## What's New?

### The Canada Customs and Revenue Agency (CCRA) has a new 1-800 service for employers

If you need help after you read this guide, call 1-800-959-5525 for service in English or 1-800-959-7775 for service in French.

### Important change to this guide

You will now find the information you need on **T4F slips** in the new employers' guide called *Filing the T4F Slip and Summary Form*. If you would like a copy, complete the order form that you can find at [www.ccra-adrc.gc.ca](http://www.ccra-adrc.gc.ca) or call 1-800-959-2221.

### Tax changes announced in the federal budget on February 28, 2000

#### Stock-option benefits

You have to include the amount of an employee's stock-option benefit in his or her taxable income. You also have to enter in the "Other information" area on a T4 slip, the parts of the benefit the employee received **on or before and after February 27, 2000**.

The employee can defer such a benefit until disposing of the related eligible security. In such a case, see the instructions below.

#### Deferred stock-option benefits

After February 27, 2000, an eligible employee can use stock options to get eligible publicly listed shares or units

of mutual fund trusts. In such a case, the employee (or ex-employee) can defer the taxable benefit to be included in income until whichever is earlier:

- the year in which the employee disposes of the eligible security; or
- the year the employee dies or becomes non-resident.

The employee has to indicate that he or she will defer the benefit until disposing of the security. Do not include the amount of the benefit in the employee's income, nor withhold on this amount for that year. Enter code **53** in the "Other information" area of the employee's T4 slip. Also in that area, include in one of the boxes the amount deferred.

#### Disposing of an eligible security

For the year in which the stock-option benefit is included in income, an individual can claim a deduction from his or her taxable income under paragraph 110(1)(d) or 110(1)(d.1) of the *Income Tax Act*. The deduction for the individual is equal to:

- **one-quarter** of the amount of the benefit, if the security was sold or disposed **on or before February 27, 2000**;
- **one-third** of the amount of the benefit, if the security was sold or disposed **after February 27, 2000**.

For more information, see Chapter 3 of this guide and the employers' guide called *Taxable Benefits*.

Information on stock-option benefits is also available at [www.ccra-adrc.gc.ca](http://www.ccra-adrc.gc.ca)

## Notice

### New Hires Program

#### Premium relief application deadlines for 1997 and 1998

The New Hires Program was a temporary two-year initiative intended to give small businesses relief from the employer share of Employment Insurance (EI) premiums and to encourage job creation. Eligible small businesses can receive up to \$10,000 in EI premiums relief for 1997 and 1998 if the employer EI premiums for either of these two years are \$250 more than their 1996 employer EI premiums.

To claim the premium relief to which you may be entitled, you have to complete Form RC89, *Employer's Application for a Refund of Employment Insurance Premiums Under the New Hires Program*.

You have to make your claim no later than three years from the end of the year in which the premium relief arose. As a result, we have to receive your claims for 1997 before January 1, 2001, and your claims for 1998 before January 1, 2002. We will not accept late-filed applications.

The pamphlet called *New Hires Program* has detailed information for employers about eligibility for the program and how to calculate the amount of premium relief.

You can order the form and the pamphlet on our Web site at [www.ccra-adrc.gc.ca](http://www.ccra-adrc.gc.ca) or call 1-800-959-2221.

### Federal Youth Hires Program – Employment Insurance premium relief

If you employed youths aged 18 to 24 in the 1999 or 2000 calendar years, you could be eligible under the Federal Youth Hires Program to receive premium relief. The Federal Youth Hires Program is part of the Government of Canada's Youth Employment Strategy, and provides two years of relief from Employment Insurance (EI) premiums for employers hiring more youths between the ages of 18 to 24 (the target group). Any increase in the insurable earnings for this target group over the 1998 base amount is exempt from employer EI premiums in the 1999 and 2000 calendar years.

## Chapter 1 – General Information

In January 2000, we calculated the 1998 total insurable earnings for employees aged 18 to 24 at any time during the year for each employer, based on information provided in their 1998 T4 and T4F information returns. We provided this amount to employers if they had any employees in the target group in 1998. We will also calculate any premium relief to which employers are entitled for 1999 and 2000 when we process their 1999 and 2000 T4 and T4F information returns. Employers do not need to make a separate application to receive this amount.

However, if you are part of an associated group of employers for purposes of the program, tick the box on line 98 of the summary form, and attach a completed Form RC104, *Federal Youth Hires Program – Associated Group of Employers*, with each T4 or T4F information return you file. You can find a copy of this form at the back of this guide.

### Note

Do not complete or attach Form RC104 to the T4 or T4F information return or tick the box on line 98 of the summary form, if you are not an associated employer.

For more information about this program, see the pamphlet called *Federal Youth Hires Program* or Chapter 3 of the employers' guide called *Payroll Deductions (Basic Information)*.

## Form T4 Summary

You no longer have to provide us with two copies of the T4 Summary form. As a result, we have eliminated the carbon-loaded summary forms. All employers should now use Form T4 Summary for laser or ink jet printer. You can make a photocopy of the original T4 Summary form, and use it as your working copy. Keep the working copy for your records.

## Construction businesses

Construction businesses have to record amounts paid or credited to subcontractors for goods and services rendered in connection with construction activities, and report these payments in a T5018 information return. They can report payments on either a calendar- or fiscal-year basis. Information returns have to be filed six months from the end of the reporting period.

For more information, contact any tax services office, or visit our Web site at [www.ccra-adrc.gc.ca/contract](http://www.ccra-adrc.gc.ca/contract)

## Other employers' guides

The employers' guides called *Payroll Deductions (Basic Information)*, *Remitting Payroll Deductions*, *Taxable Benefits*, and the new guide called *Filing the T4F Slip and Summary Form* are not sent to you automatically. If you would like to get a copy, complete the order form that you can find at [www.ccra-adrc.gc.ca](http://www.ccra-adrc.gc.ca) or call 1-800-959-2221.

