

Global Malt Barley Trend

Latest Update: **February 1, 2008** Updated bi-weekly

Canadian \$ per Tonne

The EU is the largest exporter of malting barley, and thus an important market centre. Creil, France is a main port used for shipping malt barley.

For more information about offshore export malt barley, see Sparks Co. Inc. study 2004: "[The Canadian Barley Industry in Transition](#)" (p.37) Available at: www.choicematters.gov.ab.ca

Source: E-malt www.e-malt.com Price based on malt barley variety "Prestige."
