The Environmental Impact Statement for the Rabaska project has been submitted by the proponent, which is not subject to the official languages provisions. In this case, the proponent submitted its Environmental Impact Statement in French. However, some information is presented in English on its website at: [www.rabaska.net](http://www.rabaska.net)

Should you have any question regarding the environmental assessment process, please do not hesitate to contact me.

Sir,

I am trying to locate an english copy of the studies submitted by Rabaska. I am a resident who lives in the vicinity and need to get a report in english. Would you be kind enough to let me know when or where I could obtain the aforementioned.

Regards,