### Note

You can also download these guides from our Web site.

## Who should use this guide?

You should use this guide if you are an employer and you pay your employees the following types of income:

- employment income;
- commissions;
- taxable allowances and benefits; or
- any other payments paid for services rendered during the year.

The instructions in this guide apply mainly to employers. However, we also provide certain guidelines for trustees.

## Business Number (BN)

The BN is a numbering system that simplifies and streamlines the way businesses deal with the federal government. The BN is based on the simple principle—“one business, one number.”

All new businesses will get a BN (a 15-digit number) when they open any of the following business accounts with us:

- corporate income tax;
- import/export;
- payroll deductions; or
- goods and services tax/harmonized sales tax (GST/HST).

The BN also includes accounts for registered charities, registered Canadian amateur athletic associations, and national arts service organizations.

## Failure to file an information return

An information return is the T4 slip **and** the T4 Summary form. You have to file an information return and give information slips to your employees **by the last day of February following the calendar year to which the information return applies**. If you fail to do this, the penalty for each failure is \$25 a day, with a minimum penalty of \$100 and a maximum of \$2,500.

### Note

If the last day of February is a Sunday, your information return is due the next business day.

## What should you do if an employee leaves?

We suggest that you calculate the employee's earnings for the year to date, and give the employee a T4 slip. Keep our copy of the slip and include it with your T4 Summary when you file it by the **last day of February of the following year**.

In addition, you have to prepare a *Record of Employment (ROE)* for each former employee. For more information, see the guide called *How to Complete the Record of Employment (ROE) Form*, which is available from the nearest Human Resources Centre of Canada.

## What should you do if your business stops operating?

Send all CPP contributions, EI premiums, and income tax deductions to your tax centre within seven days of the day your business ends. For more information on how to send us deductions, see the employers' guide called *Remitting Payroll Deductions*.

Complete the necessary T4 slips and T4 Summary and send them to the Ottawa Technology Centre within 30 days of the day your business ends. You have to calculate the **pension adjustment (PA)** that applies to your former employees who accrued benefits for the year under your **registered pension plan (RPP)** or **deferred profit sharing plan (DPSP)**. Distribute copies of the T4 slips to your former employees. For more information on how to complete a T4 slip and T4 Summary form, see Chapters 3 and 4 of this guide.

Prepare and give a *Record of Employment (ROE)* to each former employee. For more information, see the guide called *How to Complete the Record of Employment (ROE) Form*, which is available from the nearest Human Resources Centre of Canada.

## Waiving penalties and interest

The fairness provisions of the *Income Tax Act* give us certain discretion to cancel or waive all or a part of interest charges and penalties. This flexibility allows us to consider extraordinary circumstances that may have prevented employers from fulfilling their obligations under the *Income Tax Act*. For more information, see Information Circular 92-2, *Guidelines for the Cancellation and Waiver of Interest and Penalties*.

## Payroll deductions tables

Our payroll deductions tables or tables on diskette (TOD) contain information to help you calculate the CPP contributions, EI premiums, and the income tax you have to deduct for your employees. Both versions can be downloaded from our Web site at [www.ccra-adrc.gc.ca](http://www.ccra-adrc.gc.ca). You can also order them by completing the order form that you can find on our Web site, or by calling 1-800-959-2221.

## Chapter 2 – T4 Information Return

### Which forms should you use?

Use the T4 slip and the T4 Summary form to report income amounts you paid and deductions you withheld during the year.

## T4 slip, *Statement of Remuneration Paid*

This form is used to report:

- salary, wages (including pay in lieu of termination notice), tips or gratuities, bonuses, vacation pay, employment commissions, and all other remuneration you paid to employees during the year;

### Note

Paycheques with a pay date of 2000 are reported on 2000 T4 slips, and paycheques with a pay date of 2001 are reported on 2001 T4 slips, regardless of when the services are performed or rendered.

- taxable benefits or allowances;
- deductions you withheld during the year; and
- pension adjustment (PA) amounts for employees who accrued a benefit for the year under your registered pension plan (RPP) or deferred profit sharing plan (DPSP).

## Form T4 Summary, *Summary of Remuneration Paid*

This form is used to report the totals of all amounts you record on the related slips.

### Notes

- The T4 slip and T4 Summary form apply to resident and non-resident payers.

■ For instructions on how to complete the T4F return, see the employers' guide called *Filing the T4F Slip and Summary Form*.

■ For instructions on how to complete the T4A return, see the employers' guide called *Filing the T4A Slip and Summary Form*.

■ For instructions on how to complete the T4A-NR return, see our publication called *Non-Resident Withholding Tax Guide*.

■ For instructions on how to complete the T4A-RCA return, see the publication called *Retirement Compensation Arrangements Guide*.

## Types of T4 slips available

You can order the two following types of slips:

- **four-copy:** carbon-loaded for impact printer (continuous) or hand filled; and
- **single-page:** 1 page (not carbon-loaded) for laser or ink jet printers only.

Each type includes two T4 slips per sheet.

## How to order your blank T4 slips

To order blank copies of T4 slips, complete the order form that you can find on our Web site at [www.ccra-adrc.gc.ca](http://www.ccra-adrc.gc.ca) or call 1-800-959-2221.

## How to file information returns

An information return consists of two things:

- slips; and
- the related **summary forms**.

**A summary form alone is not an information return.**

### When to file the information return

You have to file your T4 information return by the **last day of February following the calendar year to which the information return applies** (e.g., you have to file your 2000 T4 information return by the **last day of February 2001**).

#### Notes

If the last day of February is a Sunday, your information return is due the next business day.

When you send us copies of the slips, **keep T4s two to a page**. This will allow us to process your information return faster.

