

**The Globally Harmonized System for the Classification and Labelling of Chemicals
(The GHS)**

Implementation of the GHS in Canada

Consumer Chemical Products

TABLE 3 Label elements required by GHS compared to CCCR, 2001

General Label Information*

GHS	CCCR, 2001
Product Identifier	Required by CP&L** (Product Identity)
Supplier Identifier	Required by CP&L** (Dealer's Name and principal place of business)
Hazardous Ingredients	Part of First Aid Statement Contains... (name of hazardous ingredients in descending order of proportion).
Hazard Pictogram - standardized	Hazard Symbol - standardized
Hazard Statement - standardized	Primary Hazard Statement - standardized Specific Hazard Statement - standardized
Signal Word - standardized	Signal Word - standardized
Precautionary Information	Negative Instructions - standardized Positive Instructions - standardized First Aid Statement -standardized

* The CCCR, 2001 outline specific requirements for the location and order of label information.

** The product identifier and supplier identifier are already requirements of the *Consumer Packaging and Labelling Act and Regulations* which is administered by Industry Canada.

Future Work: Determine if GHS will mandate location and order of label information. Determine impact of one hazard statement vs. a primary and specific hazard statement. This issue need clarification and/or further discussion.

Comparison of Hazard Symbols:
