Re: Proposed Changes to Radio Frequencies

Enclosed please find a copy of Resolution No. 121/2006 passed by Council on May 10, 2006 whereby Council supports the position taken by the Ontario Association of Fire Chiefs regarding proposed changes to radio frequencies.

A copy of this resolution has been forwarded to our MP, Guy Lauzon requesting his endorsement and support.

If you have any questions, do not hesitate to contact this office.

Yours truly,

Loriann Harbers
Deputy Clerk

cc. Council
Fire Management Committee

Resolution # 121/2006

Date: May 10, 2006

Moved by: Councillor/Deputy Mayor 

Seconded by: Councillor/Deputy Mayor 

Whereas the Ontario Association of Fire Chiefs (O AFC) are opposed to the frequency changes proposed by Industry Canada;

And whereas the proposed changes will negatively affect the integrity and capability of fire services communications systems in some areas of the Country;

And whereas Industry Canada must protect the current assigned frequencies from adjacent interferences;

And whereas the Township of South Stormont Fire Management Committee recommends that Council express support for the position on the O AFC and affected emergency services.

Now therefore be it resolved that Council supports the O AFC and emergency services affected by the proposed changes and petitions Industry Canada to suspend the proposed changes until appropriate consultation can be completed.

Further a copy of this motion be circulated to M.P. Guy Lauzon for his endorsement and support.