### Where to send the information return

After you complete your return, mail it to:

Ottawa Technology Centre  
Canada Customs and Revenue Agency  
875 Heron Road  
Ottawa ON K1A 1G9

#### Note

If, after you file your return, you need to send us amended slips, send copy 1 of the slips to any tax centre.

### Distributing copies of T4 slips

#### Copy 1

Copy 1 of each T4 slip must be appended to the T4 Summary form. If you file on magnetic media (cartridge or diskette), **do not submit** a paper copy of the slips or summary form.

#### Copies 2 and 3

Copies 2 and 3 must be delivered or mailed to the employees by the **last day of February following the calendar year to which the slips apply**.

#### Copy 4

Keep copy 4 of the slips and a copy of the summary form for your files.

### Customized forms

To reduce the workload of those who complete large numbers of forms, we will accept forms other than our own. If you use your own computer-printed forms, you have to get written approval from us before you can issue them.

Send your proposed samples to:

Forms Management Division  
Publishing Directorate  
Canada Customs and Revenue Agency  
~~17th floor~~  
~~Albion Tower~~  
~~25 Nicholas Street~~  
~~Ottawa ON K1A 0L5~~

You will receive either our written approval or a request to make changes to the forms before we approve them.

For more information, see Information Circular 97-2, *Customized Forms – Returns and Information Slips*.

### Do you file information returns on magnetic media?

If you (or a representative) file more than 500 information slips for the calendar year (the total number of T4, T4A, T4A-NR, T4RIF, T5, T5008, T4RSP, NR4, and T3 slips), you **have to** file your information returns on magnetic media using computer tape, diskette, or cartridge.

If you or your service bureau send us your information returns on tape or diskette, **do not send us** paper copies of your summary form or slips. Only attach paper copies of any slips that are not included on the magnetic media submission.

Simply attach Form T619, *Magnetic Media Transmittal*, to the magnetic media, and drop off the package at any tax services office or tax centre, or mail it to:

Magnetic Media Processing Team  
Ottawa Technology Centre  
Canada Customs and Revenue Agency  
~~875 Heron Road~~  
~~Ottawa ON K1A 1A2~~

#### Note

If you are eligible for the Federal Youth Hires Program **and** you are an associated employer under that program, you have to complete Form RC104, *Federal Youth Hires Program – Associated Group of Employers*, that you can find at the back of this guide, to claim the amount of premium relief available to you. Send the form to the Ottawa Technology Centre at the address above.

You may need to correct original data submitted on magnetic media. If you do, make these corrections on paper. For information on correcting slips, see the section later in this chapter called “How can you amend, cancel, or replace slips?”

If a service bureau is filing an information return for you, you are still responsible for the accuracy of the information and for any balance owing.

If you have overpaid, include a letter explaining how you want us to apply the overpayment. If you owe an amount, indicate on the cheque which account and tax year the payment is for.

For more information, see the guide called *Computer Specifications for Data Filed on Magnetic Media – T4, T4A, and T4A-NR*, or call 1-800-665-5164.

This publication is also available on our Web site at [www.ccra-adrc.gc.ca/magmedia](http://www.ccra-adrc.gc.ca/magmedia)

## Branch offices filing information returns

If the branch office of a company has sent in income tax deductions, CPP contributions, and EI premiums under a separate account which only that branch uses, file the information return (slips and related summary form) of that branch as a separate return.

## What should you do with large returns?

If you have a T4 information return that contains more than 200 slips, split the return into bundles of 200 slips or less. Make sure a segment form is on the top of each bundle. **The total of all amounts shown on each segment form has to agree with the corresponding totals on the summary form.**

If you would like to order segment forms, or if you need more instructions, contact any tax services office or tax centre.

## How can you amend, cancel, or replace slips?

### Amending slips

After you file your information return, you may notice that you made an error when preparing the T4 slips. If so, you will have to prepare amended slips to correct the information. Clearly identify the new slips as amended slips by writing “amended” at the top. When you amend a slip, make sure you complete all the necessary boxes, including the information that was correct on the original slip. Distribute the amended slips to your employees the same way as the originals. Send copy 1 of the slips to any tax centre with a letter explaining the reason for the amendment. The addresses of our tax centres are listed at the end of this guide.

#### Note

You do not have to file an amended summary form when you send in amended slips.

### Cancelling slips

If you are cancelling a T4 slip, enter an “X” in the “Void” box.

If you see errors on the T4 slips **before** you file them with us, you can correct them by preparing new slips and **removing** any incorrect copies from the return. If you do not prepare a new slip, initial any changes you make on the slip. Make sure you also correct the summary form.

## Replacing slips

If you issue T4 slips to replace copies that employees lost or destroyed, do not send these copies to us. Clearly identify them as **duplicate copies**, and keep any copies you do not distribute with your records.

## Pension adjustment (PA) and past service pension adjustment (PSPA)

You have to recalculate a pension adjustment (PA) or calculate a past service pension adjustment (PSPA) when both of the following conditions are met:

- an employee returns from a leave of absence, or from a period of reduced services; and
- benefits are retroactively provided for the period concerned.

For information on recalculating a PA, see the *Pension Adjustment Guide*. For information on calculating a PSPA, see the *Past Service Pension Adjustment Guide*.

If a recalculated PA applies, you have to report an amended PA for the employee for each year after 1989 that is affected by the leave.

If you need to amend a T4 slip to either correct a previously reported PA or to report an amended PA, you have to do two things:

- copy all the other data you reported on the original information slip to the amended slip; and
- change the previously reported PA to the amount that applies for the year.

You do not have to report an amended PA when the difference between the previously reported PA and the amended PA is less than \$50. This rule does not apply if an employee asks you to accurately report the PA, or if we ask you to report the amended PA.

For the years in which you had not previously reported a PA for the employee, you have to file a T4 slip showing the correct PA. If you previously reported a PA for the employee in a particular year, you have to show the **total** PA that applies for that year on an amended T4.

