuities.

National Defence – Department – The amount of commitment authority for National Defence Votes 1, 5 and 10 has been increased from \$15,975,928,588 to \$19,163,551,203 of which \$7,795,000,000 will come due in future years.

Parliament – Senate – The statutory item “Officers and Members of the Senate” has been reworded as follows: “Salaries, allowances and other payments to the Speaker of the Senate, Members and other officers of the Senate under the *Parliament of Canada Act*; contributions to the Members of Parliament Retiring Allowances Account, and Members of Parliament Retirement Compensation Arrangements Account”.

Changes in 2002–2003 Main Estimates

Privy Council – Office of Indian Residential Schools Resolution of Canada – This is a new agency created within the Privy Council Portfolio with the following vote wording “Program Expenditures, the grants listed in the Estimates and contributions”.

Privy Council – Office of Infrastructure and Crown Corporations of Canada – Two new votes are required for this new agency created within the Privy Council Portfolio. An “Operating expenditures” vote, and a “Contributions” vote, as well as a statutory item for “Contributions to employee benefit plans”. In addition, a vote has been created for the Old Port of Montreal as follows: “Payments to Old Port of Montreal Inc. for operating and capital expenditures”.

Public Works and Government Services – Department – The level of grants and contributions expenditures for the Government Services Program has risen above the threshold level of five million dollars; therefore there is a requirement for a separate grants and contributions vote in the 2002–2003 Main Estimates. The wording for the statutory item, “Payments of grants to municipalities and other taxing authorities” in the Government Services Program has been changed to “Payments in lieu of taxes to municipalities and other taxing authorities”.

Solicitor General – Royal Canadian Mounted Police – Three new statutory items have been added as follows: “Pensions under the *Royal Canadian Mounted Police Pension Continuation Act*”, “To compensate members of the Royal Canadian Mounted Police for injuries received in the performance of duty”, and “Pensions to families of members of the Royal Canadian Mounted Police who have lost their lives while on duty”. These items were originally contained in the statutory item “Pensions and other employee benefits – Members of the Force” and are now being displayed separately to enhance disclosure.

Transport – Department – The vote wording for Vote 15, “Payments to the Jacques Cartier and Champlain Bridges Inc.,” has been modified by the addition of the phrase “..., a portion of the Bonaventure Autoroute, the Pont-Champlain Jetty, ”.

Treasury Board – Secretariat – The vote wording for Vote 2 has been changed to read “Contributions”. The vote wording for Vote 10 is changed to read: “Subject to the approval of the Treasury Board, to supplement other appropriations in support on the implementation of strategic management initiatives in the public service of Canada”. The vote wording for Vote 20, “Public Service Insurance” has been modified by the deletion of the phrase “The grants listed in the Estimates and payments...” and replaced by the word “Payments”.

Veterans Affairs – Department – The level of capital expenditures for this organization has risen above the threshold level of five million dollars; therefore there is a requirement for a separate capital vote in the 2002–2003 Main Estimates.

Changes in Presentation (Program Structure, Objectives, Business Line Descriptions):

Agriculture and Agri-Food – Department – Significant changes have been made to the program structure by replacing the current four business lines with three new business lines entitled “Security of the Food System”, “Health of the Environment” and “Innovation for Growth”. In addition, the current program objective has been replaced with “To provide information, research and technology, and policies and programs to achieve an innovative and competitive agricultural and agri-food sector”.

Agriculture and Agri-Food – Canadian Dairy Commission – The Description of Funding Through Appropriations has been changed to read “... the Commission administers the Special Milk Class Permit and Pooling System”.

Agriculture and Agri-Food – Canadian Grain Commission – A total drawdown of \$2,000,000 for the Canadian Grain Commission Revolving Fund will become effective March 31, 2002.

Canadian Heritage – Canadian Museum of Nature – Minor changes have been made to the wording of the “Corporate Services” and “Governance” business line descriptions in order to enhance clarity and understanding.

Changes in 2002–2003 Main Estimates

Canadian Heritage – National Film Board – A total drawdown of \$15,000,000 for the National Film Board Revolving Fund will become effective March 31, 2002.

Canadian Heritage – Public Service Commission – Minor changes have been made to the wording of the “Learning” and “Policy, Research and Outreach” business line descriptions in order to enhance clarity and understanding. A total drawdown of \$2,000,000 for the Staff Development and Training Revolving Fund will become effective March 31, 2002.

Citizenship and Immigration – Immigration Refugee Board – Major changes have been made to the “Refugee Determination”, “Immigration Appeals” and the “Corporate Management and Services” business line descriptions.

Foreign Affairs and International Trade – Export Development Canada – Minor changes have been made to the “Description of Funding Through Appropriations” to reflect the change in name.

Foreign Affairs and International Trade – International Development Research Centre – Further details have been provided under the business line “Development Research Programs” regarding the “Institute for Connectivity in the Americas”.

Finance – Department – Minor changes have been made to the wording of the “Policies and Advice” business line description regarding Financial Sector Policy, and Economic Development and Corporate Finance in order to enhance clarity and understanding.

Health – Canadian Institutes of Health Research – The previous business line “Creation and exchange of new health knowledge in support of the objective of CIHR” has been renamed “Creation and translation of new knowledge for improving health”. Changes have also been made in the wording of the business line description to ensure consistency and enhance clarity and understanding.

Industry – Department – A total drawdown of \$5,000,000 for the Canadian Intellectual Property Office Revolving Fund will become effective March 31, 2002.

Industry – Enterprise Cape Breton Corporation – The wording of the business line has been modified by the removal of the phrase “... assistance to student employment and training” and the word “municipalities”.

National Defence – Department – Significant changes have been made to the program structure by replacing the current eight business lines with five new business lines entitled “Command and Control”, “Conduct Operations”, “Sustain Forces”, “Generate Forces” and “Corporate Policy and Strategy”. In addition, the current program objective has been replaced with “To defend Canada and Canadian interests and values while contributing to international peace and security”.

Natural Resources – Department – Minor changes have been made to the French business line descriptions in order to enhance clarity and understanding. A total drawdown of \$5,000,000 for the Geomatics Canada Revolving Fund will become effective March 31, 2002.

Natural Resources – Cape Breton Development Corporation – The current program objective has been re-written as follows: “To administer and fund the closure of mining operations and related workforce reduction programs”. In addition, the Description of Funding Through Appropriations has been re-written to reflect the changed program objective.

Privy Council – Canada Mortgage and Housing Corporation (formerly part of Public Works and Government Services) – Significant changes have been made to the program structure by re-writing the current business line description in order to enhance clarity and understanding. In addition, the current program objective has been replaced with “To improve housing choice and affordability for Canadians; to improve housing and living conditions for Canadians; to support market competitiveness, job creation and housing sector well-being; and to be a progressive and responsive organization”.

Changes in 2002–2003 Main Estimates

Privy Council – Commissioner of Official Languages – Changes have been made in the wording of the Program Objective as well as the business line titles and descriptions in order to enhance clarity and understanding.

Privy Council – Office of Indian Residential Schools Resolution of Canada – This is a new agency created within the Privy Council Portfolio. It has one business line entitled “Office of Indian Residential Schools Resolution of Canada”. Its program objective is as follows: “Management of the Indian Residential Schools Resolution Claims Inventory.”

Privy Council – Office of Infrastructure and Crown Corporations of Canada – This is a new agency created within the Privy Council Portfolio. It has three business lines entitled “Infrastructure Investments” and “Crown Corporations Policy and Information” and “Crown Corporation Portfolio Management”. Its program objective is as follows: “... to provide strategic advice and policy direction for Crown Corporations and for physical infrastructure investments that enhance the quality of Canada’s environment, support long-term economic growth or improve community infrastructure”.

Public Works and Government Services – Department – Significant changes have been made to the *Government Services* program structure by removing the business line “Communications Coordination Services” and transferring the attendant responsibilities to *Communication Canada*. One of the business lines has been renamed “Telecommunications and Informatics Common Services” and all of the business line descriptions have been re-written in order to enhance clarity and understanding. In addition, the current program objective has been replaced with “The Government Services Program provides a wide range of services to assist client departments and agencies to achieve their objectives; the Government Services Program also provides the best value for government, within the context of public policy and with due respect for the values of prudence, probity and transparency”.

The total drawdowns for the following revolving funds within Public Works and Government Services will become effective March 31, 2002:

- Translation Bureau – \$10,000,000;
- Consulting and Audit Canada – \$20,000,000
- Telecommunications and Informatics Common Services – \$20,000,000
- Optional Services – \$35,000,000
- Real Property Services – \$150,000,000

Public Works and Government Services – Communication Canada – Significant changes have been made to the program structure. The business line has been renamed “Corporate Communications” and its description had been re-written to more closely reflect the agency’s changed responsibilities. In addition, the current program objective has been replaced with “The objective of Communication Canada is to provide Government of Canada services and communications products to citizens, and effective communications support to client departments and central agencies. Communication Canada takes a corporate approach to communications and service delivery, using technology and research on citizens’ needs to respond to their desire for information. Its activities are on behalf and for the Government of Canada as a whole. This corporate perspective complements and provides context and support for services and communications delivered by individual departments and agencies”.

Solicitor General – Correctional Service – A total drawdown of \$5,000,000 for the CORCAN Revolving Fund will become effective March 31, 2002.

Transport – Department – The current program objective has been re-written as follows: “Ensure high standards for a safe and secure transportation system”, “Contribute to Canada’s economic growth and social development” and “Protect the physical environment”.

Changes in 2002–2003 Main Estimates

Treasury Board – Secretariat – Changes have been made to the program structure as a result of the transfer of the National Infrastructure Office and Crown Corporations Policy Division to the Privy Council Ministry. “Payments to dependent Crown corporations” has been removed from the business line “Expenditure Management and Planning”. Also, the “Special Projects/Infrastructure” business line has been deleted.

Veterans Affairs – Department – Minor changes have been made in the “Corporate Administration” business line description in order to enhance clarity and understanding.

Agriculture and Agri-Food Department

Objectives

To provide information, research and technology, and policies and programs to achieve an innovative and competitive agricultural and agri-food sector.

Business Line Descriptions

Security of the Food System

AAFC is working to make Canada the world leader in producing, processing and distributing safe and reliable food to meet the needs and preferences of consumers. The department is working towards this objective by:

- strengthening the competitiveness of the sector by working with partners to better manage risks through the development and promotion of improved safety nets and other risk management tools;
- enhancing the efficient functioning of the domestic and international marketplace by negotiating fair rules, resolving trade disputes, and eliminating market impediments, and maintaining market opportunities for the Canadian agriculture and agri-food sector; and
- anticipating, understanding, and integrating consumer perceptions and preferences into policies and programs in order to improve consumer confidence.

Parliament has previously authorized a total drawdown of \$2,000,000 for the Canadian Pari-Mutuel Agency Revolving Fund. The projected use of this authority as related to these Estimates is as follows:

	(thousands of dollars)
Anticipated unused authority as of April 1, 2002	4,051
Plus: 2002-2003 Main Estimates – net cash provided
Anticipated unused authority as of March 31, 2003	4,051

Health of the Environment

AAFC is working to make Canada the world leader in the use of environmental resources in a manner that ensures their quality and availability for present and future generations. The department is working towards this objective by:

- providing relevant and accurate environmental information in order to foster open and informed dialogue to help citizens, government, farmers and the agri-food sector make sound decisions for today's and future generations; and
- realizing environmental benefits and reduce environmental risks by leading the development and implementation of economically sustainable best management practices, within a supportive business climate, for adoption by the agri-food industry, the government, and the general public.

Innovation for Growth

AAFC is working to make Canada the world leader in innovating to develop food and other related agricultural products and services that capture opportunities in diversified domestic and global markets. The department is working towards this objective by:

- leading the development and adoption of new and non-traditional Canadian products, processes, and practices which increase our competitive edge by providing opportunities for diversification and by investing in an environment that encourages discovery and innovation; and
- attracting people and investment by building a dynamic business climate through actively supporting knowledge development, entrepreneurship, and infrastructure to capture opportunities in domestic and global markets; and
- leading the capture of market opportunities for innovative Canadian products and services to create economic growth and promote Canada as a world leader in food safety and quality, and environment.

Agriculture and Agri-Food Canadian Dairy Commission

Objectives

To provide efficient producers of milk and cream with the opportunity of obtaining a fair return for their labour and investment and to provide consumers with a continuous and adequate supply of dairy products of high quality.

Description of Funding Through Appropriations

Administration and Operations

The Canadian Dairy Commission has the authority to purchase, store, process or sell dairy products; to make payments to milk and cream producers for the purpose of stabilizing the price of industrial milk and cream; to investigate matters relating to the production, processing or marketing of any dairy product; to help promote the use of dairy products and dairy ingredients; and to receive funds for the administration and management of its programs. The Canadian Dairy Commission calculates support prices at which it will purchase butter and skim milk powder. These prices are used as a reference at the provincial level in pricing components sold to processors. The Commission works in close cooperation with the provinces through its chairmanship and technical support of the Canadian Milk Supply Management Committee, a government/industry body which coordinates the supply management of industrial milk and cream on a national basis.

The Commission's marketing and administrative costs are funded by the Government of Canada, producers and the marketplace.

The Commission administers the federal government's monthly subsidy payment to eligible producers. On behalf of the industry, the Commission sells dairy products to world markets, within Canada's WTO commitments either, on a government-to-government basis or through Canadian exporters and assists in the administration of marketing programs such as the Domestic Dairy Product Innovation Program. The Commission is also responsible for the expenses of the Commissioners and of a support staff of approximately sixty-five employees needed to manage its activities on behalf of the dairy sector.

On behalf of producers, the Commission administers the Special Milk Class Permit and Pooling System.

Summary of Funding Through Appropriations

(thousands of dollars)	2002–2003 Main Estimates	2001–2002 Main Estimates
Administration and Operations		
Direct support payments to producers	27,500
Administrative expenses	2,889	2,762
Sub-total	2,889	30,262
Less:		
Funding from the Department	27,500
Total Budgetary Requirements	2,889	2,762

Agriculture and Agri-Food Canadian Food Inspection Agency

Objectives

The objective of the Canadian Food Inspection Agency is to strengthen the food safety system, encourage fair labelling practices, and contribute to the health of animals and the protection of the plant resource base.

Business Line Descriptions

Food Safety

The Food Safety business line regulates food and food products that cross international and interprovincial borders through a range of regulatory tools including establishment registration, establishment and product inspection, product certification, licensing of individual or corporate entities and enforcement activities; enforces legislation related to the safety and nutritional quality of food sold in Canada; conducts food safety investigations, some of which may result in a food recall; carries out food safety projects targeting high-risk products or issues; promotes and facilitates the implementation of internationally recognized food safety systems by federally-registered establishments; promotes consumer awareness and knowledge of food safety issues; and administers and enforces legislation governing fair labelling and deceptive practices related to food.

Animal Health

The Animal Health business line carries out programs to protect the health of animals and prevent the transmission of animal diseases to humans through monitoring, testing and quarantine activities; contributes to meeting international and domestic health and safety standards of animals, animal products, embryos, semen and feed; issues export certificates specifying testing, diagnostic, facility and quarantine requirements; inspects and licences veterinary biologics for purity, safety and labelling fraud; regulates the humane transportation of animals; regulates livestock feed for safety and efficacy; and verifies that feed labels meet labelling and composition requirements.

Plant Protection

The Plant Protection business line controls the import and domestic movement of regulated plants, plant products including forestry products, fertilizer and seed; contributes to preventing the introduction of regulated pests and diseases into Canada, and controls and/or eradicates those discovered in Canada; contributes to meeting international plant control requirements and certifies plants and plant products for domestic and export trade; conducts insect surveys to enable the Agency to detect new and incipient pest populations and enable a rapid response to prevent the spread of pests; maintains international disease intelligence activities, negotiates import health requirements with exporting countries, and maintains an emergency response capacity; certifies seed and registers field crop varieties; grants Plant Breeders' Rights for varieties of agricultural and horticultural crops; regulates fertilizer and supplements for safety and efficacy; and conducts environmental assessments for the release of products biotechnology including seeds, plants and microbial products.

Agriculture and Agri-Food Canadian Grain Commission

Objectives

A grain quality assurance system that enhances grain marketing in the interest of producers.

Business Line Descriptions

Canadian Grain Commission

The CGC has one business line and primary objective: a grain quality assurance system that enhances grain marketing in the interest of producers.

The CGC's programs and functions aim to:

- result in shipments of grain that consistently meet contract specifications for quality and quantity, are safe and meet tolerances for toxic contaminants, to enhance grain marketing
- provide a better understanding of the grain qualities required by end users, and how these qualities can be measured; to adapt to new technologies and changing markets
- maintain grain quality as it moves through the marketing channels; ensure fair treatment of grain producers; and ensure the integrity of grain transactions
- meet the needs of producers and other members of the grain industry in the most efficient and effective manner possible.

A total drawdown of \$2,000,000 for the Canadian Grain Commission Revolving Fund will become effective March 31, 2002. The projected use of this authority as related to these Estimates is as follows:

	(thousands of dollars)
Anticipated unused authority as of April 1, 2002	2,000
Plus:	
2002-2003 Main Estimates – net cash provided	127
Anticipated unused authority as of March 31, 2003	2,127

In addition, approximately \$6,000,000 of the Commission's costs has been funded by Parliamentary appropriation.

Canada Customs and Revenue Agency

Objectives

To collect revenues and administer tax laws for the federal government and for certain provinces and territories; to provide border services and administer legislation governing international trade and travel; and to deliver certain social and economic benefits programs to Canadians, through the tax system.

Business Line Descriptions

Tax Services

Activities that inform clients of their rights and entitlements, and assist them in meeting their obligations; registration, processing and assessment of client returns; research in support of tax services including: policy development, risk assessment, legislative change, the application of technology and new business opportunities; maintains an effective debt management service, which includes accounts receivable and source deductions; activities that identify and determine underlying causes of non-compliance and the undertaking of corrective actions; and investigates, and as appropriate, prosecutes suspected cases of fraudulent non-compliance.

Benefit Programs and Other Services

Administers and delivers federal income-based support programs to individuals; administers and delivers provincial income-based support programs to individuals; and provides tax and/or customs related services for other levels of government and/or public sector organizations.

Appeals

Provides clients with a fair and impartial review of their disagreements with Agency decisions involving tax, customs, employment insurance, Canada Pension and trade administration issues; manages (in cooperation with Justice Canada) the handling of cases when clients appeal any of the Branch's decisions to court; manages the program which enables clients to voluntarily correct any deficiencies in reporting to the Agency on their tax, duty and tariff obligations; and coordinates initiatives which support and strengthen the fairness of Agency programs.

Customs Services

Facilitating the movement of goods and travellers while protecting Canadian business and society through immigration control, and contraband and other examinations which are based on targeting and risk assessment; on-site compliance audits and other reviews which occur after the goods have entered the country, including exporter origin audits; client communication, outreach and promotional services, including developing and implementing service standards; protecting Canadian industries from unfair trade practices and injury caused by the dumping or subsidizing of goods imported into Canada; administering and influencing the development of Canadian laws that govern international trade and travel; administering and contributing to the design of international trade agreements; sharing best practices; and harmonizing processes with other countries' Customs administrations.

Corporate Management and Direction

Provides strong leadership through the establishment and maintenance of a modern, progressive human resources regime, including the use of leading edge technologies, an integrated business planning and competency-based approach, a new approach to dispute resolution and tailor-made classification standard; provides strong leadership regarding new finance and administration responsibilities associated with the creation of the Agency while providing direction in the provision of existing financial and resource management services, resource utilization, office systems, security and laboratory services; manages and promotes a cohesive approach to information technology to achieve improved client service and accessibility while contributing to reduced costs by integrating current and new efforts across business lines; supports and strengthens relationships with provinces, territories, other government departments and international agencies while pursuing opportunities to establish new partnerships and alliances; and maintains and strengthens our management framework including modern comptrollership, planning, decision-making, review and accountability practices. Leads and directs efforts to enhance the effectiveness of our management systems and processes and the quality of corporate information, all of which support transparent management for results.

Canadian Heritage Department

Objectives

To build a strong society in which Canadians participate, celebrate and give expression to their values and heritage.

Business Line Descriptions

Cultural Development and Heritage

Cultural Development and Heritage helps create an environment in which Canada's heritage is preserved and made accessible, artistic expression can flourish, cultural markets develop thereby ensuring the availability of, and access to, Canadian arts, heritage, broadcasting products and services. This is achieved through a broad mix of activities and programs, instruments and institutions, including international agreements, cultural agencies, Special Operating Agencies, legislation and regulations.

Canadian Identity

Canadians share an identity based on common values and characteristics. Drawing strength from their diversity of languages, cultural heritage, ethnic origins and regional ties, their vision of Canada is one where everyone contributes to build a proud cohesive society.

Canadian Identity fosters knowledge and appreciation of Canadian institutions and achievements, Canadian symbols and the values they represent, the linguistic duality, the multicultural character and the contribution of Aboriginal peoples. It promotes civic participation and voluntarism, social justice, mutual understanding, human rights, the learning of both official languages, excellence in sport and recognition for Canadian athletes, and the commemoration of national events as means of taking part in strengthening and celebrating Canada.

Corporate Management

Corporate Management provides strategic advice, services and products associated with: strategic planning and policy co-ordination; financial management; human resources management; information management; communications and public affairs; corporate reviews; administrative support; and regional program delivery support. In addition, it promotes Canadian Heritage activities through coordination with portfolio agencies, active exchanges with central agencies, other government departments, the provinces, territories and the international community. It also co-ordinates Canada's participation in international expositions.

Canadian Heritage Canada Council

Objectives

To foster and promote the study and enjoyment of, and the production of works in, the arts and to co-ordinate UNESCO activities in Canada and Canadian participation in UNESCO activities abroad.

Description of Funding Through Appropriations

Arts assistance

Arts assistance includes the following:

- Grants to individual professional artists (emerging, mid-career and established) for creation/production, dissemination, travel and special projects;
- Operating and project grants to arts organizations;
- Assistance for projects designed to reach new domestic and international publics;
- Prizes, fellowships and awards in the arts, humanities, and social and natural sciences;
- Administration of the Public Lending Right program of payments to authors; and
- Research, advocacy and promotional activities to generate greater public awareness of the arts.

Canadian Commission for UNESCO

Co-ordination of UNESCO activities in Canada and of Canadian participation in UNESCO activities abroad; assistance to the Department of Foreign Affairs and International Trade with respect to UNESCO policies, programs and activities.

Administration

Regular and special activities and ancillary support requirements including the management of the Council's investment portfolio and its accounts.

