Please correct any mistakes in Name or Address

This survey is being conducted in co-operation with and at the request of the Ontario Forage Crops Committee, Atlantic Field Crops Committee and le Comité des plantes fourragères du conseil des productions végétales du Québec. It is conducted to better evaluate trends in usage of improved forage seed varieties. Individual returns are kept strictly confidential but the completed summary of the results will be used by the companies participating in the survey, their regional committees, agricultural departments, farm organizations and the general public.

1. Report all legume and grass seed (including seed sold in mixtures) shipped to customers in Ontario and the Atlantic Provinces in the year ending JUNE 30, 2003.

Includes all mixtures for forage use in the "other forage seed" category (ex. pea/cereal mixture).

2. Do not include shipments to the firms on the attached list. These are already being surveyed. precaution is to avoid double counting.

3. Please put an "x" in the box of the unit you wish to use:

001-1 Pounds

00-2 Kilograms

4. Please complete and mail the form in the enclosed post-free envelope or fax at (613) 951-3868, by Friday, November 7, 2003.

**Thank you for your cooperation.**

5-3400-276.1: 1999-09-09 SQC/AGR-450-60237