## What happens after you send in your completed information return?

When we receive your information return, we check it to see if you have prepared it correctly. After an initial review, we will send your return to be entered into our processing system, which captures the information and performs various validity and balancing checks. If there are any problems, we may contact you.

The Information Declaration System (INFODEC) records and stores the information found on the slips and the summary form.

## Additional processing information

Other federal government departments use our T4 information. Most importantly, Human Resources Development Canada (CPP Branch) uses the information on the T4 slip to update a person's **record of earnings** file. The information on CPP contributions that we send to HRDC determines the CPP benefits that a person will receive.

## Reporting the correct social insurance number (SIN)

You have to correctly report an employee's SIN on the T4 slips. Make sure you always use the correct name and number as shown on the recipient's SIN card.

An incorrect SIN can affect an employee's future CPP benefits if the record of earnings file is not accurate. Also, if you report an incorrect SIN on a T4 slip that has a PA amount, the employee may receive an inaccurate annual RRSP deduction limit statement. In addition, the related information on the employee's *Notice of Assessment* will be inaccurate.

Even if you cannot get a SIN from your employee, file your information return no later than the last day of February. If you do not, you may be subject to a **penalty** for late filing.

For more information, see Information Circular 82-2, *Social Insurance Number Legislation That Relates to the Preparation of Information Slips*.

## Pensionable and insurable earnings review (PIER)

Each year, we review the T4 slips that you send in with your T4 Summary form to check your calculations. We do this to make sure that the CPP-pensionable and EI-insurable earnings you reported agree with the deductions you have sent in.

We check the calculations by matching the pensionable and insurable earnings you reported with the required CPP contributions or EI premiums indicated in the *Payroll Deductions Tables*. We then compare these required amounts with the CPP contributions and EI premiums on the T4 slips.

If you file on magnetic media and report an employee number on your T4 slips, we will display the employee number on the PIER.

If there is a difference between the contributions or premiums required and the ones you reported, we print the figures on a PIER listing. The listing shows the name of the affected employee and the figures we used in the calculations.

### Note

You will be responsible for remitting the balance due including your employee's share.

## Why is a review important?

We verify these calculations so that your employees or their beneficiaries will receive the proper:

- EI benefits if the employees become unemployed or take maternity leave; and
- CPP benefits if the employees retire, become disabled, or die.

### Note

If you report incorrect amounts, it could reduce a person's benefits.

## CPP deficiency calculations

If your employee has 52 pensionable weeks during the year, you usually calculate the required **CPP** contributions as follows:

**Step 1:** Subtract the CPP basic exemption for the year (\$3,500 for 2000) from the CPP pensionable earnings shown in box 26 on the employee's T4 slip.

**Step 2:** Multiply the result of Step 1 by the current year's CPP contribution rate (3.9% for 2000).

The result is the employee's yearly CPP contributions, which you report in box 16 of the T4 slip.

If you did not report pensionable earnings in box 26 of the T4 slip, we base the calculation on the amount in box 14, "Employment income," up to the maximum allowable amount.

There may be cases when you have to prorate the CPP basic exemption for the year [see Chapter 2 of the employers' guide called *Payroll Deductions (Basic Information)*]. In these cases, to verify the employee's CPP contributions before you file the T4 slip, you can complete the "Year-end calculation of deductions for employee Canada Pension Plan contributions" provided at the end of the employers' guide called *Payroll Deductions (Basic Information)*.

## EI deficiency calculations

Calculate the required EI premiums as follows:

Multiply the EI insurable earnings, shown in box 24 of the employee's T4 slip, by the current year's EI premium rate (2.4% for 2000).

The result is the employee's yearly EI premiums, which you report in box 18 of the T4 slip.

If you did not report insurable earnings in box 24 of the T4 slip, we base the calculation on box 14, "Employment income," up to the maximum allowable amount.

To verify the employee's EI premiums before you file the T4 slip, you can complete the "Year-end calculation of deductions for employee Employment Insurance premiums" provided at the end of the employers' guide called *Payroll Deductions (Basic Information)*.

### Note

If there is an “X” in box 28 (CPP/QPP and EI exempt) of the T4 slip and you reported amounts in boxes 16 or 17, and 26 for CPP/QPP, or in boxes 18 and 24 for EI, the system ignores the “X.” For more information, see “Box 28 – Exempt (CPP/QPP and EI)” in Chapter 3.

## Common reporting errors and how to avoid them

The most common reporting errors occur when you do not report amounts correctly in the following boxes on the T4 slip:

- box 24, “EI insurable earnings”;
- box 26, “CPP/QPP pensionable earnings”; and
- box 28, “Exempt (CPP/QPP and EI).”

## Questions and answers

The following questions and answers may help you avoid these reporting errors and can serve as a checklist before you send in your information returns.

### CPP/QPP

**Question 1:** Was the employee exempt for the entire reporting period?

If *yes*, put an “X” in box 28. Leave boxes 16 or 17 and 26 blank.

If *no*, go to Question 2.

**Question 2:** Did the employee turn 18 or 70 years old during the reporting period?

If *yes*, make sure that you:

- started to calculate the contributions and pensionable earnings on the first of the month after the employee’s 18th birthday; or
- stopped calculating the CPP contributions and pensionable earnings on the first of the month after the employee’s 70th birthday.

### Note

The requirements are different for QPP. For more information, see the *Guide for employers – Deductions and Contributions*, which you can get from the ministère du Revenu du Québec.

If *no*, go to Question 3.

**Question 3:** Did the employee receive CPP or QPP pension benefits during the reporting period?

If *yes*, make sure that you calculated the CPP contributions and pensionable earnings based on the number of months before the pension became payable.

### Note

The requirements are different for QPP. For more information, see the *Guide for employers – Deductions and Contributions*, which you can get from the ministère du Revenu du Québec.

If *no*, leave box 26, “CPP/QPP pensionable earnings,” blank.