Summary of Funding Through Appropriations

(thousands of dollars)	2002–2003 Main Estimates	2001–2002 Main Estimates
Arts assistance	139,101	118,353
Canadian Commission for UNESCO	1,850	1,800

Sub-total	161,910	136,436
Less:		
Interest and Dividends from Investments	12,000	12,000
Cancelled Grants Authorized in Previous Years and Refunds	200	200
Sub-total	12,200	12,200
Total Budgetary Requirements	149,710	124,236

Canadian Heritage Canadian Broadcasting Corporation

Objectives

To develop and provide a national broadcasting service for all Canadians in both official languages, in television and radio, and be primarily Canadian in content and character.

Description of Funding Through Appropriations

The main business lines of the Corporation in the attainment of its objectives are set out below.

Television and Radio Service Costs

This business line includes all main broadcasting services, whether radio or television, French or English, national, regional, or local. It embraces:

- the planning of individual broadcasts and the broadcast schedules;
- the procurement of programs from other production agencies;
- in-house production of programs;
- services provided on a self-funded or contractual basis such as Radio Canada International, Galaxie, CBC Newsworld and Réseau de l'information;
- operational management services provided at the various production/transmission centres such as program supervision, program research, engineering, human resources, financial and administration services, and local management;
- the sales and marketing effort to sell CBC programs and commercial air time. This includes commissions to sales representatives and costs related to program sales.

Transmission, Distribution and Collection

The distribution of the national broadcasting service to all possible parts of Canada through the Corporation's or privately-owned outlets. The methods of delivery include satellite, microwave and landlines. Included in this business line is the provision of the signal that delivers the service to the individual radio and television receivers through CBC-owned transmitters, payments to privately-owned affiliates carrying CBC programs, and facilities to delay or pre-release broadcasts as required in the different time zones throughout the country.

Corporate Management

Those functions which must be discharged on a corporate basis are included in this business line. These include executive direction; policy and standards formulation; strategic planning and external relations.

Amortization of Capital Assets

This represents the annual amount recorded for the amortization of CBC's capital assets. Amortization is calculated on a straight-line method using rates based on the estimated useful life of the assets.

This is not an item requiring operating funds since the CBC receives separate funding for its capital expenditures. The amortization of capital assets however, is reported separately strictly for accounting purposes as required by generally accepted accounting principles (GAAP). Consequently, this expenditure is included in "items not requiring current operating funds" and is deducted in determining CBC's total operating requirements for the year, on a government funding basis.

Revenues

Comprised of advertising revenue, program sales, miscellaneous revenue and revenue from Specialty Services (CBC Newsworld, Le Réseau de l'information, Radio Canada International and Galaxie).

Canadian Heritage
Canadian Broadcasting Corporation

Capital Activities

Represents capital expenditures for the replacement of obsolete and worn-out equipment; to make essential improvements to existing plant and equipment to maintain efficient operations; and for other investments which serve to reduce operating costs.

Summary of Funding Through Appropriations

(thousands of dollars)	2002–2003 Main Estimates	2001–2002 Main Estimates
Television and Radio Service Costs	1,237,297	1,184,655
Transmission, Distribution and Collection	75,138	74,994
Corporate Management	16,208	16,097

Sub-total	1,371,488	1,324,362
Less:		
Revenues	455,078	528,698
Total operating expenses	916,410	795,664
Working Capital	4,000	4,000
Capital Activities	99,818	123,311
Total Budgetary Requirements	1,020,228	922,975

Note: 2001-2002 Main Estimates have been restated to reflect the adoption of the new CICA standard for employee future benefits.

Canadian Heritage Canadian Film Development Corporation

Objectives

To foster and promote the development of feature film and television industries in Canada.

Description of Funding Through Appropriations

Administration

Expenses and remuneration of members, executive, staff, technical and professional advisers and the cost of support services required to assess, select and administer projects to be assisted.

Canadian Television Fund

Financial assistance for the production of television programs, under the national broadcasting policy.

Canada Feature Film Fund

Financial assistance for the production, development, distribution and promotion of the Canadian film industry, under the Canadian Feature Film Policy.

Support of Professional Development and Complementary Activities

Financial assistance for industrial and professional development and promotion of Canada's audio-visual industry.

Summary of Funding Through Appropriations

(thousands of dollars)	2002–2003 Main Estimates	2001–2002 Main Estimates
Administration	14,028	13,956
Canadian Television Fund	47,638	47,638

Less:		
Expected Revenues	25,700	25,700
Total Budgetary Requirements	137,104	125,532

Canadian Heritage Canadian Museum of Civilization

Objectives

To increase, throughout Canada and internationally, interest in, knowledge and critical understanding of and appreciation and respect for human cultural achievements and human behavior by establishing, maintaining and developing for research and posterity a collection of objects of historical or cultural interest, with special but not exclusive reference to Canada, and by demonstrating those achievements and behaviour, the knowledge derived from them and the understanding they represent.

Description of Funding Through Appropriations

Collect and Research

Manages, develops, conserves, and undertakes research on the collections to enhance program delivery and augment the scientific knowledge base.

Exhibit, Educate and Communicate

Develops, maintains, and communicates exhibits, programs and activities to further knowledge, critical understanding, appreciation, and respect for human cultural achievements and human behavior.

Accommodate

Managing and maintaining all facilities and related security and hosting services.

Canadian War Museum

An affiliated museum dedicated to Canada's military history and continuing commitment to peacekeeping.

Corporate Services

Governance, corporate management, audit and evaluation, fund raising, commercial activities, finance and administration, human resources, and information systems.

Summary of Funding Through Appropriations

(thousands of dollars)	2002–2003 Main Estimates	2001–2002 Main Estimates

Less:		
Revenues of the Corporation	10,898	10,600
Total Budgetary Requirements	76,221	49,745

Canadian Heritage Canadian Museum of Nature

Objectives

To increase, throughout Canada and internationally, interest in, knowledge of and appreciation and respect for the natural world by establishing, maintaining and developing for research and posterity a collection of natural history objects, with special but not exclusive reference to Canada, and by demonstrating the natural world, the knowledge derived from it and the understanding it represents.

Description of Funding Through Appropriations

Research

Explores the past and assists Canadians in preparing for the future by conducting both systematics and applied research, as well as by developing and maintaining networks and linkages with Canadian and international scientific communities.

Collections

Develops, preserves and makes accessible collections of natural history specimens, objects and information materials to meet the growing needs of both the public and private sectors for research, education and decision-making about the natural world.

Public Education

Develops and maintains exhibits, programmes, electronic and print publications and activities to foster an understanding of, and empathy with, nature.

Corporate Services

Provides corporate direction and leadership in developing and implementing sound management practices within the Canadian Museum of Nature. Supports Canadian Museum of Nature activities through provision of Financial, Human Resources, Communications, Fundraising, Information Services and Technology, Facilities and Security Services.

Governance

Develops and implements the policies, structure and process to oversee direction and management of the Canadian Museum of Nature in fulfilment of its mandate including: strategic direction, monitoring of corporate performance and reporting to Parliament.

Summary of Funding Through Appropriations

(thousands of dollars)	2002–2003 Main Estimates	2001–2002 Main Estimates
Research	4,543	3,946
Collections	5,291	5,088
Public Education	13,359	12,148
Corporate Services	4,448	4,698
Governance	1,388	1,295
Sub-total	29,029	27,175
Less:		
Revenues of the Corporation	3,670	3,484
Total Budgetary Requirements	25,359	23,691

Note: Main Estimates for 2001-2002 have been adjusted to reflect the 2002-2003 business line structure.

Canadian Heritage Canadian Radio-television and Telecommunications Commission

Objectives

To ensure that Canadians have access to integrated communications services and, to the resulting economic, social and cultural benefits, through balanced regulation, monitoring and dialogue with the public, in accordance with the *Broadcasting Act*, the *Telecommunications Act* and related legislation.

Business Line Descriptions

Regulation of Communications in the Public Interest

The CRTC regulates broadcasting undertakings and telecommunications service providers and common carriers, to handle matters subject to the *Broadcasting Act*, the *Telecommunications Act* and related legislation in the communications sectors under federal jurisdiction.

Among other things, the CRTC:

- develops strategies to ensure the presence of Canadian content as well as access to a broad selection of analog and digital communications services;
- ensures that Canadians have access to a variety of high-quality communications services, at reasonable prices;
- facilitates the transition to fair, sustainable competition in the communications sector; and
- regulates when the public interest is not being served in a competitive environment.

To accomplish this, the CRTC:

- evaluates, analyses and processes applications from broadcasting undertakings and telecommunications carriers;
- promotes the participation of the Canadian public in its decision-making process, by holding public proceedings;
- hears complaints from consumers, and conducts investigations;
- uses dispute resolution to settle issues involving a communications company and other parties;
- supervises the Canadian broadcasting and telecommunications systems;
- ensures compliance with the statutes, regulations and conditions of licence;
- examines transfers of ownership and control of undertakings;
- develops regulations, and makes decisions on any matter concerning applications from undertakings and regulatory frameworks; and
- identifies important issues affecting the regulation of broadcasting and telecommunications.

Canadian Heritage National Archives of Canada

Objectives

To preserve the collective memory of the nation and of the Government of Canada, and to contribute to the protection of rights and the enhancement of a sense of national identity:

- by acquiring, conserving and providing access to private and public records of national significance, and serving as the permanent repository of records of federal government institutions and of ministerial records;
- by facilitating the management of records of federal government institutions and of ministerial records; and
- by exercising shared leadership in supporting and developing the Canadian and international archival community.

Business Line Descriptions

Acquisition and Holdings Management

Acquire, control and preserve federal government records of long term historical value and records from the private sector which document the development of Canada and are of enduring value.

Management of Government Information

Review, assess, monitor and process records retention and disposal authorities for federal institutions; assist them in managing their information; and secure, retrieve and dispose of records that remain under the control of government institutions.

Services, Awareness and Assistance

Facilitate access to the holdings of the National Archives, provide Canadians with information about the National Archives, its holdings and services and encourage and assist archives, archival activities and the Canadian archival community.

Corporate Services

Provide strategic planning, policy coordination and review services to the National Archives; provide human, financial, security, materiel and accommodation services to the National Archives and the National Library of Canada, including the delivery of new accommodation for the National Archives; and provide information management and technology services to the National Archives.

Canadian Heritage National Arts Centre Corporation

Objectives

To promote the development of the performing arts and operate and maintain the Centre.

Description of Funding Through Appropriations

Performing Arts Programmes

Arranging performances by the National Arts Centre Orchestra; presenting music, theatre, dance and variety artists and companies at the Centre; producing and co-producing with Canadian performing arts companies and commissioning works in the performing arts; arranging for or sponsoring radio, television and web broadcasts from the Centre or from tours; screening films in the Centre; and, at the request of the Government of Canada or the Canada Council for the Arts, arranging for performances elsewhere in Canada by performing arts companies, whether Canadian or foreign, and for performances outside Canada by Canadian performing arts companies. Support for the performing arts programmes is provided by the box office, marketing, production, patron, Internet and web services.

Fundraising

Supports the goals of the Corporation through fundraising events, sponsorships, individual giving and other partnerships.

Commercial Services

Operating the garage, restaurant, intermission bars, catering service, and renting the halls.

Operation of the Centre

Providing property management, maintenance, janitorial and security services.

Administrative Services

Providing executive, board, corporate communications, financial, planning, human resource, purchasing and information technology services for all areas of the Corporation.

Building refurbishment and ex-gratia payments

Refurbishing, repairing and replacing building elements and equipment; paying ex-gratia amounts to the City of Ottawa as a replacement for payments in lieu of taxes.

Summary of Funding Through Appropriations

(thousands of dollars)	2002–2003 Main Estimates	2001–2002 Main Estimates

Revenues of the Corporation	25,705	26,507
Total Budgetary Requirements	24,828	23,930

Canadian Heritage National Battlefields Commission

Objectives

Conserve and develop the historic and urban parks that make up the National Battlefields in the city of Quebec and its surrounding area.

Business Line Descriptions

Conservation and Development

The actions of the Commission are grouped in only one business line designated “Conservation and Development” which is subdivided into three service lines:

- conservation, comprising the following units:
 - maintenance, which sees to maintenance of the site, its furnishings, buildings, and infrastructure; provides for a safe and stable environment; minimizes wear and tear and deterioration; and slows down or prevents damage;
 - landscaping, which is responsible for landscaping, horticultural and arboricultural activities;
 - surveillance and security, which sees to it that regulations regarding peace and public order are respected; enforces traffic and parking regulations; ensures the safety of site users; and provides for surveillance of the Commission’s premises and properties;
- development, comprising the following units:
 - visitor reception and information, which is responsible for reception of visitors, Park users, and organizations that hold activities on the site, and also handles information to the public and reservations;
 - educational interpretation, which is responsible for educational interpretative activities for the school and playground clientele and the public at large;
 - communications, which is responsible for promoting activities and services and ensuring the visibility of the Commission and the federal government;
- administration, which includes management, and administrative and financial services.

Canadian Heritage National Capital Commission

Objectives

To promote Canadian pride and unity through our National Capital. This is achieved by using the Capital to communicate Canada to Canadians; making the Capital a meeting place; and safeguarding and preserving the Capital for future generations.

Description of Funding Through Appropriations

Planning the National Capital Region

To guide the physical development and use of federal lands, to coordinate and achieve excellence in design and to plan development that is appropriate to the role and significance of the Capital of Canada.

Real Asset Management and Development

To manage and protect physical assets of national significance on behalf of future generations of Canadians.

Promoting and Animating the National Capital Region

To increase awareness of the Capital Region outside the National Capital Region through national marketing campaigns, communications contacts (broadcasting) and outreach activities and to present the capital to visitors as a place to experience Canadian heritage, culture and achievements through varied services, events and programs.

Corporate Services

To promote efficient and productive use of resources through the centralized provision of corporate services to all of the business lines.

Summary of Funding Through Appropriations

(thousands of dollars)	2002–2003 Main Estimates	2001–2002 Main Estimates
Planning the National Capital Region	1,648	1,911

Total Budgetary Requirements	118,959	84,710

Canadian Heritage National Film Board

Objectives

To produce audiovisual works that reflect Canadian realities and perspectives while innovating in various aspects of filmmaking, and to distribute and provide access to these audiovisual works.

Business Line Descriptions

National Film Board Operations

The NFB is a cultural agency reporting to the Minister of Canadian Heritage. It is administered by a Board of Trustees appointed by the Governor General in Council and chaired by the Government Film Commissioner.

The NFB is an integrated producer-distributor which develops, writes, shoots, finishes, promotes, markets, sells and distributes film and multimedia products. Its main production and distribution centre is located in Montreal but it also has offices in Halifax, Moncton, Toronto, Winnipeg, Edmonton and Vancouver and maintains offices in Paris, London and New York for the international marketing of its products. To deliver its Program, it uses in-house staff and freelancers and also works with public- and private-sector production and distribution partners when necessary.

Although it is autonomous and traditionally has an arm's length relationship with the government, this public film institution contributes in various ways to Canadian cultural policy objectives by producing socially and culturally relevant films, providing Canadian audiovisual materials for the educational sector, directly supporting various Canadian government initiatives at home and abroad, conserving and promoting access to Canada's rich audiovisual heritage, supporting new filmmaking talent, promoting the development of regional and diversity cinema, forging strategic alliances with the private and public sectors, promoting Canadian culture abroad and encouraging research and experimentation in communication technologies.

Canadian Heritage National Gallery of Canada

Objectives

To develop, maintain and make known throughout Canada and internationally, a collection of works of art, both historic and contemporary, with special but not exclusive reference to Canada; and to further knowledge, understanding and enjoyment of art in general among all Canadians.

Description of Funding Through Appropriations

Collections and Research

To acquire, preserve, research and record historic and contemporary works of art, both national and international, to represent Canada's visual arts heritage and to use in its programs.

Outreach

To develop new partnerships for greater access to and dissemination of the Gallery's collection, including curators-in-residence, co-acquisitions and long-term loans, as well as travelling exhibitions, new communications.

Public Affairs

To further knowledge, understanding and enjoyment of the visual arts among all Canadians and to make the collections known both in Canada and abroad.

Development

To identify new sources of funds for the Gallery and its affiliate in order to increase revenues from non-governmental sources.

Exhibitions and Collections Management

To develop a program of travelling exhibitions and to manage exhibitions and installations presented at the Gallery, and to oversee documentation of the Gallery's collections.

Facilities

To provide secure and suitable facilities for the preservation and exhibition of the national collections of art, the Library and the Archives, that are readily accessible to the public.

Administration

To provide direction, control and effective development and administration of resources.

Canadian Heritage National Library

Objectives

To enable Canadians to know their country and themselves through their published heritage and to provide an effective gateway to national and international sources of information.

Business Line Descriptions

Canadiana Collections and Access Services

Build and preserve a comprehensive collection of published Canadiana to serve as an information and cultural resource for Canadians both now and in the future; build a bibliographic database to serve as a comprehensive record of Canadian publishing output, to facilitate access to the collection, and to assist libraries, the book trade and other information providers in identifying, acquiring and making available Canadiana materials; provide reference, research and referral services to Canadians and to Canadian libraries based on the Library's Canadiana collection, several collections of wider scope supporting Canadian Studies and staff expertise - all of which ensure a wide range of client services that are integral to the Library's support of the study of Canada; sponsor exhibitions, readings, lectures, concerts and other events in order to provide Canadians with opportunities to explore, understand and appreciate their cultural heritage.

Library Networking

Facilitate public access to information on National Library's holdings as well as the holdings of other libraries in Canada; work with libraries throughout Canada to develop and implement appropriate policies, procedures, standards, products and systems to support resource sharing among libraries; coordinate cooperative library services among the departments and agencies of the federal government and provide strategic policy and professional support for library development and coordination in Canada and at the international level.

Corporate and Branch Administration

Provide support for the Office of the National Librarian, corporate policy and strategic planning, internal audit, program evaluation, information resource management, office systems, corporate communications and branch administration. Administrative services, accommodation services, personnel and financial services operate as a common service for both the National Library and the National Archives of Canada.

Canadian Heritage National Museum of Science and Technology

Objectives

To foster the scientific and technological literacy of Canadians through the preservation and promotion of Canada's scientific and technological heritage.

Description of Funding Through Appropriations

The Corporation comprises two institutions – the National Museum of Science and Technology and the National Aviation Museum. Common Supporting Activities in the areas of personnel, finance, development and facilities management are provided centrally.

The museums are responsible for preserving Canada's scientific and technological heritage and disseminating knowledge of that heritage. Heritage preservation is achieved through the development and management of the Corporation's collection; knowledge dissemination involves the transmittal of information generated through the development of the collection as well as the underlying principles of science and technology and is centred around public programming activities. The activities in support of the primary functions of heritage preservation and knowledge dissemination are guided by the following broad corporate objectives:

Heritage Preservation

- To develop and manage a representative collection of historically and technologically significant artifacts and records which can be used to help Canadians understand how science and technology have transformed their lives, do now and will continue to do so;
- To make the collection both intellectually and physically accessible to a wide audience.

Knowledge Dissemination

- To present to Canadians their scientific and technological heritage so that they will better appreciate the role of science and technology in the building of their nation;
- To illustrate the underlying laws and theories of science and principles of technology, in order to foster a positive attitude towards the sciences.

Summary of Funding Through Appropriations

Revenues of the Corporation	3,565	3,640
Total Budgetary Requirements	24,833	22,884

Canadian Heritage Parks Canada Agency

Objectives

To protect and present nationally significant examples of Canada's natural and cultural heritage, and foster public understanding, appreciation and enjoyment in ways that ensure their ecological and commemorative integrity for present and future generations.

Business Line Descriptions

Stewardship of National Heritage Places

- Identifying and establishing national heritage places.
- Managing and protecting the natural and cultural resources in Canada's heritage places, while respecting the obligations in Aboriginal treaties and new park agreements.
- Collaborating with national and international stakeholders in fostering and advocating heritage protection and presentation.
- Communicating the key messages of national significance by providing educational opportunities.

Use and Enjoyment by Canadians

- Providing appropriate quality recreation opportunities, products and services.
- Practising appropriate marketing and building mutually beneficial relations with key client groups.
- Developing close co-operative relations with clients and stakeholders.
- Engaging Canadians to participate and be involved as volunteers and active supporters.
- Creating opportunities for shared stewardship of national heritage places.
- Raising awareness of ecological and commemorative benefits and values.

Corporate Services

- Developing and implementing procedures, systems, tools and innovative management practices in financial and people management to allow for effective and efficient management of the Parks Canada Agency.
- Preparing analysis and reports to support decision making.
- Preparing documentation and submissions for central agencies and Parliament.

Canadian Heritage Public Service Commission

Objectives

The corporate level strategic objectives of the Public Service Commission (PSC) are within its legislative mandate to assist in providing Canadians with:

- a highly competent, non-partisan, professional Public Service appointed on the basis of merit;
- a representative Public Service workforce;
- a Public Service which understands and is able to apply democratic, ethical, and professional values;
- a Public Service which builds on its competencies through development and continuous learning;
- the recognition and sustaining of a non-partisan public service as a cornerstone of the governance system; and
- a PSC which is an independent champion and steward of the principles of a professional Public Service, in the public interest.

Business Line Descriptions

Resourcing

The Resourcing business line encompasses activities in support of delegated and non-delegated staffing. These activities are program development, administration of staffing delegation, establishment of tests and standards for selection, administration of staffing priorities, recruitment and promotion, and diversity and employment equity initiatives. The business line also includes resourcing, exchanges and development programs for the Executive Group.

In addition, the business line is responsible for the delivery of the employment equity initiatives and corporate development programs on behalf of Treasury Board.

Learning

The Learning business line is composed of two main service lines: language training and professional development for non-executives.

Language Training assesses the potential for success of employees who are eligible for language training. It provides mandatory and discretionary language training in both official languages and related orientation and language training services. It provides for the development and design of second-language courses and tools to meet the job-related linguistic requirements of departments and a range of advisory, informational and co-ordinating services related to language training.

The PSC provides a range of learning products and services to key communities such as policy analysts, supervisors, human resources specialists, comptrollership, communications analysts and others. The emphasis is on corporate learning messages (such as the machinery of government and values and ethics) and on products unique to government learning, not on work specific training which is the responsibility of departments. The PSC provides training services in both official languages to federal public servants across Canada in response to Treasury Board policies and departmental demands.

As the PSC repositions, its focus on learning will shift to a more strategic use of resources, concentrating on the design and development of new learning products and services, that respond to the strategic directions of the Treasury Board Secretariat Advisory Committee (TBSAC).

