Coverage

Please complete the questionnaire for the business unit(s) in Canada described in the pre-printed area above. For this purpose, a "business unit" is defined as the lowest level of the firm for which separate records are kept for such details as revenue, expenses and employment.

Survey Objective The survey objective is the collection and publication of data necessary for the statistical analysis of the Software Development and Computer Services industry. The information from the survey can be used by businesses and trade associations for market analysis and assessment of industry performance, operating characteristics and trends, by government to develop national and regional economic policies, by other users involved in research or policy making and by Statistics Canada for maintaining important data input to the preparation of the Canadian System of National Accounts.

Confidentiality

Statistics Canada is prohibited by law from publishing any statistics which would divulge information relating to any identifiable business without the previous written consent of that business. The data reported on this questionnaire will be treated in strict confidence, used for statistical purposes, and published in aggregate form only. The confidentiality provisions of the Statistics Act are not affected by either the Access to Information Act or by any other legislation.

Data Sharing Agreements In order to reduce response burden and to provide consistent statistics, Statistics Canada has entered into data sharing agreements with the statistical agencies of *Nova Scotia*, *Quebec*, *Ontario*, *Manitoba and British Columbia* in accordance with Section 11 of the Statistics Act, Revised Statutes of Canada, 1985, Chapter S19. For business locations operated in *Nova Scotia*, *Quebec*, *Ontario*, *Manitoba*, *and British Columbia*, the agreements authorize Statistics Canada to forward a record of the data collected in this survey to the statistical agencies of these provinces. The Statistics Acts of these provinces include the same provisions for confidentiality and penalties for disclosure of information as the federal Statistics Act.

Questions

If you have any questions or require assistance in completing this questionnaire please call our **toll free number: 1-888-820-1169** and a representative of Statistics Canada will gladly answer your queries.