Make sure you did not interchange numbers or make addition errors.

**Question 4:** Did you deduct contributions from an employee’s vacation pay, bonuses, director’s fees, or other taxable benefits?

If *yes*, see Chapter 5 of the employers’ guide called *Payroll Deductions (Basic Information)* for more information on calculating contributions for vacation pay, bonuses, and director’s fees. For more information on taxable benefits, see the employers’ guide called *Taxable Benefits*.

If *no*, make sure that you deducted contributions for each type of remuneration that is subject to CPP/QPP.

### EI

**Question 1:** Was the employee exempt for the entire reporting period?

If *yes*, put an “X” in box 28. Leave boxes 18 and 24 blank.

If *no*, make sure that you deducted contributions for each type of remuneration that is subject to EI.

**Question 2:** Was the employee a student?

If the employee was a student, make sure that you deducted contributions for each type of remuneration that is subject to EI as you do for an ordinary employee.

There is no age limit for deducting EI premiums.

## Chapter 3 – Completing T4 slips

### General guidelines

Before you start to enter information on the slips, please keep the following points in mind:

- Complete the slips clearly and in alphabetical order.
- Use a standard 10- or 12-character per inch font if typed or computer generated.
- Make sure the SIN and name you enter on the T4 slip for each employee is the same as the one on his or her SIN card.
- If you had an employee who worked in more than one province during the year, prepare a separate T4 slip for earnings and deductions that apply to each province or territory.
- Report, in **Canadian** dollars, all amounts you paid to employees during the year.
- Do not show hyphens or dashes between numbers or names.
- Do not print or type the dollar sign (\$).
- Report all amounts in dollars and cents. However, report the pension adjustment (PA) in box 52 in dollars only.
- Do not show negative dollar amounts on slips. To make a change to a previous year, send us an amended slip for the year in question.

- If you do not have to enter an amount in a box, do not print or type “nil” — leave the box blank.
- Do not change the headings of any of the boxes.
- If you give employees multiple slips, either because they were employed in more than one province or on different payrolls, you should report the PA proportionately on each T4 slip. If you are unable to apportion the PA this way, you can report it on one slip.

## Types of slips

### Four-copy carbon-loaded slips

If you use the four-copy carbon-loaded T4 slips, you can complete them by handprinting, typing or machine-printing. If you use T4 slips for laser or ink jet printers, read the next section.

### Slips for laser or ink jet printers

We provide T4 slips for laser printers. To complete these slips, please follow the instructions below.

You can use these slips if you file by **paper** or **magnetic media**. Do not use the laser T4 slip if you are handprinting the slips.

You no longer have to print a copy designation on the laser form.

If you file your T4 slips by **paper**, keep the following in mind:

- Complete **one copy** of the T4 slip for each employee to send with your T4 Summary return. On one sheet, print the information for two different employees.
- Complete **two copies** to give or mail to each employee by the last day of February. On one sheet, print the two T4 slips that you have to give to each employee. **Do not print** your Business Number (box 54) on these copies.
- Complete **one copy** to keep for your file (as it is optional, you can print another sheet or simply photocopy the one you have to send with your T4 Summary return).

If you file your T4 slips on **magnetic media**, keep the following in mind:

- Do not print a copy to send to us. See the guide called *Computer Specifications for Data Filed on Magnetic Media – T4, T4A, and T4A-NR* for an explanation of the technical specifications and instructions you need to file the remuneration and deduction data produced on magnetic media.
- Print **two copies** to give or mail to each employee by the last day of February. On one sheet, print the two T4 slips that you have to give to each employee. **Do not print** your Business Number (box 54) on these copies.
- Print **one copy** to keep for your file (as it is optional, you can print the information for two different employees on one sheet).

If you need additional copies of T4 slips for laser printers, complete the order form that you can find on our Web site at [www.cra-adrc.gc.ca](http://www.cra-adrc.gc.ca) or call ~~1-800-959-2221~~.

## When to complete the T4 slip

You have to complete T4 slips for all individuals who received remuneration from you during the year if:

- you had to deduct CPP contributions, EI premiums, or income tax from the remuneration; or
- the remuneration was **\$500** or more.

### Note

If you provide employees with taxable **group term life insurance** benefits, you **always** have to prepare a T4 slip, even if the total remuneration is less than \$500.

To find out which type of income to report on a T4 slip, see “Box 14 – Employment income” in the next section.

## Detailed instructions

### Employer’s name

Enter your operating or trading name in the space provided on each slip.

### Employee’s name and address

Print or type the employee’s last name, followed by the first name and initial. If the employee has more than one initial, in the “First name” box, enter the employee’s first name followed by the initials. If you enter only the employee’s initials, enter them at the beginning of the “First name” box. Do not enter the title of office or courtesy title of the employee (e.g., Director General, Mr., or Mrs.). Enter the employee’s address, including the province, territory, or U.S. state, Canadian postal code or American zip code, and country.

### Notes

Complete the T4 slip using the employee’s name, not the company name. If you pay an amount to a proprietor or partner of an unincorporated business, do not issue a T4 slip. Instead, issue a T4A slip. For more information, see “Completing the T4A slip” in the employers’ guide called *Filing the T4A Slip and Summary Form*.

For information on completing the T4 slip for special situations (e.g., barbers and hairdressers, or taxi drivers), see Chapter 6 of the employers’ guide called *Payroll Deductions (Basic Information)*.

### Year

Enter the four digits of the calendar year in which you paid the remuneration to the employee.

### Box – Void

Enter an “X” in this box if the T4 slip is cancelled. Otherwise, leave it blank.