Canadian Heritage Public Service Commission

A total drawdown of \$2,000,000 for the Staff Development and Training Revolving Fund will become effective March 31, 2002. The projected use of this authority as related to these Estimates is as follows:

	(thousands of dollars)
Anticipated unused authority as of April 1, 2002	5,835
Less:	
2002–2003 Main Estimates – Net Cash Required	350
Anticipated unused authority as of April 1, 2003	5,485

Recourse

The Recourse business line hears appeals by public servants against alleged breaches of the *Public Service Employment Act* and Regulations on matters such as appointment and promotion. Recourse is also responsible for the investigation of complaints and irregularities in the resourcing process that are not subject to appeal, for the investigation of complaints of harassment in the workplace and for conciliating settlements where complaints are upheld. Training, advice and assistance are also provided to departments, unions, other organizations, and individuals.

Policy, Research and Outreach

This business line provides the capacity to measure, report, provide advice, and deliver policy in areas within the PSC's mandate.

This business line supports the medium and long-term positioning of the PSC through strategic analysis and research, environmental scanning, and liaison with stakeholders, especially on issues related to the PSC's role as independent champion and steward of a professional, non-partisan, and representative public service, and of key public administration values.

In support of this role, the business line also enhances and co-ordinates the knowledge base of the PSC. The business line supplies strategic information to the Commission and ultimately to Parliament (via the PSC's annual report) through the monitoring, assessment and review of PSC programs and policies and through the monitoring of the health of the Public Service in the areas related to the PSC's mandate.

Functions related to outreach, such as reporting to Parliament, the government and its central agency advisors on PSC matters at a strategic level, liaison and information sharing between provincial, federal, and international policy actors in areas related to the mandate and delegated responsibilities of the Public Service Commission, are carried out through the Policy, Research and Outreach business line.

Corporate Services

The Corporate Services business line includes the activities of the President and Commissioners; corporate business planning; management systems and policies; finance, human resources management, informatics, internal audit and other administrative and support services.

Canadian Heritage
Public Service Commission

Less:	
Change in working capital	116
New capital acquisitions	100
Total Estimates – net cash required	(350)

For further information on the Staff Development and Training Revolving Fund, refer to the departmental Report on Plans and Priorities.

Canadian Heritage
 Status of Women – Office of the Co-ordinator

Objectives

To promote equality of women in all spheres of Canadian life.

Business Line Descriptions

Promoting Gender Equality

To promote gender equality and the full participation of women in the economic, social, cultural and political life of the country; the promotion of the advancement of women in collaboration with federal government departments and agencies, local, provincial, and territorial governments, non-governmental organizations, industry and educational and health authorities; the provision of grants to support initiatives of women's and other voluntary organizations working toward the equality of women, the provision of technical information and support to the public, client groups and organizations to increase awareness of and facilitate action at local, regional and national levels to advance women's equality; and the funding of independent research on public policies that affect women and their advancement toward equality, and collaboration with other countries and multinational organizations to advance public policy on gender equality.

Citizenship and Immigration Department

Objectives

The objectives of the program are to ensure that the movement of people into Canada and membership in Canadian society contribute to Canada's social and economic interests, while protecting the health and safety of Canadians. Citizenship and Immigration policies and programs are to be managed consistently with Canada's domestic needs and capacities, and international commitments and responsibilities.

Business Line Descriptions

Maximizing Benefits of International Migration

The Maximizing Benefits of International Migration business line develops policy and programs for the selection of immigrants and assessment of visitors; recommends to the Minister the target number of immigrants to be admitted to Canada on an annual basis; assesses the qualifications of persons seeking to settle permanently in Canada against the applicable criteria for immigrants; assesses potential foreign students and temporary workers against the applicable criteria; and evaluates the risk to the health of Canadians and the sustainability of the Canadian public health system posed by potential immigrants, visitors, temporary workers and foreign students.

Maintaining Canada's Humanitarian Tradition

The Maintaining Canada's Humanitarian Tradition business line provides international leadership in finding durable solutions to refugee situations, including through voluntary repatriation, local integration, resettlement in another country or through regional approaches to responsibility sharing; develops and implements policies and programs in support of Canada's commitments and protection obligations, both domestically and internationally; selects government and privately-sponsored refugees from abroad in accordance with annual levels tabled in Parliament; provides emergency and essential health care coverage to needy refugee claimants and Convention refugees not eligible for provincial health coverage (Interim Federal Health Program); provides financial assistance to refugees who have been accepted for resettlement through the Immigrant Loans Program and the Resettlement Assistance Program; and assists the Immigration and Refugee Board (IRB) to arrive at well-informed, timely decisions by providing case-related and country-specific information on refugee situations through the establishment of a Memorandum of Understanding between the CIC and the IRB.

Promoting the Integration of Newcomers

The Promoting the Integration of Newcomers business line develops policies and programs which promote integration and citizenship; provides basic assistance to newcomers upon arrival in Canada; ensures that the federal government's responsibilities toward the immigrants it accepts for permanent residence are met; educates potential new Canadians about the rights and responsibilities of Canadian citizenship; promotes the value of Canadian citizenship to newcomers; and administers and interprets the *Citizenship Act*.

Managing Access to Canada

The Managing Access to Canada business line develops policies and programs to prevent abuse of Canada's citizenship, immigration and refugee programs and to protect the safety of Canadians and the security of Canada; contributes to the management of international migration and travel by combatting illegal migration, including trafficking in people, while facilitating the movement of legitimate travellers; admits to Canada persons who comply with the *Immigration Act* and Regulations; denies admission to those who do not comply, including criminals and terrorists; detects abuse of the citizenship, immigration and refugee programs; manages Citizenship and Immigration Canada cases before the IRB, Federal Court and other tribunals; detains persons who pose a serious risk to Canadians or who would not appear for immigration proceedings; and removes persons not legally entitled to remain in Canada.

Citizenship and Immigration Department

Providing Corporate Services

The Providing Corporate Services business line coordinates Citizenship and Immigration Canada's (CIC) planning and review processes; manages the spending and use of public funds; develops and oversees cost recovery/revenue generation activities; provides administrative, financial and personnel services to the department, and functional guidance to Service Line and Program Delivery Directors General; manages, coordinates and maintains the information technology infrastructure to support decision-making and performance measurement, and to improve service delivery; conducts and disseminates research on citizenship and immigration issues; coordinates the development of citizenship and immigration policy and positions the Department within the government's socio-economic agenda; designs and disseminates information about CIC's goals, policies, programs and activities; influences the operating environment of the program to facilitate its success, including by promoting the contribution of newcomers to Canadian society; responds to case inquiries and requests for information; and coordinates the Department's relations with provincial governments, non-governmental organizations, international organizations, and other government departments and agencies.

Total	328,507,744	336,471,517

Citizenship and Immigration Immigration and Refugee Board of Canada

Objectives

The Board's objective is to meet Canada's immigration and refugee related obligations as defined in the *Immigration Act* and as a signatory to the *1951 United Nations Convention Relating to the Status of Refugees* and the *1967 Protocol to the Convention*. It does this by: determining claims to Convention refugee status made by persons within Canada; hearing appeals from Canadian citizens and permanent residents whose family members have been refused permanent resident status in Canada; hearing appeals of certain persons who have been denied admission to or have been ordered removed from Canada; hearing appeals from the Minister of an adjudicator's decision; conducting inquiries involving persons alleged to be inadmissible to or removable from Canada; and conducting detention reviews for persons detained for immigration reasons.

Business Line Descriptions

Refugee Determination

The Refugee Determination business line fulfils Canada's obligations as a signatory to the *1951 United Nations Convention Relating to the Status of Refugees* and the *1967 Protocol Relating to the Status of Refugees* to protect those with a well-founded fear of persecution in their own country for reasons of race, religion, nationality, membership in a particular social group or political opinion. It does this by hearing and deciding claims for refugee status made within Canada. Refugee determination at the Immigration and Refugee Board deals exclusively with claims to refugee status made by persons who have arrived in Canada, and which are referred to the IRB by Citizenship and Immigration Canada (CIC).

Immigration Appeals

The Immigration Appeals business line makes available to Canadian citizens and permanent residents whose family members have been refused landing in Canada, as well as to persons who have been denied admission to or ordered deported from Canada, a quasi-judicial tribunal to which they may appeal. This is done by hearing appeals of refusals of sponsored applications for permanent residence, appeals against removal orders issued against permanent residents, persons found to be Convention refugees or by persons in possession of valid visas and appeals of the Minister of an adjudicator's decision to grant admission or not to order removal.

Inquiries and Detention Reviews

The Inquiries and Detention Reviews business line contributes to ensuring the safety of Canadian society by conducting inquiries on persons seeking admission at a Canadian port of entry believed to be inadmissible or persons in Canada believed to be removable; and by conducting detention reviews for persons who have been detained during the examination, inquiry or removal process.

Corporate Management and Services

The Corporate Management and Services business line supports the other three business lines. It provides the Immigration and Refugee Board with efficient management processes and administrative services while promoting organizational effectiveness and supporting the organization in adapting to its changing environment. This business line coordinates the IRB's policy and planning processes; provides administrative, financial and personnel services, including recruitment, classification, promotion, training and employee relations; and manages the information technology infrastructure to support decision-making and performance measurement. Also included are services that directly support the day-to-day operations of the three main business lines, including a case management system and translation service. This business line also provides support for government-wide initiatives.

Environment Department

Objectives

The objective of the Environment Program is to make sustainable development a reality in Canada by helping Canadians live and prosper in an environment that needs to be respected, protected and conserved.

Business Line Descriptions

Clean Environment

Canadians are affected by pollutants from many sources and in many different forms. The objective of this Business Line is to protect Canadians from domestic and global sources of pollution. Specifically, Environment Canada, in collaboration with provinces and other partners: identifies threats from pollutants, their sources and means of controlling them through the application of sound science; develops standards, guidelines and codes of practice to ensure adequate levels of protection of environmental quality; identifies and implements appropriate strategies for preventing or reducing pollution; administers and enforces regulations for pollution prevention and control within areas of federal jurisdiction; monitors levels of contaminants in air, water, and soil; represents Canada's interests in the development of international agreements and accords to reduce pollution; and provides advice and tools for preventing pollution and support to the development and deployment of green technologies.

Nature

Canadians depend on ecosystems for providing many valued resources and services, from producing the oxygen that sustains us to providing recreational enjoyment. The objective of this Business Line is to conserve biological diversity in healthy ecosystems. Specifically, Environment Canada, in collaboration with provinces and other partners: develops scientific knowledge and tools needed to understand and respond to the effects of human activities on ecosystems; manages migratory birds and nationally significant migratory bird habitat; develops and implements recovery plans for endangered species; provides leadership on the implementation of the Convention on Biological Diversity; applies an integrated approach to conserving and restoring significant ecosystems, and provides tools to build local capacity to continue this work; represents Canada's interests in international arenas dealing with wildlife, ecosystem health and biodiversity; and provides federal leadership in conserving and protecting Canada's water resources.

Weather and Environmental Predictions

Canadians are affected by environmental conditions on many time and space scales; from minutes to centuries and from cities to continents. The objective of this Business Line is to help Canadians adapt to their environment in ways which safeguard their health and safety, optimize economic activity and enhance environmental quality. Specifically, Environment Canada: monitors the state of the atmosphere (weather, climate, air quality and ultraviolet radiation), hydrosphere (water) and cryosphere (ice and snow); provides information on the past, present and future states of the physical environment; issues warnings of severe weather and environmental hazards; engages in scientific research on the causes of severe weather, the mechanisms which transport chemicals and weather through the atmosphere and around the world, and the impacts of human activity on the atmospheric environment; and provides advice on adaptation to changing weather and climate.

Management, Administration and Policy

Addressing complex and cross-cutting issues requires that the department maintain a strong policy capacity and the ability to deliver efficient and innovative services. The objective of this Business Line is to provide strategic and effective departmental management to achieve environmental results. Specifically, this Business Line provides: departmental leadership; strategic policy advice; socio-economic analysis; coordination of international activities of the department; leadership and coordination in fostering partnerships with industry, non-governmental organizations, Aboriginal peoples, provinces and other government departments; communications and public outreach services; support services to decision making, management and accountability, including planning and financial systems and services, information technology, records and information holdings, human resources, security and the management of assets and accommodations and environmental management systems.

Environment Canadian Environmental Assessment Agency

Objectives

To provide high quality environmental assessments that contribute to informed decision making in support of sustainable development.

Business Line Descriptions

Canadian Environmental Assessment Agency

The Agency is responsible for providing advice and recommendations to decision-makers that reflect public values and the principles of sustainable development. By strengthening partnerships, the Agency also facilitates environmental assessment approaches that are co-ordinated across government, and harmonized with other jurisdictions, including Aboriginal regimes. The Agency is continuously improving the federal environmental assessment process by enhancing its efficiency, effectiveness, predictability, and consistency, all the while maintaining the highest standards of quality. In addition, the Agency provides education and training to federal departments to improve their understanding of, and compliance with, the *Canadian Environmental Assessment Act* and the Cabinet Directive on the assessment of policy and program proposals. Finally, the Agency represents Canada's environmental assessment interests in international forums.

Economic, Social and Financial Policies Program

Objectives

Appropriate policies and sound advice with respect to economic, social and financial conditions and to the government's agenda; responsible administration of international financial obligations and subscriptions; economical financing of domestic coinage costs; responsible financing of special projects; effective and efficient corporate administration.

Business Line Descriptions

Policies and Advice

Appropriate policies and sound advice with respect to economic, social and financial conditions and to the government's agenda;

- Economic and Fiscal Policy: the domestic and international economic and financial outlook, the government's overall fiscal framework, expenditure plan and resource allocation and the government's overall economic policy framework;
- International Trade and Finance: with specific reference to import tariffs and trade remedies, foreign direct investment and economic co-operation, defence policies and expenditures, international development assistance and international financial relations;
- The development and evaluation of federal taxation policies and legislation with respect to income, sales and excise taxes;
- Financial Sector Policy: government debt, cash and reserve management, legislation governing federally regulated financial institutions, and financial, investment and borrowing issues relating to Crown corporations, departments and agencies, and government pension plans investment policies;
- Federal-Provincial Relations and Social Policy: federal-provincial fiscal and economic relations and Canadian social policies and programs; and
- Economic Development and Corporate Finance: the economic, fiscal and financial implications of the government's micro-economic policies and programs, including loans, investments and guarantees of the Crown; proposals for assistance to major projects or corporate restructuring initiatives advanced by the private sector; and, the management and, as appropriate, the privatization of Crown corporations and other corporate holdings.

International Financial Organizations

Responsible administration of international financial obligations and subscriptions.

Domestic Coinage

Payment of the production and distribution costs for domestic circulating coinage.

Corporate Administration

Appropriate departmental management; strategic communications advice; suitable public affairs support; sound legal advice; and effective and efficient financial, human resources, information technology, security and administrative systems and expertise.

Auditor General

Objectives

To provide audit and other appropriate information for use by the House of Commons in its scrutiny of government programs, financial activities and environmental and sustainable development matters.

Business Line Descriptions

Legislative Auditing

The activities of the Office of the Auditor General consist of the audit of the accounts of Canada, certain Crown corporations and other entities, and the monitoring of environmental and sustainable development matters to meet legislative reporting requirements, pursuant to the *Auditor General Act*. The Auditor General provides audit opinions on the Financial Statements of the Government of Canada and on certain Crown corporations and other entities, and brings to the attention of the House of Commons anything that the Auditor General considers to be significant. The Commissioner of the Environment and Sustainable Development reports annually, on behalf of the Auditor General and to the attention of the House of Commons, anything considered significant in relation to environmental and other aspects of sustainable development.

Canadian International Trade Tribunal

Objectives

In an economically and legally sound manner, to conduct investigations and inquiries, to make findings and, as directed, recommendations on matters affecting Canada's commerce and international trade, and to decide on taxpayers' appeals from customs and excise tax assessments and determinations.

Business Line Descriptions

Canadian International Trade Tribunal

The conduct of research and investigation, the receipt of evidence and the holding of public hearings so as to make adjudications, findings, determinations or recommendations in response to:

- inquiries under the *Special Import Measures Act* (SIMA) into whether or not the dumping and/or subsidizing found by the Canada Customs and Revenue Agency causes material injury to a domestic industry;
- investigations under the *Canadian International Trade Tribunal Act* (CITT Act) of complaints, by Canadian producers of goods, of serious injury caused by imports;
- appeals from decisions made by the Minister of National Revenue or the Commissioner of the Canada Customs and Revenue Agency under the *Customs Act*, the *Excise Tax Act* and SIMA, including new appeals under the *Customs Act* as a result of the Tribunal's new jurisdiction under the *North American Free Trade Agreement Implementation Act*;
- requests from domestic producers for tariff relief on imported textile inputs for production;
- complaints from potential suppliers concerning any aspect of the procurement process under the *North American Free Trade Agreement* (NAFTA), the *Agreement on Internal Trade* (AIT) and the World Trade Organization (WTO) *Agreement on Government Procurement*;
- references under the CITT Act by the Governor in Council on any economic, trade or commercial matters, including injury to Canadian producers of goods and services, or by the Minister of Finance on any tariff-related matter; and
- issues under other acts of Parliament or related regulations including public interest considerations, reviews and requests for importer rulings under SIMA.

Financial Transactions and Reports Analysis Centre of Canada

Objectives

The Financial Transactions and Reports Analysis Centre of Canada was established as an independent agency with a mandate to collect, analyse, assess and disclose information in order to assist in the detection, prevention and deterrence of money laundering. The Centre's mandate includes ensuring compliance with the record keeping and reporting requirements set out in the *Proceeds of Crime (Money Laundering) Act* and Regulations and enhancing awareness and understanding of matters related to money laundering. The Centre's mandate also requires it to ensure that personal information under its control is protected from unauthorized disclosure.

Business Line Descriptions

Detection and deterrence of laundering of proceeds of crime

- Establish a state of the art information technology facility to receive and analyse transaction reports;
- After analysis, and where appropriate, disclose designated information to law enforcement agencies to assist in the investigation or prosecution of money laundering offences;
- Communicate with reporting entities about their obligations, and monitor compliance with the Act;
- Develop guidelines to assist reporting entities to identify suspicious transactions;
- Liaise and meet national, foreign and international organisations to exchange information on emerging trends;
- Enter into agreements with institutions and agencies of foreign states that have powers and duties similar to those of the Centre to exchange information that would be relevant to the investigation or prosecution of money laundering offences;
- Plan and implement a communication strategy to enhance awareness and understanding of matters related to money laundering.

Detection and deterrence of laundering of proceeds of crime	41,030	41,030	22,500
	41,030	41,030	22,500

Finance

Office of the Superintendent of Financial Institutions

Objectives

OSFI is the primary regulator of federal financial institutions and pension plans. Our mission is to safeguard policyholders, depositors and pension plan members from undue loss. We advance and administer a regulatory framework that contributes to public confidence in a competitive financial system. We also provide actuarial services and advice to the Government of Canada. We are committed to providing a professional, high quality and cost-effective service.

Business Line Descriptions

Supervision of Financial Institutions and Pension Plans

OSFI supervises about 500 financial institutions and 1,100 pension plans. The pension plans are employer-sponsored plans that are subject to provisions of the *Pension Benefits Standard Act, 1985*. In addition, on a cost-recovery basis, OSFI carries out reviews of certain provincially chartered institutions through federal-provincial agreements or as an agent of the Canada Deposit Insurance Corporation.

Actuarial and Other Services to the Government of Canada

OSFI prepares actuarial reports pursuant to the *Public Pensions Reporting Act* and the Canada Pension Plan and various other statutory reports on government pension and insurance programs.

Fisheries and Oceans

Objectives

The objective of the Program is to undertake policies and programs in support of Canada's economic, ecological and scientific interests in the oceans and inland waters; to provide for the conservation, development and sustained economic utilization of Canada's fisheries resources in marine and inland waters for those who derive their livelihood or benefit from these resources; to provide safe, effective, and environmentally sound marine services responsive to the needs of Canadians in a global economy; and to coordinate the policies and programs of the Government of Canada respecting oceans.

Business Line Descriptions

Marine Navigation Services

Marine Navigation Services provides, operates and maintains a system of aids to navigation, provides waterways development and maintenance, and ensures protection of the public right to navigation and protection of the environment.

Marine Communications and Traffic Services

Marine Communications and Traffic Services provides distress and safety communications and coordination, vessel screening to prevent entry of unsafe vessels into Canadian waters, regulation of vessel traffic movements, and management of an integrated system of marine information and public correspondence services. In addition to ensuring safe marine navigation, Marine Communications and Traffic Services (MCTS) supports economic activities by optimizing traffic movements and port efficiency, and by facilitating industry ship/shore communications. All of the functions are derived from a regulatory framework based primarily on the *Canada Shipping Act* and the *Safety of Life at Sea Convention*.

Icebreaking Operations

Icebreaking Operations are those activities such as icebreaking escort, channel maintenance, flood control, harbour breakouts, and ice routing and information services for marine traffic navigating through or around ice-covered waters, and for the general public. It also coordinates the movement of cargo for the annual resupply of Northern settlements and military sites using contracted commercial carriers.

Rescue, Safety and Environmental Response

Rescue, Safety and Environmental Response (RSER) is composed of the following major program areas: marine search and rescue (SAR); environmental, response and departmental national emergency preparedness; and the promotion of boating safety to the marine public through prevention and regulation.

Fisheries and Oceans Science

Marine ecosystems are monitored and assessed through research vessel surveys, monitoring of fisheries and cooperative programs with fishers. Measurements of ocean parameters such as temperature, salinity, water levels and wave heights come from many sources within and outside the Department. Scientists work in multidisciplinary teams with collaboration of fishers and university based scientists to assess fish stocks in a broader ecosystem and environmental context. Climate-related studies focus on the effects of climatic changes in the ocean on fish species such as cod and salmon and the role of the oceans in the world climate system.

Aquaculture science is focused on making new fish species viable for culture in Canada and improving the efficiency of culture of existing species. The introduction and spread of fish diseases to wild and cultured stocks is combatted through fish health protection regulations requiring certification of fish production facilities before fish may be transported from such facilities into Canada or across provincial boundaries.

Fisheries and Oceans

Habitat Management and Environmental Science

This business line develops and implements policies, plans and programs and administers statutes related to the protection and conservation of aquatic habitats and the environment. It also involves investigating and monitoring chemical and physical conditions which affect the quality of aquatic environments as well as the collection, analysis and interpretation of information to support the sustained economic utilization of Canada's renewable aquatic resources and to assess, approve and monitor activities which affect the quality and quantity of fish habitat.

