# CUSTOMS NOTICE 07-005

## Memorandum of Understanding (MOU) for Carriers and Service Providers Export Reporting Revised Appendices

1. The purpose of this customs notice is to notify the exporting community that as of the date of this notice, appendices A and B of the MOU have been revised and that this updated information supersedes information provided in previous agreements and in D20-1-1, *Export Reporting* (appendices J and/or N).

2. D20-1-1 is being revised to reflect various changes and appendices J and N will be deleted from this D-memo.

3. Appendix A of the MOU has been renamed “Export Reporting — Proof of Report (POR)” and is available on the Canada Border Services Agency (CBSA) Web site at [www.cbsa.gc.ca/export](http://www.cbsa.gc.ca/export).

**Note:** Carriers are required to report the outbound movement of in-transit goods. For information on this process see Interim Memorandum D20-1-1, *Export Reporting*.

4. Appendix B of the MOU has been renamed “Exports that do not have to be Reported by the Exporter – No Declaration Required (NDR).” It is available on the CBSA Web site at [www.cbsa.gc.ca/export](http://www.cbsa.gc.ca/export).

5. Exports that do not have to be reported, which are listed in Appendix B, have been assigned unique NDR (No Declaration Required) numbers. The exporter or the service provider must provide the NDR number or the details of why the goods do not have to be reported to the MOU carrier before the goods are loaded.

6. NDR 9 — goods that were imported into Canada and are exported from Canada after being transported in transit through Canada en route to a non-Canadian destination — has been removed from the list.

7. MOU carriers are to replace appendices A and B of their existing MOU with the revised, above-noted appendices, which are available on the CBSA Web site at [www.cbsa.gc.ca/export](http://www.cbsa.gc.ca/export).
