Report for the month of: _____

If any information above is missing or incorrect please make the necessary changes directly on the label.

The purpose of this survey is to collect reliable and up-to-date information on grains and specialty crops in New Brunswick, Nova Scotia, and Prince Edward Island. These data are used to calculate farm cash receipts and are used by producer organizations, government departments, and others for policy and decision-making.

Please provide the quantity and the amount paid to producers on grains and specialty crops for the month specified. In compiling average provincial prices to producers, your data will be aggregated with data received from other companies to protect the confidentiality.