Hydrography

Hydrographic surveys measure the parameters necessary to describe the precise nature and configuration of the seabed and the floors of inland navigable waters, their geographic relationship to the landmass and the characteristics and dynamics of these waters. Parameters measured include: water depth, bottom type, near surface currents, tides, and water levels. Data collected are published as navigational charts and other publications such as Tide and Current Tables, Sailing Directions, Small Craft Guides, and Water Level Bulletins. Hydrographic information is also used for the determination of the seaward limits of national jurisdiction and the delimitation of maritime boundaries.

Fisheries Management

Fisheries Management is responsible for fisheries management functions in all provinces and territories in Canada, and within and adjacent to Canada's 200-mile fisheries zones. This includes the inland river systems and lakes in all provinces, except where authority for the management of inland fisheries has been delegated to the province or territory. This includes management in Canadian portions of transboundary rivers, shared management of interception fisheries in international waters and management of the Aboriginal, recreational and commercial fishing effort in Canadian coastal waters. Fisheries Management is also responsible for negotiating international arrangements to advance Canada's fisheries conservation interests in cooperation with other Government departments, and the negotiation and administration of international treaties and agreements affecting bilateral and multilateral fisheries relations with other countries.

The objectives of Fisheries Management are complemented through the delivery of capacity-reduction programs such as the Canadian Fisheries Adjustment and Restructuring (CFAR) Plan, the Atlantic Groundfish Strategy (TAGS) and the Northern Cod Adjustment and Recovery Program (NCARP). These special programs address specific needs for a specified period of time.

Harbours

The operation and maintenance of a national system of fishing and recreational harbours involves the construction and upkeep of wave protection structures and boat mooring and launching facilities as well as the dredging of harbour channels and basins to an adequate water depth. Additional activities include the provision and maintenance of service areas and equipment for fish and gear handling and various onshore services. Program management, including engineering and technical services, is provided regionally under national policy direction, with ongoing harbour management and administration, where applicable, provided locally.

Fleet Management

Fleet Management consists of the acquisition, maintenance, and scheduling of the Department's vessel and air fleets in support of the following program areas: Marine Navigation Services; Marine Communications and Traffic Services; Icebreaking Operations; Rescue, Safety and Environmental Response; Fisheries Management; Fisheries and Oceans Science; and Hydrography. The funding to crew and to operate the Fleet is provided by the above program areas. Fleet Management also arranges for any augmentation of fleet capabilities by arranging for other government departments and the private sector to provide additional sea and air support to the programs.

Policy and Internal Services

The responsibilities of Policy and Internal Services include: executive direction of the Program; corporate and regional management; provision of administrative services; coordination of departmental policies, programs; and development and promulgation of the Department's national regulations.

Foreign Affairs and International Trade Department

Objectives

To act for Canada and all Canadians to enhance prosperity, employment and security and work toward a peaceful world by the promotion of Canadian culture and values.

Business Line Descriptions

International Business Development

Create jobs and prosperity in Canada by encouraging Canadian firms to take full advantage of international business opportunities and by facilitating investment and technology flows.

Trade and Economic Policy

Create jobs and prosperity in Canada by effectively managing Canada's trading relationships with the United States and liberalizing trade and capital flows around the world, based on clear and equitable rules.

International Security and Cooperation

A peaceful, law-based international system reflecting Canadian values in which Canada is secure from threats from abroad.

Assistance to Canadians Abroad (Consular Services)

Satisfaction of the needs of individual Canadians travelling or living abroad for official assistance.

Public Diplomacy

Creation of interest and confidence in Canada abroad and an international public environment favourable to Canada's political and economic interests and Canadian values.

Corporate Services

Enable the Department to achieve its mission and objectives through the delivery of cost-effective support services.

Services to Other Government Departments

Enable other government departments to deliver their programs abroad through the delivery of cost-effective support services.

Passport Services

To provide internationally respected travel documents to Canadian citizens and other eligible residents of Canada. Parliament has previously authorized a total drawdown of \$4,000,000 for the Passport Office Revolving Fund. The projected use of this authority as related to these Estimates is as follows:

	(thousands of dollars)
Anticipated unused authority as of April 1, 2002	118
Plus:	
2002–2003 Main Estimates – net cash provided	6,581
Anticipated unused authority as of April 1, 2003	6,699

*This business line is funded through the use of a revolving fund. The Estimates shown on this table refer to the cash requirements for the Fund over the fiscal year. These do not directly reflect the operating profit or loss that the Fund will realize since the latter is calculated on an accrual accounting basis. Therefore, some cash disbursements included in the Estimates do not impact upon the operating balance and certain other items that must be taken into consideration in calculating the profit or loss do not require a direct cash expenditure. The two can be reconciled as follows:

	(thousands of dollars)
Expected operating profit	6,322
Plus:	
Non-cash items included in the calculation of the operating profit	24,404
Less:	
Cash expenditures not included in the calculation of the operating profit:	
New capital acquisitions	14,580
Change in Working Capital	9,565
Total Estimates – net cash provided	6,581

For further information on the Passport Office Revolving Fund, refer to the departmental Report on Plans and Priorities.

Foreign Affairs and International Trade Canadian Commercial Corporation

Objectives

To provide an effective, responsive government-to-government export contracting service to the private and public sectors in Canada, at the least cost to the Canadian taxpayer; and to provide an efficient and effective contract management service to foreign governmental customers.

Description of Funding Through Appropriations

Canadian Commercial Corporation

The obtaining and processing of invitations to tender from foreign governmental customers; the calling and evaluation of tenders and proposals from Canadian suppliers; the negotiating and signing of contracts with foreign customers and the letting or arranging of contracts with Canadian suppliers; the payment to Canadian suppliers and the collection of receivables from foreign customers.

Summary of Funding Through Appropriations

Expenditures	16,628	14,619
Less:		
Interest and other income	5,796	3,885
Total Budgetary Requirements	10,832	10,734

Foreign Affairs and International Trade Canadian International Development Agency

Objectives

To facilitate the efforts of the peoples of developing countries and countries in transition to achieve self-sustainable economic and social development in accordance with their needs and environment, by co-operating with them in development activities; and to provide humanitarian assistance thereby contributing to Canada's political and economic interest abroad in promoting social justice, international stability and long-term economic relationships, for the benefit of the global community.

Business Line Descriptions

Geographic Programs

Geographic programs involve direct contacts between the Government of Canada and recipient countries and are developed through consultation and co-operation with partners in these countries. They are the main assistance instrument directly available to the Government to invest, over the long-term, in areas critical to sustainable development. In all, geographic programs account for about one-third of the international assistance budget.

Projects supported through the geographic programs reflect both the needs of developing countries and Canada's ability to meet these needs. These projects, as well as the contracts and contribution agreements required for their delivery, range in value from thousands to tens of millions of dollars and can vary considerably in their approach and subject matter. With few exceptions, geographic programs are delivered in kind directly by Canadian suppliers and executing agents or under recipient country procurement – all within the framework of Canadian tied aid policies (funds allocated for the procurement of goods and services in Canada) and on Canadian content requirements.

Three geographic branches – Africa and the Middle East, Asia and Americas – are responsible for planning and providing Canada's country-to-country Official Development Assistance to eligible recipients. Programming in these regions is based on the ODA purpose statement and the six program priorities.

Countries in Transition

The Central and Eastern Europe (CEE) program is highly responsive and designed to assist countries in the region during a critical time of transition. A small share of the assistance provided through this program is considered ODA.

The CEE program transfers knowledge and expertise to countries in the region through human resource development, institution-building, humanitarian and multilateral assistance, as well as policy advice. Initiatives supported by the program are delivered in partnership with the private sector, non-governmental organizations (NGOs), academia, ethnic communities and all levels of Canadian government. These partnerships enable the program to leverage project contributions from Canada and recipient country partners.

Multilateral Programs

Multilateral programs involve the Canadian International Development Agency (CIDA) in the work of a very wide range of international organizations and institutions. These include the UN and its agencies – such as UNICEF – the Commonwealth, la Francophonie and the regional development banks for Africa, Asia, Latin America and the Caribbean. Most of CIDA's humanitarian assistance and emergency aid is also provided through the multilateral program.

CIDA's multilateral programming seeks to achieve results in the six priority areas in a number of ways. Along with other donor countries, CIDA provides core funding to multilateral organizations and institutions working in these areas. CIDA also seeks to influence the policies and practices of these bodies to maximize the effectiveness of their programming and operations. In addition, the multilateral program monitors, assesses and reports on the performance of international organizations and institutions.

Multilateral Branch also works towards results related to improvements in the general policies and practices of multilateral institutions, particularly in such areas as country-level coordination, field-delivery supervision and evaluation. Improving the effectiveness of international organizations is an important element of the multilateral program.

Foreign Affairs and International Trade Canadian International Development Agency

Canadian Partnership

The Canadian Partnership program provides grants and contributions to Canadian and international organizations to support their activities in developing countries. This funding is responsive to the initiatives of these organizations (profit and non-profit), and emphasizes the development of sustainable partnerships between developing countries and Canadian society through the cost-sharing of projects. Canadian Partnership also manages CIDA's consultation policy and is the key interface for the Agency in external relations and consultations with its development partners.

The Canadian Partnership Program comprises three main sub-programs: Industrial Cooperation, Voluntary Sector and Scholarships. The Industrial Cooperation Program (INC) promotes economic growth and private sector development in developing countries by responding to Canadian private sector initiatives to establish mutually beneficial, long-term ties between Canadian and developing country partners.

The Voluntary Sector program focuses on grass-roots development and seeks to increase the capacity of organizations and institutions in developing countries to promote sustainable development in key socio-economic areas. The program has a strong emphasis on improving linkages between Canadian and developing country NGOs and also supports Canadian organizations and institutions working in such areas as the environment, public sector reform, human rights, democracy and good governance to promote technology transfer and capacity building.

The Scholarships program administers various fellowship and awards programs, as well as regulations and policies governing the selection and recruitment of technical assistance cooperant/experts and in-country trainees.

Policy

Policy Branch formulates and maintains CIDA's policy base within the context of the ODA purpose and priorities and Canada's broader foreign policy objectives and interests. It provides advice, information and briefing materials on policy matters and strategic issues to the Minister, CIDA and other government departments, as well as specialised expertise on scientific and technical areas. In certain cases – e.g., environmental assessment – Branch experts verify Agency compliance and legislation. The Branch also manages consultations on policy matters with special interest groups and the general public.

Policy Branch also takes the lead on the management of the International Assistance Envelope and allocations on behalf of CIDA. It produces corporate information required to meet national and international responsibilities for reporting on ODA expenditures.

At the international level, Policy Branch seeks to improve the coordination of Canadian development policies with those of other donor countries – for example, through the Development Assistance Committee of the Organization for Economic Cooperation and Development (OECD). Policy Branch also helps to represent Canada's interests in international fora and verifies that international commitments undertaken by this country are reflected in Canadian development policies.

Communications

In keeping with government communications policy, Communications Branch provides support to the Minister, President and CIDA branches to help them fulfill their responsibilities in this area. This support is provided as expert advice, media relations and analysis, public opinion research and in the form of printed and audio-visual materials.

Through its communications efforts, CIDA seeks to demonstrate to selected key publics, including youth, decision makers and opinion leaders, that it is an effective aid agency. It promotes greater awareness of international development and its impact and strengthens communications cooperation with domestic and international partners. Communications Branch is also responsible for implementing the Agency's internal communications policy.

Through the Development Information Program (DIP), Communications Branch works in partnership with non-governmental and private sector organizations and individuals to inform Canadians about development programs and issues, with a special emphasis on the important role and contributions Canadians make in developing countries.

Foreign Affairs and International Trade Canadian International Development Agency

Corporate Services

The Corporate Services activity provides the Agency with support services that are not specific to any individual channel of program delivery. These services are rendered by the Agency Executive, the Human Resources and Corporate Services Branch, the Information Management and Technology Branch and the Performance Review Branch. The costs of these services are classified as indirect administration, as opposed to direct administration which can easily be identified with a particular channel of delivery.

Foreign Affairs and International Trade Export Development Canada

Objectives

To support and develop Canada's export trade and Canadian capacity to engage in that trade.

Description of Funding Through Appropriations

Export Development

EDC has available to exporters a wide range of financial services which fall into five general categories: credit insurance, which protects policy holders against non-payment by buyers; financing services including direct loans to foreign buyers, long-term pre-shipment financing, leasing support and project financing; bonding services relating to an exporter's requirement to post bid, performance or advance payment bonds; political risk insurance, available to Canadian companies making an investment in a foreign country; and equity and other forms of related investments in projects or companies. Funding for transactions supported under EDC's Canada Account and any requirements of EDC for equity capital, are provided by Canada pursuant to the *Export Development Act*.

Summary of Funding Through Appropriations

(thousands of dollars)	2002–2003 Main Estimates	2001–2002 Main Estimates
Export Development		
Canada Account Concessional Loan Disbursements and Loan Provisioning	102,000	70,000
Budgetary sub-total	102,000	70,000
Canada Account:		
Disbursements	300,000	300,000
Less: Repayments	173,000	177,200
Non-budgetary sub-total	127,000	122,800
Total Requirements	229,000	192,800

Note: The Act to amend the *Export Development Act* and to make consequential amendments to other Acts was proclaimed in force on December 21, 2001. Among other things, the *Act* changed the English name of Export Development Corporation to Export Development Canada and the French name of Société pour l'expansion des exportations to Exportation et développement Canada.

Foreign Affairs and International Trade International Development Research Centre

Objectives

The objects of the International Development Research Centre (IDRC), as stated in the Act of Parliament that established it, are to initiate, encourage, support and conduct research into the problems of the developing regions of the world and into the means of applying and adapting scientific, technical and other knowledge to the economic and social advancement of those regions. In carrying out those objects the Centre:

- enlists the talents of natural and social scientists and technologists of Canada and other countries;
- assists the developing regions to build up the research capabilities, the innovative skills and the institutions required to solve their problems;
- encourages generally the coordination of international development research; and
- fosters cooperation in research on development problems between the developed and developing regions for their mutual benefit.

Overall, the Centre aims to help developing countries use science and knowledge to find practical, long-term solutions to the social, economic and environmental problems they face.

Description of Funding Through Appropriations

Development Research Programs

Centre Programs

IDRC programming focuses around three main areas of concern:

- Social and Economic Equity;
- Environment and Natural Resource Management; and
- Information and Communication Technologies for Development.

The program is tailored to four different regions of the world: Asia, sub-saharan Africa, the Middle East and North Africa, and Latin America and the Caribbean. Support is directed toward developing an indigenous research capacity to sustain policies and technologies developing countries need to build healthier, more equitable, and more prosperous societies.

The Centre practices a multidisciplinary, participatory approach that factors in gender considerations in supporting the creation and the use of knowledge resources for sustainable and equitable development.

Development research includes resource-expansion activities in which research activities are managed or administered by IDRC on behalf of other organizations mostly in joint research projects.

Institute for Connectivity in the Americas

As part of the Centre's program, the Institute for Connectivity in the Americas is a Canadian contribution to the common goals supported by the world leaders at the 2001 Summit of the Americas. The Institute will support the summit themes of strengthening democracy, creating prosperity and realizing human potential through the use of information and communications technologies. Programs supported by the Institute will enhance the ability of people in the region to participate in an increasingly knowledge-based society.

Development Research Support

Technical Support

Technical support personnel assist in the development of new projects, monitor ongoing research projects, and provide specialized scientific support to recipients, such as guidance on methodology, facilitating the creation and maintenance of networks, and the synthesis of results across a range of activities.

Program Complements

The range of services in direct support of development research program delivery at IDRC including program evaluation, dissemination and research information and management services.

Foreign Affairs and International Trade International Development Research Centre

Program Management

Provide strategic direction and support to the Centre's programming framework and program of work.

Administrative Services

Regional Office Management

Regional offices are maintained abroad and foster special knowledge and awareness of developing-world research and development conditions. The regional offices are located in Egypt, India, Kenya, Senegal, Singapore and Uruguay.

Administration

Corporate activities and services including the Board of Governors, executive offices, policy, and other administrative functions associated with the delivery of the Centre's programs.

Foreign Affairs and International Trade International Joint Commission

Objectives

To implement the powers, responsibilities and functions assigned to the Commission by international treaties and agreements; to investigate and recommend upon any questions or matters of difference along the common frontier referred to it by the Governments of Canada and the United States; and to consider and, if appropriate, approve in accordance with the Boundary Waters Treaty of 1909, uses, diversions, or obstructions of waters on either side of the boundary affecting the natural level or flow of waters on the other side.

Business Line Descriptions

Operation and Administration of the Canadian Section Office

Commissioners and staff; associated operating expenses; payment of Canada's share of joint studies, surveys and investigations under Applications and References pursuant to the Boundary Waters Treaty of 1909, including co-ordination of the work of international investigating boards; supervision of international boards of control established by the Commission; and payment of residual expenditures for surveys and investigations.

Operation and Administration of the Great Lakes Regional Office

Surveillance, monitoring, co-ordination and assistance to the Governments in implementation of the Canada-United States Great Lakes Water Quality Agreement; staff and operation of the Regional Office under cost-sharing arrangements with the United States; and furnishing support to the Commission's Great Lakes Water Quality Board, Great Lakes Science Advisory Board, Council of Great Lakes Research Managers and Commission task forces dealing with Great Lakes water quality matters.

Foreign Affairs and International Trade

NAFTA Secretariat, Canadian Section

Objectives

The NAFTA Secretariat, Canadian Section's program objective is to implement the dispute settlement provisions of the North American Free Trade Agreement (NAFTA), the Canada – Israel Free Trade Agreement and the Canada – Chile Free Trade Agreement, by providing support to panels established under the relevant agreements and by maintaining a court-like registry system relating to panel, committee, and tribunal proceedings of the relevant agreements.

Business Line Descriptions

NAFTA Secretariat, Canadian Section

Disputes relating to anti-dumping, countervailing duty and injury final determinations may be resolved under the NAFTA through the panel review process (Chapter 19) as an alternative to judicial review. Disputes concerning the interpretation or application of the NAFTA (Chapter 20) may be referred to a five-member panel. Disputes relating to the investment provisions of Chapter 11 and the financial services provisions of Chapter 14 of the NAFTA may be referred to dispute settlement under the Agreement.

Disputes arising under the dispute settlement provisions of Chapter 8 of the Canada – Israel Free Trade Agreement and Chapter N of the Canada – Chile Free Trade Agreement will be administered by the Canadian Section.

In the administration of the dispute settlement provisions of the relevant agreements, the NAFTA Secretariat, Canadian Section provides professional and advisory support to panels and committees, operates a court-like registry and coordinates all panel and financial aspects of the process.

Non-dispute related responsibilities include providing assistance to the Commissions, as directed, and support for various non-dispute related committees and working groups.

Foreign Affairs and International Trade Northern Pipeline Agency

Objectives

To facilitate the efficient and expeditious planning and construction of the Alaska Highway Gas Pipeline in a manner consistent with the best interests of Canada as defined in the *Northern Pipeline Act*.

Business Line Descriptions

Regulation of Construction of the Alaska Highway Gas Pipeline

To carry out and give effect to the Agreement of September 20, 1977, between Canada and the United States; to facilitate the efficient and expeditious planning and construction of the pipeline, taking into account local, regional and national interests, including those of the native people, and carrying out federal responsibilities in relation to the pipeline; to facilitate consultation and co-ordination with the governments of the provinces and the territories; to maximize social and economic benefits while minimizing any adverse social and environmental effects; to advance national economic and energy interests and to ensure the highest possible degree of Canadian participation in all aspects of the planning, construction and procurement for the pipeline, while ensuring that the procurement of goods and services for the pipeline will be on generally competitive terms.

Business Line Descriptions

Health Care Policy

This business line supports policy development, analysis and communications related to leadership on all areas of Canada's health system, with clear emphasis on ensuring the viability and accessibility of Medicare and collaborative efforts, with provinces/territories and other stakeholders, to strengthen, modernize and sustain Canada's health system.

Health Promotion and Protection

This business line is responsible for developing a cohesive, coherent, consistent and horizontal approach to its activities in managing the risks and benefits to health for Canadians. It achieves these results through the development of policies and programs that support disease, illness and injury prevention and health promotion. The business line supports action to promote health by addressing determinants that fall both within and outside of the health sector throughout the human life cycle. The delivery of the population health approach, and its prevention and promotion activities recognizes and emphasizes the importance of health throughout the human life cycle which takes place through a framework based on three stages of life: childhood and youth, early to mid-adulthood, and later life with a specific recognition of investment in early childhood as a means to better health throughout life.

This business line also promotes healthy and safe living, working and recreational environments by anticipating, preventing and responding to health risks posed by food, water, occupational and environmental hazards, diseases, chemical and consumer products, alcohol and controlled substances, tobacco, pest control products, and peacetime disasters. It ensures that the drugs, medical devices, and other therapeutic products available to Canadians are safe, effective and of high quality.

First Nations and Inuit Health

This business line carries out its mandate through:

- the provision of community-based health promotion and prevention programs on-reserve and in Inuit communities;
- the provision of non-insured health benefits to First Nations and Inuit people regardless of residence in Canada; and
- the provision of primary care and emergency services on reserve in remote and isolated areas where no provincial services are readily available.

Health Canada also supports the transition to increased control and management of these health services based on a renewed relationship with First Nations and the Inuit and a refocused federal role. Health Canada participates in government policy development on aboriginal issues.

Information and Knowledge Management

This business line is responsible for improving the evidence base (both information and analysis) for decision-making and public accountability; updating the long-range strategic framework and policies that establish, direct and redirect the involvement of the federal government in health research policy; developing the creative use of modern information and communications technologies (including the information highway) in the health sector; and, in cooperation with the provinces and territories, the private sector and international partners, providing advice, expertise and assistance with respect to information management and information technology, planning and operations.

Departmental Management and Administration

This business line is responsible for providing administrative services to the department.

Health

Canadian Institutes of Health Research

Objectives

To excel, according to international standards of scientific excellence, in the creation of new knowledge, and its translation into improved health, more effective health services and products, and a strengthened Canadian health care system.

Business Line Descriptions

Creation and translation of new knowledge for improving health

To create new knowledge and translate it into improved health for Canadians, improved services and products and a strengthened health care system. Canadian Institutes of Health Research will establish institutes, funding mechanisms and other structures to build and strengthen a broad, flexible, national research capacity and enable strategic research initiatives that address Canadian priorities. Institutes will be constituted to maximize the involvement of researchers, users, health practitioners, government policy makers, private sector and other partners, in the development and implementation of health research strategies and policies and the translation of research results into health and economic benefits for Canadians.