### Box 10 – Province of employment

Enter one of the following abbreviations to indicate where the employee reported to work:

NF – Newfoundland  
PE – Prince Edward Island  
NS – Nova Scotia  
NB – New Brunswick  
QC – Quebec  
ON – Ontario  
MB – Manitoba  
SK – Saskatchewan  
AB – Alberta  
BC – British Columbia  
NT – Northwest Territories  
NU – Nunavut  
YT – Yukon  
US – United States  
ZZ – Other

The province of employment you enter depends on whether or not an employee has to report for work at your place of business [see “Which provincial tax tables should you use?” in Chapter 1 of the employers’ guide called *Payroll Deductions (Basic Information)* for more details].

If an employee worked in a country other than Canada or the USA, or worked in Canada beyond the limits of a province or territory (e.g., on an offshore oil rig), enter “ZZ.”

#### Note

For any employee who worked in or whose employment was located in more than one province, territory, or country in the year, complete separate T4 slips. For each location, indicate the total remuneration paid to the employee and the related deductions, such as CPP/QPP contributions, EI premiums, and tax.

### Box 12 – Social insurance number

Enter the employee’s social insurance number (SIN) as it appears on the employee’s SIN card. For more information on reporting this number, see “Reporting the correct social insurance number (SIN)” in Chapter 2.

### Box 14 – Employment income

Report the total income before deductions. Include all salary, wages (including pay in lieu of termination notice), bonuses, vacation pay, tips and gratuities, honorariums, director’s fees, management fees, and executor’s and administrator’s fees received to administer an estate (as long as the administrator or executor does not act in this capacity in the regular course of business). Include commissions, taxable allowances, the value of taxable benefits (including any GST/HST), and any other payments you paid to employees during the year. Include these in box 14, even if they appear separately in the “Other information” area of the slip. Also include payment out of an employee benefit plan (EBP) and amounts that a trustee allocated under an **employee trust**. If the trustee allocates

the income, but you do not pay it immediately, include it in the income of the employee. Do not report it when you make the payment. For more information, see Interpretation Bulletin IT-502, *Employee Benefit Plans and Employee Trusts*, and its Special Release.

#### Note

In the following cases, see the employers’ guide called *Payroll Deductions (Basic Information)* for instructions on how to complete box 14 on the T4 slip:

- if you are an employer paying salary or wages to a status Indian; or
- if you have an employee who is a Canadian resident and who works for you outside Canada for more than six months in a row (the employee may be entitled to an overseas employment tax credit).

### Boxes 16 and 17 – Employee’s CPP/QPP contributions

Enter the amount you deducted from the employee for contributions to the Canada Pension Plan (CPP) or Quebec Pension Plan (QPP). Make your entry under “CPP” (box 16) or “QPP” (box 17), depending on the province of employment. Leave both boxes blank if the employee did not contribute to either plan.

**Do not report** the employer’s share of CPP/QPP contributions on the T4 slip.

If an employee contributed to both plans, the total contribution **should not be more than** the maximum contribution for the year. In such a case, you have to prepare **two** T4 slips, as follows:

- one showing the QPP you deducted, the province of employment as Quebec, the applicable pensionable earnings, and the remuneration the employee earned in the province of Quebec; and
- one showing the CPP you deducted, the applicable province of employment (other than Quebec), the applicable pensionable earnings, and the remuneration the employee earned in the other province.

If you overdeducted contributions from the employee, **do not adjust** the amounts you report on the T4 slip. We will credit the excess CPP contributions to employees when they file an income tax return. Complete Form PD24, *Statement of Overpayment and Application for Refund*, to apply for a refund of your CPP overpayment. Send it to us with your T4 information return. However, if you choose to request your refund at a later date, your request must be made no later than four years from the end of the year in which the overpayment occurred.

### Box 18 – Employee’s EI premiums

Enter the amount of EI premiums you deducted from the employee’s earnings. Leave this box blank if you did not deduct premiums.

**Do not report** the employer’s share of EI premiums on the T4 slip.

If you overdeducted premiums from an employee, **do not adjust** the amounts you report on the T4 slip. We will credit excess EI premiums to employees when they file an income tax return. Complete Form PD24, *Statement of Overpayment and Application for Refund*, to apply for a refund of your EI overpayment. Send it to us with your T4 information return. However, if you choose to request your refund at a later date, your request must be made no later than three years from the end of the year in which the overpayment occurred.

#### Box 20 – RPP contributions

Enter the total amount the employee contributed to a registered pension plan (RPP). Leave this box blank if the employee did not contribute to a plan.

Enter any deductible retirement compensation arrangement (RCA) contributions you withheld from the employee's income. Do not include amounts that are not deductible. If the amount in box 20 includes RPP contributions and deductible RCA contributions, you should attach a letter informing the employee of the amounts.

If the amount you report is a combination of contributions for current and past services that relates to pre-1990 past service, enter, in the "Other information" area, code 74 for past service contributions while the employee was a contributor and code 75 for past service contributions while the employee was not a contributor, and the corresponding amount in one of the boxes.

To determine if the employee made past service contributions before 1990 while a contributor or while not a contributor, see Interpretation Bulletin IT-167, *Registered Pension Plans – Employee's Contributions*.

Include instalment interest in box 20. Instalment interest includes interest charged to buy back pensionable service.

#### Note

Do not use box 20 to show what you contributed to an employee's RRSP. The **employer's contribution** is a taxable benefit. Enter code 40 in the "Other information" area and the corresponding amount in one of the boxes. Include this amount in box 14 on the employee's T4 slip.

If you have a group RRSP for your employees, the trustee will send you official receipts for income tax purposes. The receipts show the employee and employer contribution amounts. Provide a copy of these receipts to the employee. Do not report these amounts in box 20.

Do not use box 20 to report lump-sum payments directly transferred from one registered pension plan to another. For more information, contact any tax services office or tax centre.

**Status Indian** – Registered pension plan contributions that have been made in respect of tax exempt income are not deductible. If the employment income that relates to an RPP contribution is comprised of both taxable and tax exempt income, you have to prorate the RPP contribution.

