
The Honourable the Speaker then acquainted the House that the Clerk of the Senate had laid upon the Table the Certificate of one of the Commissioners setting forth that the Honourable Mr. Burpee, a Member of the Senate, had made and subscribed the Declaration of Qualification required by the British North America Act, 1867.

The Honourable the Speaker presented to the Senate a communication from the Governor General's Secretary.

The same was read by the Clerk, and it is as follows :—

OTTAWA, 29th January, 1900.

SIR,—I have the honour to inform you that His Excellency the Governor General will proceed to the Senate Chamber, to open the Session of the Dominion Parliament, on Thursday, the 1st February, at Three o'clock, P.M.

I have the honour to be, Sir,
Your obedient servant,

HARRY GRAHAM, Captain, A.D.C.,
for the Governor General's Secretary.

The Honourable
The Speaker of the Senate.

The House was adjourned during pleasure.

After some time the House was resumed.

His Excellency the Right Honourable Sir Gilbert John Elliot, Earl of Minto and Viscount Melgund of Melgund, County of Forfar, in the Peerage of the United Kingdom, Baron Minto of Minto, County of Roxburgh, in the Peerage of Great Britain, Baronet of Nova Scotia, Knight Grand Cross of the Most Distinguished Order of Saint Michael and Saint George, &c., &c., Governor General of Canada, being seated on the Throne,

The Honourable the Speaker commanded the Gentleman Usher of the Black Rod to proceed to the House of Commons and acquaint that House,—“It is His Excellency's pleasure they attend him immediately in this House.”

Who being come with their Speaker,

His Excellency the Governor General was then pleased to open the Session by a gracious Speech to both Houses.

Honourable Gentlemen of the Senate :

Gentlemen of the House of Commons :

It is again my pleasing duty to congratulate you on the continued prosperity of the Dominion and on the remarkable increase in the general volume of the revenue and of the exports and imports of the country.

Hostilities having unfortunately broken out during the recess between Great Britain and the South African Republic, it appeared to my Ministers expedient to anticipate the action of Parliament by equipping and forwarding two contingents of volunteers to the seat of war as a practical evidence of the profound devotion and loyalty of the entire people of Canada to the Sovereign and institutions of the British Empire.

In this connection it is a matter of pride and gratification to the people of this Dominion that, in addition to the contingents sent by the Government, another Canadian force is being organized and despatched at the personal expense of the High Commissioner of Canada. This generous and patriotic action upon the part of Lord Strathcona reflects high honour on him and on the Dominion he represents.

I have been instructed to convey to you Her Majesty's high appreciation of the loyalty and patriotism thus displayed which, following the preference granted under the present tariff to articles of British manufacture, has had the happiest effect in cementing and intensifying the cordial relations subsisting between Canada and the Mother Country.

A Bill will be submitted for your approval making provision for the cost of equipping and paying the Canadian contingents.

The measures which have been taken from time to time to facilitate the safe transportation of food stuffs to European markets, have resulted in a large increase in the exportation of several important articles of produce, and it may become necessary, in the interest of this very important branch of industry to require a more careful inspection than has been customary for the purpose of maintaining that high standard of excellence heretofore secured and which is absolutely indispensable if the people of Canada are to increase their large and profitable trade with other countries in these commodities.

I am glad to observe that the returns from the Post Office Department afford good ground for believing that the temporary loss of revenue caused by the great reduction recently made in letter postage, will speedily be made good by the increased correspondence consequent thereon.

Negotiations are now in progress with several of our sister colonies in the West Indies, which it is hoped may result in increasing and developing our trade with those islands and possibly with certain portions of the adjacent continent of South America.

It gives me great pleasure to observe that, in pursuance of the policy which was defined at the last session of Parliament, a carefully devised body of regulations has been adopted applicable to all railways and public works within the federal jurisdiction making adequate provision for the sanitary protection and medical care of workmen.

The attention of the Government has been called to the conflicts which occasionally arise between workmen and their employers. While it may not be possible to wholly prevent such difficulties by legislation, my Government think that many of the disputes might be averted if better provisions could be made for the friendly intervention of boards of conciliation, the conclusions of which, while not legally binding, would have much weight with both sides and be useful in bringing an intelligent public opinion to bear on these complicated subjects. You will be invited to consider whether the Provincial legislation in this matter may not be usefully supplemented by an enactment providing for the establishment of a Dominion tribunal for assisting in the settlement of such questions.

I am happy to observe that the number of settlers who have taken up lands in Manitoba and in the North-west Territories is larger than in any previous year, and affords conclusive evidence of the success which has attended the efforts of my Government to promote immigration, and I have no doubt that the greatly increased production of the West will henceforth add materially to the growth of the trade of the whole Dominion. While the efforts made to secure increased population for the West have thus been successful, much attention has also been devoted to the repatriation of Canadians who in less prosperous times have left Canada. You will be pleased to learn that this work has been attended with satisfactory results.

My Government, during the recess, has been giving its attention to the subject of a railway commission. Valuable information has been and is still being collected, which when completed will be submitted to you and will, no doubt, receive at your hands the earnest consideration which the importance of the subject requires.

I am pleased to say that our canal system, connecting the great lakes with the Atlantic seaboard, has been completed so as to allow vessels having a draft of 14 feet to pass from the head of Lake Superior to the sea. The vigorous and successful prosecution of these works by my Government has already attracted the attention of those interested in Western transportation, and there are good grounds for the hope that, when the necessary facilities for the quick and inexpensive handling of ocean traffic are provided and which are now in progress, Canadian ports will control a much larger share of the traffic of the West.

Measures will be introduced to renew and amend the existing banking laws, to regulate the rate of interest payable upon judgments recovered in courts of law, to provide for the taking of the next decennial census, for the better arrangement of the electoral districts, to amend the Criminal Code and the laws relating to other important subjects.

Gentlemen of the House of Commons :

The public accounts will be laid before you, and also the estimates for the coming year, which have been prepared with due regard to economy and the rapid growth of the Dominion.

Honourable Gentlemen of the Senate :

Gentlemen of the House of Commons :

I commend to your consideration the subjects I have mentioned, confiding in your patriotism and judgment.

His Excellency the Governor General was pleased to retire, and the House of Commons withdrew.

The Honourable Mr. Mills, Minister of Justice, presented to the Senate a Bill intituled: "An Act relating to Railways."
The said Bill was read a first time.

The Honourable the Speaker reported His Excellency's Speech from the Throne, and the same was then read by the Clerk.

On motion of the Honourable Mr. Mills, seconded by the Honourable Mr. Scott, it was

Ordered, That the Senate do take into consideration the Speech of His Excellency the Governor General, on Monday next.

On motion of the Honourable Mr. Mills, seconded by the Honourable Mr. Scott, it was

Ordered, That all the Senators present during this Session be appointed a Committee to consider the Orders and Customs of the Senate and Privileges of Parliament, and that the said Committee have leave to meet in this House, when and as often as they please.

The Honourable Mr. Mills moved, seconded by the Honourable Mr. Scott, That when the Senate adjourns this day, it do stand adjourned until Monday, at three o'clock in the afternoon.

The question of concurrence being put thereon, the same was resolved in the affirmative, and

Ordered, accordingly.

Then, on motion of the Honourable Mr. Mills, seconded by the Honourable Mr. Scott,

The Senate adjourned until Monday next, at three o'clock in the afternoon.