Health

Hazardous Materials Information Review Commission

Objectives

To allow suppliers or employers involved with hazardous industrial materials to protect confidential business information concerning their products and at the same time to ensure that workers are provided with accurate safety and health information for these products.

Business Line Descriptions

Material Safety Data Sheet Compliance

This business line contributes to the right of workers to know about the health and safety hazards of exposure to chemicals found in products associated with claims for exemption by ensuring that Material Safety Data Sheet (MSDS) and labels are compliant with Workplace Hazardous Materials Information System (WHMIS) requirements. This includes an assessment of the scientific information relevant to each of the product's ingredients and advice on the health and safety hazards posed by the product pursuant to the *Hazardous Products Act*, the *Canada Labour Code*, and provincial and territorial occupational health and safety legislation. Where non-compliance is found, a formal order for revision of the MSDS is issued and follow-up done to ensure compliance.

This activity will continue to result in a direct contribution to the reduction of workplace-related illness and injury which, in turn, has the effect of easing economic pressures due to compensation claims and health care costs.

Client Services

The responsibilities within this area include the formal registration of claims for exemption, the issuance of Registry Numbers, the security of claim-related information and the issuance of a decision on claim validity pursuant to the *Hazardous Materials Information Review Act*. In addition, Client Services provides general advice and guidance to claimants and monitors levels of client satisfaction.

Dispute Resolution

This business line includes the convening of independent tripartite boards to hear appeals or disputes from claimants or affected parties in order to address issues or disputes as early and effectively as possible.

An appeal may relate to the compliance of a MSDS, the rejection of a claim or to a request that confidential business information be disclosed in confidence to an affected party for occupational safety and health reasons.

Dispute resolution options such as mediation or facilitated discussion, will be implemented in a manner that is cost-effective and fair to everyone involved.

Health

Patented Medicine Prices Review Board

Objectives

To protect consumer interests and to contribute to Canadian health care by ensuring that prices charged by manufacturers of patented medicines are not excessive.

Business Line Descriptions

Patented Medicine Prices Review Board

The Patented Medicine Prices Review Board (PMPRB) receives information on the prices charged by manufacturers of patented medicines in Canada, analyzes that data and takes action, when required, to reduce prices which are, in the opinion of the Board, excessive. Price reductions are accomplished through:

- voluntary action taken by the patentees;
- formal Voluntary Compliance Undertakings (VCUs) to lower prices and offset excess revenues; or,
- following a public hearing in which prices are found to be excessive, through the issuance of remedial orders.

The PMPRB relies on voluntary compliance wherever possible since it is more effective, less time consuming, and less costly to all parties. Voluntary compliance by patentees is facilitated by published Guidelines intended to assist companies in setting prices that are not excessive.

Under the *Patent Act*, the Board is required to consider the prices of medicines in other countries, the prices of other medicines in the same therapeutic class, changes in the Consumer Price Index (CPI), and other factors when assessing whether or not the price of a medicine is excessive. The Act allows the Minister of Health, in consultation with provincial ministers of health and others, to make regulations regarding additional factors the Board shall take into consideration in determining if a price is excessive and to assign additional duties and powers to the PMPRB. Furthermore, it authorizes the Minister of Health to require the Board to conduct inquiries into matters as determined by the Minister.

The PMPRB reports to Parliament on the price trends of all medicines and on the ratios of pharmaceutical research and development expenditures to sales for the patented pharmaceutical industry and individual patentees in Canada.

Human Resources Development Department *Human Resources Development Program*

Objectives

The objective of Human Resources Development Canada is to enable Canadians to participate fully in the workplace and the community.

Business Line Descriptions

Income Security

The business line encompasses two major income security programs, the Canada Pension Plan (CPP) and Old Age Security (OAS). CPP benefits include retirement pensions, disability benefits, children's benefits, and survivor benefits. OAS benefits include the basic OAS pension, the Guaranteed Income Supplement (GIS) and the Allowance (AWL). This business line also negotiates and administers international social security agreements to ensure migrants to and from Canada are able to exercise the social security rights they acquired in both countries, to the greatest extent possible.

The administration of the CPP disability program comprises the adjudication of initial applications and one level of administrative appeal, the reassessment of ongoing eligibility and co-ordination of vocational rehabilitation. Staff prepare files for the Review Tribunal and Pension Appeals Board which process subsequent appeals and operate at arm's length from the Department processing.

To enhance our administration of programs, ISP will assist Canadians to better understand public pensions in the context of the overall retirement income system and how they can take action to achieve their retirement goals. This includes annual mailings of CPP statements to more than 12 million contributors and working with our partners in the Canadian retirement income system, including provincial governments and non-governmental organizations.

Employment Insurance Income Benefits

This business line focuses on the:

- administration of the Employment Insurance (EI) Program including the processing of appeals;
- issuance of social insurance numbers and administration of the Social Insurance Registry; and
- delivery of government annuities payments.

Human Resources Investment

This business line strives to address both the social and economic priorities of Canadians by focussing on:

- promoting transition to, attachment to and re-integration into the labour market;
- increasing community, private and voluntary sector capacity to promote human development;
- promoting learning and skills development; and
- promoting social inclusion to enable full workplace and community participation by all, with special emphasis on children, youth-at-risk, the homeless, Aboriginal people, persons with disabilities and older Canadians.

These priorities will be achieved by taking an integrated and horizontal approach to human development. Human Resources Investment (HRI) programming reaches Canadians of all ages and at all stages of life as well as groups with distinct needs such as Aboriginal people, Canadians with disabilities and the homeless. HRI will pursue our goals by emphasizing preventative measures such as programming for youth-at-risk and the development and strengthening of HRDC's partnerships with the private, voluntary and not-for-profit sectors as well as with other levels of government.

The activities of the HRI business line include the provision of a range of information, co-ordination and advisory services, grants, contributions, loans and statutory programs. It also includes access learning, skills development and employment and job creation opportunities. These may be provided by HRDC or through partnerships with provinces and territories, the private, not-for-profit and voluntary sectors, as well as Aboriginal, sectorial and community-based organizations.

Human Resources Development Department

Human Resources Development Program

Labour

This business line includes four service lines:

Industrial Relations assists in resolving disputes involving employers, unions and workers under federal jurisdiction, supporting and funding collaborative labour-management initiatives on workplace issues, and researching current and emerging industrial relations priorities. This service line also develops policies, legislation and regulations that respond to the emerging workplace in consultation with workers and employers.

Labour Operations encourages client awareness and acceptance of, and responds to non-compliance with, federal mandatory and legislated programs designed to bring about fair, safe, healthy and equitable work environments. This service line develops policies, legislation and regulations that respond to the emerging workplace in consultation with workers and employers.

Federal Workers' Compensation ensures, through administrative arrangements with provincial workers' compensation authorities, the provision of statutory employment injury and related claim benefits to eligible persons.

Legislation, Policy Research and Management develops policies that respond to the emerging and the changing nature of the workplace and society. The service line promotes respect for labour standards and fosters co-operation on labour issues with unions, business, and governments in Canada and internationally. It researches, provides and promotes access to workplace information, and best workplace practices.

Service Delivery Support

This business line includes:

- the management and operations of Systems activities supporting the delivery of services and benefits to our clients;
- program advice and guidance through policy and procedure development that supports joint delivery of business lines at the local, area and regional levels;
- direct client services such as reception and direction of clients whether in-person or by phone at the local Human Resource Centres of Canada;
- national co-ordination and leadership of service delivery principles and projects.

Corporate Services

This business line includes four service lines:

- Departmental Executive is responsible for advice to Ministers, and the overall management of the Department including direction of operations, and co-ordination of delivery networks and integrated management processes;
- Policy and Communications develops and evaluates policies and programs, co-ordinates international affairs, and provides structured, strategic communications advice and services that enable the Department to achieve corporate and business line objectives;
- Financial and Administrative Services provides administrative and financial services to support departmental clients in the achievement of their business line objectives, consistent with overall government policies;
- Human Resources provides human resources services and advocates and facilitates best human resource management practices so that the Department can meet its business objectives and ensure the well being of its employees.

Human Resources Development Canadian Centre for Occupational Health and Safety

Objectives

To provide Canadians with information about occupational health and safety which is trustworthy, comprehensive, and intelligible. The information facilitates responsible decision-making, promotes change in the workplace, increases awareness of the need for a healthy and safe working environment, and supports education and training.

Business Line Descriptions

Canadian Centre for Occupational Health and Safety

The Canadian Centre for Occupational Health and Safety (CCOHS) is Canada's national institute which promotes the fundamental right of Canadians to a healthy and safe working environment. CCOHS is independent from other federal and provincial departments and maintains a tripartite (labour, business, and government) governing council to help insure that intelligible, unbiased information is delivered to Canadians and their workplaces. The delivery of this information is provided via a toll free telephone based inquiries service or on a fee-for-service basis using the latest print and electronic technology. Information is gathered from numerous Canadian and international health and safety institutions and thereby provides Canadians with the most comprehensive, current, and reliable information. This information is distributed across Canada and to more than 50 countries.

Indian Affairs and Northern Development
 Department
Northern Affairs Program

Objectives

To promote the political, economic, scientific and social development of Canada's North; to assist Northerners, including Aboriginal groups, to develop political and economic institutions which will enable them to assume increasing responsibility within the Canadian federation; to effectively manage and regulate the sustainable development of the North's natural resources in preparation for devolution to the territorial governments; to preserve, maintain, protect and rehabilitate the northern environment; and to manage ongoing federal interests in the North, including federal northern policy, federal-territorial relations and claims and self-government implementation, and federal circumpolar activities.

Business Line Descriptions

Northern Affairs Programming

This business line provides for the development and implementation of policies and programs related to the political, economic, social and sustainable development of Canada's North. It manages the constitutional relationship between the department and the territorial governments, negotiates and implements resource transfers to northern governments, and provides continuing co-ordination and direction to the management of ongoing federal interests in the North. This business line provides for the management of the North's natural resources and the protection and enhancement of the Arctic environment, both nationally and internationally. It co-ordinates the implementation of northern land claims and enhances Aboriginal interests in the development of the North, as well as in the fur industry throughout Canada. The development and implementation of science and technology-related programs are promoted nationally and internationally.

Industry Department

Objectives

To promote international competitiveness and excellence in industry, science and technology in all parts of Canada, to promote regional economic development in Ontario, to assist Aboriginal people to realize their economic potential, to promote fair and efficient operation of the marketplace in Canada, and to establish the rules of the marketplace and ensure that they are effectively implemented and enforced.

Business Line Descriptions

Micro-Economic Policy

This Business Line sets the overall priorities and direction for the department's micro-economic agenda in the "four pillars" of marketplace climate, trade, technology and infrastructure, outlined in the government's framework document, "Building a More Innovative Economy (BMIE)" and consistent with the Speech from the Throne priorities. The major challenge in developing the micro-economic policy agenda will be to identify the key emerging issues, to marshal the analytical evidence for the appropriate policy responses and engage the commitment of a diverse group of departments and agencies inside and outside the Industry Portfolio in implementing them. The challenge must also include integrating a sustainable development strategy and sustainable development concepts into the work of the department.

Marketplace Rules and Services

The department's Marketplace Rules and Services Business Line represents a significant portion of the government's policy levers for maintaining an efficient and equitable marketplace, thus enhancing Canada's attractiveness for investment. Some 20 Acts set out the policy and legislative framework for the marketplace in such areas as bankruptcy, corporations and corporate governance, approval and inspection of measuring devices, intellectual property, competition, consumer product inspection and voluntary codes of practice, and spectrum licensing and monitoring.

Through this Business Line, Industry Canada develops, evaluates and revises rules, regulations and standards that govern the fair, efficient and competitive operation of the Canadian marketplace. These rules support and interpret marketplace legislation that is developed as part of the Service Line related to promoting a healthy marketplace climate in the Micro-economic Policy Business Line.

Under Marketplace Rules and Services, the department maintains consumer and business confidence by effectively administering and ensuring compliance with marketplace legislation, rules, regulations and standards. It also promotes these marketplace standards internationally to help Canadians compete more effectively in global markets.

The organizations that make up this Business Line also help businesses and consumers contribute to and benefit fully from marketplace rules and respond better to changing conditions by providing a wide range of marketplace information and services.

Included within this business line is the Canadian Intellectual Property Office Revolving Fund. A total drawdown of \$5,000,000 for the Canadian Intellectual Property Office Revolving Fund will become effective March 31, 2002. The projected use of this authority as related to these Estimates is as follows:

	(thousands of dollars)
Anticipated unused authority as of April 1, 2002	46,057
Plus: 2002–2003 Main Estimates – net cash provided	3,280
Anticipated unused authority as of April 1, 2003	49,337

Industry Department

Industry Sector Development

The department's Industry Sector Development Business Line provides leadership and support to Canadian industry as it adapts to the challenges and opportunities of the global economy. This is accomplished through the development and implementation of strategies in cooperation with major partners and stakeholders for the advancement of trade, investment, technology, youth opportunities, information technology and telecommunications and human resource development. In addition, world-class information products and services will address the needs of Canadian industry. Policies, regulations and research will support Canada's information technology and telecommunications industry and targeted financial assistance will promote investment and leading edge technologies.

Corporate and Management Services

This Business Line encompasses the provision of corporate services, including management advisory services and strategic communication products and services direction, human resources and corporate development services, financial, administrative and common services and fulfils the functions of the Ethics Counsellor.

Industry

Atlantic Canada Opportunities Agency

Objectives

To support and promote new opportunities for economic development in Atlantic Canada, with particular emphasis on small and medium-sized enterprises, through policy, program and project development and implementation, and through advocating the interests of Atlantic Canada in national economic policy, program and project development and implementation.

Business Line Descriptions

Development

This business line includes the Agency's program policy, planning and delivery functions directly related to the mandate of the organization. It is divided into six sub-activities: Action/Business Development, Cooperation, Advocacy and Coordination, Special Programs, Pan-Atlantic Development, and Program Administration. These sub-activities delineate the nature of the Agency's business.

Corporate Administration

This business line includes: the executive offices of the Minister and the President; personnel, finance, systems and other administrative support services provided at Head Office and in regional offices; internal audit activities; legal services; and Head Office communications activities not related to specific programs.

Industry

Canadian Space Agency

Objectives

The overriding objectives of the Canadian Space Program are summarized as:

- the development and application of space science and technology to meet Canadian needs; and,
- the development of an internationally competitive space industry in Canada.

Business Line Descriptions

Space Knowledge, Applications and Industry Development

The Canadian Space Agency works with universities and industry across Canada to contribute to and facilitate the advancement of space knowledge; the development of new processes, technologies and applications; and the use and application of space science and technology. This leads to an internationally competitive, export-oriented Canadian space equipment and services sector. In collaboration with other public sector organizations, or on its own, the Canadian Space Agency contributes to the sustainable development of Canada by linking Canadians from coast to coast, by enhancing the management of our environment and natural resources, and by learning how phenomena in space affect life on Earth.

The business line creates better awareness of the importance of space technology in all regions of Canada and improves cooperation and relationships with space sector organizations throughout the world. The business line also involves all initiatives that ensure that the Agency performs its role as the leader of the Canadian Space Program.

Industry

Canadian Tourism Commission

Objectives

To market Canada as a desirable tourist destination and to provide timely and accurate information to the tourism industry to assist their decision-making.

Description of Funding Through Appropriations

Canadian Tourism Commission

The Canadian Tourism Commission (CTC) is a working partnership among tourism industry businesses and associations, provincial and territorial governments and the Government of Canada. The CTC has authority to plan, direct, manage and implement programs to generate and promote tourism in Canada, and is an example of the new partnership approach of the federal government. The CTC brings together industry representatives and experts from across Canada acting to ensure that the tourism industry remains a vibrant and profitable part of the Canadian economy.

Canadian Tourism Commission	83,166	82,460
	83,166	82,460

Industry Competition Tribunal

Objectives

The Tribunal's objective is to provide a court of record to hear and determine all applications under Parts VII.1 and VIII of the *Competition Act* as informally and expeditiously as circumstances and considerations of fairness permit.

Business Line Descriptions

Competition Tribunal

Through the *Competition Tribunal Rules* that regulate its practices and procedure, the Tribunal establishes a framework for informal, expeditious proceedings while leaving the Tribunal flexibility to respond to the wide range of variables that affect expediency and considerations of fairness in a particular case.

	1,540	1,540	1,512

Industry Copyright Board

Objectives

To fix royalties which are fair and equitable to both copyright owners and the users of copyright-protected works, and issue non-exclusive licences authorizing the use of works when the copyright owner cannot be located.

Business Line Descriptions

Copyright Board

The Copyright Board was established on February 1, 1989, as the successor of the Copyright Appeal Board. Its responsibilities under the *Copyright Act* are to:

- establish tariffs for the public performance or the communication to the public by telecommunication of musical works and sound recordings (sections 67 to 69);
- establish tariffs, at the option of a collective society referred to in section 70.1, for the doing of any protected act mentioned in sections 3, 15, 18 and 21 of the Act (sections 70.1 to 70.191);
- set royalties payable by a user to a collective society, when there is disagreement on the royalties or on the related terms and conditions (sections 70.2 to 70.4);
- establish tariffs for the retransmission of distant television and radio signals or the reproduction and public performance by educational institutions, of radio or television news or news commentary programs and all other programs, for educational or training purposes (sections 71 to 76);
- establish tariffs for the private copying of recorded musical works (section 79 to 88);
- rule on applications for non-exclusive licences to use published works, fixed performances, published sound recordings and fixed communication signals, when the copyright owner cannot be located (section 77);
- examine, at the request of the Commissioner of Competition appointed under the *Competition Act*, agreements between a collective society and a user which have been filed with the Board, where the Commissioner considers that the agreement is contrary to the public interest (sections 70.5 to 70.6);
- set compensation, under certain circumstances, for formerly unprotected acts in countries that later join the Berne Convention, the Universal Convention or the Agreement establishing the World Trade Organization (section 78).

In addition, the Minister of Industry can direct the Board to conduct studies with respect to the exercise of its powers (section 66.8).

Finally, any party to an agreement on a licence with a collective society can file the agreement with the Board within 15 days of its conclusion, thereby avoiding certain provisions of the *Competition Act* (section 70.5).

Industry

Economic Development Agency of Canada for the Regions of Quebec

Objectives

Under the *Department of Industry Act*, the Minister responsible for the Economic Development Agency of Canada for the Regions of Quebec must pursue the following objectives:

- (a) promote economic development in areas of Quebec where low incomes and slow economic growth are prevalent or where opportunities for productive employment are inadequate;
- (b) emphasize long-term economic development and sustainable employment and income creation;
- (c) focus on small- and medium-sized enterprises and the development and enhancement of entrepreneurship.

Business Line Descriptions

Promotion of the Economic Development of the Regions of Quebec

With respect to economic development of Quebec regions, this activity includes in particular:

- Design and implementation of federal policies and programs.
- Participation in the implementation of national economic development priorities, as a member of the Industry Portfolio, in order to maximize the benefits for every region of Quebec.
- Harmonization of federal activities by ensuring the integrated management of Quebec regional economic development issues of concern to the Government of Canada. It designs and implements multi-sectoral federal strategies and action plans for the economic development of the regions of Quebec, and creates economic adjustment measures to adapt the application of some national policies to the regional context.
- Establishment of co-operative relations with other public and private socio-economic stakeholders, in particular the Community Futures Development Corporations, to better serve Quebec regions and SMEs.
- Advocacy within the machinery of the Canadian government, based on the analysis of economic development issues, in order to optimize the impact of national policies and programs on the economic development of the regions of Quebec.
- Promotion of federal programs and services through its network of business offices, to inform SMEs and actors in economic development on the programs and services provided by federal government departments and organizations for small- and medium-sized enterprises.
- Development of knowledge and dissemination of information to develop and disseminate knowledge on issues related to the economic development of the regions and SMEs. To inform residents in the regions of Quebec with regard to Government of Canada policies, strategies and initiatives that affect the economic development of the regions.
- Design and implementation of special economic development and job creation mandates in Quebec, on behalf of the Government of Canada, to respond to specific public issues of an economic nature, often on an ad hoc basis.

Industry

National Research Council of Canada

Objectives

To enhance the national capability and to stimulate investment in research and development for the economic and social benefit of Canada.

Business Line Descriptions

Research and Technology Innovation

The Research and Technology Innovation business line includes the National Research Council's research programs, technology development initiatives, management of national science and engineering facilities, along with its research and technology collaborations with firms, universities and public institutions. These efforts all focus on key technological and industrial areas of Canada's economy where the National Research Council has specific roles and recognized competencies, and where it has the ability to have an impact.

Support for Innovation and the National Science and Technology Infrastructure

Support for Innovation and the National Science and Technology Infrastructure reinforces the National Research Council's role as a major research and development participant within the larger Canadian science and technology infrastructure. It encompasses the dissemination of scientific and technical information and provision of innovation assistance to industrial research. The National Research Council also maintains key engineering and technology-based facilities to support specific industrial areas of the economy.

Program Management

The Program Management business line provides a range of management and administrative services designed to support the National Research Council's performance as a dynamic, entrepreneurial organization that maximizes opportunities to transfer knowledge and technology.

Industry Standards Council of Canada

Objectives

To promote efficient and effective voluntary standardization in Canada, where standardization is not expressly provided for by law, in order to advance the national economy, support sustainable development, benefit the health, safety and welfare of workers and the public, assist and protect consumers, facilitate domestic and international trade and further international cooperation in relation to standardization.

Description of Funding Through Appropriations

Standards Council of Canada

Payments to the Standards Council of Canada for expenditures incurred for the purpose of meeting its objectives: Coordinating the activities of Canadian organizations involved in standards formulation and conformity assessment; accrediting organizations that are engaged in standards development and conformity assessment; approving national standards of Canada; participating as the member for Canada in the activities of international standardization organizations.

Standards Council of Canada	6,904	5,402
Total Budgetary Requirements	6,904	5,402

Industry

Statistics Canada

Objectives

To provide statistical information and analysis on the economic and social structure and functioning of Canadian society as a basis for the development, operation and evaluation of public policies and programs, for public and private decision-making, and for the general benefit of all Canadians; and to promote the quality, coherence and international comparability of Canada's statistical system through collaboration with other federal departments and agencies, with the provinces and territories, and in accordance with sound scientific standards and practices.