You do not have to prorate the amount of pension adjustment (PA). Report the total amount in box 52 of the T4 slip, "Pension adjustment."

#### Box 22 – Income tax deducted

Enter the **total** income tax you deducted from the employee's remuneration. This includes the federal, provincial (except Quebec), and territorial taxes that apply. Leave the box blank if you did not deduct tax.

Do not include any amount you withheld under the authority of a garnishee or a requirement to pay that applies to the employee's previously assessed tax arrears.

#### Box 24 – EI insurable earnings

Enter the **total** amount you used to calculate the employee's EI premiums. Do not include the unpaid portion of any earnings from insurable employment that you did not pay because of your bankruptcy, receivership, or non-payment of remuneration for which the employee has filed a complaint with the federal or provincial labour authorities. Leave the box blank if:

- there are no insurable earnings;
- insurable earnings are the same as the employment income in box 14 (see box 28 later in this chapter for details); or
- insurable earnings are over the maximum for the year.

A retiring allowance is not insurable. Do not deduct EI premiums from this amount. Report the amount on a T4A slip. For more information, see Chapter 3 of the employers' guide called *Filing the T4A Slip and Summary Form*.

#### Box 26 – CPP/QPP pensionable earnings

In most cases, you will leave the box blank. **However, you have to complete the box in the following situations:**

CPP – Complete the box if you included any of the following types of remuneration in box 14, "Employment income":

- a) remuneration paid to the employee:
  - before and during the month the employee turned 18;
  - after the month the employee turned 70;
  - during the months the employee was considered to be disabled under the CPP or QPP; or
  - after a retirement pension became payable under the CPP;

#### Note

The requirements for a retirement pension paid under the QPP are different. For more information, see the *Guide for employers – Deductions and Contributions*, which you can get from the ministère du Revenu du Québec.

- b) remuneration paid to the employee while the employee worked in excluded employment [see “Employment and amounts not subject to CPP contributions” in Chapter 2 of the employers’ guide called *Payroll Deductions (Basic Information)*]; or
- c) amounts for a clergy member’s residence from which you did not deduct CPP contributions (if the clergy member gets a tax deduction for the residence, do not deduct CPP contributions).

Subtract any of the amounts noted above from the amount in box 14. Enter the difference in box 26. Do not change the amount in box 14.

If the situation described in a) applies, see “Prorating the maximum contribution for the year” in Chapter 2 of the employers’ guide called *Payroll Deductions (Basic Information)*.

**Status Indian** – Complete this box if you paid remuneration to a status Indian on a reserve and have elected to cover this employee for CPP. Subtract the amount of remuneration paid before the election from the total amount included under code 71 in the “Other information” area. Enter the difference in box 26.

**QPP** – Regardless of the employee’s province of residence, complete box 26 if the employee is subject to QPP and the pensionable earnings are more than the employment earnings in box 14 of the T4 slip, “Employment income.” The ministère du Revenu du Québec considers certain benefits and earnings to be pensionable earnings for employees working in Quebec such as:

- private health benefit plan premiums; and
- assumed earnings [persons 55 years of age or over whose working time is reduced by reason of phased retirement may nonetheless choose, with their employers, to make contributions to the Quebec Pension Plan (QPP) on all or part of the amount of the reduction in remuneration].

For more information, see the *Guide for Employers – Deductions and Contributions*, which you can get from the ministère du Revenu du Québec.

#### Box 28 – Exempt (CPP/QPP and EI)

Do not complete the **CPP/QPP** part of this box if you entered an amount in box 16, 17, or 26. Enter an “X” under CPP/QPP only if the earnings were exempt for the **entire** period of employment.

Do not complete the **EI** part of this box if you entered an amount in box 18 or 24. Enter an “X” under EI only if the earnings were exempt, or if they were not eligible for the **entire** reporting period of employment.

#### Box 29 – Employment code

Enter the appropriate code in this box if one of the following situations applies. Otherwise, leave it blank.

- 11 – Placement agency – self-employed
- 12 – Taxi driver or other passenger-carrying vehicle
- 13 – Barber or hairdresser

#### 14 – Withdrawal from a prescribed salary deferral arrangement plan

#### 15 – Seasonal Agricultural Workers Program

#### Box 44 – Union dues (completed at employer’s option)

Use this box only if you and the union agree that the union will not issue receipts for union dues to employees. In this case, include a *Certificate of Agreement* with the T4 information return.

Enter in box 44 the amount you deducted from employees for union dues. Include amounts you paid to a parity or advisory committee that qualify for a deduction.

Do not include in this box strike pay the union paid to union members.

For more information, see Interpretation Bulletin IT-103, *Dues Paid to a Union or to a Parity or Advisory Committee*.

**Status Indian** – Annual union, professional, or like dues related to exempt income are not deductible. When a part of the income is exempt, the portion related to the exempt income is not deductible.

#### Box 46 – Charitable donations (completed at employer’s option)

Enter the amount you deducted from the employees’ earnings for donations to registered charities in Canada.

#### Box 50 – RPP or DPSP registration number

Enter the seven-digit registration number we issue for a registered pension plan (RPP) or a deferred profit sharing plan (DPSP), or the seven-digit plan identification number we issue for an unregistered foreign pension plan under which you report a pension adjustment (PA). Do this even if your plan requires only employer contributions. However, if you make contributions to union pension funds, you have to indicate the union’s plan number, which the union has to give you. If you made contributions to more than one plan on behalf of the employee, insert only the number of the plan under which the employee has the largest PA.

#### Box 52 – Pension adjustment

If you have a registered pension plan (RPP) or a deferred profit sharing plan (DPSP), enter only the dollar amount of the employee’s PA for the year. If you have to prepare more than one T4 slip for the employee because the employee worked for you in more than one work location, you should report the PA proportionately on each T4 slip. If you are unable to apportion the PA, report it on one slip.