Business Line Descriptions

Economic and Social Statistics

The Economic Statistics component of this business line provides information and analysis on the entire spectrum of Canadian economic activity, both domestic and international, through a set of macro-economic statistics. The organization of economic statistics is guided, in a large measure, by frameworks which constitute the Canadian System of National Accounts. The system makes it possible to measure both the current performance and the structural make-up of the Canadian economy by type of economic transaction and by sector. This set of accounts is designed to provide structural and current information on the Canadian economy in direct support of fiscal, monetary, human resource, industrial and international economic policy formulation and adjustment. The System of National Accounts also serves as a framework within which individual statistical series are compared to assess their reliability and as an analytic tool to identify shifts in the economic importance of various sectors.

Another component of Economic Statistics focuses on the business, trade and tourism sectors of the Canadian economy. Information includes measures of the value of production, cost structures, commodities produced and consumed, the flows and stocks of fixed capital assets employed in the economy, the degree of capacity utilization, estimates of planned annual capital expenditure of businesses and governments, and measures of price changes for industrial goods, capital expenditures and construction.

The Household Statistics component of this business line provides information on the economic and social characteristics of individuals, families and households in Canada, and on the major factors which can contribute to their well-being. It includes measures of household income and expenditure; of employment, unemployment, their associated costs and benefits, labour income and factors effecting labour supply; and information on topics of specific social policy concern.

The Institutions Statistics component of this business line provides information and analysis on the facilities, agencies and systems which are publicly funded to meet the socio-economic and physical needs of Canadians, and on the outcomes of the services which they provide. It encompasses the justice, health care, and education systems as well as cultural institutions and industries, in terms of the nature and extent of their services, and operations, the characteristics of the individual Canadians and families whom they serve, and their impacts on Canadian society. Increasingly, the Agency is attempting to go beyond the institutional orientation of this component, and to try to portray the impacts on Canadians of the activities of the health, education and justice systems.

Census of Population Statistics

This business line provides statistical information from the quinquennial Census of Population. The Census provides benchmark information on the structure of the Canadian population and its demographic, social and economic conditions. It provides the detailed information needed on subgroups of the population and for small geographic areas, which cannot be generated through sample surveys. Estimates of the size of the population and its demographic structure between Censuses, as well as population projections, are dependent on Census information.

Population counts and estimates are required to determine electoral boundaries, the distribution of federal transfer payments, and the transfer and allocation of funds among regional and municipal governments, school boards and other local agencies within provinces.

Justice Department

Objectives

To provide the Government of Canada and federal departments and agencies with high-quality legal services, have superintendence of all matters connected with the administration of justice in Canada which are not within provincial or territorial jurisdiction and to propose policy and program initiatives in this context with a view to ensuring that Canada is a fair, just and law-abiding society with an accessible, equitable, efficient and effective system of justice.

Business Line Descriptions

Government Client Services

To respond to the requirements of the Government of Canada, its departments and agencies for quality legal or legislative services, in the most effective and cost-efficient manner in compliance with the law and governmental policy.

Law and Policy

To ensure a responsive, fair, efficient and accessible national system of justice by managing the development, testing, promotion and implementation of justice policy in respect of criminal law, and family and youth law and to ensure fair, effective and responsible public administration by managing the government legal framework in respect of administrative law, constitutional law, international law, native law, human rights law and information law.

Administration

To ensure effective strategic management of the administration of justice program by establishing corporate management and administrative frameworks and services that ensure the optimal internal management of the Department and its resources.

Justice

Commissioner for Federal Judicial Affairs

Objectives

Provide the administrative support needed to guide an independent judiciary into the age of automation and to administer statutory expenditures under Part I of the *Judges Act* with probity and prudence.

Business Line Descriptions

Federal Judicial Affairs

The Office of the Commissioner for Federal Judicial Affairs provides a range of services to the judiciary through the following service lines: Administration; the Canadian Judicial Council; and payments pursuant to the *Judges Act*.

- Administration – This service line provides the federal judiciary with guidance and advice on the interpretation of Part I of the *Judges Act*; provides the Minister an up-to-date list of approved candidates for appointment to the judiciary as well as providing support to the judiciary in the areas of finance, personnel, administration, training, editing and information technology.
- Canadian Judicial Council – This service line provides for the administration of the Canadian Judicial Council as authorized by the *Judges Act*.
- Payments pursuant to the *Judges Act* – This service line provides for payment of salaries, allowances and annuities to judges and their survivors as authorized by the *Judges Act*.

* (S) Annuities under the <i>Judges Act</i> (R.S., 1985, c. J-1)	55,479,000
Total	55,625,000

*Lump sum payments and annuities are now being paid under statutory personnel costs.

Justice
Federal Court of Canada

Objectives

To support the Federal Court of Canada in providing a court of law, equity and admiralty for the better administration of the laws of Canada.

Business Line Descriptions

Registry Services

The Registry achieves this objective through the delivery of a variety of services which fall into two service lines:

- Operations – This service line involves processing all documents filed by or issued to litigants; recording all proceedings; maintaining custody of the records and information base required by the Court; issuing legal instruments to enforce decisions made by the Court and various federal entities; and performing certain quasi-judicial functions.
- Corporate Services – This service line involves providing support to the Registry in the non-registry operations portions of finance, administration, human resources, security, and management information processing.

Justice Law Commission of Canada

Objectives

The objective of the Commission is to provide independent advice on improving, modernizing and reforming Canadian laws, legal institutions and procedures to ensure that they are aligned with the changing needs of Canadian individuals and society.

Business Line Descriptions

Law Commission of Canada

The Law Commission of Canada fulfils its mandate through the promotion of relevant research that directly engages Canadians in the renewal of the law. The Commission develops and conducts research programs to further the understanding of the role law can and should play in Canadian Society.

The Commission uses a variety of formats to consult within the legal community and with Canadians at large. Aside from the publication and distribution of reports, the Commission takes advantage of other media and fora, including electronic dissemination of studies, the sponsorship of conferences and seminars, press conferences, and town hall meetings.

The results of the Commission's research and consultations are summarized in public papers announcing its findings and proposals. On occasion, these may be formulated into recommendations to Parliament.

Tax Court of Canada

Objectives

The objective is to provide an easily accessible and independent Court for the expeditious disposition of disputes between any person and the Government of Canada on matters arising under the *Tax Court of Canada Act* or any other legislation under which the Court has original jurisdiction.

Business Line Descriptions

Registry of the Tax Court of Canada

This main business line provides Canadians with the right to an accessible and efficient court of record for hearing cases in areas involving taxation and other federal programs such as the Canada Pension Plan, Employment Insurance and Old Age Security.

Provides a range of services to the Court through the following services lines:

- Appeals Management – This service line provides litigants with guidance and advice on Court practices and procedures and provides the Judges of the Court with orderly and efficient scheduling of hearings.
- Corporate Services – This service line provides the Registry with support in the areas of finance, administration, security, library, human resources and information technology. Corporate Services must be able to provide its clients with effective, low-cost management and administrative services capable of supporting the Court’s strategic policies.
- Strategic Planning and Communications – This service line provides the Registry with support in the areas of strategic planning, communications, legal information services and editing and revising services. Through various reports to Parliament, Strategic Planning and Communications measures and monitors the extent to which the Court has honoured its principal results-based commitments to Canadians. The Canadian public is informed of results in this area through the effective and efficient communication of information using state-of-the-art technology.

National Defence Department

Objectives

To defend Canada and Canadian interests and values while contributing to international peace and security.

Business Line Descriptions

Command and Control

The Department will develop and maintain the ability to collect, analyse and communicate information, plan and coordinate operations, and provide the capabilities necessary to direct forces to achieve assigned missions. Command and Control encompasses the range of results that the Department must achieve in order to exercise effective and efficient command and control of the Canadian Forces. This includes a variety of information and decision-making support functions such as data and voice communications, and intelligence gathering and analysis. These capabilities will be delivered by a mix of support and operational units, including: operational and tactical level headquarters elements; fixed and deployable communications and specialty surveillance assets; national intelligence gathering and analysis elements and Canada, US and NATO aerospace control and warning elements.

Conduct Operations

The Department will provide the ability to employ the range of military capabilities required to achieve its assigned missions, when and where directed. Conduct Operations encompasses the series of results that the Department commits the bulk of its operational military forces towards achieving. These results relate mainly to specific missions and military functions mandated by the White Paper, and include elements of pure capability as well as those earmarked and employed on a regular basis for ongoing missions. Operational forces include: front-line, combat-capable maritime, land and air forces, and deployable engineering, disaster relief and other specialist elements.

Sustain Forces

The Department will repair and maintain equipment, shelter and sustain personnel, and produce the infrastructure and capabilities necessary to support military operations. Force Sustainment encompasses the series of results that the Department must achieve in order to effectively and efficiently conduct military activities. These results differ from those required for force generation in that they deal mainly with supporting the employment of Canada's military forces rather than the production of those forces. Force sustaining elements include a mix of deployable, operational support forces, supplemented by fixed installations and service providers, such as: bases, wings, supply depots and other defence infrastructure; maintenance, engineering and equipment service elements; transport and logistic movement and support assets; medical, dental, legal and other personnel support services, and foreign attaches and liaison staffs.

Generate Forces

The Department will recruit and train personnel, research, test and procure equipment, and design force structure to produce multi-purpose combat-capable military forces. Force Generation encompasses the range of results that the Department must achieve to provide the government with multi-purpose combat-capable military forces. It involves a wide variety of general support capabilities that provide the Department with the personnel, equipment and organizational structures needed to create the forces able to conduct effective military operations. Mobilization and Reserve training and employment activities are important elements of force generation. Force generation capabilities will be primarily provided by fixed, domestic force elements, including: schools, colleges and military training centres; project management offices, and test and evaluation units; recruiting centres; research establishments, institutes, and test and evaluation units, and Reserve training and employment element.

National Defence Department

Corporate Policy and Strategy

The Department will produce and implement corporate policies and strategies to achieve broad Government objectives, manage Departmental activities, and provide defence and security advice.

Corporate Policy and Strategy encompasses the series of results that the Department must achieve in order to demonstrate compliance with legislative, managerial, and administrative requirements. These results are primarily business oriented, but also include the requirement for Defence to conduct its affairs in a transparent, compassionate and socially aware fashion, so as to reflect and reaffirm the values and expectations of both the Defence workforce and Canadian society at large. Corporate capabilities are almost exclusively provided by domestic service providers, including: national level corporate staffs; defence public information and representation elements, and cadet program and defence-supported advocacy elements.

National Defence Canadian Forces Grievance Board

Objectives

The creation of the Board is the result of the government's desire to update the system of military justice within the Canadian Forces and to make it more efficient, transparent and humane in order to contribute to the improvement of working relations for its members. Specifically, its objective can be articulated as follows: to act as an independent administrative tribunal and to assure the just and impartial review of grievances that must be submitted to the Board in accordance with the *National Defence Act*.

The Board is responsible for inquiry, analysis, review, and hearing of grievances referred to it by the Chief of the Defence Staff (CDS) and under the legislation, and to make its findings and recommendations available to the CDS and the plaintiff. The CDS makes final decisions.

Business Line Descriptions

Canadian Forces Grievance Board

The Canadian Forces Grievance Board has only one sphere of activity designated as being "the examination of grievances by members of the Canadian Forces referred by the Chief of Defence Staff" in accordance with the Act and accompanying regulations.

Natural Resources Department

Objectives

To advance the development of Canada's economy by providing expert scientific and economic knowledge to Canadians, and by promoting the sustainable development and use of Canada's natural resources and the competitiveness of the energy, forest, minerals and metals and geomatics industries.

Business Line Descriptions

Information Dissemination and Consensus Building

NRCan recognizes the need to invest in knowledge and systems innovation to create easily accessible and integrated information. To this end, the Department develops and maintains the knowledge infrastructure (*ResSources*) and databases, such as GeoConnections, necessary to provide Canadians with geographical and scientific information on the state of Canada's landmass, and with sound economic, environmental advice on matters relating to the sustainable development and use of Canada's natural resources and to public health and safety. It also gathers, shares, disseminates and analyzes information and prepares statistical reports on the productivity and competitiveness of the Canadian natural resource industry. The information is used as a basis for forecasting and reporting progress on market demand.

Promoting greater national and international cooperation and consensus on sustainable development is the basis for protecting existing resource-based benefits and building new opportunities in the knowledge-based economy. In this context, the Department co-manages the federal process to develop a National Implementation Strategy on the mitigation and adaptation to climate change. NRCan implements action plans, tools and testing that support new and innovative forest management practices. Under the terms of bilateral and multilateral agreements, the Department promotes globally the responsible development and use of minerals and metals and undertakes research and development to facilitate further growth for the Canadian geomatics industry. NRCan provides coordinated logistics advice and services in support of its scientific research programs and transfers its S&T technologies and sustainable resource management practices and techniques to stakeholders and users.

NRCan provides Canadians with the best possible fiscal and regulatory information to allow them to make informed decisions. In this regard, the Department develops national and international strategies, policies, regulations and voluntary approaches in support of sustainable development.

Included within this business line is the Geomatics Canada Revolving Fund. The fund was established under *Appropriation Act No. 3* in 1993-94. The fund allows Geomatics Canada to shift the costs of offering goods and services from taxpayers at large to specific users who benefit directly from them. This revenue retention mechanism gives Geomatics Canada the ability to recover full costs from Canadian customers and the freedom to charge market prices for international clients. It presents the opportunity to provide an increasing volume of products and services in response to the needs of Canadian clients as well as supporting the Canadian geomatics industry through the knowledge and expertise necessary to be competitive in the international market.

A total drawdown of \$5,000,000 for the Geomatics Canada Revolving Fund will become effective March 31, 2002. The projected use of this authority as related to these Estimates is as follows:

	(thousands of dollars)
Anticipated unused authority as of April 1, 2002	4,709
Plus: 2002–2003 Main Estimates – net cash provided	2,014
Anticipated unused authority as of March 31, 2003	6,723

Natural Resources Department

Economic and Social Benefits

Leading edge science and technology, expert policy advice and innovation are essential if Canada is to maintain and expand its market share in the new global economy. In this context, the Department identifies business opportunities for resource-based products, knowledge, technologies and services. It works with stakeholders to provide a business climate that enhances the competitiveness of the natural resource sector (e.g., the administration of Canada's mining taxation regime). The Department holds investment seminars to attract investment to Canada and addresses international environmental and trade issues related to the natural resource sector. NRCan also works with governments and industry on issues related to understanding the geological framework of the nation and to stimulate exploration.

NRCan works internationally to facilitate the export of Canadian resource-related goods and services, and promotes the transfer of technologies and the exchange of knowledge supporting the sustainable development and use of natural resources. NRCan, in conjunction with the Department of Foreign Affairs and International Trade, maintains good relationships with counterparts in other countries, while building awareness of foreign developments. The Department facilitates private sector access to foreign markets for natural resource products, management practices and services. It supports the Canadian geomatics and geoscience industry in major international projects, in the development of standards, exchange of information, research and development, in training and personnel exchange, and on government policies and programs. The Department also helps ensure Canadian competitiveness and the fulfilment of trade obligations. For example, it influences the harmonization of international standards and codes, participates in multilateral fora, provides advice to assist in negotiations on trade frameworks as well as regulatory, trade and foreign policy issues. Likewise, bilateral relations allow the Department to exchange information to promote regulatory and policy consistency and to provide ideas and insights concerning the implementation of energy-efficiency and forestry measures, both current and prospective.

NRCan, in conjunction with Indian and Northern Affairs Canada, manages programs to generate Aboriginal employment in the natural resource industry. The Department finances viable Aboriginal operations and enhances their management skills. In addition, NRCan promotes initiatives and regulations that focus on work opportunities, economic diversification and decision-making relating to sustainable land and resource development in rural, Aboriginal and northern communities.

Included within this business line is the Geomatics Canada Revolving Fund. A total drawdown of \$5,000,000 for the Geomatics Canada Revolving Fund will become effect March 31, 2002. The projected use of this authority as related to these Estimates is included under the Information Dissemination and Consensus Building business line.

Environmental Protection and Mitigation

NRCan has a key role in designing Canada's response options for climate change which are central to the federal government's mitigation and adaptation strategy and to the transformation of Canada's energy economy. In collaboration with its partners, the Department (i) develops a National Implementation Strategy for Climate Change, (ii) develops and promotes Canadian interests in meeting the Kyoto commitment and (iii) participates in Canada's international climate change agenda.

The Department manages the interdepartmental Program of Energy Research and Development, develops and promotes the use of emerging and promising renewable resource technologies and alternative sources of energy, and develops and implements programs and technologies to promote energy efficiency in buildings, in industry and at home. In partnership with its clients and stakeholders, the Department also conducts forest science research and transfers technologies and techniques that contribute to Canada's forest health and sustainability, predicts and monitors the effects of human interactions and natural events on forest ecosystems, and conducts forest production research to ensure sustainability for difficult to grow and/or endangered trees. NRCan also develops and transfers technologies leading to more efficient industrial processes, the production of new, higher-performance mineral- and metal-based products and enhances the productivity of mining and ore processing operations. The Department carries out research that mitigates the impacts of effluent and drainage on mining and milling operations; provides technical support to mines in Canada on mine roof control, underground environmental assessment, ventilation and rockburst abatement; and makes improvements to procedures that apply to manufacturing.

Natural Resources Department

The Department, in collaboration with its co-delivery partners, develops and implements policies and practices to address hazards associated with natural resource development and use. It recommends options for the long-term management of radioactive waste and spent nuclear fuel. NRCan also develops technologies to improve the structural reliability of Canada's pipeline infrastructure.

Included within this business line is the Geomatics Canada Revolving Fund. A total drawdown of \$5,000,000 for the Geomatics Canada Revolving Fund will become effective March 31, 2002. The projected use of this authority as related to these Estimates is included under the Information Dissemination and Consensus Building business line.

Safety and Security of Canadians

NRCan plays a critical role in providing information and expertise to Canadians with respect to natural hazards. NRCan's scientific expertise provides the advice and research recommendations for minimizing risks associated with natural hazards like earthquakes. In addition, the Department provides topographical maps and satellite imagery to respond to these hazard emergencies and to provide information about soil types, risk areas and erosion patterns to understand the cause of disasters.

The Department provides a reliable system of surveys, topographical maps, aeronautical charts and publications, remotely sensed data and geographically referenced information covering Canadian territory, in support of national sovereignty, defense, the environment, socio-economic development and the governing of Canada. In partnership with its counterparts, NRCan also maintains the boundary between the United States and Canada and carries out boundary survey work and inspections.

NRCan is the Government's primary source of expertise on explosives regulations and technology. The Department develops technologies and conducts inspections associated with the manufacture, use, storage and transport of explosives and pyrotechnics. In conjunction with Justice Canada, NRCan works to improve safety in the explosives industry by producing the explosives regulations in plain language and assisting in negotiations in international agreements.

NRCan provides the policy framework for safety and security in Canada's energy sector and specifically for energy transmission, offshore development and Canada's uranium and nuclear industry. It makes recommendations to the Minister on issues concerning the National Energy Board, the Atomic Energy of Canada Limited, the Atomic Energy Control Board, and the Newfoundland and Nova Scotia Offshore boards. NRCan promulgates health and safety regulations to ensure the integrity of survival and evacuation systems for frontier oil and gas exploration and development.

Included within this business line is the Geomatics Canada Revolving Fund. A total drawdown of \$5,000,000 for the Geomatics Canada Revolving Fund will become effective March 31, 2002. The projected use of this authority as related to these Estimates is included under the Information Dissemination and Consensus Building business line.

Sound Departmental Management

This Business Line represents the corporate management that administers the Department's internal functions. It provides corporate strategic and management direction for aligning departmental objectives to ministerial and government priorities, for setting goals and monitoring results, and for managing allocated resources in an effective and efficient manner through: corporate strategic planning, department-wide policy coordination and issues management; Cabinet and Parliamentary liaison; financial, administration, real property, human resources, information management/information technology direction and services; communications strategy, advice and services; the administration of environmental policy and assessment activities; support to the Chief Science Advisor; and internal audits and program evaluations.

Natural Resources Atomic Energy of Canada Limited

Objectives

To develop the utilization of atomic energy for peaceful purposes.

Description of Funding Through Appropriations

Nuclear Research and Development

Operates nuclear laboratories at Chalk River and Whiteshell to provide the multi-disciplinary technology base underlying the Canadian atomic energy program. The Whiteshell laboratories are in the transition process leading to eventual closure and decommissioning.

Undertakes applied research and development on existing and future nuclear power reactors, fuel cycles and systems, environmental protection, radioactive waste management and safeguards systems to:

- (i) secure for Canada a safe, reliable, long-term energy supply;
- (ii) increase the utilization of atomic energy to overcome future energy shortages;
- (iii) secure the CANDU option by improving reactor efficiency, integrity, and safety;
- (iv) demonstrate the safe management of radioactive wastes and other by-products.

Undertakes underlying research on the properties of materials, on chemistry including that fundamental to fuel development and waste management, and on the effects of radiation on man.

The above programs require major facilities such as reactors, experimental loops, accelerators, hot cells, waste management plants, and support services including financial, administrative, engineering and maintenance.

Summary of Funding Through Appropriations

(thousands of dollars)	2002–2003 Main Estimates	2001–2002 Main Estimates
Nuclear Research and Development		
Operating expenses	200,272	194,604
Less:		
External Contributions	29,500	36,000
Contributions from Commercial Operations	34,900	37,000
Total Budgetary Requirements	135,872	121,604

Note: The budgetary requirements include an allocation of funding (\$31 million for 2002–2003, \$17 million for 2001–2002) for federal Rust Out projects with the primary objective of implementing capital improvements to comply with regulations and to provide for the safe, long-term management of nuclear materials or waste.

The Corporation also carries on self-sustaining commercial operations engaged in nuclear power engineering and design-project management, nuclear support services and investments.

Natural Resources Canadian Nuclear Safety Commission

Objectives

To limit, to a reasonable level and in a manner that is consistent with Canada's international obligations, the risks to national security, the health and safety of persons and the environment that are associated with the development, production and use of nuclear energy and the production, possession and use of nuclear substances, prescribed equipment and prescribed information.

To implement, in Canada, measures to which Canada has agreed respecting international control of the development, production and use of nuclear energy, including the non-proliferation of nuclear weapons and nuclear explosive devices and to support international efforts to develop, maintain and strengthen the nuclear non-proliferation and safeguards regimes.

Business Line Descriptions

Health, Safety, Security and Environmental Protection

The CNSC regulates the development, production, possession and use of nuclear energy, substances, equipment and information through a comprehensive licensing system. This system is designed to minimize the likelihood that nuclear workers, the public and the environment are exposed to unacceptable levels of radiation and to the radioactive or hazardous substances associated with nuclear technology. The CNSC regulates such operations and facilities as accelerators, non-power nuclear reactors, nuclear fuel facilities, nuclear research and test establishments, nuclear substance transport packages, pool-type irradiators, power reactors, radioisotopes, radioisotope production facilities, uranium mining and processing facilities and nuclear waste management facilities.