If an employee participates in different pension plans that you sponsored (e.g., an RPP and DPSP), you have to calculate his or her PA using the **total** amount of all pension credits accumulated by the employee under all these pension plans for the year.

Leave box 52 blank if the employee participated in your RPP or DPSP and one of the following applies:

- The calculated PA is a negative amount or zero.
- The employee died during the year.

- The employee, even if he or she is still a member of the plan, no longer accrues new pension credits in the year (this happens when, for example, the employee has accrued the maximum number of years of service in respect of the plan).

### Special rules

Special calculation rules apply in some circumstances. These apply to employees who:

- left your employment during the year;
- are on, or return from, a leave of absence;
- participate in a salary-deferral arrangement; or
- work for you part-time.

For more information on how to calculate the PA, see the *Pension Adjustment Guide*. If you need more help calculating a PA, see your pension plan administrator, or call our Registered Plans Division at these toll-free numbers:

1-800-267-3100 (English)  
1-800-267-5565 (French)

In Ottawa:

(613) 954-5102 (English)  
(613) 954-5104 (French)

### Unregistered retirement plans or arrangements

Measures ensure that the uniform limits on tax-deferred retirement savings take into consideration savings under three types of unregistered retirement plans or arrangements:

- a specified retirement arrangement (SRA);
- a government-sponsored retirement arrangement (GSRA); and
- a foreign pension plan (FPP).

If you have any questions about the PA for these types of plans or arrangements, please contact:

Hull QC K1A 0L5

or call toll free:

### Box 54 – Business Number

Enter your 15-digit Business Number that you use to send us your employees' deductions. This number appears at the top of your statement of account, which we send to you each month.

Your Business Number does not appear on the two copies of the T4 slip that you give to your employees.

### “Other information” area

The “Other information” area at the bottom of the T4 slip has boxes for you to enter codes and amounts that relate to employment commissions, taxable allowances and benefits, deductible amounts, and other entries, if they apply.

The boxes are not pre-numbered as in the top part of the slip. Enter the codes that apply to the employee.

#### Note

If more than six codes apply to the same employee, use an additional T4 slip.

Some of these benefits must include the goods and services tax (GST) and the provincial sales tax (PST, or TVQ in Quebec), if they apply, or the harmonized sales tax (HST). The employers' guide called *Taxable Benefits* explains how to calculate the value of these benefits.

The amount of taxable benefits you report may be affected if the employee is:

- at a special work site or remote work location; or
- living in a prescribed zone.

If you think one of these situations applies, see sections on codes 30, 31, and 32 below, or the employers' guides called *Filing the T4A Slip and Summary Form* and *Taxable Benefits*.

#### Code 30 – Housing, board, and lodging

If you provided an employee with free or subsidized housing, or board and lodging, enter code 30 and the corresponding amount in one of the boxes. Also include this amount in box 14. As an employer, you have to estimate and report the fair market value of these benefits.

##### Note

Include any GST/HST that applies to the benefit in the amount you report in this box.

#### Code 35 – Total reasonable per-kilometre allowance

If the employee receives a flat-rate automobile allowance **and** a reasonable per-kilometre automobile allowance, he or she does not have to include the reasonable per-kilometre automobile allowance in his or her income. Do not include the total of the employee's reasonable allowance in box 14, "Employment income" or under code 40, "Other taxable allowances and benefits." Enter code 35 and the corresponding amount of total reasonable per-kilometre allowance in one of the boxes only.

**Code 40 – Other taxable allowances and benefits**

If you provided an employee with any other taxable allowances or benefits that you did not include elsewhere on the T4 slip, enter code 40 and the corresponding amount in one of the boxes. Include this amount in box 14.

**Note**

# Chapter 4 – Completing the T4 Summary form

## General guidelines

The summary form is used to report the totals of the amounts that you reported on the related slips.

Before you start to enter information on the summary form, please keep the following points in mind:

- Make sure you use a separate summary for each type of slip.
- If you did not receive a personalized T4 Summary form, get a blank one from any tax services office or tax centre. Enter your Business Number, operating or trading name, and address.
- Report amounts in Canadian dollars and cents on all T4 Summary forms.
- If you file a summary form for a taxation year other than the one printed on the form, cross out the year in the upper left corner, and enter the correct year directly below it.
- Complete a separate summary form for each one of your payroll deductions accounts. Ensure each summary form is in front of the related slips (do not use staples).
- **The totals you report on your summary form have to agree with the totals you report on your slips.** Errors or omissions can cause unnecessary processing delays.
- You can make a photocopy of the original T4 Summary form, and use it as your working copy. Keep the working copy for your records.
- Send the original T4 Summary form along with the related slips to the Ottawa Technology Centre. You can find the address on the summary form.

## Notes

## Something New on the Internet

Did you know that the Internet is now offering you certain benefits when you file your T4 Information return?

From our Web site, the T4 slips and T4 Summary form can be:

- **ordered** more quickly;
- **viewed and printed**, without having to order them, so that you can then print and fill them out by hand, by typing or by machine-printing, at which point you can send them to us;
- **completed** on the Internet and then printed out and sent to us by mail.

### Note

This year, you cannot send your T4 Information Return directly via the Internet. Only employers who will participate in the T4 Internet filing pilot project, as described below, will be allowed to do so.

## T4 Internet filing pilot project

The Canada Customs and Revenue Agency is constantly trying to improve its services to business. Using the latest technology, we want to make your dealings with us easy, fast, secure and convenient.

Early in 2001, a sampling of employers with 15 or fewer employees will be invited to participate in an electronic filing pilot project. Employers will be able to create electronic T4 Information Returns for the CCRA, use the data to print employee T4 slips, and use data encryption protection on the Internet to send the T4 Information Returns to the CCRA.

After we have evaluated the T4 Internet filing pilot, we hope to make this service available to all employers, large or small.