Non-Proliferation and Safeguards

The CNSC regulates non-proliferation and safeguards through the implementation of safeguards agreements between Canada and the International Atomic Energy Agency (IAEA) and the nuclear non-proliferation provisions of Canada's nuclear cooperation agreements; and the maintenance of both a comprehensive nuclear materials/activity accounting/verification framework and a nuclear export and import licensing system. In addition, the CNSC participates in multilateral nuclear non-proliferation, safeguards and security initiatives to strengthen the international nuclear non-proliferation regime and provides advice to senior government officials on the development and application of Canada's nuclear non-proliferation policy, IAEA safeguards implementation and development and international issues concerning the security of nuclear material and facilities.

Coal Industry Capital Expenditures	4,638
Total Budgetary Requirements	60,735	31,010

Natural Resources National Energy Board

Objectives

To regulate, in the public interest, those areas of the oil, gas and electricity industries relating to:

- the construction and operation of pipelines;
- the construction and operation of international and designated interprovincial power lines;
- traffic, tolls and tariffs of pipelines;
- exports of oil, gas and electricity and imports of gas and oil; and,
- oil and gas activities on Frontier lands not subject to a federal provincial accord.

To provide advice to the Minister of Natural Resources Canada on the development and use of energy resources.

Business Line Descriptions

Energy Regulation and Advice

The companies that are regulated by the Board create wealth for Canadians through the transport of oil, natural gas and natural gas liquids, and through the export of hydrocarbons and electricity. As a regulatory agency, the Board's role is to help create a framework which allows these economic activities to occur when they are in the public interest.

Parliament

The Senate

Objectives

To enable the Senate to carry out its constitutional role and to administer the affairs of the Senate.

The Senate has four main functions: to represent regional provincial and minority interests; to investigate national issues; to debate; and to legislate.

Senators perform these functions either individually through their offices or collectively through deliberations in the Senate Chamber and in Committees. Senate Administration provides the support services required by Senators in the performance of these parliamentary functions.

Business Line Descriptions

Senators and their Offices

This business line provides Senators with the statutory services set out in the *Parliament of Canada Act* and the *Members of Parliament Retiring Allowances Act*. Operating costs of Senators' offices are provided in accordance with established policies and guidelines.

Costs included under these two categories are: Senators' sessional indemnities and allowances as well as contributions to the Senators' pension plan; retiring allowances; travel and communication expenses; Senators' research and office expenses, including staff costs and the cost of goods and services incurred for the operations of Senators' offices; and Caucus research funds.

Chamber Operations

This business line provides the support and services Senators require for their work in the Senate Chamber, which includes debate and approval of legislation, presentation of petitions, discussion of Committee reports and ceremonial events. These functions are carried out in accordance with the Rules of the Senate, parliamentary procedure and precedents and the Speaker's rulings.

Costs included under this business line are: salaries for additional duties of the Officers of the Senate; staff costs and the costs of operating the offices of Officers of the Senate; salaries and other operating expenses of the Clerk of the Senate, Deputy Clerk, Parliamentary Counsel and Usher of the Black Rod; journals, reporting of debates and publications service in both official languages; Senate Pages; and parliamentary exchanges.

Committees and Associations

This business line provides support for the work of Senators on standing, special and joint committees. Committees are delegated the task of conducting in-depth studies of bills and approving or amending legislation based on testimony from expert witnesses and advice and counsel from legal experts. They investigate policy matters and make recommendations as well as examine the Government's spending proposals.

Senators also participate in parliamentary associations and friendship groups, representing Canada in international forums where issues of importance to Canadians are discussed.

Costs included under this business line are: committees and parliamentary associations; reporting of debates and publications service; and broadcasting committee proceedings.

Administrative Support

This business line provides the on-going support services required for the effective, efficient and economical delivery of operating programs outlined under the other three business lines of the Senate. Administrative Support provides accommodation and other facilities and tools, information, goods and services, and expert advice on all aspects of operations.

Parliament
The Senate

Costs included in this business line are: financial services and materiel management; human resources; protective services; communications and information services; information technology management; accommodation planning, maintenance and upkeep of premises; postal, messenger and printing services; and repairs, trades and transportation services.

Parliament

House of Commons

Objectives

The House administration supports the activities of Members, both individually and collectively, in their roles as representatives of 301 constituencies, in the Chamber, in committee and in Caucus.

Business Line Descriptions

Constituency

This business line supports Members as elected representatives of 301 constituencies. In this capacity, Members carry out their responsibilities in a similar fashion as the operation of 301 small business enterprises. They receive the services and support set out in legislation such as the *Parliament of Canada Act*, the By-laws of the Board of Internal Economy, the Standing Orders and the Speaker's rulings. Other services that support the work of Members in constituencies are provided in compliance with the guidelines and standards established by the Board. The following costs are included:

- Members' salaries and allowances, including contributions to the Members' Pension Plan;
- Members' office budgets, including staff costs, office expenses and constituency travel;
- Communicating with constituents, including travel and communications;
- Goods and Services Supplied by the House;
- Other Staff Costs; and
- Institution's Administrative Costs for supporting this activity.

Chamber

This business line provides the resources for the Member's role in the Chamber, as Members are entitled to vote in the House of Commons or the Committee of the Whole House. In the Chamber, their actions must be in accordance with the Standing Orders of the House of Commons, parliamentary procedure, legal precedents and the Speaker's rulings, which are all not subject to appeal. When Members are performing these duties, a full range of services is required, including the following:

- Debates Reporting Service, Index and Reference Service, Publications Service;
- Security Services;
- Postal, Distribution and Messenger Services;
- Parliamentary Broadcasting;
- Maintenance Operations;
- Trades and Transport Services;
- Parliamentary Research and Exchanges;
- Page Program;
- Journals; and
- Institution's Administrative Costs for supporting this activity.

Committee

This business line provides the funding that supports Members when they sit on standing committees, special or joint committees, and the Board of Internal Economy. This role is necessary as the House of Commons delegates in-depth consideration of bills and the thorough scrutiny of the government's programs and policies to its committees. Members also participate in parliamentary associations and friendship groups, and are members of delegations in parliamentary exchanges. Professional advice is available to them on substantive issues involving the work of these associations and exchanges, and legal consultants provide advice and counsel with regard to the formulation of amendments to Government bills. The following are included:

- Committees and Parliamentary Associations;
- Parliamentary Research and Exchanges;
- Debates Reporting Service, Index and Reference Service, Publications Service;
- Parliamentary Broadcasting; and
- Institution's Administrative Costs for supporting this activity.

Parliament

House of Commons

Caucus

This business line provides the resources to support Members in their meetings with a variety of groups and in their relations with Members of their caucuses, including support to Party Research Offices and House Officers (the Speaker, Deputy Speaker, House Leaders, the Whips, and their respective assistants). The status of every Member is conferred by the Constitution and the *Parliament of Canada Act*. The By-laws of the Board of Internal Economy provide more information about the discretion left to the Members in various realms. The following are included in this activity:

- House Officers' Additional Salaries;
- Budget For Research Offices, Party Leaders and Other Offices of House Officers, including staff costs and operating costs;
- Other Personnel Costs; and
- Institution's Administrative Costs for supporting this activity.

Institution

This business line provides the resources for the House of Commons administrative staff. House employees are responsible for providing services to the Members elected during a Parliament, and in addition, serve the House as an institution on a permanent basis. The Orientation Program for new Members provides an opportunity to introduce newcomers to the By-laws of the Board of Internal Economy, administrative policies and rules of procedure, and the precedents earlier Parliaments have set to support future Parliaments. The staff of the House of Commons strive to represent the institution well and to support the Members in their roles as representatives of 301 constituencies, in the Chamber, in committee and in Caucus. Funds are included for:

- Policy and Management (Offices of the Clerk, Clerk Assistant, Deputy Clerk and Sergeant-at-Arms);
- Financial Services;
- Human Resources;
- Information Services;
- Security Services;
- Canadian Press Gallery;
- Building Services;
- Logistics Services;
- Telecommunications Services;
- Postal, Distribution and Messenger Services; and
- Institution's Administrative Costs for supporting this activity.

Parliament

Library of Parliament

Objectives

To provide Parliament in timely fashion with comprehensive and reliable information, documentation, research and analysis while maintaining extensive and pertinent collections to support the functions of legislation and representation; and to distribute information about Canada's Parliament to the public.

Business Line Descriptions

Services to Parliamentarians

As the Library's primary clients, Parliamentarians and their staff are offered individually or collectively, a broad range of services and products in the Chambers, committees, and constituencies/regions. Research and analysis services are available exclusively to Parliamentarians.

Services to Authorised Clients

Other authorised clients are provided with personalised information and reference services, and a range of assistance according to level-of-service guidelines. As it does for primary clients, the Library must continually review its services and products in order to meet the evolving needs of authorised clients.

Provide Collections to Parliament

The Library ensures that its collections are developed and maintained through responsive acquisition and careful cataloguing of books and documents and analysis of new media. By preserving its historical collections, the Library ensures that our cultural and political heritage remains accessible by current and future generations.

Services to the Public

The Library of Parliament offers a wide range of services and programs for the public, including guided tours, theatrical animation programs, a call-centre for inquiries, the Teachers' Institute on Canadian Parliamentary Democracy, and a souvenir boutique.

Infrastructure Services

A wide range of support services ensures that the Library operates efficiently while achieving its goals.

Privy Council Department

Objectives

The strategic objective of the Privy Council Office is to provide for the operation and support of the central decision-making mechanism of the Government.

Business Line Descriptions

Office of the Prime Minister

The Prime Minister's Office business line provides advice, information and special services to support the Prime Minister as Head of Government and Chairman of Cabinet, including liaison with Ministers, issue management, government communications, planning and operations related to representation of Canada in the international community, and support for certain political responsibilities, including relations with Caucus. The business line also includes costs of operating the Official Residences of the Prime Minister. However, the National Capital Commission is responsible to furnish, maintain, heat and keep in repair the Prime Minister's Official Residences.

Ministers' Offices

The Ministers' Offices business line consists of: the Office of the Deputy Prime Minister who undertakes specific functions delegated by the Prime Minister, including serving as Acting Prime Minister in the Prime Minister's absence; the Office of the President of the Privy Council and Minister of Intergovernmental Affairs who is responsible for overseeing the management of federal-provincial relations; the Office of the Leader of the Government in the Senate who is responsible for the management of the Government's legislative program in the Senate; and the Office of the Leader of the Government in the House of Commons who is responsible for the legislative program in the House of Commons.

This business line provides for the administration of offices providing support services, information and advice to those Ministers. An Executive Assistant is responsible for the management of each of the above offices.

In addition, this business line includes the salaries and motor car allowances for Secretaries of State who assist Cabinet Ministers in carrying out their responsibilities. The operating budgets for the offices of these Secretaries of State are included in the Estimates of the respective departments.

Privy Council Office

The Privy Council Office business line consists of the Plans and Consultation Branch, the Operations Branch, the Security and Intelligence Branch, the Deputy Clerk and Counsel Branch, the Management Priorities and Senior Personnel Secretariat, the Foreign and Defence Policy Secretariat, and the Intergovernmental Affairs Branch.

The overall responsibilities of the Privy Council Office may be summarized as follows:

- provision of support and advice to the Prime Minister in his constitutional role as Head of Government and Advisor to the Crown;
- coordination and provision of material related to the meetings of Cabinet and committees of Cabinet for use by the Prime Minister, the chairpersons of committees, and members of committees;
- liaison with departments and agencies of government on Cabinet matters and other issues of importance to the Prime Minister and the Government;
- provision of support and advice to the Prime Minister respecting his prerogatives and responsibilities for the organization of the Government of Canada and for making recommendations to the Governor in Council on senior appointments; and
- provision of advice to the Prime Minister on national security and foreign intelligence matters.

Privy Council Department

The Privy Council Office is also responsible for supporting the Prime Minister and the Minister of Intergovernmental Affairs concerning the federal-provincial aspects of federal government policies. The Privy Council Office also supports the Leader of the Government in the House of Commons and the Leader of the Government in the Senate in the coordination and management of the Government's Parliamentary program and in the provision of policy advice on Parliamentary and electoral matters. In particular, it undertakes the following:

- formulates appropriate longer term policy relating to federal-provincial affairs and constitutional development;
- ensures that a federal-provincial perspective is brought to bear in the development of federal policies and programs, and provides information and analyses relating to emerging intergovernmental issues which require policy development;
- promotes and facilitates federal-provincial cooperation and consultation, and oversees federal activities pursuant to commitments and undertakings by First Ministers;
- provides administrative support and coordinates preparations for First Ministers' Conferences and meetings as well as for the Prime Minister's bilateral and multilateral meetings with his provincial counterparts; and
- provides advice on aboriginal affairs and maintains effective relations with representatives of aboriginal peoples, provincial and territorial governments and federal departments with respect to aboriginal issues, including aboriginal constitutional matters.

The Privy Council Office also supports the Minister designated as the Federal Interlocutor for Métis and Non-Status Indians.

While the above functions are expected to remain stable throughout the current time frame, the priorities of the Privy Council Office can be altered dramatically and unpredictably as a consequence of changes by the government to its established priorities, policies or direction, either in response to external pressures or by decisions to pursue different policy objectives.

Commissions of Inquiry, Task Forces and Others

The Commissions of Inquiry, Task Forces and Others business line consists of funding, as required, for Commissions of Inquiry appointed to make recommendations on specific issues and for the Task Forces and other persons or bodies that need to operate independently from the Privy Council Office, while still receiving the appropriate level of administrative services from the department.

Due to their independent nature and for administrative purposes, Commissions of Inquiry established under the *Inquiries Act* appear under the Privy Council Program.

Corporate Services

The Corporate Services business line within the Privy Council Program is responsible for providing regular ongoing administrative services and, as well, specialized services not found in other government departments. These common services are provided to the Prime Minister's Office, the President of the Privy Council and Minister of Intergovernmental Affairs and other Ministers' Offices within the Program, as well as the Privy Council Office. They include financial, administrative, information management, informatics, technical, translation and human resources services as well as responses to requests for access to information under the Access to Information and Privacy Acts.

Specialized services include the costs of operating the Prime Minister's switchboard, a correspondence unit responsible for the handling of all non-political, non-personal mail addressed to the Prime Minister and when required, to other Ministers in his portfolio, and technical tour support to the Prime Minister's Office. As well, the business line provides certain administrative services to Commissions of Inquiry and Task Forces.

Corporate services are provided by the following divisions: Office of the Assistant Deputy Minister (Corporate Services), Financial Services, Administration, Informatics and Technical Services, Information Services, Access to Information and Privacy Office, Executive Correspondence Services and Human Resources Services.

Privy Council Canada Mortgage and Housing Corporation

Objectives

To improve housing choice and affordability for Canadians; to improve housing and living conditions for Canadians; to support market competitiveness, job creation and housing sector well-being; and to be a progressive and responsive organization.

Description of Funding Through Appropriations

Canada Mortgage and Housing Corporation

Under the Housing Finance pillar, CMHC provides mortgage insurance and mortgage insurance approval service to lenders, and guarantees timely payment of interest and principal on mortgage-backed securities and Canada Mortgage Bonds.

Under the Assisted Housing pillar, CMHC supports Canada's social housing stock, provides targeted housing assistance through special housing initiatives, supports the creation of affordable housing and assists Canadians with special/distinct housing needs.

Through its Research and Information Transfer activities, CMHC provides reliable and objective housing information through directed and responsive research programs, and through the provision of housing surveys, data and extensive analysis and forecasting of economic, housing and mortgage market trends and conditions.

CMHC carries out a number of International Activities that support Canadian housing exporters, including the promotion of Canadian products, services and know-how in foreign markets. The Corporation also provides housing finance and other expertise to developing countries and countries in transition.

Privy Council
Canadian Centre for Management Development

Objectives

CCMD's objective is to build the intellectual capital of the Public Service in domains such as governance, public sector management, learning and leadership and, transfer this knowledge to Public Service managers to build the capacity of the Public Service management community and support the learning needs of Public Service managers.

Business Line Descriptions

Canadian Centre for Management Development

CCMD contributes to the Public Service learning agenda and to helping the Public Service become a learning organization, committed to lifelong learning. It brings together Public Service managers, academics and leading thinkers to study, debate and conduct long-term and action research into current and emerging governance, public sector management, learning and leadership issues. It contributes to improving the knowledge of best practices from Canada and around the world, offers a single window to countries and international organizations seeking access to Canadian public sector knowledge and know-how, and carries out corporately-funded federal international cooperation activities on a pilot project basis. It provides training courses designed to help Public Service managers develop the leadership skills and acquire the knowledge and know-how they need to serve in the knowledge age. It offers training programs to support career and community development, learning events to help managers share and exchange in real time and deepen their understanding of issues and computer-based learning to support self-learning, knowledge sharing and learning networks. CCMD operates as a service centre through which Public Service managers can become a vibrant management community.

Privy Council Chief Electoral Officer

Objectives

To enable the Canadian electorate to elect members to the House of Commons in accordance with the *Canada Elections Act*; to ensure compliance with and enforcement of all provisions of the *Canada Elections Act*; to calculate the number of members of the House of Commons to be assigned to each province pursuant to the *Electoral Boundaries Readjustment Act* and in accordance with the provisions of the Constitution Acts, for each electoral boundaries readjustment exercise; and to provide the necessary technical, administrative and financial support to the 10 electoral boundaries commissions, one for each province, in accordance with the *Electoral Boundaries Readjustment Act*.

Business Line Descriptions

Elections

- *Canada Elections Act* – Exercise of general direction and supervision over the administrative conduct of elections, including the training of federal returning officers, the revision of the boundaries of polling divisions and the acquisition of election material and supplies for transmission to returning officers when required, issue of directives and provision of guidelines to candidates, political parties and third parties, enforcement of all provisions of the Act and the making of statutory payments to election officers, auditors, political parties and candidates where specified by the Act.
- *Electoral Boundaries Readjustment Act* – Provision to the 10 electoral boundaries commissions of the number of members of the House of Commons to be assigned to each province. Provision of the necessary statistics, maps and other documentation to the 10 commissions. Provision of financial support and taxing of all accounts related to salaries and other expenses submitted by the 10 commissions for payment out of the Consolidated Revenue Fund.
- *Referendum Act* – Exercise of general direction and supervision over the administration conduct of a referendum, including the training of federal returning officers, the revision of the boundaries of polling divisions and the acquisition of referendum material and supplies for transmission to returning officers. When required, issue of directives and provision of guidelines to referendum committees, enforcement of all provisions of the Act and the making of statutory payments to referendum officers where specified by the Act.

Administration

Management of Headquarters operations and of the statutory functions assigned to the Chief Electoral Officer outside of the electoral period. These include the review and study of electoral procedures and election expenses provisions of the Act, the compilation and preparation of statutory and statistical reports and books of instructions for election officers, candidates and political parties and the payments of all administrative and statutory accounts.

Privy Council

National Round Table on the Environment and the Economy

Objectives

To play the role of catalyst in identifying, explaining and promoting, in all sectors of Canadian society and in all regions of Canada, the principles and practices of sustainable development.

Business Line Descriptions

The provision of objective views and information regarding the state of the debate on the environment and the economy

The NRTEE is a multistakeholder body comprised of a Chair and a maximum of 24 members who are opinion leaders from a variety of regions and sectors of Canadian society including business, labour, academia, environmental organizations and First Nations. The NRTEE actively promotes a round table and multistakeholder approach to analysing sustainable development issues and acts as a forum in which all points of view can be freely expressed and debated. The NRTEE members and stakeholders involved in its programs strive to define the relationship between the environment and the economy, to determine where consensus exists on resolving particular issues, and to identify any barriers that prevent consensus. This information is consolidated, assessed and communicated to stakeholders, relevant decision makers, and the media.

Within the NRTEE business line, activities are organized according to a number of program areas. Each potential program area is scoped and defined, and a task force assigned to oversee the associated activities. Emerging issues are continually explored, and if determined to be a priority, are established as new program areas as funds become available.

Privy Council Public Service Staff Relations Board

Objectives

The creation of jurisprudence through the decisions of the Board and the implementation of a set of integrated procedures which enable the employers, the bargaining agents and the employees they represent and others who have entitlements, to exercise their rights under the Act.

Business Line Descriptions

Public Service Staff Relations

The Public Service Staff Relations Board provides the necessary framework within which the various rights and responsibilities of participants to collective bargaining in the Public Service are to be exercised.

The Board renders reasoned decisions in a timely manner and provides assistance to the parties thereby contributing to the following goals:

- fostering harmonious labour relations in the work place
- minimising the possibility of labour unrest which could result in disruption in the implementation of government programs.

Public Works and Government Services Department *Government Services Program*

Objectives

The Government Services Program (GSP) provides a wide range of services to assist client departments and agencies achieve their objectives; GSP also provides the best value for government, within the context of public policy and with due regard for the values of prudence, probity and transparency.

Business Line Descriptions

Real Property Services

- Provide productive work environments for some 189,000 federal employees in approximately 100 departments and agencies and manage an inventory of 6.6 million square meters of space.
- Provide real property leadership and stewardship as the custodian of federal office and common-use facilities and various engineered public works (for example bridges and dams), and national treasures such as the Parliamentary Precinct and other heritage assets across Canada.
- Provide strategic and expert advice, professional and technical services (including architectural and engineering, real estate, and asset and facilities management) to other departments and agencies. The services function also encompasses the administration, on behalf of the federal government, of Payments-in-lieu of Taxes and the Real Property Disposition Revolving Fund which facilitates the disposal of properties surplus to Government requirements.

Supply Operations Service

- Acquire goods and services on behalf of the federal government.
- Manage the supply process by assisting clients with requirements definition, bid solicitation and evaluation, contract negotiation and administration.
- Manage all procurement-related aspects of major projects (over \$100 Million).
- Provide specialized services to client departments such as marine inspection and technical services, industrial security and personal security screening services, management of seized property, travel management, consensus standards and conformity assessment services.
- Provide disposal services for client departments.

Receiver General

- Manage the operations of the federal treasury, and support the provision of funds to Canadians, including issuing Receiver General payments for major government programs.
- Administer receipt, transfer, holding, disbursement, reconciliation and monitoring of public money.
- Maintain and report on Accounts of Canada and produces financial statements.

Public Service Compensation

- Administer payroll, pension and health/disability insurance processes for public employees and pensioners.
- Provide some pension services to National Defence and the Royal Canadian Mounted Police (RCMP) pension plan members.

Public Works and Government Services Department *Government Services Program*

Telecommunications and Informatics Common Services

- Provide Information Management/Information Technology (IM/IT) services upon request to all federal departments and agencies.
- Act as a key delivery agent of the Government of Canada's IM/IT and telecommunications systems, in alignment with the common electronic infrastructure model developed in partnership with federal departments.
- Provide leadership in supporting government-wide initiatives to solve fundamental IM/IT issues, such as development of common strategic infrastructure and community renewal.
- Offer the following types of services on behalf of government, and to department and agencies:
 - Strategic advisory services;
 - Common infrastructure management services;
 - Telecommunications services;
 - Network and computer operational services;
 - Applications development and management services;
 - Professional training and education services.

Consulting and Audit Canada

- Provide, on an optional and fee-for-services basis, consulting and audit services to federal government departments and agencies across Canada and upon request, to foreign governments and international organizations.
- Help clients provide better service to the public by improving public sector management, operations and administration while meeting the priorities and needs of government.
- Focus on excellence in client service, sharing of public sector expertise, and areas of particular relevance to the federal government.
- Adapt services to meet the needs of public service managers and the priorities of government.
- Provide services in partnership with the private sector via subcontracting.

Translation Bureau

- Provide translation, interpretation and terminology services and products to the Parliament of Canada, the Judiciary and federal departments and agencies in both official languages and in other languages as required.
- Upon request, provide these services to other governments in Canada and international organizations.
- Standardize terminology within the federal government.
- Balancing the costs of operating the Bureau from the combined income resulting from cost recovery from clients and appropriation.

Operational Support

- Provide support to the offices of the Minister and the Deputy Minister.
- Provide IM/IT services to PWGSC's business lines and operations, and Information Technology Security for the department's business lines, operations and E-Platform and IM/IT common services.
- Provide corporate services on a national basis related to finance, communications, audit and review, the ethics development office, human resources, material management, security, contract claims resolution, corporate policy and planning, portfolio management, the corporate secretary function and legal services.

Note: The Government Services Program is partly financed through the use of Revolving Funds namely the Real Property Services Revolving Fund, the Real Property Disposition Revolving Fund, the Optional Services Revolving Fund, the Telecommunications and Informatics Common Services Revolving Fund, the Consulting and Audit Canada Revolving Fund, and the Translation Bureau Revolving Fund. For further details refer to the departmental Report on Plans and Priorities.

The Communications Coordination Services business line has been transferred to Communication Canada formerly known as Canada Information Office.

*Payments in lieu of taxes to municipalities under a statutory authority which amount to \$414,684,000 will be recovered by Public Works and Government Services Canada from the custodian departments and credited to the statutory payment.

Further Details on Revolving Funds

(thousands of dollars)	2002–2003 Main Estimates			2001–2002 Main Estimates
	Expenditures	Revenues	Excess Expenditures (revenues)	
Real Property Services	776,433	776,433	432
Real Property Disposition	3,753	20,400	(16,647)	(19,247)
Optional Services	113,400	113,436	(36)	1,359
Telecommunications and Informatics Common Services	104,200	104,200	300
Consulting and Audit Canada	98,400	99,000	(600)	(600)
Translation Bureau	174,169	172,175	1,994	1,500
Defence Production
Operating Loss/(Surplus)	1,270,355	1,285,644	(15,289)	(16,256)
*Adjustments to arrive at net cash requirements/(surplus)	4,327	2,914	1,413	(3,528)
Main Estimates - net cash required/(surplus)	1,274,682	1,288,558	(13,876)	(19,784)

*Because the operating surplus or loss is calculated on an accrual accounting basis, it does not directly reflect the cash requirements of the Fund that are included in the Estimates. Certain items that must be taken into consideration in calculating the surplus or loss do not require a direct cash expenditure. Some cash expenditures included in the Estimates do not impact upon the operating balance. The two can be reconciled as follows:

Public Works and Government Services

Public Works and Government Services Communication Canada

Objectives

The objective of Communication Canada is to provide Government of Canada services and corporate communications products to citizens, and effective communications support to client departments and central agencies.

Communication Canada takes a corporate approach to communications and service delivery, using technology and research on citizens' needs to respond to their desire for information. Its activities are on behalf of and for the Government of Canada as a whole. This corporate perspective complements and provides context and support for services and communications delivered by individual departments and agencies.

Business Line Descriptions

Corporate Communications

Provide citizens with multichannel access to Government of Canada services and information through: the Canada Web site; the 1 800 O-Canada telephone line; Canadian Government Publishing; the Canada Gazette; the Depository Services Program; national and regional information campaigns (television, print and radio), products and activities; sponsorships; participation by the Government of Canada at fairs and exhibits; ministerial tours; and other community-based initiatives.

Advise departments and central agencies on communications, providing corporate support such as: coordination of advertising, public opinion research, and regional communications; research products; e-tools; electronic media monitoring and analysis; events calendars; and communications project management.

Solicitor General Department

Objectives

To provide overall policy direction to the programs of the Ministry, and to perform review functions related to Ministry Agencies.

Business Line Descriptions

Advice to the Solicitor General Regarding Ministerial Direction to the Agencies, Portfolio Management and National Policy Leadership

The Department develops, provides and coordinates timely, responsive, integrated and comprehensive policy advice to the Minister in support of his responsibilities to:

- a) give direction to, and answer in Parliament for, the Ministry Agencies;
- b) enhance policy cohesion and coordination within the Portfolio; and
- c) exercise national policy leadership in policing and law enforcement, national security and corrections and conditional release.

First Nations Policing Program

The implementation of the First Nations Policing Policy provides practical ways to improve the administration of justice for First Nations through the establishment and maintenance of policing services that are professional, effective, and responsive to the particular needs of First Nations and Inuit communities.

The Aboriginal Policing Directorate is responsible for the implementation, maintenance and development of the First Nations Policing Program within the framework of the First Nations Policing Policy.

Office of the Inspector General, CSIS

The office of the Inspector General of CSIS is established by the *Canadian Security Intelligence Act*. The Inspector General has right of access to CSIS information and serves as the Solicitor General's internal auditor for CSIS operational activities. The office of the Inspector General regularly monitors the Service's compliance with its operational policies; reviews CSIS operational activities for compliance with law, other authorities, controls and standards governing the performance of these operational activities; and provides classified reports in support of the Inspector General's advice and a statutorily required Certificate to the Minister regarding these matters. Special reviews may also be conducted at the direction of the Minister, Security Intelligence Review Committee (SIRC), or on the Inspector General's own initiative.

Executive Services and Corporate Support

This business line is composed of the Executive Services Division, Communications Group, Corporate Services Directorate and the Legal Services Unit.

Solicitor General Correctional Service

Objectives

To contribute, as part of the criminal justice system and respecting the rule of law, to the protection of society by actively encouraging and assisting offenders to become law-abiding citizens, while exercising reasonable, safe, secure and humane control.

Business Line Descriptions

Care

Provision of services related to the needs of the offender population including the provision of physical and mental health care as well as food, clothing and institutional services to offenders.

Custody

Provision of services relating to the supervision, control and sentence administration of offenders as well as the construction and maintenance of facilities to house offenders.

Reintegration

Provision of a range of services and programs both in the institutions and community settings designed to promote the reintegration of offenders, including case management, psychological and chaplaincy services, residential services, academic and vocational training, employment and occupational development, living skills, substance abuse and other personal development programs and other programs designed to address specific cultural, social, spiritual and other personal needs.

A total drawdown of \$5,000,000 for the CORCAN Revolving Fund will become effective March 31, 2002. The projected use of this authority as related to these Estimates is as follows:

	(thousands of dollars)
Anticipated unused authority as of April 1, 2002	4,858
Less:	
2002–2003 Main Estimates – net cash required	84
Anticipated unused authority as of April 1, 2003	4,774

Corporate Management

Provision of corporate management to ensure that allocated resources are cost-effectively utilized and to support management decision making and enhanced managerial accountability and operational control.

Solicitor General National Parole Board

Objectives

The National Parole Board's prime objective, is to contribute to the long term protection of society. The Board, in carrying out its responsibilities will: continue to make decisions of the highest quality with all decisions based on the ultimate protection of society; be sensitive to the needs of offenders, victims and their families; strengthen relationships with partner groups; recognize that offenders can and do change; employ the least restrictive determination in release decisions consistent with the protection of society; and operate in a manner that is professional, open, accountable, and fiscally responsible. An environment of trust, respect, openness and sharing of information is supported and encouraged by management and staff of the Board.

Business Line Descriptions

Conditional Release

Conditional Release includes reviewing cases of offenders and making quality conditional release decisions; providing support for decision-making; providing in-depth training focused on risk assessment to assist Board members in the decision-making process; developing and interpreting conditional release policy; coordinating program delivery throughout the National Parole Board (NPB) and with the Correctional Service of Canada (CSC) and other key partners; providing information to victims and interested parties within the community; and disseminating information related to conditional release to the public; and carrying out evaluations and measuring performance.

Clemency and Pardons

Clemency and Pardons involves the review of applications and the rendering of pardon decisions or the issuance of pardons, and clemency recommendations; providing information and support for decision-making; providing training to promote professionalism in decision-making; developing and interpreting pardons and clemency policy; coordinating program delivery within NPB, the RCMP and other key partners; and providing public information related to pardons and clemency.

Corporate Management

Corporate management provides support to the Board's main business lines (conditional release, and clemency and pardons). It includes: development of the planning and accountability framework; and a range of corporate services in the areas of finance, human resources, administration, security, and information technology.

Solicitor General
Office of the Correctional Investigator

Objectives

To act as an ombudsman on behalf of offenders by thoroughly and objectively reviewing a wide spectrum of administrative actions and presenting findings and recommendations to an equally broad spectrum of decision makers, inclusive of Parliament.

Business Line Descriptions

The Office of the Correctional Investigator has one Business Line which, as detailed in Section 167 of the *Corrections and Conditional Release Act*, is to conduct investigations into the problems of offenders related to decisions, recommendations and or omissions of the Commissioner of Corrections or any person under the control and management of, or performing service for or on behalf of the Commissioner of Corrections that affect offenders either individually or as a group.

Solicitor General

Royal Canadian Mounted Police

Objectives

To enforce laws, prevent crime and maintain peace, order and security. The primary objective of the RCMP is to contribute to safe homes and safe communities across Canada while the secondary objectives include: helping to foster a sense of safety and security, responding to the needs of crime victims, and promoting crime prevention and alternatives to the criminal justice system.

Business Line Descriptions

Federal Policing Services

Federal Policing Services objective is to contribute to safe homes and safe communities by providing policing, law enforcement, investigative and prevention services to the federal government, its departments and agencies and to Canadians in all provinces and territories. Federal Policing Services assist in the protection of public safety, the environment, trade and commerce, revenue collection, and national security.

Contract Policing Services

Contract Policing Services business line objective is to contribute to safe homes and safe communities by providing police services to diverse communities in eight provinces (with the exception of Quebec and Ontario) and three territories through cost-shared policing service agreements with federal, provincial, territorial, municipal, and aboriginal governments.

National Police Services

The objective of the National Police Services is to contribute to safe homes and safe communities by providing Canadians with law enforcement investigative tools and information. These are used by the Canadian policing community, federal departments, law and regulatory enforcement agencies, and selected foreign police organizations, including Interpol. These services are used by the RCMP's federal and contract policing business lines and, to a limited extent, Peacekeeping Services business line.

RCMP specialized technical services provided to the law enforcement community include forensic laboratory (e.g., DNA analysis), identification (e.g., fingerprints), computerized police information (e.g., criminal records, communications), intelligence (e.g., organized crime), and advanced training services to the Canadian and international police community and some departmental law enforcement agencies.

Peacekeeping Services

The business line objective is to manage the effective and timely participation of Canadian civilian police in international peace support operations. These services are provided in accordance with Canada's foreign policy requirements and are undertaken on a full cost-recovery basis with other governmental agencies such as the Canadian International Development Agency (CIDA) and the Department of Foreign Affairs and International Trade (DFAIT).

Protective Policing Services

Protective Policing Services objective is to safeguard Canadian and foreign dignitaries and their official residences, as well as visiting Internationally Protected Persons, by delivering timely service through the most qualified and highly trained members and cutting-edge technology.

Corporate Infrastructure

The Corporate Infrastructure business line objective is to support the internal management of the organization.

Solicitor General
Royal Canadian Mounted Police External Review Committee

Objectives

To provide external review of appeals of formal discipline, appeals of discharge or demotion, and certain types of grievances referred to it by the Royal Canadian Mounted Police.

Business Line Descriptions

Case Review

The Royal Canadian Mounted Police External Review Committee, which reports annually to Parliament, is a neutral third party providing an independent and impartial review of labour relations cases referred to it by the RCMP. The Committee may institute hearings, summon witnesses, administer oaths and receive and accept such evidence or other information as the Committee sees fit. The findings and recommendations of the Chairperson, or Committee, are sent to the parties and the RCMP Commissioner.

Solicitor General
 Royal Canadian Mounted Police Public Complaints Commission

Objectives

To provide the public with an opportunity to make complaints regarding the conduct of members of the RCMP in the performance of their duties, and to have the RCMP disposition of those complaints reviewed by an external body in an independent and impartial manner.

Business Line Descriptions

Receipt and Review of Public Complaints

The RCMP Public Complaints Commission is an impartial and independent government institution. It receives complaints from the public and transfers them to the RCMP for investigation. It can also review the RCMP disposition if the complainant is not satisfied with that disposition. The Commission may conduct investigations, hold public hearings, summon witnesses, administer oaths, accept such evidence as the Commission sees fit and make findings and recommendations to the Commissioner of the RCMP and the Solicitor General of Canada. The Commission Chair may initiate complaints. The Chair must also submit an Annual Report to the Solicitor General setting out a summary of the activities of the Commission during the year and recommendations for tabling before each House of Parliament.

Transport Department

Objectives

Ensure high standards for a safe and secure transportation system.
Contribute to Canada's economic growth and social development.
Protect the physical environment.

Business Line Descriptions

Policy

The Policy business line encompasses the development of transportation policies and legislative changes which contribute to an efficient and effective Canadian transportation system. Also included is the monitoring and analysis of the Canadian transportation system, annual reporting (*Canada Transportation Act*), economic studies, and program evaluations. Crown Corporations funding and analysis is also provided.

Programs and Divestiture

The Programs and Divestiture business line negotiates for the divestiture of harbours, ports and airports to local interests; operates airports, harbours and ports until their transfer; operates federally-owned remote airports and remote harbours and ports; administers airport, port, highway and bridge subsidy programs; performs landlord and monitoring functions for the Department including for harbours, ports and airports and air navigation system sites; and administers an environmental stewardship program for federal transportation assets.

Safety and Security

The Safety and Security business line develops national legislation, standards and regulations and implements monitoring, testing, inspection, education, research and development and subsidy programs to promote safety and security in the aviation, marine, rail and road modes and delivers aircraft services to government and other transportation bodies.

Departmental Administration

The Departmental Administration business line provides financial, administration, informatics, human resource, internal and external communication, legal and executive services to the Department.

Department

Further Details – The Jacques Cartier and Champlain Bridges Inc.

Objectives

To provide the public with a safe and efficient transit over several bridge and tunnel facilities in Montreal, Quebec.

Business Line Descriptions

The Jacques Cartier and Champlain Bridges Inc.

The Corporation manages, controls, operates and maintains the Jacques Cartier Bridge, the Champlain Bridge, which includes a portion of the Bonaventure Autoroute, the Pont-Champlain Jetty, the Mercier Bridge and the Melocheville Tunnel, in Montreal, Quebec. The Jacques Cartier Bridge has been toll-free since 1962 and the Champlain Bridge as of May 1990.

Budgetary payments are required to cover the excess of expenditures over revenues (exclusive of depreciation on capital structures and reserves) in the operation of the bridges, roadways and autoroute under the jurisdiction of the Corporation.

Summary of Funding Through Appropriations

Transport
Department
Further Details – Marine Atlantic Inc.

Objectives

To operate safe, reliable and efficient marine transportation and related services in Atlantic Canada that contribute to the achievement of government objectives.

Business Line Descriptions

Marine Atlantic Inc.

Financial assistance is provided to Marine Atlantic Inc. on the basis of budgeted costs less user revenues for certain ferry services for which Canada has accepted responsibility, particularly those under the Terms of Union and Confederation.

The Crown corporation provides the following services:

- (a) to meet constitutional obligations (North Sydney – Port aux Basques services); and
- (b) to provide an alternative to the constitutional services (North Sydney – Argentia).

In addition, the Corporation carries out other related transportation activities.

Summary of Funding Through Appropriations

Transport
Department
Further Details – VIA Rail Canada Inc.

Objectives

To manage rail passenger services in such a manner as to improve their efficiency, effectiveness and economy.

Business Line Descriptions

VIA Rail Canada Inc.

VIA Rail is responsible under the Railway Passenger Services Contract with the Minister of Transport for managing most of the rail passenger services in Canada. VIA Rail must provide the services identified by the Minister in agreements on the basis of budgeted costs less revenues. VIA Rail, in turn, manages and markets services, maintains equipment and contracts with CN and CP Rail for running rights, operation of passenger trains on their rail systems, and other support services.

Funds are also provided to VIA Rail for the acquisition and renovation of plant and equipment and other capital investments.

Transport

Canadian Transportation Agency

Objectives

To contribute to the attainment of an efficient and accessible Canadian transportation system that serves the needs of shippers, carriers, travellers and other users.

Business Line Descriptions

Canadian Transportation Agency

The Canadian Transportation Agency program is responsible for processing matters that come under the jurisdiction of the *Canada Transportation Act* and other related legislation, as they affect the rail, air and marine activities within federal jurisdiction. It examines applications, hears complaints and conducts investigations. It administers various competitive access and dispute resolution provisions relating to matters between railways and other affected parties such as shippers, municipalities, utility companies, landowners and other railways. The Agency determines CN's and CP's respective annual revenue entitlement for western grain movements and whether or not each has exceeded it. It also undertakes statutory costing activities. It protects the interests of consumers and carriers by ensuring that air carriers operating to, from and within Canada meet certain minimum economic requirements. To this end, it administers an air carrier licensing system, international air agreements and international air tariffs. Consumers interests are also protected through an air travel complaints program and a certificate of fitness system for railways. It is also responsible for ensuring that undue obstacles to the mobility of persons with disabilities are removed from federally regulated transportation services and facilities.

Transport Civil Aviation Tribunal

Objectives

To provide the aviation community with the opportunity to have enforcement and licensing decisions of the Minister of Transport reviewed by an independent body.

Business Line Descriptions

Review and appeal hearings

Provides for the operation of an independent Civil Aviation Tribunal to respond to requests from the aviation community for review of enforcement and licensing decisions taken by the Minister of Transport under the *Aeronautics Act*; and to conduct hearings into such appeals. At the conclusion of a hearing, the Tribunal may confirm the Minister's decision, substitute its own decision, or refer the matter back to the Minister for reconsideration.

Treasury Board Secretariat

Objectives

To support the Treasury Board as the government's management board in partnership with departments, agencies, Crown corporations and other central agencies, to achieve excellence in serving the government, Parliament and Canadians.

Business Line Descriptions

Expenditure Management and Planning

The Secretariat supports the Treasury Board by providing analysis and advice related to the utilization and management of direct program expenditures encompassing two areas:

- operating and capital budgets of government departments and agencies; and
- transfer payments to organizations, individuals and corporations.

Oversight of the remaining major statutory program spending is the responsibility of the Department of Finance Canada.

Comptrollership

The role of the Comptrollership business line is to provide strategic leadership to government departments, other central agencies and Treasury Board Secretariat (TBS) on all matters related to comptrollership. These include financial management, procurement and management of assets, internal audit and program evaluation, management of risk, results-based management, and reporting to Parliament (Estimates, supply bills and Public Accounts).

Service and Innovation

The mandate of this business line is to lead government-wide initiatives to improve the delivery of government services to Canadians by:

- exercising leadership for service delivery improvement, innovation and organizational performance;
- developing and sharing knowledge, research, information and expertise on service and innovation; and
- facilitating the free flow of information and demonstrating a clear visual link between citizens and the Government of Canada's programs and services, and developing a common look and feel for all public access channels.

Information Management and Information Technology

The goal of this business line is to provide strategic direction and leadership in leveraging information management and information technology to improve public access to government services and to meet Public Service renewal objectives.

Human Resources Management

TBS is responsible for providing strategic direction for the management of human resources in the Public Service; for fulfilling the employer responsibilities of the Treasury Board; for delivering certain corporate responsibilities, programs and initiatives; and for working with departments to improve the quality of human resources management and measure progress.

TBS Corporate Administration

The Secretariat's corporate administration includes the offices of the President, the Secretary–Comptroller General, and the Deputy Secretary, and provides executive and ministerial direction and advice, as well as legal, public affairs, financial, human resources, and administrative services.

Veterans Affairs

Veterans Affairs Program

Objectives

Contribute to the financial, physical and social health and well-being of veterans and other eligible clients in recognition of the sacrifices they made while serving their country, and to keep the memory of these sacrifices alive for all Canadians.

Business Line Descriptions

Benefits and Services

The Benefits and Services business line consists of four constituent service lines: Pensions and Allowances, Pensions Advocacy, Health Care, and Commemoration. These service lines provide, in a fair and timely manner, compensation for hardships arising from disabilities and lost economic opportunities, professional legal representation, the delivery of innovative health and social programs and programs aimed at recognizing and honouring the achievements and sacrifices of Portfolio client groups.

Corporate Administration

The Corporate Administration business line is composed of the following corporate functions: Offices of the Minister, the Deputy Minister, the Associate Deputy Minister, the Assistant Deputy Minister Corporate Services, Conflict Resolution, and Access to Information and Privacy; as well as executive secretariat services (including legislation and regulation), communications, corporate planning, finance, human resources, information management, management support services, audit and evaluation, security services and property management. These functions provide the corporate management and administrative support which enables the organization to set direction, manage change and assess performance.

Veterans Affairs
Veterans Review and Appeal Board

Objectives

Provide clients with full opportunity to request review and appeal hearings to ensure a fair adjudicative process for disability pension and War Veteran Allowance claims.

Business Line Descriptions

Veterans Review and Appeal Board

The Veterans Review and Appeal Board (VRAB) is an independent quasi-judicial agency adjudicating reviews and appeals of pensions as well as appeals of War Veterans Allowance cases.

Program by Business Lines
